INFORMATION FOR ORDERING ACTIVITIES
APPLICABLE TO ALL SPECIAL ITEM NUMBERS

SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Supply Schedules Program. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service (www.fss.gsa.gov). The catalogs/pricelists, GSA Advantage!™ and the Federal Supply Service Home Page (www.fss.gsa.gov) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

1. GEOGRAPHIC SCOPE OF CONTRACT:

Domestic delivery is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

Overseas delivery is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

- The Geographic Scope of Contract will be domestic and overseas delivery.
- The Geographic Scope of Contract will be overseas delivery only.
- The Geographic Scope of Contract will be domestic delivery only.

For Special Item Number 132-53 Wireless Services ONLY, if awarded, list the limited geographic coverage area:

2. CONTRACTOR'S ORDERING ADDRESS AND PAYMENT INFORMATION:

For Electronic Ordering: gsaitorders@allencorporation.com

For Fax Ordering: (571) 321-1661

For Mail Ordering Address:

**Allen Corporation of America, Inc.
10400 Eaton Place, Suite 450
Fairfax, VA 22030
ATTN: GSA Ordering
Phone: 1-866-472-5536 (HQ ALLEN) Fax: (571) 321-1661**

Remittance Address:

Allen Corporation of America, Inc.
10400 Eaton Place, Suite 450
Fairfax, VA 22030
ATTN: GSA Payment
Phone: 1-866-472-5536 (HQ ALLEN) Fax: (571) 321-1661

Electronic Funds Transfer (EFT) Information:

Chevy Chase Bank, F.S.B.
ABA Routing Number: 255071981
Account Number: 5004322953
Account Type: Loan Account

Contractors are required to accept credit cards for payments equal to or less than the micro-purchase threshold for oral or written delivery orders. Credit cards will be acceptable for payment above the micro-purchase threshold. In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering activities to obtain technical and/or ordering assistance:

Mr. Henry F. Ludwig, VP, (804) 862-2005,
E-Mail: hludwig@allencorporation.com

Mr. Stuart L. Hogue, Project Manager, (804) 862-2005
E-Mail: shogue@allencorporation.com

When Authorized Dealers are allowed by Allen Corporation to bill ordering activities and accept payment, the order and/or payment must be in the name of Allen Corporation, in care of the Authorized Dealer.

3. LIABILITY FOR INJURY OR DAMAGE

Allen Corporation shall not be liable for any injury to ordering activity personnel or damage to ordering activity property arising from the use of equipment maintained by Allen Corporation, unless such injury or damage is due to the fault or negligence of Allen Corporation.

4. STATICAL DATA FOR GOVERNMENT ORDERING OFFICE COMPLETION OF STANDARD FORM 279:

Block 9: G. Order/Modification Under Federal Schedule
Block 16: Data Universal Numbering System (DUNS) Number: 007102168

Block 31: Woman-Owned Small Business - No
Block 36: Contractor's Taxpayer Identification Number (TIN): 54-1582648

- 4a. CAGE Code: 3FMC7
- 4b. Allen Corporation has registered with the Central Contractor Registration Database.

5. FOB DESTINATION

6. DELIVERY SCHEDULE

- a. Time Of Delivery: Allen Corporation shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:**
-

SPECIAL ITEM NUMBER	DELIVERY TIME (Days ARO)
<u>132-8</u>	<u>30 Days after order</u>
<u>132-12</u>	<u>30 Days after order</u>
<u>132-32</u>	<u>30 Days after order</u>
<u>132-33</u>	<u>30 Days after order</u>
<u>132-34</u>	<u>30 Days after order</u>
<u>132-50</u>	<u>As negotiated in each order</u>
<u>132-51</u>	<u>As negotiated in each order</u>

b. **URGENT REQUIREMENTS:** When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact Allen Corporation for the purpose of obtaining accelerated delivery. Allen Corporation shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by Allen Corporation in writing.) If Allen Corporation offers an accelerated delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

7. **DISCOUNTS:** Prices shown are NET Prices; Basic Discounts have been deducted.

- a. Prompt Payment: 1/2% - 10 days from receipt of invoice. Prompt payment does not apply to orders using the government purchase card.
- b. Quantity: None
- c. Dollar Volume: None
- d. Government Educational Institutions are offered the same discounts as all other government customers.
- e. Other: Allen Corporation may negotiate a "spot reduction" discount with ordering activities placing orders exceeding the maximum order value.

8. **TRADE AGREEMENTS ACT OF 1979, as amended:**

All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

9. **STATEMENT CONCERNING AVAILABILITY OF EXPORT PACKING:**

Export Packing is available and shall be as specified and negotiated in any order requiring Export Packing.

10. **Small Requirements:** The minimum dollar value of orders to be issued is \$50.00.

11. **MAXIMUM ORDER (All dollar amounts are exclusive of any discount for prompt payment.)**

- a. The Maximum Order value for the following Special Item Numbers (SINs) is \$500,000:

Special Item Number 132-8 - Purchase of Equipment

Special Item Number 132-12 - Maintenance of Equipment, Repair Service, and Repair Parts/Spare Parts

Special Item Number 132-33 - Perpetual Software Licenses

Special Item Number 132-34 - Maintenance of Software

Special Item Number 132-51 - Information Technology (IT) Professional Services

- b. The Maximum Order value for the following Special Item Numbers (SINs) is \$25,000:
Special Item Number 132-50 - Training Courses

12. ORDERING PROCEDURES FOR FEDERAL SUPPLY SCHEDULE CONTRACTS

Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.

- a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.
b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.

13. FEDERAL INFORMATION TECHNOLOGY/TELECOMMUNICATION STANDARDS

REQUIREMENTS: ordering activities acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED-STDS), which are cited by ordering activities, shall be responded to promptly by Allen Corporation.

13.1 FEDERAL INFORMATION PROCESSING STANDARDS PUBLICATIONS (FIPS PUBS):

Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

13.2 FEDERAL TELECOMMUNICATION STANDARDS (FED-STDS): Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Supply Service, Specification Section, 470 East L'Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202)619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301)975-2833.

14. CONTRACTOR TASKS / SPECIAL REQUIREMENTS (C-FSS-370) (NOV 2001)

- (a) Security Clearances: Allen Corporation may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.

(b) Travel: Allen Corporation may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub .L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. The Industrial Funding Fee does NOT apply to travel and per diem charges.

NOTE: Refer to FAR Part 31.205-46 Travel Costs, for allowable costs that pertain to official company business travel in regards to this contract.

(c) Certifications, Licenses and Accreditations: As a commercial practice, Allen Corporation may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/ possessing such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.

(d) Insurance: As a commercial practice, Allen Corporation may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.

(e) Personnel: Allen Corporation may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.

(f) Organizational Conflicts of Interest: Where there may be an organizational conflict of interest as determined by the ordering agency, Allen Corporation's participation in such order may be restricted in accordance with FAR Part 9.5.

(g) Documentation/Standards: Allen Corporation may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency's order.

(h) Data/Deliverable Requirements: Any required data/deliverables at the ordering level will be as specified or negotiated in the agency's order.

(i) Government-Furnished Property: As specified by the agency's order, the Government may provide property, equipment, materials or resources as necessary.

(j) Availability of Funds: Many Government agencies' operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government's obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.

15. CONTRACT ADMINISTRATION FOR ORDERING ACTIVITIES: Any ordering activity, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the ordering activity's convenience, and (m) Termination for Cause (See C.1.)

16. GSA ADVANTAGE!

GSA Advantage! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. GSA Advantage! will allow the user to perform various searches across all contracts including, but not limited to:

- (1) Manufacturer;
- (2) Manufacturer's Part Number; and
- (3) Product categories.

Agencies can browse GSA Advantage! by accessing the Internet World Wide Web utilizing a browser (ex.: NetScape). The Internet address is <http://www.fss.gsa.gov/>.

17. PURCHASE OF OPEN MARKET ITEMS

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract. ODCs (Other Direct Costs) are not part of this contract and should be treated as open market purchases. Ordering Activities procuring open market items must follow FAR 8.402(f).

For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) -- referred to as open market items -- to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, **only if-**

- (1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));
- (2) The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;
- (3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
- (4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

18. CONTRACTOR COMMITMENTS, WARRANTIES AND REPRESENTATIONS

a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:

- (1) Time of delivery/installation quotations for individual orders;
- (2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/ service/software package submitted in response to requirements which result in orders under this schedule contract.
- (3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by Allen Corporation.

b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.

19. OVERSEAS ACTIVITIES

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below:

None

Upon request of Allen Corporation, the ordering activity may provide Allen Corporation with logistics support, as available, in accordance with all applicable ordering activity regulations. Such ordering activity support will be

provided on a reimbursable basis, and will only be provided to Allen Corporation's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

20. BLANKET PURCHASE AGREEMENTS (BPAs)

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

21. CONTRACTOR TEAM ARRANGEMENTS

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Industrial Funding Fee and Sales Reporting, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

22. INSTALLATION, DEINSTALLATION, REINSTALLATION

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall receive less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act applies.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8.

23. SECTION 508 COMPLIANCE.

If applicable, Section 508 compliance information on the supplies and services in this contract are available in Electronic and Information Technology (EIT) at the following:

www.allencorporation.com

The EIT standard can be found at: www.Section508.gov/.

24. PRIME CONTRACTOR ORDERING FROM FEDERAL SUPPLY SCHEDULES.

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of an ordering activity, shall follow the terms of the applicable schedule and authorization and include with each order –

(a) A copy of the authorization from the ordering activity with whom Allen Corporation has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and

(b) The following statement:

This order is placed under written authorization from _____ dated _____. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

25. INSURANCE—WORK ON A GOVERNMENT INSTALLATION (JAN 1997)(FAR 52.228-5)

- (a) Allen Corporation shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.
- (b) Before commencing work under this contract, Allen Corporation shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective—
- (1) For such period as the laws of the State in which this contract is to be performed prescribe; or
 - (2) Until 30 days after the insurer or Allen Corporation gives written notice to the Contracting Officer, whichever period is longer.
- (c) Allen Corporation shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. Allen Corporation shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

26. SOFTWARE INTEROPERABILITY.

Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item's interface may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at <http://www.core.gov>.

