Equipment, Software and Services - FSC Group 70**

August 2010

Special Item No. 132-51

Information Technology Professional Services

SIN 132-51 – INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES

FPDS Code D301	IT Facility Operations and Maintenance
FPDS Code D302	IT Systems Development Services
FPDS Code D306	IT Systems Analysis Services
FPDS Code D307	Automated Information Systems Design and Integration Services
FPDS Code D308	Programming Services
FPDS Code D310	IT Backup and Security Services
FPDS Code D311	IT Data Conversion Services
FPDS Code D313	Computer Aided Design/Computer Aided Manufacturing (CAD/CAM) Svcs.
FPDS Code D316	IT Network Management Services
FSDS Code D317	IT and Telecom- Web-Based Subscription
FPDS Code D399	Other Information Technology Services, Not Elsewhere Classified

Note 1: All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

Note 2: Offerors and Agencies are advised that the Group 70 – Information Technology Schedule is not to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

Note 3: This Solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

Information for Ordering Agencies

Special Notice to Agencies:

Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Supply Schedules Program. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service (www.fss.gsa.gov). The catalogs/pricelists, GSA Advantage!™ and the Federal Supply Service Home Page (www.fss.gsa.gov) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

1. Geographic Scope of Contract

Domestic Delivery is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

Overseas delivery is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

- The Geographic Scope of Contract will be domestic and overseas delivery
- The Geographic Scope of Contract will be overseas delivery only
- The Geographic Scope of Contract will be domestic delivery only

2. Contractor's Ordering Address and Payment Information

Remittance

Credit Bank: First Interstate Bank

Routing # 092901683

Credit Account:

Company Name. S&K Global Solutions, LLC
Account Number: 200067878

ACH Payment:

To insure proper payment application, the **S&K Global Solutions, LLC** invoice number(s) must be included in the description field or in the invoice field as specified by some ACH software applications.

Wire Payment:

To insure proper payment application, reference to **S&K Global Solutions, LLC** invoice number(s) in the Originator to Beneficiary (OBI1) field separated by a space.

(Example: A1234567 B8901234 C5678901)

Acceptable EFT Format:

ACH CTX in EDI 820 Format (**S&K Global Solutions, LLC** Preferred Format)

Contractors are required to accept the Government purchase card for payments equal to or less than the micro-purchase threshold for oral or written delivery orders. Government purchase cards will be acceptable for payment above the micro-purchase threshold. In addition, the bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering agencies to obtain technical and/or ordering assistance.

Technical/Ordering Assistance

Name Mike Monahan
Title VP, Business Development
Telephone: (406) 745-5725

3. Liability for Injury or Damage

The Contractor shall not be liable for any injury to Government personnel or damage to Government property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

4. Statistical Data for Government Ordering Office Completion of Standard Form 279

Block 9: G. Order/Modification Under Federal Schedule
Block 16: DUNs # 603003646
Block 30: Type of Contractor – B. Other Small Business
Block 31: Woman-Owned Small Business – No
Block 36: TIN# 35-2392515

4a. CAGE Code: 43CU2

4b. Contractor has registered with the Central Contractor Registration (CCR) database.

5. FOB Destination

Not applicable to Special Item Number 132–51 Information Technology Professional Services.

6. Delivery Schedule

- a. TIME OF DELIVERY: The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:

Special Item Number	Delivery Time (Days ARO)
132-51	30 days or as stated on Order. 20 day expedited.

- b. URGENT REQUIREMENTS: When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering agency, agencies are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering agency, any orders placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

7. Discounts

Prices shown are NET Prices; Basic Discounts have been deducted.

- a. Prompt Payment: None.
- b. Quantity: None.
- c. Dollar Volume: None.
- d. Government Educational Institutions: None.
- e. Credit Card: None.
- f. Other: None.

8. Trade Agreements Act of 1979, as Amended

All items are U.S. made end products, designated country and products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

9. Statement Concerning Availability of Export Packing

Not applicable.

10. Small Requirements

The guaranteed minimum dollar value of orders to be issued is \$1,000.00

11. Maximum Order

(All dollar amounts are exclusive of any discount for prompt payment.)

