## CUSTOMER INFORMATION

1a. Table of awarded Special Item Numbers (SINs):

<u>SIN #</u>	<u>SIN Title</u>
33411	Purchase of New Electronic Equipment
811212	Maintenance of Equipment, Repair Services and/or Repair/Spare Parts
511210	Software Licenses
54151ECOM	Electronic Commerce and Subscription Services
OLM	Order-Level Materials (OLM)

1b. Identification of the lowest priced service for each special item number awarded in the contract.

**See Pricelist**

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item.

2. Maximum order for each SIN:

<u>SIN#</u>	<u>MAXIMUM ORDER*</u>
33411	\$500,000
811212	\$500,000
511210	\$500,000
54151ECOM	\$500,000
OLM	\$250,000

\*If the best value selection places your order over the Maximum Order identified in this catalog/pricelist, you have an opportunity to obtain a better schedule contract price. Before placing your order, contact the aforementioned contractor for a better price. The contractor may (1) offer a new price for this requirement (2) offer the lowest price available under this contract or (3) decline the order. A delivery order that exceeds the maximum order may be placed under the schedule contract in accordance with FAR 8.404.

3. Minimum order: **\$100**

4. Geographic coverage (delivery area): **Worldwide**

5. Point(s) of production: **650 E Crescent Avenue  
Upper Saddle River, NJ 07458**

6. Discount from list prices or statement of net price: **Net prices (discounts applied)**

7. Quantity discounts: **None**

8. Prompt payment terms: **Net 30 days from receipt of invoice or date of acceptance, whichever is later. Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.**

**USA COMMITMENT TO PROMOTE  
SMALL BUSINESS PARTICIPATION  
PROCUREMENT PROGRAMS**

PREAMBLE

EarthCam, Inc. provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

COMMITMENT

To actively seek and partner with small businesses.

To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.

To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts. To accelerate potential opportunities please contact

**SUGGESTED BLANKET PURCHASE AGREEMENT (BPA) FORMAT**

**BEST VALUE  
BLANKET PURCHASE AGREEMENT  
FEDERAL SUPPLY SCHEDULE**

(Insert Customer Name)

In the spirit of the Federal Acquisition Streamlining Act (Ordering Activity) and (Contractor) enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Supply Schedule Contract(s) \_\_\_\_\_.

Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of offers. Teaming Arrangements are permitted with Federal Supply Schedule Contractors in accordance with Federal Acquisition Regulation (FAR) 9.6.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the ordering activity that works better and costs less.

BPA NUMBER \_\_\_\_\_

**(CUSTOMER NAME)  
BLANKET PURCHASE AGREEMENT**

Pursuant to GSA Federal Supply Schedule Contract Number(s) \_\_\_\_\_, Blanket Purchase Agreements, the Contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (Ordering Activity):

(1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

MODEL NUMBER/PART NUMBER	*SPECIAL BPA DISCOUNT/PRICE
_____	_____
_____	_____

(2) Delivery:	
DESTINATION	DELIVERY SCHEDULES / DATES
_____	_____
_____	_____

(3) The ordering activity estimates, but does not guarantee, that the volume of purchases through this agreement will be \_\_\_\_\_.

(4) This BPA does not obligate any funds.

(5) This BPA expires on \_\_\_\_\_ or at the end of the contract period, whichever is earlier.

(6) The following office(s) is hereby authorized to place orders under this BPA:	
OFFICE	POINT OF CONTACT
_____	_____
_____	_____

(7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX, or paper.

(8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

- (a) Name of Contractor;
- (b) Contract Number;
- (c) BPA Number;
- (d) Model Number or National Stock Number (NSN);
- (e) Purchase Order Number;
- (f) Date of Purchase;
- (g) Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and
- (h) Date of Shipment.

(9) The requirements of a proper invoice are specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

(10) The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor's invoice, the provisions of this BPA will take precedence.

## BASIC GUIDELINES FOR USING “CONTRACTOR TEAM ARRANGEMENTS”

Federal Supply Schedule Contractors may use —Contractor Team Arrangements (see FAR 9.6) to provide solutions when responding to a ordering activity requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions of the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- The customer identifies their requirements.
- Federal Supply Schedule Contractors may individually meet the customers needs, or -
- Federal Supply Schedule Contractors may individually submit a Schedules —Team Solution to meet the customer’s requirement.
- Customers make a best value selection.

**EARTHCAM, INC.'S  
AUTHORIZED GSA SCHEDULE CONTRACT PRICING**

**DESCRIPTIVE INFORMATION RELATING TO THE EQUIPMENT AND/OR  
SOFTWARE OFFERED**

The EarthCam Internet Camera Systems are designed for both indoor and outdoor use. These robust hardware and software solutions are offered as either fixed position systems or as systems that can be panned, tilted, and zoomed remotely via the Internet. The EarthCam Internet Camera Systems offer corporations and government agencies the ability to monitor, manage and promote their projects from anywhere in the world. Management, technicians and engineers can control the robotic cameras via a customized password-protected web page. With the ability to store multiple presets, these leading edge webcam systems offer streaming video for private monitoring or live embedded images for display on a public website. Additionally, these systems are an excellent solution for recording and archiving projects.