27. ADVANCE PAYMENTS

A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the service already provided or the article already delivered. Advance or pre-payment is not authorized or allowed under this contract. (31 U.S.C. 3324)

**TERMS AND CONDITIONS APPLICABLE TO PURCHASE OF
GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY EQUIPMENT
(SPECIAL ITEM NUMBER 132-8)**

1. MATERIAL AND WORKMANSHIP

All equipment furnished hereunder must satisfactorily perform the function for which it is intended.

2. ORDER

Written orders, EDI orders (GSA Advantage! and FACNET), credit card orders, and orders placed under blanket purchase agreements (BPA) agreements shall be the basis for purchase in accordance with the provisions of this contract. If time of delivery extends beyond the expiration date of the contract, Allen Corporation will be obligated to meet the delivery and installation date specified in the original order.

For credit card orders and BPAs, telephone orders are permissible.

3. TRANSPORTATION OF EQUIPMENT

FOB DESTINATION. Prices cover equipment delivery to destination, for any location within the geographic scope of this contract.

4. INSTALLATION AND TECHNICAL SERVICES

a. **INSTALLATION.** When the equipment provided under this contract is not normally self-installable, Allen Corporation's technical personnel shall be available to the ordering activity, at the ordering activity's location, to install the equipment and to train ordering activity personnel in the use and maintenance of the equipment. The charges, if any, for such services are listed below, or in the price schedule:

Not applicable all equipment is self installable

The Calamp Messaging Services Technical Support Program provides technical installation and configuration support via telephone, email and fax for the following:

b. **INSTALLATION, DEINSTALLATION, REINSTALLATION.** The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall received less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act applies.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8.

c. **OPERATING AND MAINTENANCE MANUALS.** Allen Corporation shall furnish the ordering activity with one (1) copy of all operating and maintenance manuals which are normally provided with the equipment being purchased.

5. INSPECTION/ACCEPTANCE

Allen Corporation shall only tender for acceptance those items that conform to the requirements of this contract. The ordering activity reserves the right to inspect or test any equipment that has been tendered for acceptance. The ordering activity may require repair or replacement of nonconforming equipment at no increase in contract price. The ordering activity must exercise its postacceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

6. WARRANTY

a. Unless specified otherwise in this contract, Allen Corporation's standard commercial warranty as stated in the contract's commercial pricelist will apply to this contract.

b. Allen Corporation warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

c. **Limitation of Liability.** Except as otherwise provided by an express or implied warranty, Allen Corporation will not be liable to the ordering activity for consequential damages resulting from any defect or deficiencies in accepted items.

d. If inspection and repair of defective equipment under this warranty will be performed at Allen Corporation's plant, the address is as follows: Not applicable

7. PURCHASE PRICE FOR ORDERED EQUIPMENT

The purchase price that the ordering activity will be charged will be the ordering activity purchase price in effect at the time of order placement, or the ordering activity purchase price in effect on the installation date (or delivery date when installation is not applicable), whichever is less.

8. RESPONSIBILITIES OF ALLEN CORPORATION

Allen Corporation shall comply with all laws, ordinances, and regulations (Federal, State, City or otherwise) covering work of this character, and shall include all costs, if any, of such compliance in the prices quoted in this offer.

9. TRADE-IN OF INFORMATION TECHNOLOGY EQUIPMENT

When an ordering activity determines that Information Technology equipment will be replaced, the ordering activity shall follow the contracting policies and procedures in the Federal Acquisition Regulation (FAR), the policies and procedures regarding disposition of information technology excess personal property in the Federal Property Management Regulations (FPMR) (41 CFR 101-43.6), and the policies and procedures on exchange/sale contained in the FPMR (41 CFR part 101-46).

**TERMS AND CONDITIONS APPLICABLE TO MAINTENANCE, REPAIR
SERVICE AND REPAIR PARTS/SPARE PARTS FOR GOVERNMENT-OWNED
GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY
EQUIPMENT (AFTER EXPIRATION OF GUARANTEE/WARRANTY
PROVISIONS AND/OR WHEN REQUIRED SERVICE IS NOT COVERED
BY GUARANTEE/WARRANTY PROVISIONS) AND FOR LEASED EQUIPMENT
(SPECIAL ITEM NUMBER 132-12)**

1. SERVICE AREAS

- a. The maintenance and repair service rates listed herein are applicable to any ordering activity location within a N/A mile radius of Allen Corporation's service points. If any additional charge is to apply because of the greater distance from Allen Corporation's service locations, the mileage rate or other distance factor shall be stated in paragraphs 8.d and 9.d of this Special Item Number 132-12.
- b. When repair services cannot be performed at the ordering activity installation site, the repair services will be performed at Allen Corporation's plant(s) listed below:

Calamp Corporation

492 Ninth Street, Suite 312

Oakland, CA 94607

Attn: Returns/Tory Norwood

2. MAINTENANCE ORDER

- a. Agencies may use written orders, EDI orders, credit card orders, or BPAs, for ordering maintenance under this contract. Allen Corporation shall confirm orders within fifteen (15) calendar days from the date of receipt, except that confirmation of orders shall be considered automatic for renewals for maintenance (Special Item Number 132-12). Automatic acceptance of order renewals for maintenance service shall apply for machines which may have been discontinued from use for temporary periods of time not longer than 120 calendar days. If the order is not confirmed by Allen Corporation as prescribed by this paragraph, the order shall be considered to be confirmed by Allen Corporation.
- b. Allen Corporation shall honor orders for maintenance for the duration of the contract period or a lesser period of time, for the equipment shown in the pricelist. Maintenance service shall commence on a mutually agreed upon date, which will be written into the maintenance order. Maintenance orders shall not be made effective before the expiration of any applicable maintenance and parts guarantee/warranty period associated with the purchase of equipment. Orders for maintenance service shall not extend beyond the end of the contract period.
- c. Maintenance may be discontinued by the ordering activity on thirty (30) calendar days written notice, or shorter notice when agreed to by Allen Corporation; such notice to become effective thirty (30) calendar days from the date on the notification. However, the ordering activity may extend the original discontinuance date upon written notice to Allen Corporation, provided that such notice is furnished at least ten (10) calendar days prior to the original discontinuance date.
- d. Annual Funding. When annually appropriated funds are cited on a maintenance order, the period of maintenance shall automatically expire on September 30th of the contract period, or at the end of the contract period, whichever occurs first. Renewal of a maintenance order citing the new appropriation shall be required, if maintenance is to continue during any remainder of the contract period.

- e. Cross-year Funding Within Contract Period. Where an ordering activity's specific appropriation authority provides for funds in excess of a 12 month, fiscal year period, the ordering activity may place an order under this schedule contract for a period up to the expiration of the contract period, notwithstanding the intervening fiscal years.
- f. Ordering activities should notify Allen Corporation in writing thirty (30) calendar days prior to the expiration of maintenance service, if maintenance is to be terminated at that time. Orders for continued maintenance will be required if maintenance is to be continued during the subsequent period.

3. REPAIR SERVICE AND REPAIR PARTS/SPARE PARTS ORDERS

- a. Agencies may use written orders, EDI orders, credit card orders, blanket purchase agreements (BPAs), or small order procedures for ordering repair service and/or repair parts/spare parts under this contract. Orders for repair service shall not extend beyond the end of the contract period.
- b. When repair service is ordered, only one chargeable repairman shall be dispatched to perform repair service, unless the ordering activity agrees, in advance, that additional repair personnel are required to effect repairs.

4. LOSS OR DAMAGE

When Allen Corporation removes equipment to his establishment for repairs, Allen Corporation shall be responsible for any damage or loss, from the time the equipment is removed from the ordering activity installation, until the equipment is returned to such installation.

5. SCOPE

- a. Allen Corporation shall provide maintenance for all equipment listed herein, as requested by the ordering activity during the contract term. Repair service and repair parts/spare parts shall apply exclusively to the equipment types/models within the scope of this Information Technology Schedule.
- b. Equipment placed under maintenance service shall be in good operating condition.
 - (1) In order to determine that the equipment is in good operating condition, the equipment shall be subject to inspection by Allen Corporation, without charge to the ordering activity.
 - (2) Costs of any repairs performed for the purpose of placing the equipment in good operating condition shall be borne by Allen Corporation, if the equipment was under Allen Corporation's guarantee/warranty or maintenance responsibility prior to the effective date of the maintenance order.
 - (3) If the equipment was not under Allen Corporation's responsibility, the costs necessary to place the equipment in proper operating condition are to be borne by the ordering activity, in accordance with the provisions of Special Item Number 132-12 (or outside the scope of this contract).

6. RESPONSIBILITIES OF THE ORDERING ACTIVITY

- a. Ordering activity personnel shall not perform maintenance or attempt repairs to equipment while such equipment is under the purview of a maintenance order, unless agreed to by Allen Corporation.
- b. Subject to security regulations, the ordering activity shall permit access to the equipment which is to be maintained or repaired.

7. RESPONSIBILITIES OF ALLEN CORPORATION

For equipment not covered by a maintenance contract or warranty, Allen Corporation's repair service personnel shall complete repairs as soon as possible after notification by the ordering activity that service is required. Within the service areas, this repair service should normally be done within 4 hours after notification.

