On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order is available through GSA Advantage!, a menu-driven database system. The INTERNET address for GSA Advantage! is http://www.gsaadvantage.gov

**SCHEDULE TITLE:** Multiple Award Schedule

*Special Item No. SIN 54151S  Information Technology Professional Services - IT Professional Services and/or labor categories for database planning and design; systems analysis, integration, and design; programming, conversion and implementation support; network services, data/records management, and testing. Special Item Number (SIN) OLM - Order-Level Materials*

For more information on ordering from Federal Supply Schedules click on the FSS Schedules button at: http://fss.gsa.gov/.

**Contract Number:** GS-35F-0588T

**Period Covered by Contract:** August 14, 2007- August 13, 2027

**Pricelist current through Modification #___-PO-0023**

**CONTRACTOR:**
Unique Comp Inc
27-08 42nd Road
Long Island City, NY 11101
Main: (718) 392-5100
Fax: (718) 559-6597

   **Cooperative Purchasing (STLOC) and Disaster Recovery Purchasing (RC) are available for above SINs and NAICS codes**

1b. LOWEST PRICED MODEL NUMBER AND PRICE FOR EACH SIN: See Pricelist
1c. HOURLY RATES (Services only): See Pricelist

2. MAXIMUM ORDER*: SPECIAL ITEM NUMBER       MAXIMUM ORDER
   54151S                       $500,000/per Order

   NOTE TO ORDERING ACTIVITIES: *If the best value selection places your order over the Maximum Order identified in this catalog/pricelist, you have an opportunity to obtain a better schedule contract price. Before placing your order, contact the aforementioned contactor for a better price. The contractor may (1) offer a new price for this requirement (2) offer the lowest price available under this contract or (3) decline the order. A delivery order that exceeds the maximum order may be placed under the schedule contract in accordance with FAR 8.404.

3. MINIMUM ORDER: The minimum dollar value of orders to be issued is $ 100.00 or as negotiated

5. POINT(S) OF PRODUCTION: Not Applicable

6. DISCOUNT FROM LIST PRICES: GSA Net Prices are shown on the attached GSA Pricelist. The negotiated discount has been applied and the IFF has been added.

7. QUANTITY DISCOUNT(S): None

8. PROMPT PAYMENT TERMS: Net 1% - 10_ days or Net 30 days

9. FOREIGN ITEMS: N/A

10a. TIME OF DELIVERY: 30 Days ARO or as Negotiated at the task order level.
10b. EXPEDITED DELIVERY: as Negotiated at the task order level.
10c. OVERNIGHT AND 2-DAY DELIVERY: as Negotiated at the task order level
10d. URGENT REQUIREMENTS: as Negotiated at the task order level

11. FOB POINT: Destination

12a. ORDERING ADDRESS: Same as contractor
12b. ORDERING PROCEDURES: Ordering activities shall use the ordering procedures described in Federal Acquisition Regulation 8.405-3 when placing an order or establishing a BPA for supplies or services. The ordering procedures, information on Blanket Purchase Agreements (BPA’s) and a sample BPA can be found at the GSA/FSS Schedule Homepage (fss.gsa.gov/schedules).

13. PAYMENT ADDRESS: Same as contractor

14. WARRANTY PROVISION: Standard Commercial Warranty. Customer should contact contractor for a copy of the warranty.

15. EXPORT PACKING CHARGES: Not applicable

16. TERMS AND CONDITIONS OF RENTAL, MAINTENANCE, AND REPAIR: N/A

17. TERMS AND CONDITIONS OF INSTALLATION: N/A

18a. TERMS AND CONDITIONS OF REPAIR PARTS INDICATING DATE OF PARTS PRICE LISTS AND ANY DISCOUNTS FROM LIST PRICES (IF AVAILABLE): N/A

