TERMS AND CONDITIONS APPLICABLE TO PURCHASING OF NEW ELECTRONIC EQUIPMENT (SPECIAL ITEM NUMBER 33411)

1. MATERIAL AND WORKMANSHIP

All equipment furnished hereunder must satisfactorily perform the function for which it is intended.

2. ORDER

Written orders, EDI orders (GSA Advantage! and FACNET), credit card orders, and orders placed under blanket purchase agreements (BPA) agreements shall be the basis for purchase in accordance with the provisions of this contract. If time of delivery extends beyond the expiration date of the contract, the Contractor will be obligated to meet the delivery and installation date specified in the original order.

For credit card orders and BPAs, telephone orders are permissible.

3. TRANSPORTATION OF EQUIPMENT

FOB DESTINATION. Prices cover equipment delivery to destination, for any location within the geographic scope of this contract.

4. INSTALLATION AND TECHNICAL SERVICES

The Lytx equipment is self-installable, however, Lytx does offer installation services.

a. INSTALLATION. When the equipment provided under this contract is not normally self-installable, the Contractor's technical personnel shall be available to the ordering activity, at the ordering activity's location, to install the equipment and to train ordering activity personnel in the use and maintenance of the equipment. The charges, if any, for such services are listed below, or in the price schedule:

Lytx provides installation services and training services to the ordering activity when requested.

b. INSTALLATION, DEINSTALLATION, REINSTALLATION. The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of $2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall received less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds $2,000, then the requirements of the Davis-Bacon Act applies.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 33411.
c. OPERATING AND MAINTENANCE MANUALS. The Contractor shall furnish the ordering activity with one (1) copy of all operating and maintenance manuals which are normally provided with the equipment being purchased.

5. INSPECTION/ACCEPTANCE

The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The ordering activity reserves the right to inspect or test any equipment that has been tendered for acceptance. The ordering activity may require repair or replacement of nonconforming equipment at no increase in contract price. The ordering activity must exercise its postacceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

6. WARRANTY

a. Unless specified otherwise in this contract, the Contractor’s standard commercial warranty as stated in the contract’s commercial pricelist will apply to this contract. Those warranty terms are as follows:

(i) Product Warranty. For a period of two (2) years after the date of shipment with respect to VERs (the “VER Warranty Period”), Contractor warrants to ordering activity that the VERs, as delivered by Contractor to ordering activity, will substantially conform to the written specifications Lytx provides to ordering entity hereunder (the “Documentation”). The Warranty Period shall be extended for the duration of any period for which ordering activity purchases an extended warranty from Contractor. The foregoing warranties shall not apply if ordering activity fails to notify Contractor in writing of such defects prior to the expiration of the Warranty Period, if the defect is not reproducible, or the defect is caused by: (a) ordering activity’s negligence or misuse, or events beyond Contractor’s reasonable control; (b) to the extent performed by ordering activity or its representatives, the failure to install, maintain or use the VER in accordance with the Documentation and Contractor’s instructions; (c) except as authorized by Contractor in writing, alterations to the VER made by anyone other than Contractor or its representatives; (d) except as authorized by Contractor in writing, any attempt to service the VER other than by Contractor or its representatives; or (e) third party software, hardware, or materials not approved or supplied by Contractor. Contractor shall not be responsible for any of ordering activity’s or a third party’s software, information or data contained in, stored on, or integrated with any VER returned to Contractor pursuant to the foregoing warranty. Contractor’s and its suppliers’ sole liability, and ordering activity’s exclusive remedy, under this Section 6 shall be, at Contractor’s option: (I) to use commercially reasonable efforts to correct any reproducible defects identified by ordering activity in writing during the Warranty Period which renders the VER non-conforming, (II) to replace the defective VER (with either a new or refurbished product), or (III) to accept return of the defective VER from ordering activity and provide ordering activity with a pro rata refund based on the remaining portion of the Warranty Period. Replacement VERs will assume the greater of the balance of the original Warranty Period or ninety (90) days. With respect to any hardware provided hereunder that is not manufactured by Contractor, ordering activity acknowledges and agrees that its use and possession of such product shall be governed by the terms of such product manufacturer’s warranty, if any, and ordering activity agrees to look solely to the manufacturer with respect to all applicable claims. The right to enforce all warranties made by any such manufacturer are hereby, to the extent Contractor has the right, assigned to ordering activity.