8. MAINTENANCE RATE PROVISIONS

a. Allen Corporation shall bear all costs of maintenance, including labor, parts, and such other expenses as are necessary to keep the equipment in good operating condition, provided that the required repairs are not occasioned by fault or negligence of the ordering activity.

b. REGULAR HOURS

The basic monthly rate for each make and model of equipment shall entitle the ordering activity to maintenance service during a mutually agreed upon nine (9) hour principal period of maintenance, Monday through Friday, exclusive of holidays observed at the ordering activity location.

c. AFTER HOURS

Should the ordering activity require that maintenance be performed outside of Regular Hours, charges for such maintenance, if any, will be specified in the pricelist. Periods of less than one hour will be prorated to the nearest quarter hour.

d. TRAVEL AND TRANSPORTATION

If any charge is to apply, over and above the regular maintenance rates, because of the distance between the ordering activity location and Allen Corporation's service area, the charge will be:

Not Applicable: Equipment is covered by return-to-manufacturer warranty

e. QUANTITY DISCOUNTS

Quantity discounts from listed maintenance service rates for multiple equipment owned and/or leased by a ordering activity are indicated below:

Quantity Range	Discounts
_____ Units	_____ %
_____ Units	_____ %
_____ Units	_____ %

9. REPAIR SERVICE RATE PROVISIONS

a. **CHARGES.** Charges for repair service will include the labor charge, computed at the rates set forth below, for the time during which repairmen are actually engaged in work, and, when applicable, the charge for travel or transportation.

b. **MULTIPLE MACHINES.** When repairs are ordered by a ordering activity on two or more machines located in one or more buildings within walking distance of each other, the charges will be computed from the time the repairman commences work on the first machine, until the work is completed on the last machine. The time required to go from one machine to another, or from one building to another, will be considered actual work performance, and chargeable to the ordering activity, provided the time consumed in going between machines (or buildings) is reasonable.

c. TRAVEL OR TRANSPORTATION

(1) AT ALLEN CORPORATION'S SHOP

(a) When equipment is returned to Allen Corporation's shop for adjustments or repairs which are not covered by the guarantee/warranty provision, the cost of transportation, packing, etc., from the ordering activity location to Allen Corporation's plant, and return to the ordering activity location, shall be borne by the ordering activity.

(b) The ordering activity should not return defective equipment to Allen Corporation for adjustments and repairs or replacement without his prior consultation and instruction.

(2) AT THE ORDERING ACTIVITY LOCATION (Within Established Service Areas)

When equipment is repaired at the ordering activity location, and repair service rates are established for service areas or zones, the listed rates are applicable to any ordering activity location within such service areas or zones. No extra charge, time, or expense will be allowed for travel or transportation of repairmen or machines to or from the ordering activity office; such overhead is included in the repair service rates listed.

(3) AT THE ORDERING ACTIVITY LOCATION (Outside Established Service Areas)

(a) The repair service rates listed for subparagraph (2) above apply, except that a travel charge of _____ per mile for repairmen will apply to the round-trip distance between the geographic limits of the applicable service area and the ordering activity location. Such charge will apply as an additional charge, but it will be limited to one round trip for each request that is made by the ordering activity for repair service, regardless of whether repairs are performed at the ordering activity location or at Allen Corporation's shop.

(b) When the overall travel charge computed at the above mileage rate is unreasonable (considering the time required for travel, actual and necessary transportation costs, and the allowable ordering activity per diem rate for each night the repairman is required to remain overnight at the ordering activity location), the ordering activity shall have the option of reimbursing Allen Corporation for actual costs, provided that the actual costs are reasonable and allowable. Allen Corporation shall furnish the ordering activity with a report of travel performed and related expenses incurred. The report shall include departure and arrival dates, times, and the applicable mode of travel.

d. LABOR RATES

(1) REGULAR HOURS

The Regular Hours repair service rates listed herein shall entitle the ordering activity to repair service during the period 8:00 a.m. to 5:00 p.m., Monday through Friday, exclusive of holidays observed at the ordering activity location. There shall be no additional charge for repair service which was requested during Regular Hours, but performed outside the Regular Hours defined above, at the convenience of Allen Corporation.

(2) AFTER HOURS

When the ordering activity requires that repair service be performed outside the Regular Hours defined above, except Sundays and Holidays observed at the ordering activity location, the After Hours repair service rates listed herein shall apply. The Regular Hours rates defined above shall apply when repair service is requested during Regular Hours, but performed After Hours at the convenience of Allen Corporation.

(3) SUNDAYS AND HOLIDAYS

When the ordering activity requires that repair service be performed on Sundays and Holidays observed at the ordering activity location, the Sundays and Holidays repair service rates listed herein shall apply. When repair service is requested to be performed during Regular Hours and/or After Hours, but is performed at the

convenience of Allen Corporation on Sundays or Holidays observed at the ordering activity location, the Regular Hours and/or After Hours repair service rates, as applicable, shall apply.

REPAIR SERVICE RATES

LOCATION	MINIMUM CHARGE*	REGULAR HOURS PER HOUR**	AFTER HOURS PER HOUR**	SUNDAYS AND HOLIDAYS PER HOUR
CONTRACTOR'S SHOP	_____	_____	_____	_____
ORDERING ACTIVITY LOCATION (WITHIN ESTABLISHED SERVICE AREAS)	_____	_____	_____	_____
ORDERING ACTIVITY LOCATION (OUTSIDE ESTABLISHED SERVICE AREAS)	_____	_____	_____	_____

*MINIMUM CHARGES INCLUDE ___ FULL HOURS ON THE JOB.

**FRACTIONAL HOURS, AT THE END OF THE JOB, WILL BE PRORATED TO THE NEAREST QUARTER HOUR.

10. REPAIR PARTS/SPARE PARTS RATE PROVISIONS

All parts, furnished as spares or as repair parts in connection with the repair of equipment, unless otherwise indicated in this pricelist, shall be new, standard parts manufactured by the equipment manufacturer. All parts shall be furnished at prices indicated in Allen Corporation's commercial pricelist dated _____, at a discount of _____% from such listed prices.

11. GUARANTEE/WARRANTY—REPAIR SERVICE AND REPAIR PARTS/SPARE PARTS

a. REPAIR SERVICE

All repair work will be guaranteed/warranted for a period of __90 Days_____

b. REPAIR PARTS/SPARE PARTS

All parts, furnished either as spares or repairs parts will be guaranteed/warranted for a period __90 Days_____

12. INVOICES AND PAYMENTS

a. Maintenance Service

(1) Invoices for maintenance service shall be submitted by Allen Corporation on a quarterly or monthly basis, after the completion of such period. Maintenance charges must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

(2) Payment for maintenance service of less than one month's duration shall be prorated at 1/30th of the monthly rate for each calendar day.

b. Repair Service and Repair Parts/Spare Parts

Invoices for repair service and parts shall be submitted by Allen Corporation as soon as possible after completion of work. Payment under blanket purchase agreements will be made quarterly or monthly, except where cash payment

procedures are used. Invoices shall be submitted separately to each ordering activity office ordering services under the contract. The cost of repair parts shall be shown as a separate item on the invoice, and shall be priced in accordance with paragraph #10, above. PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

TERMS AND CONDITIONS APPLICABLE TO TERM SOFTWARE LICENSES (SPECIAL ITEM NUMBER 132-32), PERPETUAL SOFTWARE LICENSES (SPECIAL ITEM NUMBER 132-33) AND MAINTENANCE (SPECIAL ITEM NUMBER 132-34) OF GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY SOFTWARE

1. INSPECTION/ACCEPTANCE

Allen Corporation shall only tender for acceptance those items that conform to the requirements of this contract. The ordering activity reserves the right to inspect or test any software that has been tendered for acceptance. The ordering activity may require repair or replacement of nonconforming software at no increase in contract price. The ordering activity must exercise its postacceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the software, unless the change is due to the defect in the software.

2. GUARANTEE/WARRANTY

a. Unless specified otherwise in this contract, Allen Corporation's standard commercial guarantee/warranty as stated in the contract's commercial pricelist will apply to this contract.

Support Services Offered

The Calamp Messaging Services Technical Support Program provides technical installation and configuration support via telephone, email and fax for the following:

A. all software developed, delivered and maintained by Calamp Inc.

Calamp Messaging, Inc. ("Calamp") provides support, including version upgrades and patches, to customers who have purchased and are maintaining a Support Services Program (the "Support Program"). A Support Program is offered for the current production release of Calamp software and hardware products (the "Calamp Products") as well as for the two (2) preceding version releases of each Calamp Product. FAQs and Application Notes for the current version are posted to the Calamp web site on a regular basis. Patch releases, updates, and integration notes are provided for download via a secure website to supported customers. Supported customers will not be provided with update or replacement media unless specifically requested.

Support Level

Two levels of Support are offered: Priority and Standard.

The Standard Support Program provides for access to all updates and patches as well as technical assistance from 5:00 AM to 5:00 PM PST Monday-Friday excluding the following holidays:

New Year's Day
July 4th
Thanksgiving
Christmas Day

Memorial Day
Labor Day
The Day after Thanksgiving

The Priority Support Program provides access to technical assistance 24 hours/day, 7 days/week as well as to all upgrades and patches.

Pricing Terms

The current annual fee for the Standard Support Program is 20% of the list price of the Calamp Products (at the time the Support Program is purchased) for which the Support Program is being purchased.

The current annual fee for the Priority Support Program is 35% of the list price of the Calamp Products (at the time the Support Program is purchased) for which the Support Program is being purchased.

Contacting Technical Support

Standard Support Program Contact Information:

Telephone: 510.987.7700, extension 151

Email: TelAlertSupport@calamp.com

Fax: 510.987.7009

<http://www.telalert.com/messaging/index.php>

Priority Support Program customers will be provided with a separate document outlining the methods by which technical support may be contacted. Priority Support Program customers may also use the Standard Support Program contact information.

Standard Technical Support Terms

Calamp will use commercially reasonable efforts to support customers within the following framework:

Inquiries posted to technical support via email, voice mail or fax will receive a response within two hours, if those inquiries are posted on a business day before 4:00pm PT. Inquiries posted to technical support via email, voicemail or fax after 4:00pm PT will receive a response the next business day.

Calamp will assign a technical support contact to each new incident. The technical contact will follow-up with customers that have open support issues on a daily basis until the issue is closed or three business days have passed without a response from the customer.

Calamp will use commercially reasonable efforts to provide a patch, workaround solution or temporary fix for any fatal or severe impact error (FSIE) that would prevent useful work being done, as reasonably determined, within four hours of being notified of a FSIE problem if that FSIE notification occurs on a business day before 2:00pm PT. FSIE notifications received after 2:00pm PT will receive best efforts by 10:00am PT the next business day.

Priority Technical Support Terms

Calamp will use commercially reasonable efforts to support customers within the following framework:

Inquiries submitted through Priority Technical Support will be responded to within 30 minutes.

The goal of Priority Technical Support will be resolution of the customer's technical problem within 2 hours.

The technician handling the Priority Technical Support issue will communicate with the customer frequently regarding the status of the resolution of the problem until resolved.

If a hardware unit needs replacement – it will be shipped the next business day via next day delivery.