18b. TERMS AND CONDITIONS FOR ANY OTHER SERVICES (IF APPLICABLE): N/A

19. LIST OF SERVICE AND DISTRIBUTION POINTS (IF APPLICABLE): N/A

20. LIST OF PARTICIPATING DEALERS (IF APPLICABLE): N/A

21. PREVENTIVE MAINTENANCE (IF APPLICABLE): N/A

22a. SPECIAL ATTRIBUTES SUCH AS ENVIRONMENTAL ATTRIBUTES (e.g. recycled content, energy efficiency, and/or reduced pollutants): N/A

22b. Section 508 Compliance for Electronic and Information Technology (EIT): Section 508 compliance information on the supplies and services in this contract are available at the following website address (URL): [http://www.XXXXi.com/](http://www.XXXXi.com/). The EIT standard can be found at: [www.Section508.gov/](http://www.Section508.gov/).

23. DUNS NUMBER: 045404634 and CAGE CODE: 1UVR7

24. NOTIFICATION REGARDING REGISTRATION IN SYSTEM FOR AWARD MANAGEMENT (SAM) DATABASE: Contractor has an Active Registration in the SAM database.
LABOR CATEGORY DESCRIPTIONS

1. Commercial Labor Category: Project Director
Minimum/General Experience and Years of Experience: Twelve or more years of successful program experience on large technical contracts, management of services and personnel, advanced planning, developing organizational structures and providing personnel resources, three of which shall be within the last five years. A background in determining and initiating management trade-off actions is required
Functional Responsibility: Senior member of UCI management with ability to commit the firm and with extensive experience in systems development. Responsible for highest-level client liaison. Ability to secure necessary professional resources within the firm to meet requirements of project. The Project Director is responsible for formulating and enforcing work standards, assigning contractor schedules, reviewing work discrepancies, supervising Contractor personnel, and communicating policies, purposes, and goals of the organization to subordinates. The Project Director shall establish and maintain technical and financial reports in order to show progress to management and clients. In addition, the Project Director shall maintain client contacts to ensure conformity to all contractual obligations.
Minimum Education: Bachelor’s degree in Business Administration, Computer Sciences, Information Systems, Communications, Engineering or a related field. A Master’s degree in a related field may be substituted for three years management experience.

2. Commercial Labor Category: Project Manager
Minimum/General Experience and Years of Experience: Minimum of five years’ experience. Each post-graduate degree equivalent to up to three years’ experience (post-graduate study may be substituted for experience at the rate of three credit hours of study for three months of experience, up to 36 credit hours).
Functional Responsibility: Supervises or directly manages and coordinates project through all phases of the systems development life cycle, including planning, requirements analysis, design, development, testing, installation, and evaluation. Responsible for conducting the project in a timely manner, ensuring the quality of work products, maintaining financial soundness of the project, managing interactions, and reporting progress and issues. Ensures conformance with work standards; interprets policies, procedures, and goals and objectives of the organization. Coordinates work effort with all parties. Reviews work products for quality, completeness, and adherence to design concepts and user requirements. Has significant expertise in managing systems projects. Responsible for client liaison.
Minimum Education: BA/BS Degree in associated discipline or the equivalent years in experience

3. Commercial Labor Category: Subject Matter Expert
Minimum/General Experience and Years of Experience: Must have 10 years of experience in the industry. At least 8 of those years must be directly related to the required area of expertise.
Functional Responsibility: Defines problems and analyzes and develops plans and requirements in the subject matter area for complex systems. Coordinates and manages the preparation of analysis, evaluations, and recommendations for proper implementation of programs and system specifications in the following areas: Information Systems Architecture, Automation, Telecommunications, Networking, Communication Protocols, Software, Electronic Email, Modeling and Simulation, Data Storage and Retrieval, Financials, HR, etc.
Minimum Education: BA/BS Degree or the equivalent years of experience