EarthCam's Control Center Software, coupled with one of EarthCam's Internet Camera Systems, creates a complete end-to-end solution and helps users to manage, via the Internet, the high quality video streams produced by their IP based camera system. The Control Center offers expanded controls, management and maintenance functionality for administrators. Utilizing any standard Internet browser, users can log into their Control Center through [EarthCam.net \(www.earthcam.net\)](http://EarthCam.net), an ASP website dedicated solely to providing professional level webcam software and technology to businesses. The Control Center provides users with the ability to easily and cost effectively manage all aspects of their Internet camera network from pan/tilt/zoom control to video archival recording.

Additionally, EarthCam's Monitoring and Maintenance software provides a complete infrastructure solution to monitor, serve and maintain the high quality video stream 24 hours a day, 7 days a week. The Monitoring and Maintenance software includes EarthCam's image maintenance program that monitors each camera feed, emergency pager and e-mail notification to EarthCam technical support staff, and —self-healing! and corrective programming that is remotely applied to all systems. The software's interactive feature set comes customized with the local weather and time where the camera resides, a chat room to interact with other users, plus archival and time lapse functionality. Management can also utilize the software to email freeze-frames with notes to co-workers and business associates.

12V DC 1000mA Indoor Transformer – ECAC03100

Offered under Special Item No.33411

GSA Price: \$21.94

The 12V DC 1000mA Indoor Transformer is a class 2 UL encased plug-in transformer. The compact design makes it perfectly suitable for your office or residence.

Features:

- Input 120V AC 60 Hz
- 12V DC 1000mA output

24 MegapixelCam Advanced- ECCS99264

Offered under Special Item No. 33411

GSA Price \$6,025.00

Features:

- Thermostatically regulated, corrosion-resistant black enclosure
- Live streaming video preview with weekly 1080i broadcast quality clip
- Take and share on demand snapshots: 24 MP, 13.5 MP, 6 MP
- Digital presets and Pan/Tilt/Zoom within captured image
- Nikon optics for superior quality
- HDR (High Dynamic Range) image and additional creative effects
- Maintenance-free wiper to ensure clear images
- On-board diagnostic LED multi-color system
- Unique double locking mount for jitter-free documentation
- Industrial solid state embedded Linux OS platform with an ultra-efficient ARM9 CPU
- Fail safe – 16GB on-board backup storage
- Next-generation self-healing and auto-recovery technology
- Short term power device
- 10/100 Ethernet or transmit over 4G networks

24v 100VA Weatherproof Power Supply-ECAC03176

Offered under Special Item No. 33411

GSA Price \$161.00

Heavy Duty Weatherproof Exterior Power supply. Provides 24VAC with a total of 4 amp continuous supply current. It's unique NEMA 4 UL Listed enclosure allows installation right at the outdoor CCTV equipment. This reduces the need for long wire runs virtually eliminating voltage drops.

24V AC 100VA Open Frame Transformer – ECAC03103

Offered under Special Item No.33411  
GSA Price: \$29.66

The 24V AC 100VA Open Frame Transformer is a UL Recognized, CSA Approved Transformer. The 110VAC to 24VAC power transformer has built-in thermal protection and can be used in a wide range of applications in CCTV, access, and security systems.

Features:

- Input: 120V AC 60 Hz
- Output: 24V AC/ 100VA
- Current Output: 4.16 AMP
- 2.2511W x 2.5611H - Mounting holes
- Dimensions: 4.0" W x 2.25" D x 2.56" H
- Weight: 1.12 lbs

24V AC 50VA Indoor Transformer – ECAC03106

Offered under Special Item No.33411  
GSA Price: \$17.96

The 24V AC 50VA Indoor Transformer is a class 2 UL encased plug-in transformer. Its construction is a bright decorator white colored plastic. The compact design, as well as its decorator color, makes it perfectly suitable for office or residential decors.

Features:

- Input 120V AC 60 Hz 0.58 amp
- 24V AC/50VA output
- LED indicator for power supervision
- Built in cable strain relief and full surge protection
- Comes with a mounting tab and mounting screw
- Dimensions: 2 7/8" W x 2 1/4" D x 3 7/8" H
- Weight: 1.5 lbs

5 GHz All In One Wireless Network Radio – ECWS06245

Offered under Special Item No. 33411  
GSA Price: \$299.00

Features:

- Operating Frequency: 2412 - 2462 MHz
- Pole Mount
- RoHS Compliant
- Operating Temperature: -30 to 75 degrees C

5-25 Ft. Manual Telescoping Mast with Drive On Stand - ECCS99967

Offered under Special Item No. 33411

GSA Price: \$3,055.00

The mast features quick lock/release collars to extend the mast manually by pushing up the sections and fixing them in position. This mast is ideal for fast deployment of light-weight antennas and instruments

All Weather 4G Wireless Data Modem with Antenna- ECWS01136-1

Offered under Special Item No. 33411

GSA Price: \$1,259.00

Perfect solution for IP camera communication over 4G high-speed cellular data networks

Features:

- First Ruffed 4G LTE Gateway
- Reliable LTE connectivity with fallback to earlier technologies
- Embedded intelligence
- Mil-Spec 810-F, IP64 rated
- Machine Protocols
- Class I Div 2 Compliant
- Rugged enclosure
- Multiple connections
- Available for both fixed and mobile environments

Battery Backup – ECAC01205

Offered under Special Item No. 33411

GSA Price: \$1,305.00

Features:

- Lightweight, compact system
- Operates in a wide range of temperatures
- Provides additional power resources
- Remote monitoring of power conditions on your jobsite
- Protects against power spikes and outages

Ceiling Adapter – ECHW05158

Offered under Special Item No. 33411

GSA Price: \$18.00

The Ceiling Adapter is for use in ceiling mount applications and for wall mount applications. The Ceiling Adapter is constructed of steel and has a black polyester powder coat finish. This mount is for indoor use only.

ConstructionCam 4K- ECCS99292

Offered under Special Item No. 33411

GSA Price: \$10,795.00

Features:

- Local Weather Station captures on-site temperature, wind speed and direction, wind gust and severity, and barometric pressure
- Thermostatically regulated, corrosion-resistant black enclosure
- Up to 500 Megapixels auto-generated 360 degree panoramas
- Maintenance-free digital wiper to ensure clear images
- User controllable 360 degree robotic Pan/Tilt/Zoom camera with multiple preset composition
- 16:9 full-frame live HD video
- Weekly 4K broadcast quality clip
- Multi-stream H.264 and Motion JPEG
- Automatic day and night function
- 12x optical, 12x digital zoom
- 8.3 MP archives: 3840 x 2160 pixels
- Dependable and secure Linux OS
- Fail safe – 16 GB on-board backup storage
- Next-generation self-healing and auto-recovery technology
- 10/100 Ethernet or transmit over 4G networks

ConstructionCam HD - ECCS01133

Offered under Special Item No. 132.8

GSA Price \$6,295.00

Features:

- Thermostatically regulated enclosure
- Maintenance-free wiper to ensure clear images
- User controllable robotic Pan/Tilt/Zoom camera with multiple preset composition
- 16:9 full-frame live HD video
- Weekly 1080i broadcast quality clip
- Multi-stream H.264 and Motion JPEG
- Automatic day and night function
- 10x optical, 12x digital zoom
- HD Image Sensor
- 2.1 MP archives: 1920 x 1080 pixels
- Dependable and secure Linux OS
- Fail safe – 16 GB on-board backup storage
- Next-generation self-healing and auto-recovery technology
- 10/100 Ethernet or transmit over 4G networks

ConstructionCam Lite HD - ECCS99271

Offered under Special Item No. 33411  
GSA Price: \$ \$4,275.00

Features:

- All weather dome housing with heater & fan
- User controllable 360 degree robotic Pan/Tilt/Zoom camera with multiple preset composition
- 16:9 full-frame live HD video24995
- 32x optical, 12x digital zoom
- 2.1MP archives presets 1920 x 1080 pixels
- Automatic day and night function
- Fast, dependable, solid state Linux operating system
- 10/100 Ethernet or transmit over 3G/4G networks

EarthCam All Weather Enclosure – ECHW04102

Offered under Special Item No.33411  
GSA Price: \$157.50

The EarthCam All Weather Enclosure is a corrosion-resistant enclosure with hinged solid cover designed for both indoor and outdoor settings. Dimensions: 14"x12"x8".

EarthCam Medium All Weather Camera Enclosure – ECHW04111-2

Offered under Special Item No. 33411  
GSA Price: \$410.85

The EarthCam Medium All Weather Camera Enclosure is an indoor/outdoor camera enclosure for use with fixed mounts or pan/tilt mounts. The enclosure comes with a 25ft power cord, wall mount or pole mount with adjustable head, and 2 mounting screws for the enclosure arm.

Features:

- Comes equipped with heater/defroster
- Designed for Indoor/Outdoor Applications
- For use with Fixed Mount or Pan/Tilt
- Die Cast and Extruded Aluminum Construction
- Gas Spring Assisted Forward Opening Lid
- Cable Entry Glands and Mounting Holes Located on Bottom of Enclosure

NOTE: Camera enclosure shown with Wall Mount

EarthCam MegapixelCam Series – Data Backup – ECCS99150

Offered under Special Item No. 33411  
GSA Price: \$517.50

In the event of a loss of connectivity to the camera, the system automatically archives images to local memory and incrementally restores the images to remote storage. The restoration script is set to upload images to the proper storage location. Data Back Up System Features: -16 GB onboard emergency image storage -Local image buffering and archiving. For use with: EarthCam MegapixelCam Series and EarthCam StreamCam Series.

EarthCam Steel All Weather Enclosure – Small – ECHW04163

Offered under Special Item No. 33411

GSA Price: \$233.96

The EarthCam Steel All Weather Enclosure is ideal for use in harsh, dirty environments to protect your sensitive electrical or electronic components.