(ii) Warranty Claims. To make a return under the warranties in this Section 6, ordering activity must first contact Contractor Technical Support and assist in a reasonable troubleshooting
effort to restore the product to service. Upon a failure determination by Contractor Technical Support, ordering activity must request a Return Material Authorization number (RMA) within the Warranty Period. Upon approval of the request, Contractor will provide ordering activity an RMA number and a prepaid return label. For all warranty returns, ordering activity must use the return label provided by Contractor to send the product to Contractor, packaged appropriately for safe shipment. Contractor shall pay all freight charges for shipment to ordering activity of any replacement VER covered by these warranty provisions.

(iii) Service Warranty. Contractor warrants to the ordering activity that any services to be performed hereunder shall be performed in a professional and workmanlike manner. Contractor’s and its suppliers’ sole liability, and ordering activity’s exclusive remedy, under this contract shall be for Contractor to use commercially reasonable efforts to re-perform the services. With respect to installation services provided hereunder, the foregoing warranty shall apply solely for the one (1)-year period after installation.

b. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

c. Limitation of Liability. Except as otherwise expressly set forth herein, (i) the Contractor will not be liable to the ordering activity for consequential damages resulting from any defect or deficiencies in accepted items, (ii) Contractor disclaims all warranties, express, implied or statutory, except to the extent otherwise specified herein, (iii) Contractor makes no warranty that the software provided will work in combination with any hardware or software products provided by third parties, that the operation of the software will be uninterrupted or error free, that all defects in the software can be corrected, or that any specific result or outcome will be achieved by utilizing the products or services and (iv) Contractor makes no warranty that access to the services or associated network coverage (e.g., wireless network coverage) will be continuous or uninterrupted.

d. If inspection and repair of defective equipment under this warranty will be performed at the Contractor's plant, the address is as follows:

Test Technology Inc, 4 E Stow Road Suite 2, Marlton, NJ 08053

7. **PURCHASE PRICE FOR ORDERED EQUIPMENT**

The purchase price that the ordering activity will be charged will be the ordering activity purchase price in effect at the time of order placement, or the ordering activity purchase price in effect on the installation date (or delivery date when installation is not applicable), whichever is less.

8. **RESPONSIBILITIES OF THE CONTRACTOR**

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City or otherwise) covering work of this character, and shall include all costs, if any, of such compliance in the prices quoted in this offer.

The Contractor shall confirm orders within fifteen (15) calendar days from the date of receipt, except that confirmation of orders shall be considered automatic for renewals for maintenance (Special Item Number 811212). Automatic acceptance of order renewals for maintenance service shall apply for machines which may have been discontinued from use for temporary periods of time not longer than 120 calendar days. If the order is not confirmed by the Contractor as prescribed by this paragraph, the order shall be considered to be confirmed by the Contractor.

b. The Contractor shall honor orders for maintenance for the duration of the contract period or a lesser period of time, for the equipment shown in the pricelist. Maintenance service shall commence on a mutually agreed upon date, which will be written into the maintenance order. Maintenance orders shall not be made effective before the expiration of any applicable maintenance and parts guarantee/warranty period associated with the purchase of equipment. Renewal of a maintenance order citing the new appropriation shall be required, if maintenance is to continue during any remainder of the contract period.

e. Cross-year Funding Within Contract Period. Where an ordering activity's specific appropriation authority provides for funds in excess of a 12 month, fiscal year period, the ordering activity may place an order under this schedule contract for a period up to the expiration of the contract period, notwithstanding the intervening fiscal years.
f. Ordering activities should notify the Contractor in writing thirty (30) calendar days prior to the expiration of maintenance service, if maintenance is to be terminated at that time. Orders for continued maintenance will be required if maintenance is to be continued during the subsequent period.

3. REPAIR SERVICE AND REPAIR PARTS/SPARE PARTS ORDERS

   a. Agencies may use written orders, EDI orders, credit card orders, blanket purchase agreements (BPAs), or small order procedures for ordering repair service and/or repair parts/spare parts under this contract. Orders for repair service shall not extend beyond the end of the contract period.

   b. When repair service is ordered, only one chargeable repairman shall be dispatched to perform repair service, unless the ordering activity agrees, in advance, that additional repair personnel are required to effect repairs.

      (3) If the equipment was not under the Contractor's responsibility, the costs necessary to place the equipment in proper operating condition are to be borne by the ordering activity, in accordance with the provisions of Special Item Number 811212 (or outside the scope of this contract).

6. RESPONSIBILITIES OF THE ORDERING ACTIVITY

   a. Ordering activity personnel shall not perform maintenance or attempt repairs to equipment while such equipment is under the purview of a maintenance order, unless agreed to by the Contractor.

   b. Subject to security regulations, the ordering activity shall permit access to the equipment which is to be maintained or repaired.