Software Upgrades and Patches

Supported customers are provided with a login username and password that will give access to the Calamp secure FTP site where the current revisions of Calamp Products are available. This site is accessible 24 hours/day, 7 days/week at the following Internet addresses: www.calamp.com

All new versions and releases of the Calamp Product will either be downward compatible with the previous version or come with a migration path from the previous version to the new version.

If a customer has been non-supported for two (2) years or more, that customer must repurchase the Calamp Product at current list price in order to be eligible for upgrades and support on current product.

- b. Allen Corporation warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.
- c. **Limitation of Liability.** Except as otherwise provided by an express or implied warranty, Allen Corporation will not be liable to the ordering activity for consequential damages resulting from any defect or deficiencies in accepted items.

3. TECHNICAL SERVICES

Support Level

Two levels of Support are offered: Priority and Standard.

The Standard Support Program provides for access to all upgrades and patches as well as technical assistance from 5:00 AM to 5:00 PM PST Monday-Friday excluding the following holidays:

New Year's Day	Memorial Day
July 4 th	Labor Day
Thanksgiving	The Day after Thanksgiving
Christmas Day	

The Priority Support Program provides access to technical assistance 24 hours/day, 7 days/week as well as to all upgrades and patches.

TelAlert Technical support is available at (510) 987-7700 x 151 or TelAlertSupport@calamp.com

4. SOFTWARE MAINTENANCE

a. Software maintenance service shall include the following:

Support Services Offered

The Calamp Messaging Services Technical Support Program provides technical installation and configuration support via telephone, email and fax for the following:

- A. all software developed, delivered and maintained by Calamp Messaging Services, Inc.; and
all hardware manufactured, delivered and maintained by Calamp.

Calamp Messaging, Inc. ("Calamp") provides support, including version upgrades and patches, to customers who have purchased and are maintaining a Support Services Program (the "Support Program"). A Support Program is offered for the current production release of Calamp software and hardware products (the "Calamp Products") as well as for the two (2) preceding version releases of each Calamp Product. FAQs and Application Notes for the current version are posted to the Calamp web site on a regular basis. Patch releases, updates, and integration notes are provided for download via a secure website to supported customers. Supported customers will not be provided with update or replacement media unless specifically requested.

b. Invoices for maintenance service shall be submitted by Allen Corporation on a quarterly or monthly basis, after the completion of such period. Maintenance charges must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

5. PERIODS OF TERM LICENSES (132-32) AND MAINTENANCE (132-34)

- a. Allen Corporation shall honor orders for periods for the duration of the contract period or a lesser period of time.
- b. Term licenses and/or maintenance may be discontinued by the ordering activity on thirty (30) calendar days written notice to Allen Corporation.
- c. Annual Funding. When annually appropriated funds are cited on an order for term licenses and/or maintenance, the period of the term licenses and/or maintenance shall automatically expire on September 30 of the contract period, or at the end of the contract period, whichever occurs first. Renewal of the term licenses and/or maintenance orders citing the new appropriation shall be required, if the term licenses and/or maintenance is to be continued during any remainder of the contract period.
- d. Cross-Year Funding Within Contract Period. Where an ordering activity's specific appropriation authority provides for funds in excess of a 12 month (fiscal year) period, the ordering activity may place an order under this schedule contract for a period up to the expiration of the contract period, notwithstanding the intervening fiscal years.
- e. Ordering activities should notify Allen Corporation in writing thirty (30) calendar days prior to the expiration of an order, if the term licenses and/or maintenance is to be terminated at that time. Orders for the continuation of term licenses and/or maintenance will be required if the term licenses and/or maintenance is to be continued during the subsequent period.

6. CONVERSION FROM TERM LICENSE TO PERPETUAL LICENSE

- a. The ordering activity may convert term licenses to perpetual licenses for any or all software at any time following acceptance of software. At the request of the ordering activity Allen Corporation shall furnish, within ten (10) calendar days, for each software product that is contemplated for conversion, the total amount of conversion credits which have accrued while the software was on a term license and the date of the last update or enhancement.
- b. Conversion credits which are provided shall, within the limits specified, continue to accrue from one contract period to the next, provided the software remains on a term license within the ordering activity.
- c. The term license for each software product shall be discontinued on the day immediately preceding the effective date of conversion from a term license to a perpetual license.
- d. The price the ordering activity shall pay will be the perpetual license price that prevailed at the time such software was initially ordered under a term license, or the perpetual license price prevailing at the time of conversion from a term license to a perpetual license, whichever is the less, minus an amount equal to _____% of all term license payments during the period that the software was under a term license within the ordering activity.

7. TERM LICENSE CESSATION

- a. After a software product has been on a continuous term license for a period of _____ * months, a fully paid-up, non-exclusive, perpetual license for the software product shall automatically accrue to the ordering activity. The period of continuous term license for automatic accrual of a fully paid-up perpetual license does not have to be achieved during a particular fiscal year; it is a written Contractor commitment which continues to be available for software that is initially ordered under this contract, until a fully paid-up perpetual license accrues to the ordering activity. However, should the term license of the software be discontinued before the specified period of the continuous term license has been satisfied, the perpetual license accrual shall be forfeited.

b. Allen Corporation agrees to provide updates and maintenance service for the software after a perpetual license has accrued, at the prices and terms of Special Item Number 132-34, if the licensee elects to order such services. Title to the software shall remain with Allen Corporation.

8. UTILIZATION LIMITATIONS - (132-32, 132-33, AND 132-34)

a. Software acquisition is limited to commercial computer software defined in FAR Part 2.101.

b. When acquired by the ordering activity, commercial computer software and related documentation so legend shall be subject to the following:

(1) Title to and ownership of the software and documentation shall remain with Allen Corporation, unless otherwise specified.

(2) Software licenses are by site and by ordering activity. An ordering activity is defined as a cabinet level or independent ordering activity. The software may be used by any subdivision of the ordering activity (service, bureau, division, command, etc.) that has access to the site the software is placed at, even if the subdivision did not participate in the acquisition of the software. Further, the software may be used on a sharing basis where multiple agencies have joint projects that can be satisfied by the use of the software placed at one ordering activity's site. This would allow other agencies access to one ordering activity's database. For ordering activity public domain databases, user agencies and third parties may use the computer program to enter, retrieve, analyze and present data. The user ordering activity will take appropriate action by instruction, agreement, or otherwise, to protect Allen Corporation's proprietary property with any third parties that are permitted access to the computer programs and documentation in connection with the user ordering activity's permitted use of the computer programs and documentation. For purposes of this section, all such permitted third parties shall be deemed agents of the user ordering activity.

(3) Except as is provided in paragraph 8.b(2) above, the ordering activity shall not provide or otherwise make available the software or documentation, or any portion thereof, in any form, to any third party without the prior written approval of Allen Corporation. Third parties do not include prime Contractors, subcontractors and agents of the ordering activity who have the ordering activity's permission to use the licensed software and documentation at the facility, and who have agreed to use the licensed software and documentation only in accordance with these restrictions. This provision does not limit the right of the ordering activity to use software, documentation, or information therein, which the ordering activity may already have or obtains without restrictions.

(4) The ordering activity shall have the right to use the computer software and documentation with the computer for which it is acquired at any other facility to which that computer may be transferred, or in cases of disaster recovery, the ordering activity has the right to transfer the software to another site if the ordering activity site for which it is acquired is deemed to be unsafe for ordering activity personnel; to use the computer software and documentation with a backup computer when the primary computer is inoperative; to copy computer programs for safekeeping (archives) or backup purposes; to transfer a copy of the software to another site for purposes of benchmarking new hardware and/or software; and to modify the software and documentation or combine it with other software, provided that the unmodified portions shall remain subject to these restrictions.

(5) "Commercial Computer Software" may be marked with the Contractor's standard commercial restricted rights legend, but the schedule contract and schedule pricelist, including this clause, "Utilization Limitations" are the only governing terms and conditions, and shall take precedence and supersede any different or additional terms and conditions included in the standard commercial legend.

9. SOFTWARE CONVERSIONS - (132-32 AND 132-33)

Full monetary credit will be allowed to the ordering activity when conversion from one version of the software to another is made as the result of a change in operating system, or from one computer system to another. Under a perpetual license (132-33), the purchase price of the new software shall be reduced by the amount that was paid to purchase the earlier version. Under a term license (132-32), conversion credits which accrued while the earlier

version was under a term license shall carry forward and remain available as conversion credits which may be applied towards the perpetual license price of the new version.

10. DESCRIPTIONS AND EQUIPMENT COMPATIBILITY

Allen Corporation shall include, in the schedule pricelist, a complete description of each software product and a list of equipment on which the software can be used. Also, included shall be a brief, introductory explanation of the modules and documentation which are offered.

11. RIGHT-TO-COPY PRICING

Allen Corporation shall insert the discounted pricing for right-to-copy licenses.

TelAlert licenses only (CLINs 001A- 044A).

Licenses that are used solely for failover, backup, and development purposes shall be discounted 25% from the GSA list price of that item.

**TERMS AND CONDITIONS APPLICABLE TO PURCHASE OF
TRAINING COURSES FOR GENERAL PURPOSE COMMERCIAL
INFORMATION TECHNOLOGY EQUIPMENT AND SOFTWARE
(SPECIAL ITEM NUMBER 132-50)**

1. SCOPE

- a. Allen Corporation shall provide training courses normally available to commercial customers, which will permit ordering activity users to make full, efficient use of general purpose commercial IT products. Training is restricted to training courses for those products within the scope of this solicitation.
- b. Allen Corporation shall provide training at Allen Corporation's facility and/or at the ordering activity's location, as agreed to by Allen Corporation and the ordering activity.

2. ORDER

Written orders, EDI orders (GSA Advantage! and FACNET), credit card orders, and orders placed under blanket purchase agreements (BPAs) shall be the basis for the purchase of training courses in accordance with the terms of this contract. Orders shall include the student's name, course title, course date and time, and contracted dollar amount of the course.

3. TIME OF DELIVERY

Allen Corporation shall conduct training on the date (time, day, month, and year) agreed to by Allen Corporation and the ordering activity.