Features:

- Self-grounding latch system with double seal provides maximum protection against leakage
- Seamless foam-in-place gasket provides oil tight and dust-tight seal against contaminants
- Streamlined styling, flush latching, and an attractive durable finish
- Mounting holes in back of body for direct mounting or for optional external wall-mounting brackets
- Body flange trough excludes liquids and contaminants
- Hidden hinges for clean aesthetic appearance
- 210° maximum door opening
- Doors are interchangeable and easily removable by pulling captive hinge pins
- Provision for thermoplastic data pocket
- Consists of panel mounting nuts, panel grounding hardware, and sealing washers for wall mounting holes

EarthCam Universal Antenna Mount - ECHW05168

Offered under Special Item No. 33411

GSA Price: \$48.00

The Universal Antenna Mount is designed for convenient wall or pole mounting of the EarthCam 5 GHz All In One Wireless Network Radio. Allows 90° tilt adjustment allows for easy positioning.

EarthCam Wall Mount with Pole Adaptor and Strut – ECHW05116-2

Offered under Special Item No. 33411

GSA Price: \$309.56

The EarthCam Wall Mount with Pole Adaptor and Strut is a custom design to support heavy-duty pan/tilt systems and enclosures weighing up to 150 pounds.

Features:

- Pole Mounting
- Supports up to 150 pounds (68 kg)
- For use with medium and heavy-duty pan/tilts or enclosures
- Cable feed through holes (top and end arm)

GigapixelCam- ECCS38100

Offered under Special Item No. 33411

GSA Price: \$17,095.00

Features:

- Thermostatically regulated corrosion-resistant black enclosure
- User controllable ultra-precise 360 degree Pan/Tilt/Zoom System
- Live streaming video preview with weekly 1080i broadcast quality clip
- Take and share on demand snapshots: 24 MP, 13.5 MP, 6 MP
- Nikon optics for superior quality
- 3x Optical Zoom
- HDR (High Dynamic Range) imaging and additional creative effects
- Maintenance-free wiper to ensure clear images
- On-board diagnostic LED system
- Quarterly and on demand Gigapixel Panoramas (Up to 1,000 MP)
- Industrial solid state embedded Linus OS platform with an ultra-efficient ARM9 CPU
- Fail safe – 32GB on-board backup storage
- Next-generation self-healing and auto-recovery technology
- Rugged UV and cut resistant cable with military connectors
- Lower-profile design to increase precision through its full range of motion
- 10/100 Ethernet or transmit over 4G networks

GigapixelCam X1- ECCS99973

Offered under Special Item No. 33411

GSA Price: \$17,995.00

True broadcast-quality solution with real-time live video and audio. Perfectly suited for event recording and broadcasting.

- H.265 live streaming video and 4K video recording
- User-controllable PTZ with multiple preset archiving
- 5-billion-pixel 360° panoramas

GigapixelCam X1 Audio Upgrade Kit - ECCS99975

Offered under Special Item No. 33411

GSA Price: \$629.00

- Audio kit for use with the GigapixelCam X1 camera system

GigapixelCam X1 Wiper Upgrade Kit - ECCS99974

Offered under Special Item No. 33411

GSA Price: \$719.00

- Wiper kit for use with the GigapixelCam X1 camera system

GigapixelCam X10 – ECCS38101

Offered under Special Item No. 33411

GSA Price: \$ \$22,495.00

Features:

- Thermostatically regulated corrosion-resistant black enclosure
- User controllable ultra-precise 360 degree Pan/Tilt/Zoom System
- Live streaming video preview with weekly 1080i broadcast quality clip
- Take and share on demand snapshots: 24 MP, 13.5 MP, 6 MP
- Nikon optics for superior quality
- 17x Optical Zoom
- HDR (High Dynamic Range) imaging and additional creative effects
- Maintenance-free wiper to ensure clear images
- On-board diagnostic LED system
- Quarterly and on demand Gigapixel Panoramas (Up to 10,000 MP)
- Daily auto-generated multi-layer panoramas
- Industrial solid state embedded Linus OS platform with an ultra-efficient ARM9 CPU
- Fail safe – 32GB on-board backup storage
- Next-generation self-healing and auto-recovery technology
- Rugged UV and cut resistant cable with military connectors
- Lower-profile design to increase precision through its full range of motion
- 10/100 Ethernet or transmit over 4G networks

Low Voltage Cable 14-2 – Box 500 ft. – ECHW01146

Offered under Special Item No. 33411

GSA Price: \$185.00

- Cable Length: 500 ft.
- Bare Copper Wire in Polypropylene Insulation and PVC Jacket
- Temperature Rating: -20 to 60 degrees C

MegapixelCam 4K – ECCS99985

Offered under Special Item No. 33411

GSA Price: \$ \$4,050.00

Fixed position DSLR time-lapse camera with live video preview and flexible archiving packages to fit any budget.