Minimum/General Experience and Years of Experience Must have Three (3) to six (6) years of experience in the field or in a related area
Functional Responsibility: Position supervises professionals in the maintenance of systems to protect data from unauthorized users. Identifies, reports, and resolves security violations. Familiar with a variety of the field’s concepts, practices, and procedures. Relies on extensive experience and judgment to plan and accomplish goals. May lead and direct the work of others. A wide degree of creativity and latitude is expected. Familiar with security policy guidelines, certification, accreditation, and government requirements for obtaining system authority to operate. Familiar with network security tools and their administration.
Minimum Education: Bachelor’s Degree with a curriculum or major field of study which provides substantial knowledge useful in operating in large, complex IT projects to support integrated systems. A recognized certification relevant to the task area and two years relevant work experience of four years relevant work experience may be substituted for the degree requirement

5. Commercial Labor Category: Business System Analyst
Minimum/ General Experience and Years of Experience: Must have 6 years of experience in the industry. At least 4 of those years must be directly related to the required area of expertise.
Functional Responsibility: Has experience in systems analyses. Provides leadership or analytical expertise to analysts. Operates with substantial independence and initiative. Undertakes analyses and user consultation tasks at all phases of design and implementation of an application.
Minimum Education: BA/BS Degree or the equivalent years of experience

6. Commercial Labor Category: Senior ERP Functional Analyst I
Minimum/ General Experience and Years of Experience: Must have 8 years of experience and recognized for functional expertise in the subject matter.
Functional Responsibility: Serves as the subject matter expert who analyzes user needs to determine functional requirements. Works with engineers and technical analysts to incorporate the functional requirements into new or existing systems. May remain involved through the system design development and implementation.
Minimum Education: BS Degree or the equivalent years of experience

7. Commercial Labor Category: Sr. Application / Integrator Developer
Minimum/ General Experience and Years of Experience: Eight years of experience managing or performing software engineering activities (of which at least eight years must be specialized). Specialized experience includes: demonstrated experience with programming languages in the design and implementation of systems and using database management systems. General experience includes increasing responsibilities in software engineering activities. Knowledgeable of applicable standards.
Functional Responsibility: Primary responsibility for analysis and study of complex system requirements. Designs software tools and subsystems to support software reuse and domain analyses and manages their implementation. Manages software development and support using formal specifications, data flow diagrams, other accepted design techniques and, when appropriate, Computer Aided Software Engineering (CASE) tools. Estimates software development costs and schedule. Reviews existing programs and assists in making refinements, reducing operating time, and improving current techniques. Supervises software configuration management. Minimum Education: Bachelor’s degree, or equivalent, in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline. A Master’s degree in a computer related field may be substituted for two years of specialized experience.

8. Commercial Labor Category: Application Programmer
Minimum/ General Experience and Years of Experience: Four years of specialized experience as an applications programmer on database management systems, knowledge of computer equipment and ability to develop complex software to satisfy design objectives. Demonstrate ability to work independently or under only general direction.
Functional Responsibility: Under limited supervision, analyzes and studies complex system requirements. Uses software tools and subsystems to support software reuse and domain analyses. Assists in software development and support using formal specifications, data flow diagrams, other accepted design techniques and, when appropriate, Computer Aided Software Engineering (CASE) tools. Reviews existing programs and assists in making refinements, reducing operating time, and improving current techniques. Performs software configuration management. Develops block diagrams and logic flow charts. Translates detailed design into computer software. Provides technical direction to programmers to ensure program deadlines are met.
Minimum Education: Bachelor’s degree, or equivalent, in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline. A Master’s degree in a computer related field may be substituted for two years of specialized experience.

9. Commercial Labor Category: Software Systems Engineer
Minimum/General Experience and Years of Experience: Eight years of progressive experience performing highly complex software engineering activities using software engineering concepts and software techniques considered state-of-the-art.
Functional Responsibility: Primary responsibility for performing difficult and highly complex software engineering assignments relative to the modification and/or development of software systems. Formulates and develops systems or subsystems architecture, requirements, and design documents. Performs software algorithm development, design, coding, and documentation work of systems to ensure compliance with software engineering standards. Investigates, interprets, and evaluates highly complex system software requirements, and recommends specific modifications and areas requiring further intensive study. Investigates, analyzes, and compares existing systems or subsystems software, and makes specific recommendations to increase their scope and performance to meet client’s specific requirements and ensure achievement of assigned technical activities, as required. May provide technical direction and guidance to lower-level professional software personnel.
Minimum Education: Bachelor’s degree, or equivalent, related to the required specialty. Master’s degree in a related field may be substituted for four years of progressive experience.