4. CANCELLATION AND RESCHEDULING

- a. The ordering activity will notify Allen Corporation at least seventy-two (72) hours before the scheduled training date, if a student will be unable to attend. Allen Corporation will then permit the ordering activity to either cancel the order or reschedule the training at no additional charge. In the event the training class is rescheduled, the ordering activity will modify its original training order to specify the time and date of the rescheduled training class.
- b. In the event the ordering activity fails to cancel or reschedule a training course within the time frame specified in paragraph a, above, the ordering activity will be liable for the contracted dollar amount of the training course. Allen Corporation agrees to permit the ordering activity to reschedule a student who fails to attend a training class within ninety (90) days from the original course date, at no additional charge.
- c. The ordering activity reserves the right to substitute one student for another up to the first day of class.
- d. In the event Allen Corporation is unable to conduct training on the date agreed to by Allen Corporation and the ordering activity, Allen Corporation must notify the ordering activity at least seventy-two (72) hours before the scheduled training date.

5. FOLLOW-UP SUPPORT

Allen Corporation agrees to provide each student with unlimited telephone support for a period of one (1) year from the completion of the training course. During this period, the student may contact Allen Corporation's instructors for refresher assistance and answers to related course curriculum questions.

6. PRICE FOR TRAINING

The price that the ordering activity will be charged will be the ordering activity training price in effect at the time of order placement, or the ordering activity price in effect at the time the training course is conducted, whichever is less.

7. INVOICES AND PAYMENT

Invoices for training shall be submitted by Allen Corporation after ordering activity completion of the training course. Charges for training must be paid in arrears (31 U.S.C. 3324). PROMPT PAYMENT DISCOUNT, IF APPLICABLE, SHALL BE SHOWN ON THE INVOICE.

8. FORMAT AND CONTENT OF TRAINING

a. Allen Corporation shall provide written materials (i.e., manuals, handbooks, texts, etc.) normally provided with course offerings. Such documentation will become the property of the student upon completion of the training class.

b. ****If applicable**** For hands-on training courses, there must be a one-to-one assignment of IT equipment to students.

c. Allen Corporation shall provide each student with a Certificate of Training at the completion of each training course.

d. Allen Corporation shall provide the following information for each training course offered:

- (1) The course title and a brief description of the course content, to include the course format (e.g., lecture, discussion, hands-on training);
- (2) The length of the course;
- (3) Mandatory and desirable prerequisites for student enrollment;
- (4) The minimum and maximum number of students per class;
- (5) The locations where the course is offered;
- (6) Class schedules; and
- (7) Price (per student, per class (if applicable)).

e. For those courses conducted at the ordering activity's location, instructor travel charges (if applicable), including mileage and daily living expenses (e.g., per diem charges) are governed by Pub. L. 99-234 and FAR Part 31.205-46, and are reimbursable by the ordering activity on orders placed under the Multiple Award Schedule, as applicable, in effect on the date(s) the travel is performed. Contractors cannot use GSA city pair contracts. The Industrial Funding Fee does NOT apply to travel and per diem charges.

9. "NO CHARGE" TRAINING

Allen Corporation shall describe any training provided with equipment and/or software provided under this contract, free of charge, in the space provided below.

None

**TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT)
PROFESSIONAL SERVICES (SPECIAL ITEM NUMBER 132-51)**

1. SCOPE

- a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services and Special Item Number 132-52 Electronic Commerce Services apply exclusively to IT/EC Services within the scope of this Information Technology Schedule.
- b. Allen Corporation shall provide services at Allen Corporation's facility and/or at the ordering activity location, as agreed to by Allen Corporation and the ordering activity.

2. PERFORMANCE INCENTIVES

- a. Performance incentives may be agreed upon between Allen Corporation and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract in accordance with this clause.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by Allen Corporation to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate Allen Corporation. Incentives shall be based on objectively measurable tasks.

3. ORDER

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

4. PERFORMANCE OF SERVICES

- a. Allen Corporation shall commence performance of services on the date agreed to by Allen Corporation and the ordering activity.
- b. Allen Corporation agrees to render services only during normal working hours, unless otherwise agreed to by Allen Corporation and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Contractor travel required in the performance of IT/EC Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)

(a) The Contracting Officer may, at any time, by written order to Allen Corporation, require Allen Corporation to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to Allen Corporation, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, Allen Corporation shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to Allen Corporation, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

- (1) Cancel the stop-work order; or
- (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, Allen Corporation shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

- (1) The stop-work order results in an increase in the time required for, or in Allen Corporation's cost properly allocable to, the performance of any part of this contract; and
- (2) Allen Corporation asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

6. INSPECTION OF SERVICES

The Inspection of Services-Fixed Price (AUG 1996) (Deviation - May 2003) clause at FAR 52.246-4 applies to firm-fixed price orders placed under this contract. The Inspection-Time-and-Materials and Labor-Hour (JAN 1986) (Deviation - May 2003) clause at FAR 52.246-6 applies to time-and-materials and labor-hour orders placed under this contract.

7. RESPONSIBILITIES OF ALLEN CORPORATION

Allen Corporation shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Deviation - May 2003) Rights in Data - General, may apply.

8. RESPONSIBILITIES OF THE ORDERING ACTIVITY

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT/EC Services.

9. INDEPENDENT CONTRACTOR

All IT/EC Services performed by Allen Corporation under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

10. ORGANIZATIONAL CONFLICTS OF INTEREST

a. Definitions.

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to Allen Corporation, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving Allen Corporation, any entity into or with which Allen Corporation subsequently merges or affiliates, or any other successor or assignee of Allen Corporation.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by Allen Corporation and its affiliates, may either (i) result in an unfair competitive advantage to Allen Corporation or its affiliates or (ii) impair Allen Corporation’s or its affiliates’ objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on Allen Corporations, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

11. INVOICES

Allen Corporation, upon completion of the work ordered, shall submit invoices for IT/EC services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

12. PAYMENTS

For firm-fixed price orders the ordering activity shall pay Allen Corporation, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003)) applies to labor-hour orders placed under this contract.

13. RESUMES

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

14. INCIDENTAL SUPPORT COSTS

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

15. APPROVAL OF SUBCONTRACTS

The ordering activity may require that Allen Corporation receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

16. DESCRIPTION OF IT/EC SERVICES AND PRICING

a. Allen Corporation shall provide a description of each type of IT/EC Service offered under Special Item Numbers 132-51 and 132-52. IT/EC Services should be presented in the same manner as Allen Corporation sells to its commercial and other ordering activity customers. If Allen Corporation is proposing hourly rates, a description of all corresponding commercial job titles (labor categories) for those individuals who will perform the service should be provided.

b. Pricing for all IT/EC Services shall be in accordance with Allen Corporation's customary commercial practices; e.g., hourly rates, monthly rates, term rates, and/or fixed prices.

The following is an example of the manner in which the description of a commercial job title should be presented:

EXAMPLE: Commercial Job Title: System Engineer

Minimum/General Experience: Three (3) years of technical experience which applies to systems analysis and design techniques for complex computer systems. Requires competence in all phases of systems analysis techniques, concepts and methods; also requires knowledge of available hardware, system software, input/output devices, structure and management practices.

Functional Responsibility: Guides users in formulating requirements, advises alternative approaches, conducts feasibility studies.

Minimum Education: Bachelor's Degree in Computer Science

17. ALLEN CORPORATION COMMERCIAL LABOR CATEGORIES AND GUARANTEES:

Allen Corporation offers only the personnel who meet or exceed the minimum qualification requirements stated in the Commercial Labor Category Descriptions provided herein. Allen Corporation does allow experience to substitute for education requirements. Allen Corporation's criteria for minimum experience substitution by educational degree is as follows.

Undergraduate:	2 years of specific related experience may substitute for an undergraduate degree.
Graduate or Above:	A BA and 2 years of specific related experience may substitute for a graduate degree. 2 years of specific related experience may substitute for each advance degree.

GSA and/or the ordering activities may have access to any Allen Corporation employee resume (by request) before, during or after assignment of any GSA order. If for some extenuating reason a person assigned to an order must be replaced or substituted, the ordering activity will be notified in advance, in writing, and the substituting personnel will have equal or greater qualifications required by the labor category of the departing employee.

COMMERCIAL JOB TITLE DESCRIPTIONS

Commercial Job Title: Program Manager, S001

Minimum/General Experience: Fifteen years of experience (or equivalent combination of education and experience). Relevant experience includes, but is not limited to, progressive experience in managing projects, contracts, funds, and resources (including personnel).

Functional Responsibilities: Duties may include contract management, large project management, and interface with the customer. The program manager must be capable of planning, directing, and coordinating the work of technical personnel including requirement determination, system/program specification, system/program design-analysis, documentation, conversion, training, and installation/extension of AIS. This person is responsible for implementing a quality assurance program to ensure that services and products conform to applicable standards and are done IAW Government regulations.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of specialized experience may be substituted for the required bachelor's degree.

Commercial Job Title: Project Manager, S002

Minimum/General Experience: Ten years of experience (or equivalent combination of education and experience). Relevant experience includes, but is not limited to, progressive functional software development experience and management of contracts.

Functional Responsibilities: Primary responsibilities are managing functional and technical projects and serving as the focal point for questions about projects. Included in these responsibilities are: maintaining the coordination and direction of the project during all phases of the project's life cycle; formulating statements of management and business problems and devising solutions to the problems; evaluating proposed automated information systems to determine feasibility and costs; and managing a team to successfully accomplish the project.

Minimum Education: Requires a bachelor's degree and seven years of experience (or equivalent combination of education and experience).

Equivalencies: An additional two years of specialized experience may be substituted for the required bachelor's degree.

Commercial Job Title: Quality Assurance Manager, S003

Minimum/General Experience: Ten years of experience (or equivalent combination of education and experience). Relevant experience includes, but is not limited to, configuration management, software testing, application of metrics to software quality assessment, and team leader responsibilities.

Functional Responsibilities: Responsible for ensuring that a high level of quality is maintained. Duties include determining the resources required for quality control, establishing and maintaining a process for evaluating software and associated documentation at pre-determined points in the life cycle, and providing daily supervision and direction to support staff.

Minimum Education: Requires a bachelor's degree in computer science, information systems, or a related field.

Equivalencies: An additional two years of specialized experience may be substituted for the required bachelor's degree.