- 24 megapixel photography, live video preview and 4K time-lapse movies
- High quality documentation of ongoing progress and milestones with 24 megapixel snapshots on demand
- Utilize reliable on-board 4G LTE cellular
- On-board data backup to provide a minimum of thirty days of on-board image retention

Mobile StreamCam 4K - ECCS99279

Offered under Special Item No. 33411

GSA Price: \$3,595.00

Features:

- All weather outdoor enclosure
- 8.3 MP archives: 3840 x 2160 pixels
- Live HD streaming video preview
- Weekly 4K broadcast quality clip
- 109 degree wide angle of view
- Automatic day and night function
- Fail safe – 16GB on-board backup storage
- Dependable and secure Linux OS
- Ultra-high impact copolymer transport case

Available Power Options:

- Solar
- 12V DC auto adaptor
- Shoulder strap standard battery up to 9 hour on a single charge
- Large battery up to 30 hour on a single charge
- 10/100 Ethernet or transmit over 4G networks

Mobile TrailerCam Advanced: 24 MegapixelCam Advanced - ECCS99283 Offered under Special Item No. 33411  
GSA Price \$33,295.00

Features:

- Telescoping up to 42' galvanized steel mast with an electric extension
- GPS 4G modem
- Real-time remote data management
- 360 degree adjustable solar array
- Rugged UV and cut resistant spiral conduit for cable deployment
- Heavy duty galvanized steel construction
- Guy wires
- Full size spare tire
- Low maintenance AGM sealed battery
- 75 Amp battery charger
- Custom Branding to display your organization's logo

Camera Features:

- Thermostatically regulated, corrosion-resistant black enclosure
- Live streaming video preview with weekly 1080i broadcast quality clip
- Take and share on demand snapshots: 24 MP, 13.5 MP, 6 MP
- Digital presets and Pan/Tilt/Zoom within captured image
- Nikon optics for superior quality
- HDR (High Dynamic Range) image and additional creative effects
- Maintenance-free wiper to ensure clear images
- On-board diagnostic LED multi-color system
- Unique double locking mount for jitter-free documentation
- Industrial solid state embedded Linux OS platform with an ultra-efficient ARM9 CPU
- Fail safe – 16GB on-board backup storage
- Next-generation self-healing and auto-recovery technology
- Short term power device
- 10/100 Ethernet or transmit over 4G networks

Mobile TrailerCam Advanced: ConstructionCam 4K - ECCS99288

Offered under Special Item No. 33411

GSA Price: \$37,795.00

Features:

- Telescoping up to 42' galvanized steel mast with an electric extension
- GPS 4G modem
- Real-time remote data management
- 360 degree adjustable solar array
- Rugged UV and cut resistant spiral conduit for cable deployment
- Heavy duty galvanized steel construction
- Guy wires
- Full size spare tire
- Low maintenance AGM sealed battery
- 75 Amp battery charger
- Custom branding to display your organization's logo

Camera Features:

- Local Weather Station captures on-site temperature, wind speed and direction, wind gust and severity, and barometric pressure
- Thermostatically regulated, corrosion-resistant black enclosure
- Up to 500 Megapixels auto-generated 360 degree panoramas
- Maintenance-free digital wiper to ensure clear images
- User controllable 360 degree robotic Pan/Tilt/Zoom camera with multiple preset composition
- 16:9 full-frame live HD video
- Weekly 4K broadcast quality clip
- Multi-stream H.264 and Motion JPEG
- Automatic day and night function
- 12x optical, 12x digital zoom
- 8.3 MP archives: 3840 x 2160 pixels
- Dependable and secure Linux OS
- Fail safe – 16 GB on-board backup storage
- Next-generation self-healing and auto-recovery technology
- 10/100 Ethernet or transmit over 4G networks

Mobile TrailerCam Advanced: GigapixelCam - ECCS99284

Offered under Special Item No. 33411

GSA Price: \$44,095.00

Features:

- Telescoping up to 42' galvanized steel mast with an electric extension
- GPS 4G modem
- Real-time remote data management
- 360 degree adjustable solar array
- Rugged UV and cut resistant spiral conduit for cable deployment

- Low maintenance AGM sealed battery
- 75 Amp battery charger
- Custom branding to display your organization's logo

Camera Features:

- User controllable robotic Pan/Tilt/Zoom dome camera with multiple preset composition
- 360 degree continuous pan
- 18x optical, 12x digital zoom
- Automatic day and night function

Mobile TrailerCam Lite – ECCS09201

Offered under Special Item No. 33411  
GSA Price: \$22,495.50

EarthCam's lite model trailer provides self-generated solar power and wireless communications for rapid deployment and secure transmission.

Features:

- 30' Galvanized steel telescoping mast
- 4G modem
- 360 degree adjustable solar array
- Rugged UV and cut resistant spiral conduit for cable deployment
- Heavy duty galvanized steel construction
- 6V DC deep cycle flooded batteries
- 50 Amp battery charger

Camera Features:

- All weather dome housing with heater & fan
- User controllable 360 degree robotic Pan/Tilt/Zoom camera with multiple preset composition
- 16:9 full-frame live HD video
- 32x optical, 12x digital zoom
- 2.1MP archives presets 1920 x 1080 pixels
- Automatic day and night function
- Fast, dependable, solid state Linux operating system
- 10/100 Ethernet or transmit over 3G/4G networks

NetworkCam HD - ECCS01200

Offered under Special Item No. 33411  
GSA Price: \$2,245.00

Features:

- All weather impact resistant outdoor enclosure
- HDTV video quality
- 5 MP archives presets: 2592 x 1944 pixels
- Digital Pan/Tilt/Zoom within captured image
- Automatic day and night function
- Fast, dependable, solid stat Linux operating system
- 10/100 Ethernet or transmit over 3G/4G networks

Non-penetrating Roof Mount Mat – ECHW99685

Offered under Special Item No. 33411  
GSA Price: \$45.00

4-piece, shock absorbent, waterproof, lightweight and easy to clean mat set

Pedestal Mount 24 Inch – ECHW05124-1

Offered under Special Item No. 33411  
GSA Price: \$150.00

The Pedestal Mount 24 Inch is a universal pedestal mount designed for use with medium and heavy-duty pan/tilts.