10. Commercial Labor Category: Sr. DBA
Minimum/General Experience and Years of Experience: 10 years of progressive experience in areas related to the administration, planning, and development of computerized databases.
Functional Responsibility: Primary responsibility for all activities related to the administration, planning, and development of computerized databases. Formulates and implements policies and procedures pertaining to database management, security, maintenance, and utilization. Works directly with database users, providing advice as to procedures, technical problems, priorities, and methodologies.
Minimum Education: Bachelor’s degree related to the required specialty, or equivalent.

11. Commercial Labor Category: Principal DBA
Minimum/General Experience and Years of Experience: Five years of progressive experience in areas related to the administration, planning, and development of computerized databases.
Functional Responsibility: Under limited supervision, performs all activities related to the administration, planning, and development of computerized databases. Formulates and implements policies and procedures pertaining to database management, security, maintenance, and utilization. Works directly with database users, providing advice as to procedures, technical problems, priorities, and methodologies.
Minimum Education: Bachelor’s degree, or equivalent, related to the required specialty.

Minimum/General Experience and Years of Experience: Eight years of related experience performing technical writing, research, and editing functions to prepare briefings, manuals, and other contract deliverables to meet contract requirements and respond to requests for information.
Functional Responsibility: Under minimal supervision, writes and/or edits technical documents, including business proposals, reports, manuals, briefings and presentations, guidelines, and other project deliverables to meet contract requirements. Reviews and edits documents developed by others to ensure accuracy and quality of content, organization, language, format consistency, and conformance with established standards. Works with technical staff to develop documentation requirements; develops outlines and drafts for review and approval by technical specialists and project management; and ensures that final documents meet applicable contract requirements and regulations.
Minimum Education: Bachelor’s degree, or equivalent, related to the required specialty.

13. Commercial Labor Category: Quality Control/Assurance
Minimum/General Experience and Years of Experience: Must have Five years of applicable experience
Functional Responsibility: Performs tasking in area of discipline within an overall effort.
Performs review and general support of software development, and designs corrective actions. Requires experience in the development of QA/QC manuals, management of QA at various levels, and in the documentation and updating of software QA data.

**Minimum Education**: BA/BS Degree in related discipline or the equivalent years in experience.

14. Commercial Labor Category: Network Engineer I

**Minimum/ General Experience and Years of Experience**: Five (5) years of general experience is considered equivalent to a Bachelor’s Degree or four (4) years of general experience and a technical certification such as a MCSE, CNE, or CCIE is considered equivalent to a Bachelor’s Degree.

**Functional Responsibility**: Supports the planning and performance of network engineering research, design development, operations, and other assignments in conformance with network design, engineering, and customer specifications. Supports the technical/engineering part of a network project assigned to higher level engineers. Performs other duties as assigned.

**Minimum Education**: Bachelor’s Degree in related field or equivalent.

15. Commercial Labor Category: Network Engineer II

**Minimum/ General Experience and Years of Experience**: Must have seven years of applicable experience.

**Functional Responsibility**: Plans and performs network engineering research, design development, and other assignments in conformance with network design, engineering, and customer specifications. Supervises team of Network Engineers through project completion. Experienced with local and wide area network and communications architectures. Responsible for major technical/engineering projects of higher complexity and importance than those normally assigned to lower-level engineers. Coordinates the activities of Network Engineers assigned to specific network engineering projects. Performs other duties as assigned.

**Minimum Education**: BA/BS Degree in related discipline or the equivalent years in related field

**Substitution Methodology**: Due to the availability or limitation of education, occasionally substitution of experience as referenced below for a professional labor type with additional years of experience will be provided to the Federal Agency when responding to their IT requirements and it is solely the acquiring agency’s determination, if the substitution is considered acceptable prior to an award.
