For equipment not covered by a maintenance contract or warranty, SINDOH's repair service personnel shall complete repairs as soon as possible after notification by the Government that service is required. Within the service areas, this repair service should normally be done within 4 hours after notification.

**8. MAINTENANCE RATE PROVISIONS**

a. SINDOH shall bear all costs of maintenance, including labor, parts, and such other expenses as are necessary to keep the equipment in good operating condition, provided that the required repairs are not occasioned by fault or negligence of the Government.

b. REGULAR HOURS

The basic monthly rate for each make and model of equipment shall entitle the Government to maintenance service during a mutually agreed upon nine (9) hour principal period of maintenance, Monday through Friday, exclusive of holidays observed at the Government location.

c. AFTER HOURS

Should the Government require that maintenance be performed outside of Regular Hours, charges for such maintenance, if any, will be specified in the pricelist. Periods of less than one hour will be prorated to the nearest quarter hour.

d. TRAVEL AND TRANSPORTATION

If any charge is to apply, over and above the regular maintenance rates, because of the distance between the Government location and SINDOH's service area, the charge will be: None

e. QUANTITY DISCOUNTS

Quantity discounts from listed maintenance service rates for multiple equipment owned and/or leased by a Government are indicated below:

Quantity Range	Discounts
----------------	-----------

<u>10 Units</u>	<u>1 %</u>
<u>50 Units</u>	<u>2 %</u>
<u>100 Units</u>	<u>3 %</u>

## 9. REPAIR SERVICE RATE PROVISIONS

a. CHARGES. Charges for repair service will include the labor charge, computed at the rates set forth below, for the time during which repairmen are actually engaged in work, and, when applicable, the charge for travel or transportation.

b. MULTIPLE MACHINES. When repairs are ordered by a Government on two or more machines located in one or more buildings within walking distance of each other, the charges will be computed from the time the repairman commences work on the first machine, until the work is completed on the last machine. The time required to go from one machine to another, or from one building to another, will be considered actual work performance, and chargeable to the Government, provided the time consumed in going between machines (or buildings) is reasonable.

### c. TRAVEL OR TRANSPORTATION

#### (1) AT SINDOH'S SERVICE CENTER

(a) When equipment is returned to SINDOH's service center for adjustments or repairs which are not covered by the guarantee/warranty provision, the cost of transportation, packing, etc., from the Government location to SINDOH's plant, and return to the Government location, shall be borne by the Government.

(b) The Government should not return defective equipment to SINDOH for adjustments and repairs or replacement without his prior consultation and instruction.

#### (2) AT THE GOVERNMENT LOCATION (Within Established Service Areas)

When equipment is repaired at the Government location, and repair service rates are established for service areas or zones, the listed rates are applicable to any Government location within such service areas or zones. No extra charge, time, or expense will be allowed for travel or transportation of repairmen or machines to or from the Government office; such overhead is included in the repair service rates listed.

#### (3) AT THE GOVERNMENT LOCATION (Outside Established Service Areas)

(a) The repair service rates listed for subparagraph (2) above apply, except that a travel charge of \_\_\_\_\_ per mile for repairmen will apply to the round-trip distance between the geographic limits of the applicable service area and the Government location. Such charge will apply as an additional charge, but it will be limited to one round trip for each request that is made by the Government for repair service, regardless of whether repairs are performed at the Government location or at SINDOH's service center.

(b) When the overall travel charge computed at the above mileage rate is unreasonable (considering the time required for travel, actual and necessary transportation costs, and the allowable Government per diem rate for each night the repairman is required to remain overnight at the Government location), the Government shall have the option of reimbursing SINDOH for actual costs, provided that the actual costs are reasonable and allowable. SINDOH shall furnish the Government with a report of travel performed and related expenses incurred. The report shall include departure and arrival dates, times, and the applicable mode of travel.

d. LABOR RATES

(1) REGULAR HOURS

The Regular Hours repair service rates listed herein shall entitle the Government to repair service during the period 8:00 a.m. to 5:00 p.m., Monday through Friday, exclusive of holidays observed at the Government location. There shall be no additional charge for repair service which was requested during Regular Hours, but performed outside the Regular Hours defined above, at the convenience of SINDOH.

(2) AFTER HOURS

When the Government requires that repair service be performed outside the Regular Hours defined above, except Sundays and Holidays observed at the Government location, the After Hours repair service rates listed herein shall apply. The Regular Hours rates defined above shall apply when repair service is requested during Regular Hours, but performed After Hours at the convenience of SINDOH.

**10. GUARANTEE/WARRANTY—REPAIR SERVICE AND REPAIR PARTS/SPARE PARTS**

a. REPAIR SERVICE

All repair work will be guaranteed/warranted for a period of one-year

b. REPAIR PARTS/SPARE PARTS

All parts, furnished either as spares or repairs parts will be guaranteed/warranted for a period one year.

**11. INVOICES AND PAYMENTS**

a. Maintenance Service

(1) Invoices for maintenance service shall be submitted by SINDOH on a quarterly or monthly basis, after the completion of such period. Maintenance charges must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

(2) Payment for maintenance service of less than one month's duration shall be prorated at 1/30th of the monthly rate for each calendar day.

b. Repair Service and Repair Parts/Spare Parts

Invoices for repair service and parts shall be submitted by SINDOH as soon as possible after completion of work. Payment under blanket purchase agreements will be made quarterly or monthly, except where cash payment procedures are used. Invoices shall be submitted separately to each Government office ordering services under the contract. The cost of repair parts shall be shown as a separate item on the invoice, and shall be priced in accordance with paragraph #10, above. PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.