Constructed from aluminum, this mount will safely support up to 125 pounds (56.62 kg). Optional adapters are available for various pan/tilt and enclosure applications.

The Pedestal Mount 24 Inch is 24 inches (60.96 cm) in height.

Pole Mount Adapter – ECHW05132-1

Offered under Special Item No. 33411  
GSA Price: \$59.00

The Pole Mount Adapter is designed for use with wall mounts. The wall mount is secured to the Pole Mount Adapter by four 5/16-inch mounting studs; nuts and split lock washers are supplied.

Constructed from aluminum, the Pole Mount Adapter is capable of supporting up to 75 pounds (34 kg) and features a cable feed through hole for easy routing of video and power cables. A block-off plate is included for non-feed through outdoor applications. The Pole Mount Adapter is for use on poles having a minimum 3-inch diameter. Mount is supplied with stainless steel mounting straps that are 28.5 inches (72.39 cm).

Pole Mount Adapter – Heavy Duty-TC – ECHW05144

Offered under Special Item No. 33411  
GSA Price: \$52.95

The Pole Mount Adapter – Heavy Duty-TC is designed to allow an EarthCam Camera System with wall mount to be attached to poles having a minimum 3-inch (7.62 cm) diameter. The Pole Mount is supplied with three stainless-steel straps and four stainless-steel nuts, flat washers, and lock washers. The Pole Mount is attached to a pole with the three straps and the Wall Mount Arm wall mount is attached to the Pole Mount with the nuts and washers. The Pole Mount has a cable feed through hole opening for electrical cables.

Pole Mount Adapter for StreamCam HD – ECHW99892

Offered under Special Item No. 33411  
GSA Price: \$54.00

Designed to provide indoor and outdoor mounting for the StreamCam HD and StreamCam HD with Audio. Pole must be 2.5-4.3 (65-110 mm) inches in diameter.

Roof Mount 120-inch Non Penetrating – ECHW05145

Offered under Special Item No. 33411  
GSA Price: \$629.10

The Roof Mount – 120-inch Non-Penetrating is galvanized for corrosion protection and designed for concrete block ballasts. The non-penetrating roof mount can be used for EarthCam Camera Systems and Wireless devices. No penetration of roof surface is needed for this mount.

Note: Cinder block ballasts not included.

SecurityCam Lite – Pole Mount – ECHW05194

Offered under Special Item No. 33411  
GSA Price: \$62.10

Use the Pole Mount to mount a SecurityCam Lite to the pole. Stainless steel mounting straps are included for ease of installation.

StreamCam 4K - ECCS99272

Offered under Special Item No. 33411  
GSA Price \$2,335.00

Features:

- 16:9 full-frame live HD video
- Weekly 4K broadcast quality clip
- Multi-stream H.264 and motion JPEG
- Automatic day and night function
- 109 degree wide angle of view
- 8.3 MP archives: 3840 x 2160 pixels
- All weather outdoor enclosure
- Dependable and secure Linux OS
- Fail safe – 64GB on-board backup storage

StreamCam HD - ECCS33002

Offered under Special Item No. 33411  
GSA Price: \$2,695.00

Features:

- Thermostatically regulated enclosure
- Maintenance-free wiper to ensure clear images
- 16:9 full-frame live HD video
- Multi-stream H.264 and Motion JPEG
- Automatic day and night function
- 10x optical, 12x digital zoom
- HD image sensor
- 67.8 degree angle of view
- 2.1 MP archives: 1920 x 1080 pixels
- Dependable and secure Linux OS
- Enhanced self-healing technology
- 10/100 Ethernet or transmit over 4G networks

StreamCam HD Robotic – ECCS33007

Offered under Special Item No. 33411  
GSA Price: \$5,395.00

Features:

- Thermostatically regulated enclosure
- Maintenance-free wiper to ensure clear images
- User controllable robotic Pan/Tilt/Zoom camera with multiple preset composition
- 16:9 full-frame live HD video
- Multi-stream H.264 and motion JPEG
- Automatic day and night function
- 10x optical, 12x digital zoom
- HD image sensor
- 67.8 degree angle of view
- 2.1 MP archives: 1920 x 1080 pixels
- LED illuminators with beam pattern: 10, 30, and 60 degrees
- Real-time audio support
- Dependable and secure Linux OS
- Enhanced self-healing technology
- Auto-generated 360 degree panoramas
- 10/100 Ethernet or transmit over 4G networks

Universal Pole Mount – ECHW05206

Offered under Special Item No. 33411  
GSA Price: \$89.00

This universal pole mount supports ConstructionCam Lite, SecurityCam Lite and other PTZ Dome Network Cameras.