7. RESPONSIBILITIES OF THE CONTRACTOR

For equipment covered by a maintenance contract or warranty, the Contractor's repair service personnel shall provide ordering activity replacement equipment upon receipt of defective equipment in accordance with
Contractor's standard RMA process. For equipment not covered by a maintenance contract or warranty, Contractor does not provide repair services. Such services may be independently available to ordering activity through third party service providers.

8. MAINTENANCE RATE PROVISIONS

   a. If equipment maintenance services are purchased at the listed monthly price, the Contractor shall bear all costs of maintenance, including labor, parts, and such other expenses as are necessary to keep the equipment in good operating condition, provided that the required repairs are not occasioned by fault or negligence of the ordering activity.

   b. REGULAR HOURS

   d. TRAVEL AND TRANSPORTATION

       If any charge is to apply, over and above the regular maintenance rates, because of the distance between the ordering activity location and the Contractor's service area, the charge will be:

       **Negotiated on a case by case basis.**

   e. QUANTITY DISCOUNTS

       Quantity discounts from listed maintenance service rates for multiple equipment owned and/or leased by a ordering activity are indicated below:

       **Not applicable.**

9. REPAIR SERVICE RATE PROVISIONS

   a. CHARGES. Charges for repair service will include the labor charge, computed at the rates set forth below, for the time during which repairmen are actually engaged in work, and, when applicable, the charge for travel or transportation.

   b. MULTIPLE MACHINES. When repairs are ordered by a ordering activity on two or more machines located in one or more buildings within walking distance of each other, the charges will be computed from the time the repairman commences work on the first machine, until the work is completed on the last machine. The time required to go from one machine to another, or from one building to another, will be considered actual work performance, and chargeable to the ordering activity, provided the time consumed in going between machines (or buildings) is reasonable.

   c. TRAVEL OR TRANSPORTATION

       (1) AT THE CONTRACTOR'S SHOP

           (a) When equipment is returned to the Contractor's shop for adjustments or repairs which are not covered by the guarantee/warranty provision, the cost of transportation, packing, etc., from the ordering activity location to the Contractor's plant, and return to the ordering activity location, shall be borne by the ordering activity.
(b) The ordering activity should not return defective equipment to the Contractor for adjustments and repairs or replacement without his prior consultation and instruction.

(2) AT THE ORDERING ACTIVITY LOCATION (Within Established Service Areas)

When equipment is repaired at the ordering activity location, and repair service rates are established for service areas or zones, the listed rates are applicable to any ordering activity location within such service areas or zones. No extra charge, time, or expense will be allowed for travel or transportation of repairmen or machines to or from the ordering activity office; such overhead is included in the repair service rates listed.

(3) AT THE ORDERING ACTIVITY LOCATION (Outside Established Service Areas)

(a) The repair service rates listed for subparagraph (2) above apply, except that a travel charge of “Negotiated on a case by case basis” per mile for repairmen will apply to the round-trip distance between the geographic limits of the applicable service area and the ordering activity location. Such charge will apply as an additional charge, but it will be limited to one round trip for each request that is made by the ordering activity for repair service, regardless of whether repairs are performed at the ordering activity location or at the Contractor's shop.

(b) When the overall travel charge computed at the above mileage rate is unreasonable (considering the time required for travel, actual and necessary transportation costs, and the allowable ordering activity per diem rate for each night the repairman is required to remain overnight at the ordering activity location), the ordering activity shall have the option of reimbursing the Contractor for actual costs, provided that the actual costs are reasonable and allowable. The Contractor shall furnish the ordering activity with a report of travel performed and related expenses incurred. The report shall include departure and arrival dates, times, and the applicable mode of travel.

d. LABOR RATES

(1) REGULAR HOURS

The Regular Hours repair service rates listed herein shall entitle the ordering activity to repair service during the period 8:00 a.m. to 5:00 p.m., Monday through Friday, exclusive of holidays observed at the ordering activity location. There shall be no additional charge for repair service which was requested during Regular Hours, but performed outside the Regular Hours defined above, at the convenience of the Contractor.

(2) AFTER HOURS

When the ordering activity requires that repair service be performed outside the Regular Hours defined above, except Sundays and Holidays observed at the ordering activity location, the After Hours repair service rates listed herein shall apply. The Regular Hours rates defined above shall apply when repair service is requested during Regular Hours, but performed After Hours at the convenience of the Contractor.

(3) SUNDAYS AND HOLIDAYS

When the ordering activity requires that repair service be performed on Sundays and Holidays observed at the ordering activity location, the Sundays and Holidays repair service rates will be negotiated with the ordering activity on a case by case basis.