Commercial Job Title: Quality Assurance Specialist, S004

Minimum/General Experience: Six years of experience (or equivalent combination of education and experience). Relevant experience includes, but is not limited to, configuration management, software testing, application of metrics to software quality assessment, and team leader responsibilities.

Functional Responsibilities: Responsible for providing technical and administrative direction for personnel performing production tasks, including the review of work products for correctness, adherence to the design concept and user standards, and ensuring that a high level of quality is maintained. Duties also include coordinating with the project manager and/or quality assurance manager to ensure problem solution and user satisfaction.

Minimum Education: Requires a bachelor's degree in computer science, information systems or a related field.

Equivalencies: An additional two years of specialized experience may be substituted for the required bachelor's degree.

Commercial Job Title: Administrative Specialist II, S006

Minimum/General Experience: Five years of office and/or clerical work experience. Experience required includes: performing diversified clerical, administrative, and general office duties of a highly responsible and confidential nature for managers and staff.

Functional Responsibilities: This position requires knowledge of applicable policies, organization, and a high level of technical skills using automation tools, including word processing and graphics. The administrative specialist II communicates and/or coordinates instructions with various individuals and departments; furnishes and obtains information from multiple sources; organizes and maintains files of correspondence and records; follows up on pending matters; acts as a receptionist, screens telephone calls, letters, and visitors, answers routine questions, and furnishes information; schedules appointments, coordinates arrangements for meetings and conferences, and transcribes dictation, often of a technical and/or confidential nature; composes and types routine letters and memoranda; routes or answers routine correspondence not requiring the manager's attention; prepares special reports, and gathers and summarizes data; organizes and expedites workflow through the manager's office; and initiates follow-up action. This person may provide supervision, training, and guidance to lower level administrative assistants, and may operate a computer terminal and printer for data storage and retrieval.

Minimum Education: Requires a high school diploma.

Equivalencies: N/A.

Commercial Job Title: Word Processor III, S008

Minimum/General Experience: This position requires a minimum of five years of experience in automated word processing or an equivalent combination of experience and education.

Functional Responsibilities: The word processor III transcribes, revises, and combines written material, such as user manuals and lesson plans, from rough drafts, corrected copy, or previous versions displayed on the screen. This person produces charts, graphs, slides, and other instructional material using desktop publishing software. Proof reading and editing documents for grammar, spelling, punctuation, and format, may also be required to supervise other word processing personnel and to schedule workloads.

Minimum Education: High school diploma.

Equivalencies: An associate's degree in an office automation field may substitute for three years of experience.

Commercial Job Title: Word Processor II, S009

Minimum/General Experience: This position requires a minimum of three years of experience in automated word processing or an equivalent combination of experience and education.

Functional Responsibilities: The word processor II transcribes, revises, and combines written material such as users manuals and lesson plans, from rough drafts, corrected copy, or previous versions displayed on the screen. This person produces charts, graphs, slides, and other instructional material using desktop publishing software. Proof reading and editing documents for grammar, spelling, punctuation, and format may also be required.

Minimum Education: High school diploma.

Equivalencies: None.

Commercial Job Title: Word Processor I, S010

Minimum/General Experience: This is an entry-level position requiring word processing skills equivalent to those acquired in a high school typing or computer keyboarding course.

Functional Responsibilities: The word processor I transcribes, revises, and combines written materials, such as user manuals and lesson plans, from rough drafts, corrected copy, or previous versions displayed on the screen.

Minimum Education: High school diploma.

Equivalencies: None.

Commercial Job Title: Systems Analyst Lead, S011

Minimum/General Experience: Ten years of experience (or equivalent combination of education and experience) or a minimum of seven years of experience is required, five of which must be specialized. Specialized experience required includes: superior functional knowledge of task-order specific requirements, or developing functional requirements for complex, integrated ADP systems. General experience required includes: demonstrated ability to work independently or with only general direction.

Functional Responsibilities: The senior functional analyst performs advanced and complex systematic reviews of selected functions to determine application and design of systems or models. This person participates in various testing functions (such as, string and acceptance tests) to verify that results are correct. This person develops and updates functional or operating manuals outlining established methods of performing work in accordance with organizational policy; trains clients or user personnel in the operation and capabilities of proposed models; provides functional guidance on more complex projects; and may supervise and provide technical direction to lower level functional and data analysts.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of specialized experience may substitute for the required bachelor's degree.

Commercial Job Title: Analyst, S012

Minimum/General Experience: Seven years of experience (or equivalent combination of education and experience) is required, three of which must be specialized. Specialized experience required includes: developing functional requirements and data elements for complex, integrated ADP systems. General experience required includes demonstrated ability to work independently or with only general direction.

Functional Responsibilities: The functional analyst recommends improvements or modifications in sequence of operations, equipment utilization, and related matters. This person examines and analyzes current and contemplated operations for developing, defining, and coordinating user requirements that will satisfy the total program need. This person translates user requirements into system specifications, data management plans, configuration management plans, life cycle management documentation, integrated logistics support plans, and related operational summaries. The functional analyst assists in the design, development, analysis, testing, and maintenance of logical and physical databases; writes specification manuals and user documentation for client or user personnel; gathers information from users, defines work problems, and designs a system and procedures to resolve problems.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of experience may substitute for the required bachelor's degree.

Commercial Job Title: Junior Analyst, S013

Minimum/General Experience: Four years of experience (or equivalent combination of education and experience), one year of which must be specialized. Specialized experience required includes developing functional requirements and data elements for complex, integrated ADP systems. General experience required includes: demonstrated ability to work independently or with only general direction.

Functional Responsibilities: The junior functional analyst recommends improvements or modifications in sequence of operations, equipment utilization, and related matters. This person examines and analyzes current and contemplated operations for developing, defining, and coordinating user requirements that will satisfy the total

program need; translates user requirements into system specifications, data management plans, configuration management plans, life cycle management documentation, integrated logistics support plans, and related operational summaries; assists in the design, development, analysis, testing and maintenance of logical and physical databases; writes specification manuals and user documentation for client or user personnel, and gathers information from users, defines work problems, and designs a system and procedures to resolve problems.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of experience may substitute for the required bachelor's degree.

Commercial Job Title: Senior Information Engineer, S014

Minimum/General Experience: Requires a minimum of eight years of experience at least five years of which must be specialized. Specialized experience includes: information systems development, functional and data requirement analysis, systems analysis and design, programming, program design and document preparation. Demonstrated proficiency in the implementation of information engineering projects; systems analysis, design, and programming using CASE and IE tools and methods; systems planning, and business information planning are also required. Must demonstrate the ability to work independently or under only general direction.

Functional Responsibilities: Applies business process improvement practices to re-engineer methodologies and principles and business process modernization projects. Applies as appropriate, activity and data modeling, transaction flow analysis, internal control and risk analysis, and modern business methods and performance measurement techniques. Assists in establishing standards of information systems procedures. Develops and applies organization-wide information models for use in designing and building integrated, shared software and database management systems. Constructs sound, logical business improvement opportunities consistent with corporate Information Management guiding principles, cost savings, and open system architecture objectives. Provides daily supervision and direction to staff.

Minimum Education: Requires a bachelor's degree in computer science, information management, business or other related discipline.

Equivalencies: A master's degree may substitute for two years of experience. An additional two years of experience may substitute for the required bachelors degree.

Commercial Job Title: Information Engineer, S015

Minimum/General Experience: This position requires a minimum of five years of experience, at least three years of which must be specialized. Specialized experience includes: information systems development, functional and data requirement analysis, systems analysis and design, programming, program design, and document preparation. Demonstrated proficiency in the implementation of information engineering projects, systems analysis, design, and programming using CASE and IE tools and methods, system planning, and business information planning are also required.

Functional Responsibilities: This person applies business process improvement practices to re-engineer methodologies and principles and business process modernization projects. This person applies, as appropriate, activity and data modeling, transaction flow analysis, internal control and risk analysis and modern business methods and performance measurement techniques. This person assists in establishing standards of information systems procedures; develops and applies organization wide information models for use in designing and building integrated, shared software and database management systems; constructs sound, logical business improvement opportunities consistent with corporate Information Management (IM) guiding principles, cost savings, and open system architecture objectives.

Minimum Education: Requires a bachelor's degree in computer science, information management, business, or other related discipline.

Equivalencies: An additional two years of experience may substitute for the required bachelor's degree.

Commercial Job Title: Senior Computer Systems Analyst, S016

Minimum/General Experience: This position requires a minimum of ten years of experience, of which at least five years must be specialized. Specialized experience includes: information systems development, functional and data

requirements analysis, systems analysis and design, database management, use of common programming languages, program design, and document preparation. Knowledge of current storage and retrieval methods and demonstrated ability to formulate specifications for computer programmers to use in coding, testing, and debugging computer programs are also required.

Functional Responsibilities: This person provides technical and administrative direction for personnel performing software development tasks, including the review of work products for correctness, adherence to the design concept and user standards, and for progress according to schedules. This person coordinates with the project and/or program manager to ensure problem solution and user satisfaction; makes recommendations, if needed, for approval of major systems installations; prepares milestone status reports and deliveries/presentations on the system concept to colleagues, subordinates, and end user representatives; and provides daily supervision and direction to staff.

Minimum Education: Requires a bachelor's degree in computer science, information systems, business, or other related discipline.

Equivalencies: A master's degree in any of the disciplines listed previously may be substituted for two years of experience. The required bachelor's degree may be substituted with two additional years of experience.

Commercial Job Title: Computer Systems Analyst, S017

Minimum/General Experience: Requires a minimum of six years of experience, of which at least three years must be specialized. Specialized experience includes: information systems development, functional and data requirements analysis, systems analysis and design, database management, use of common programming languages, program design, and document preparation. Knowledge of current storage and retrieval methods and demonstrated ability to formulate specifications for computer programmers to use in coding, testing, and debugging of computer programs are also required.

Functional Responsibilities: Analyzes and develops computer software possessing a wide range of capabilities, including numerous engineering, business, and records management functions; develops plans for automated information systems from project inception to conclusion; analyzes user interfaces, maintains hardware and software performance tuning, analyzes workload and computer usage, maintains interfaces with outside systems, analyzes downtime, analyzes proposed system modifications, upgrades, and new COTS; analyzes problems and the information to be processed, defines the problem, and develops system requirements and program specifications, from which programmers prepare detailed flow charts, programs, and tests; coordinates closely with programmers to ensure proper implementation of program and system specifications; develops, in conjunction with the users, system alternative solutions.