- Durable powder coat finish
- Includes steel mounting straps and pendant kit
- Quick and easy dome mounting
- Compatible with other camera systems

Universal Wall / Pole Mount – Mobile StreamCam 4K – ECHW99968

Offered under Special Item No. 33411

GSA Price: \$54.00

EarthCam provides tested and tried mounting hardware for your webcam solutions. With a portable mount engineered specifically for the Mobile StreamCam 4K, easily and quickly attach the system to a pole, pipe or wall.

Video Coax RG-59/U Cable - Roll 1000 ft – ECAC02111

Offered under Special Item No. 33411

GSA Price: \$183.00

- Copper-clad center conductor
- 60% aluminum braid
- 100% aluminum foil shield
- Swept tested to 3000 MHz
- PVC jacket sequentially marked every 1-ft for easy measurements

Wall Mount Medium Size – ECHW05153-2

Offered under Special Item No. 33411

GSA Price: \$94.46

Features:

- Heavy duty wall mount
- Manufactured from aluminum
- Supports up to 75 pounds (34kg); 150 pounds (68kg) when used with support strut
- Cable feed through holes (top and end of arm); removable plastic cap on front end

Services Offered Under Special Item Number 811212

On Location Maintenance Service – Live Streaming Camera – ECSV01008 Offered under Special Item No. 811212  
GSA Price: \$1,345.00 / year

Ensure your camera's longevity with EarthCam's maintenance program. Take advantage of professional inspection and maintenance service to protect your camera investment. Your equipment will be routinely, inspected and serviced by an EarthCam certified technicians and field engineers.  
Nationwide coverage in every major city across the US.

- Priority dispatch of an EarthCam Technician to your site

Bandwidth - Wireless Data Service – ECBD01102

Offered under Special Item No. 54151ECOM

GSA Price: \$1,229.08 / year

Implementing reliable network cameras over a wireless data service is the most difficult of all networking scenarios. EarthCam has expended a tremendous amount of research and development towards deploying successful wireless data solutions for network cameras. Let EarthCam create, deploy and manage the wireless data service for your webcam project to avoid potential failures most companies experience when trying to utilize wireless data where most companies give up, EarthCam breaks new ground. Take advantage of EarthCam's expert knowledge base to create a reliable wireless data solution for your network camera system. We have the experience to provide your project with a seamless way to cost-effectively transmit video wirelessly from anywhere in the world.

**INFORMATION TECHNOLOGY CATEGORY  
HARDWARE SUBCATEGORY  
SIN 811212 Hardware Maintenance Order Terms**

1) Service Areas

- a) The maintenance and/or repair service rates per the contract are applicable to any ordering activity locations within the continental United States. If any additional charge is to apply because of the greater distance from the Contractor/OEM service locations, the mileage rate or other distance factor shall be negotiated at the Task Order level.
- b) When maintenance and/or repair services cannot be performed at the ordering activity installation site, the repair services will be performed at the Contractor's plant(s) listed below:

650 E Crescent Ave.		
Address		
Upper Saddle River	NJ	07458
City	State	Zip Code

2) Loss or Damage

When the Contractor moves equipment to its/OEM location for repairs, the Contractor shall be responsible for any damage or loss, from the time the equipment is removed from the ordering activity installation, until the equipment is returned to such installation.

3) Scope

- a) The Contractor shall provide maintenance for all equipment listed herein, as requested by the ordering activity during the contract term. Repair service and repair parts/spare parts shall apply exclusively to the equipment types/models within the scope of the Information Technology Category.
- b) Equipment placed under maintenance service shall be in good operating condition.
  - i) In order to determine that the equipment is in good operating condition, the equipment shall be subject to inspection by the Contractor, without charge to the ordering activity.
  - ii) Costs of any repairs performed for the purpose of placing the equipment in good operating condition shall be borne by the Contractor, if the equipment was under the Contractor/OEM guarantee/warranty or maintenance responsibility prior to the effective date of the maintenance order.
  - iii) If the equipment was not under the Contractor/OEM responsibility, the costs necessary to place the equipment in proper operating condition are to be borne by the ordering activity, in accordance with the provisions of the contract.

4) Responsibilities

- a) For equipment not covered by a maintenance contract or warranty, repair service personnel shall complete repairs as soon as possible after notification by the ordering activity that service is required. Within the service areas, this repair service should normally be done within 4 hours after notification.
- b) If the Ordering Activity task or delivery order specifies a factory authorized/certified service personnel then the Contractor is obligated to provide such a factory authorized/certified service personnel for the equipment to be repaired or serviced, unless otherwise agreed to in advance between the Ordering Activity and the Contractor.