1. The Maximum Order Threshold per order for the following Special Item Number (SIN) is \$500,000:

Special Item No. 132–51

Information Technology (IT) Professional Services

12. Use of Federal Supply Service Information Technology Schedule Contracts, In accordance with FAR 8.404:

[NOTE: Special ordering procedures have been established for Special Item Numbers (SINs) 132–51 IT Professional Services and 132–52 EC Services; refer to the terms and conditions for those SINs.]

Orders placed pursuant to a Multiple Award Schedule (MAS), using the procedures in FAR 8.404, are considered to be issued pursuant to full and open competition. Therefore, when placing orders under Federal Supply Schedules, ordering offices need not seek further competition, synopsise the requirement, make a separate determination of fair and reasonable pricing, or consider small business set-asides in accordance with subpart 19.5. GSA has already determined the prices or items under schedule contracts to be fair and reasonable. By placing an order against a schedule using the procedures outlined below, the ordering office has concluded that the order represents the best value and results in the lowest overall cost alternative (considering price, special features, administrative costs, etc.) to meet the Government's needs.

- a. **Orders placed at or below the micro-purchase threshold.** Ordering offices can place orders at or below the micro-purchase threshold with any Federal Supply Schedule Contractor.
- b. **Orders exceeding the micro-purchase threshold but not exceeding the maximum order threshold.** Orders should be placed with the Schedule Contractor that can provide the supply or service that represents the best value. Before placing an order, ordering offices should consider reasonably available information about the supply or service offered under MAS contracts by using the "GSA Advantage!" on-line shopping service, or by reviewing the catalogs/pricelists of at least three Schedule Contractors and selecting the delivery and other options available under the schedule that meets the agency's needs. In selecting the supply or service representing the best value, the ordering office may consider-
 1. Special features of the supply or service that are required in effective program performance and that are not provided by a comparable supply or service;
 2. Trade-in considerations;

3. Probable life of the item selected as compared with that of a comparable term;
 4. Warranty considerations;
 5. Maintenance availability;
 6. Past performance; and
 7. Environmental and energy efficiency considerations.
- c. **Orders exceeding the maximum order threshold.** Each schedule contract has an established maximum order threshold. This threshold represents the point where it is advantageous for the ordering office to seek a price reduction. In addition to following the procedures in paragraph b, above, and before placing an order that exceeds the maximum order threshold, ordering offices shall-
1. Review additional Schedule Contractors' catalogs/pricelists or use the "GSA Advantage!" on-line shopping service;
 2. Based upon the initial evaluation, generally seek price reductions from the Schedule Contractor(s) appearing to provide the best value (considering price and other factors); and
 3. After price reductions have been sought, place the order with the Schedule Contractor that provides the best value and results in the lowest overall cost alternative. If further price reductions are not offered, an order may still be placed, if the ordering office determines that it is appropriate.

NOTE: For orders exceeding the maximum order threshold, the Contractor may:

1. Offer a new lower price for this requirement (the Price Reduction clause is not applicable to orders placed over the maximum order in FAR 52.216-19 Order Limitations);
 2. Offer the lowest price available under the contract; or
 3. Decline the order (orders must be returned in accordance with FAR 52.216-19).
- d. **Blanket purchase agreements (BPAs).** The establishment of Federal Supply Schedule BPAs is permitted when following the ordering procedures in FAR 8.404. All schedule contracts contain BPA provisions. Ordering offices may use BPAs to establish accounts with Contractors to fill recurring requirements. BPAs should address the frequency of ordering and invoicing, discounts, and delivery locations and times.
- e. **Price reductions.** In addition to the circumstances outlined in paragraph c, above, there may be instances when ordering offices will find it advantageous to request a price reduction. For example, when the ordering office finds a schedule supply or service elsewhere at a lower price or when a BPA is being established to fill recurring requirements, requesting a price reduction could be advantageous. The potential volume of orders under these agreements, regardless of the size of the individual order, may offer the ordering office the opportunity to secure greater discounts. Schedule Contractors are not required to pass on to all schedule users a price reduction extended only to an individual agency for a specific order.
- f. **Small business.** For orders exceeding the micro-purchase threshold, ordering offices should give preference to the items of small business concerns when two or more items at the same delivered price will satisfy the requirement.
- g. **Documentation.** Orders should be documented, at a minimum, by identifying the Contractor the item was purchased from, the item purchased, and the amount paid. If an agency

requirement in excess of the micro-purchase threshold is defined so as to require a particular brand name, product, or feature of a product particular to one manufacturer, thereby precluding consideration of a product manufactured by another company, the ordering office shall include an explanation in the file as to why the particular brand name, product, or feature is essential to satisfy the agency's needs.