Minimum Education: Requires a bachelor's degree in computer science, information systems, business, or other related discipline.

Equivalencies: A master's degree in any of the disciplines above may substitute for two years of experience. A bachelor's degree may also be substituted with two additional years of experience.

Commercial Job Title: Junior Computer Systems Analyst, S018

Minimum/General Experience: Requires a minimum of three years of experience, of which at least one year must be specialized. Specialized experience includes: information systems development, functional and data requirements analysis, systems analysis and design, database management, use of common programming languages, program design, and document preparation. Knowledge of current storage and retrieval methods and demonstrated ability to formulate specifications for computer programmers to use in coding, testing, and debugging of computer programs are also required.

Functional Responsibilities: This person analyzes information requirements; evaluates, analytically and systematically, problems of workflow, organization and planning, and assists senior computer systems analyst in developing corrective action; helps develop plans for automated information systems from project inception to conclusion; defines the problem, and develops system requirements and program specifications, from which programmers prepare detailed flow charts, programs, and tests. Under the supervision of a senior computer systems analyst or computer systems analyst, this person coordinates closely with programmers to ensure proper implementation of program and system specifications; develops, in conjunction with the users, system alternative solutions.

Minimum Education: Requires a bachelor's degree in computer science, information systems, business, or other related discipline.

Equivalencies: N/A.

Commercial Job Title: Senior Logistics Management Specialist, S019

Minimum/General Experience: Ten years of experience (or equivalent combination of education and experience). Relevant experience includes, but is not limited to, performing supply management functions in an automated logistics management environment.

Functional Responsibilities: Duties may include providing technical and administrative direction for personnel performing supply management and logistics automation functions, and performing supply management functions in an automated logistics environment.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of specialized experience may substitute for the required bachelor's degree.

Commercial Job Title: Logistics Management Specialist, S020

Minimum/General Experience: Five years of experience (or equivalent combination of education and experience). Relevant experience includes, but is not limited to, performing supply management functions in an automated logistics management environment.

Functional Responsibilities: Duties may include providing technical and administrative direction for personnel performing logistics automation functions, and performing supply management functions in an automated logistics environment.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of experience may substitute for the required bachelor's degree.

Commercial Job Title: Senior Application Programmer , S022

Minimum/General Experience: Six years of experience (or equivalent combination of education and experience). Relevant experience includes, but is not limited to, knowledge of management information systems and ADP knowledge of management information systems and ADP system concepts, and experience as a programming team leader.

Functional Responsibilities: Duties may include designing, programming, documenting, implementing and maintaining software applications. This person may be responsible for supervising the work of more junior programmers and scheduling work. Knowledge of FORTRAN, COBOL, C, Fourth Generation Languages (4GL), CASE tools, systems programming, C++, Smalltalk, and other object oriented programming languages is highly desirable.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of experience may substitute for the required bachelor's degree.

Commercial Job Title: Applications Programmer, S023

Minimum/General Experience: Three years of experience (or equivalent combination of education and experience). Relevant experience includes, but is not limited to, knowledge of management information systems and ADP knowledge of management information systems and ADP system concepts.

Functional Responsibilities: Duties may include designing, programming, documenting, implementing, and maintaining software applications. This person may be responsible for supervising the work of junior programmers.

Knowledge of FORTRAN, COBOL, C, Fourth Generation Languages (4GL), CASE tools, systems programming, C++, Smalltalk, and other object oriented programming languages is highly desirable.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of experience may substitute for the required bachelor's degree.

Commercial Job Title: Junior Applications Programmer, S024

Minimum/General Experience: One year of experience (or equivalent combination of education and experience). Relevant experience includes, but is not limited to, knowledge of management information systems and ADP knowledge of management information systems and ADP system concepts.

Functional Responsibilities: Duties may include designing, programming, documenting, implementing and maintaining software applications. Knowledge of FORTRAN, COBOL, C, Fourth Generation Languages (4GL), CASE tools, systems programming, C++, Smalltalk, and other object-oriented programming languages is highly desirable.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of experience may substitute for the required bachelor's degree.

Commercial Job Title: Senior Systems Administrator, S025

Minimum/General Experience: This position requires a minimum of four years of experience during the past two years as a systems administrator. Specialized experience required includes: administration of UNIX or another open, systems-compliant, multi-user system. General experience required includes: administration of multi-user computer systems.

Functional Responsibilities: This person performs system installation and integration of computer operating system software, network software, application software, computer hardware, and supporting network or telecommunications systems; investigates and resolves operational problems in conjunction with other engineering and technical personnel; and performs supervisory functions as required for junior administrators.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of experience may substitute for the required bachelor's degree.

Commercial Job Title: Systems Administrator, S026

Minimum/General Experience: This position requires a minimum of two years of experience. Specialized experience required includes: administration of UNIX or another open, systems-compliant, multi-user system. General experience required includes: administration of multi-user computer systems.

Functional Responsibilities: This position performs system installation and integration of computer operating system software, network software, application software, computer hardware, and supporting network or telecommunications systems; and investigates and resolves operational problems in conjunction with other engineering and technical personnel.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of experience may substitute for the required bachelor's degree.

Commercial Job Title: Senior Data Base Management Specialist, S027

Minimum/General Experience: A minimum of eight years working in database management, with at least one of the last two years serving as a supervisor.

Functional Responsibilities: Responsible for directing, planning and coordinating data processing activities. Specifically, the senior database management specialist analyzes the data processing workload requirements and assigns, schedules, and reviews the work of the database management specialists.

Minimum Education: High school diploma.

Equivalencies: None.

Commercial Job Title: Data Base Management Specialist, S028

Minimum/General Experience: Five years of direct experience working with and maintaining databases.

Functional Responsibilities: This person is responsible for performing data processing activities as assigned by the senior database management specialist. Duties include processing scheduled jobs, performing database maintenance functions, and producing reports as required.

Minimum Education: High school diploma.

Equivalencies: None.

Commercial Job Title: Database Conversion Specialist, S029

Minimum/General Experience: Four years of experience (or equivalent combination of education and experience). Specialized experience required includes: program management, system design, and system analysis. This person must have a high degree of technical proficiency in the design of database applications; must be knowledgeable of the operating interrelationships between the database and the organization's other systems; and must have experience with current operating system software internals and data manipulation languages. General experience required include: working on large, complex database design projects. This position requires experience as a technical lead, providing guidance and direction to less experienced database administrators and other support personnel in the design and monitoring of database management systems.

Functional Responsibilities: This person specializes in the design and installation of database applications; ensures that there are appropriate linkages to existing databases and to other data processing systems and business applications; ensures that adequate recovery procedures are included in all database designs; develops and monitors procedures for updating data dictionaries; directs the training of user groups in the protocols involved in updating and accessing the database; monitors database transactions to ensure correct usage of the database; provides technical assistance to less experienced database analysts in the identification and resolution of complex database design and maintenance problems; and provides technical expertise on the database system to user and data processing area personnel.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of experience may substitute for the required bachelor's degree.

Commercial Job Title: Computer Specialist (Operator), S031

Minimum/General Experience: Five years of experience. Relevant experience includes, but is not limited to, operating mainframe-, mini-, or client/server-based computer systems.

Functional Responsibilities: Working from operating instructions prepared by programmers, users, or operations managers, computer operators set controls on the computer and on peripheral devices required to run a particular job. Duties include performing daily computer operations activities, and operator level maintenance. Operators will monitor the computer while it is running and respond to any operating and computer messages. If an error message occurs, operators must locate and solve the problem or terminate the program.

Minimum Education: Requires an associate's degree.

Equivalencies: One additional year of experience may substitute for required associate degree.

Commercial Job Title: Junior Computer Specialist (Operator), S032

Minimum/General Experience: Three years of experience in computer operations.

Functional Responsibilities: Working from operating instructions prepared by programmers, users, or operations managers, computer operators set controls on the computer and on peripheral devices required to run a particular job. Duties include performing daily computer operations activities, and operator level maintenance. Operators will monitor the computer while it is running, and respond to any operating and computer messages. If an error message occurs, operators must locate and solve the problem or terminate the program.

Minimum Education: High school diploma.

Equivalencies: None.

Commercial Job Title: Senior Electronics Maintenance Technician, S033

Minimum/General Experience: Eight years of experience in computer repair.

Functional Responsibilities: Responsibilities include providing maintenance support for computers, scheduling preventive maintenance checks, supervising other technicians, and completing paperwork required in the course of maintaining computer equipment, such as warranty forms.

Minimum Education: Associate's degree in computer science or a related field.

Equivalencies: Two years of specialized experience in which computer maintenance and repair was the primary function.

Commercial Job Title: Electronics Maintenance Technician, S034

Minimum/General Experience: Three years of experience in which computer repair was a primary function.

Functional Responsibilities: Provide maintenance support for computer systems to include diagnostics, parts replacement, and evacuation.

Minimum Education: An associate's degree in computer science or a related field.

Equivalencies: An equivalent combination of education and experience may substitute for either the education or experience requirement.

Commercial Job Title: Junior Electronics Maintenance Technician, S035

Minimum/General Experience: This is an entry-level position requiring basic knowledge of computer repair and electronics.

Functional Responsibilities: This person provides maintenance support for computer systems to include diagnostics, parts replacement, and evacuation.

Minimum Education: High school diploma.

Equivalencies: None.

Commercial Job Title: Help Desk Manager, S036

Minimum/General Experience: A minimum of six years in a customer assistance environment and at least two years supervisory experience.

Functional Responsibilities: Primary responsibilities are to supervise the daily operation of a customer assistance center; provide assistance to worldwide users of supported AIS; and maintaining the security and routing of user and

customer assistance requests to the appropriate personnel. Additionally, this person is responsible for the submission of any required reports on user and customer problems.

Minimum Education: High school diploma.

Equivalencies: None.

Commercial Job Title: Help Desk Specialist, S037

Minimum/General Experience: A minimum of three years experience in automated information systems (AIS). This person must be experienced in using office automation software for word processing, spreadsheets, and the preparation of presentations. This person must have a thorough knowledge of technical terminology and a working knowledge of the AIS being supported.