5) Maintenance Rate Provisions

- a) The Contractor shall bear all costs of maintenance, including labor, parts, and such other expenses as are necessary to keep the equipment in good operating condition, provided that the required repairs are not occasioned by fault or negligence of the ordering activity.
  - ii) Regular Hours: The basic monthly rate for each make and model of equipment shall entitle the ordering activity to maintenance service during a mutually agreed upon nine (9) hour principal period of maintenance, Monday through Friday, exclusive of holidays observed at the ordering activity location.
  - iii) After Hours: Should the ordering activity require that maintenance be performed outside of regular hours, charges for such maintenance, if any, will be specified in the GSA Price List (I-FSS-600 CONTRACT PRICE LISTS (OCT 2016)). Periods of less than one hour will be prorated to the nearest quarter hour.
  - iv) Travel and Transportation: If any charge is to apply, over and above the regular maintenance rates, due to the distance between the ordering activity location and the Contractor/OEM's service area, the charge will be negotiated at the Task Order level.

	Yes	No
Indicate if there will be an additional charge for travel and transportation.	X	

- b) Quantity Discounts from listed maintenance service rates for multiple equipment owned and/or leased by an ordering activity shall be provided below.

Quantity Range	Discounts
Units	0%

Within the service areas, this repair service should normally be done within 4 hours after notification.
  - b) If the Ordering Activity task or delivery order specifies a factory authorized/certified service personnel then the Contractor is obligated to provide such a factory authorized/certified service personnel for the equipment to be repaired or serviced, unless otherwise agreed to in advance between the Ordering Activity and the Contractor.
- 5) Repair Service Rate Provisions
  - a) Charges for repair service will include the labor charge, computed at the rates set forth below, for the time during which repairmen are actually engaged in work, and, when applicable, the charge for travel or transportation.
  - b) Multiple Machines: When repairs are ordered by the ordering activity on two or more machines located in one or more buildings within walking distance of each other, the charges will be computed from the time the repairman commences work on the first machine, until the work is completed on the last machine. The time required to go from one machine to another, or from one building to another, will be considered actual work performance, and chargeable to the ordering activity, provided the time consumed in going between machines (or buildings) is reasonable.
  - c) At the Contractor/OEM's Facility
    - i) When equipment is returned to the Contractor/OEM's Facility for adjustments or repairs which are not covered by the guarantee/warranty provision, the cost of transportation, packing, etc. from the ordering activity location to the Contractor's plant, and return to the ordering activity location, shall be borne by the ordering activity.
    - ii) The ordering activity should not return defective equipment to the Contractor/OEM for adjustments and repairs or replacement without prior consultation and instruction.
  - d) At the Ordering Activity Location (Within Established Service Areas)
    - i) When equipment is repaired at the ordering activity location, and repair service rates are established for service areas or zones, the listed rates are applicable to any ordering activity location within such service areas or zones. No extra charge, time, or expense will be allowed for travel or transportation of repairmen or machines to or from the ordering activity office; such overhead is included in the repair service rates.
  - e) At the Ordering Activity Location (Outside Established Service Areas)
    - i) If repairs are to be made at the ordering activity location, and the location is outside the service area terms defined in the GSA Price list. Rates negotiated at the task order will apply.
    - ii) When the overall travel charge computed at the above mileage rate is unreasonable (considering the time required for travel, actual and necessary

transportation costs, and the allowable ordering activity per diem rate for each night the repairman is required to remain overnight at the ordering activity location), the ordering activity shall have the option of reimbursing the Contractor for actual costs, provided that the actual costs are reasonable and allowable. The Contractor shall furnish the ordering activity with a report of travel performed and related expenses incurred. The report shall include departure and arrival dates, times, and the applicable mode of travel.

f) Labor Rates

- i) Regular Hours: Contract rates shall entitle the ordering activity to repair service during the period 8:00 a.m. to 5:00 p.m., Monday through Friday, exclusive of holidays observed at the ordering activity location. There shall be no additional charge for repair service, which was requested during regular hours, but performed at the convenience of the Contractor outside the regular hours.
- ii) After Hours: Should the ordering activity require that service be performed outside of regular hours, charges for such service, if any, will be specified in the GSA Price List (I-FSS-600 CONTRACT PRICE LISTS (OCT 2016)). Periods of less than one hour will be prorated to the nearest quarter hour.
- iii) Sundays and Holidays: When the ordering activity requires that repair service be performed on Sundays and Holidays observed at the ordering activity location, the Sundays and Holidays repair service rates shall apply, and will be specified in the GSA Price List (I-FSS-600 CONTRACT PRICE LISTS (OCT 2016)). Periods of less than one hour will be prorated to the nearest quarter hour.

Repair Service Rates

	Minimum Charge * - Regular Hours	Hourly Rate - After Hours	Hourly Rate - Sunday and Holidays
Contractor/OEM Facility	\$135.00	\$180.00	\$225.00
Ordering Activity Location (Within Established Service Areas)	\$135.00	\$180.00	\$225.00
Ordering Activity Location (Outside Established Service Areas)	\$135.00	\$180.00	\$225.00

\*MINIMUM CHARGES INCLUDE FULL   1   HOURS ON THE JOB

4) Repair Parts/Spare Parts Rate Provision

- a) All parts, furnished as spares or as repair parts in connection with the repair of equipment, unless otherwise indicated in the GSA Price list shall be new, standard parts manufactured by the OEM.
- b) All parts shall be furnished at the prices indicated in the Contractor's then current GSA Pricelist, at a discount of   0  % from such listed prices.