Functional Responsibilities: This person is responsible for receiving user and customer requests for assistance and routing them to the appropriate personnel for resolution

Minimum Education: High school diploma or equivalent.

Equivalencies: GED equates to high school diploma.

Commercial Job Title: Senior Network Technician, S038

Minimum/General Experience: This position requires a minimum of six years of experience, of which at least four years must be specialized. Specialized experience includes: supervision of installation technicians, analysis, design and installation of local and wide area nets; and analysis and installation of communication systems. This person should be familiar with engineering documentation, network configuration and topologies, X.25, TCP/IP, Frame Relay, Bridges, and Routers. General experience includes increasing responsibilities in technical management.

Functional Responsibilities: This person is responsible for conducting site surveys, installing networks and/or adding new users to existing networks; updating and maintaining the hardware, as required; coordinating the work of the network technicians; and providing reports on the networks operation. This person may also be required to assist users when they encounter problems while using the network.

Minimum Education: High school diploma.

Equivalencies: A bachelor's degree may substitute for two years of experience. An associate's degree may substitute for one year of experience.

Commercial Job Title: Network Technician, S039

Minimum/General Experience: Three years of experience with computer networks, including at least one year of installing and maintaining networks. Experience with LANs and WANs is essential.

Functional Responsibilities: Responsible for conducting site surveys, assessing and documenting current site network configuration and user requirements, installing networks and/or adding new users to existing networks; updating and maintaining the hardware, as required. This person may also be required to assist users when they encounter problems using the network.

Minimum Education: High school diploma.

Equivalencies: None.

Commercial Job Title: Communications Network Manager, S041

Minimum/General Experience: A minimum of ten years of direct experience working with computer communications systems using modems, LANs, and routers to connect to e-mail, the internet, and other computers. At least one year as a supervisor during the past three years.

Functional Responsibilities: This person is responsible for evaluating, analyzing, and designating data communications standards, interface criteria, transmission path capabilities and requirements, types of modems required, communications security equipment requirements, and operating characteristics.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of specialized experience may be substituted for the required bachelor's degree.

Commercial Job Title: Communications Specialist, S042

Minimum/General Experience: A minimum of five years of direct experience working with computer communications systems using modems, LANs, and routers to connect to e-mail, the internet, and other computers.

Functional Responsibilities: Duties will include setting up and maintaining computer communications and assisting in installing office networks.

Minimum Education: An associate's degree in computer science or a related field is required.

Equivalencies: An additional two years of specialized experience may substitute for the associate's degree.

Commercial Job Title: Senior Instructor, S043

Minimum/General Experience: Five years of experience (or equivalent combination of education and experience). Relevant experience includes, but is not limited to, writing and editing technical documents and knowledge of information systems.

Functional Responsibilities: This person's primary duties are to supervise the preparation of manuals, papers, and reports. The editor may also be responsible for editing the work of others. Other duties may include training subordinates and development of training course materials.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of specialized experience may substitute for the required bachelor's degree.

Commercial Job Title: Instructor, S044

Minimum/General Experience: Two years of experience (or equivalent combination of education and experience). Relevant experience includes, but is not limited to, writing and editing technical documents and knowledge of information systems.

Functional Responsibilities: Duties may include training and development preparation of user and technical documentation and training course materials.

Minimum Education: Requires a bachelor's degree.

Equivalencies: Two additional years of specialized experience may substitute for bachelor's degree.

Commercial Job Title: Technical Writer/Editor, S046

Minimum/General Experience: At least five years of specialized experience. Specialized experience required includes writing or editing technical documents using applicable Government and/or industry standards.

Functional Responsibilities: This person collects and analyzes applicable technical documentation; organizes material and writes descriptive copy according to established standards regarding order, clarity, brevity, style, and terminology; reviews published material and recommends revisions or changes in scope, format, content, methods of reproduction and binding; may select photographs, drawings, sketches, diagrams, and charts to illustrate material; may assist in laying out material for publication; uses automated tools, including computer terminal and word

processing or desktop publishing software in performing assigned duties; and may coordinate the production and distribution of material.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of specialized experience may substitute for a bachelor's degree.

Commercial Job Title: Draftsman/Illustrator, S047

Minimum/General Experience: Minimum of five years experience as a draftsman/illustrator preparing graphic presentations of objects, facts, or ideas that require artistic ability. Must have demonstrated the ability to produce charts, maps, diagrams, posters, etc. using state-of-the-art graphics tools.

Functional Responsibilities: This person is responsible for the production of line drawings, exploded views of equipment, and similar kinds of drawings required in the preparation of manuals, briefings, and displays. This person may be responsible for determining the most effective type of graphics display to use in a particular situation.

Minimum Education: None.

Equivalencies: None.

Commercial Job Title: Senior Software Engineer, S048

Minimum/General Experience: Ten years of experience (or equivalent combination of education and experience). Relevant experience includes, but is not limited to, use of programming languages and knowledge of database management systems, and software development management experience. This person must have extensive experience in planning, executing, and managing the integration of software systems.

Functional Responsibilities: Duties may include performing, leading, and coordinating activities in one or more of the following areas: requirements analysis, design analysis, design, programming, software integration, documentation, test and evaluation, and other technical tasks. This person is responsible for scheduling the workload of subordinates.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of specialized experience may substitute for the required bachelor's degree.

Commercial Job Title: Executive Software Specialist, S049

Minimum/General Experience: At least requires eight years of experience in AIS. This person must have an extensive background in operating systems, relational database management systems, and software design and performance as it relates to increasing AIS effectiveness.

Functional Responsibilities: Primary responsibilities are the analysis and comparison of different equipment to software programs in order to determine potential effectiveness and to make recommendations on what are the most effective combinations.

Minimum Education: Requires a bachelor's degree.

Equivalencies: An additional two years of specialized experience may be substituted for the required bachelor's degree.

Commercial Job Title: Senior Computer Security Systems Specialist, S050

Minimum/General Experience: At least ten years working in security of automated information systems with at least five years of specialized experience in security and a demonstrated proficiency in maintaining security records IAW accepted standards.

Functional Responsibilities: This person is responsible for ensuring that the security of automated information systems is maintained; analyzes and defines security requirements for multilevel security (MLS) issues; designs, develops, engineers, and implements solutions to MLS requirements. Duties include ensuring that only authorized users have access to the system; processing requests for access and issuing required log ins and passwords to authorized personnel, performing risk assessment, advising management on AIS security, and supervising the activities of other security personnel.

Minimum Education: Requires a bachelor's degree in computer science or a related field.

Equivalencies: An additional two years of specialized experience may substitute for the required bachelor's degree.

Commercial Job Title: Computer Security Systems Specialist, S051

Minimum/General Experience: At least six years of working in security of automated information systems and a demonstrated proficiency in maintaining security records IAW accepted standards.

Functional Responsibilities: This person is responsible for ensuring that the security of automated information systems is maintained. Duties include ensuring that only authorized users have access to the system, processing requests for access, and issuing required log ins and passwords to authorized personnel.

Minimum Education: Requires a bachelor's degree in computer science or a related field.

Equivalencies: An additional two years of specialized experience may substitute the required bachelor's degree.

Commercial Job Title: Junior Computer Security Systems Specialist, S052

Minimum/General Experience: At least three years of working with automated information systems and a familiarity with common security practices

Functional Responsibilities: This person is responsible for ensuring that the security of automated information systems is maintained. Duties include ensuring that only authorized users have access to the system, processing requests for access, and issuing required log ins and passwords to authorized personnel.

Minimum Education: High school diploma.

Equivalencies: None.

**USA COMMITMENT TO PROMOTE SMALL BUSINESS PARTICIPATION
PROCUREMENT PROGRAMS**

PREAMBLE

(Name of Company) provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

COMMITMENT

To actively seek and partner with small businesses.

To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.

To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts. To accelerate potential opportunities please contact Kevin C. Vaughey, President/OO, phone number 1-866-472-5536 (HQ ALLEN), fax number (703) 733-1459.

BEST VALUE
BLANKET PURCHASE AGREEMENT
FEDERAL SUPPLY SCHEDULE

(Insert Customer Name)

In the spirit of the Federal Acquisition Streamlining Act (ordering activity) and Allen Corporation of America enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Supply Schedule Contract(s) _____.

Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of offers. Teaming Arrangements are permitted with Federal Supply Schedule Contractors in accordance with Federal Acquisition Regulation (FAR) 9.6.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the ordering activity that works better and costs less.

(CUSTOMER NAME)
BLANKET PURCHASE AGREEMENT

Pursuant to GSA Federal Supply Schedule Contract Number(s) _____, Blanket Purchase Agreements, Allen Corporation agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (ordering activity):

(1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

MODEL NUMBER/PART NUMBER	*SPECIAL BPA DISCOUNT/PRICE
_____	_____
_____	_____
_____	_____

(2) Delivery:

DESTINATION	DELIVERY SCHEDULES / DATES
_____	_____
_____	_____
_____	_____

(3) The ordering activity estimates, but does not guarantee, that the volume of purchases through this agreement will be _____.

(4) This BPA does not obligate any funds.

(5) This BPA expires on _____ or at the end of the contract period, whichever is earlier.

(6) The following office(s) is hereby authorized to place orders under this BPA:

OFFICE	POINT OF CONTACT
_____	_____
_____	_____
_____	_____

(7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX, or paper.

(8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

- (a) Name of Contractor;
- (b) Contract Number;
- (c) BPA Number;
- (d) Model Number or National Stock Number (NSN);
- (e) Purchase Order Number;
- (f) Date of Purchase;

(g) Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and

(h) Date of Shipment.

(9) The requirements of a proper invoice are specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

(10) The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and Allen Corporation's invoice, the provisions of this BPA will take precedence.

BASIC GUIDELINES FOR USING
“CONTRACTOR TEAM ARRANGEMENTS”

Federal Supply Schedule Contractors may use “Contractor Team Arrangements” (see FAR 9.6) to provide solutions when responding to a ordering activity requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions of the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- The customer identifies their requirements.
- Federal Supply Schedule Contractors may individually meet the customer's needs, or -
- Federal Supply Schedule Contractors may individually submit a Schedules “Team Solution” to meet the customer's requirement.
- Customers make a best value selection.