13. Federal Information Technology/Telecommunication Standards Requirements

Ordering activities acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED-STDS), which are cited by ordering activities, shall be responded to promptly by the Contractor.

13.1 Federal Information Processing Standards Publications (FIPS PUBS)

Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

13.2 Federal Telecommunication Standards (FED-STDS)

Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Supply Service, Specification Section, 470 East L'Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202)619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301)975-2833.

14. CONTRACTOR TASKS / SPECIAL REQUIREMENTS (C-FSS-370) (NOV 2001)

- (a) Security Clearances: The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.
- (b) Travel: The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub .L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. The Industrial Funding Fee does NOT apply to travel and per diem charges.

- (c) **Certifications, Licenses and Accreditations:** As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/ possessing such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.
- (d) **Insurance:** As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.
- (e) **Personnel:** The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.
- (f) **Organizational Conflicts of Interest:** Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor's participation in such order may be restricted in accordance with FAR Part 9.5.
- (g) **Documentation/Standards:** The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency's order.
- (h) **Data/Deliverable Requirements:** Any required data/deliverables at the ordering level will be as specified or negotiated in the agency's order.
- (i) **Government-Furnished Property:** As specified by the agency's order, the Government may provide property, equipment, materials or resources as necessary.
- (j) **Availability of Funds:** Many Government agencies' operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government's obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.

15. Contract Administration for Ordering Offices

Any ordering office, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (1) Termination for the Government's convenience, and (m) Termination for Cause (See C.1.)

16. GSA Advantage!

GSA Advantage! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. GSA Advantage! will allow the user to perform various searches across all contracts including, but not limited to:

1. Manufacturer;
2. Manufacturer's Part Number; and
3. Product categories.

Agencies can browse GSA Advantage! by accessing the Internet World Wide Web utilizing a browser (ex.: NetScape). The Internet address is <http://www.fss.gsa.gov/>.

17. PURCHASE OF OPEN MARKET ITEMS

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract. ODCs (Other Direct Costs) are not part of this contract and should be treated as open market purchases. Ordering Activities procuring open market items must follow FAR 8.402(f).

For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) -- referred to as open market items -- to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, **only if-**

- (1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));
- (2) The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;
- (3) The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
- (4) All clauses applicable to items not on the Federal Supply Schedule are included in the order.

18. Contractor Commitments, Warranties and Representations

- a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:
 1. Time of delivery/installation quotations for individual orders;
 2. Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/service/software package submitted in response to requirements which result in orders under this schedule contract.
 3. Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.
- b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.

19. Overseas Activities

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below:

None

20. Blanket Purchase Agreements (BPAs).

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR8.405-3 when creating and implementing BPA(s).

21. Contractor Team Arrangements

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Contractor's Reports of Sales and 552.238-76, Industrial Funding Fee, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

22. Installation, Deinstallation, Reinstallation

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of 2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall received less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds 2,000, then the requirements of the Davis-Bacon Act applies.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8.

23. Section 508 Compliance

If applicable, section 508 compliance information on the supplies and services in this contract are available in Electronic and Information Technology (EIT) at the following:

Not Applicable

24. PRIME CONTRACTOR ORDERING FROM FEDERAL SUPPLY SCHEDULES.

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of an ordering activity, shall follow the terms of the applicable schedule and authorization and include with each order –

- (a) A copy of the authorization from the ordering activity with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and
- (b) The following statement:

This order is placed under written authorization from _____ dated _____. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

25. INSURANCE—WORK ON A GOVERNMENT INSTALLATION (JAN 1997) (FAR 52.228-5)

- (a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.
- (b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective—
- (1) For such period as the laws of the State in which this contract is to be performed prescribe; or
 - (2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.
- (c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

26. SOFTWARE INTEROPERABILITY

Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item's interface may be identified as interoperable on the basis of participation in a government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at <http://www.core.gov>.

27. ADVANCE PAYMENTS

A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the services already provided or the article already delivered. Advance or pre-payment is not authorized or allowed under this contract. (31 U.S.C 3324)

**Terms and Conditions Applicable to
Information Technology (IT) Professional Services
(Special Item Number 132-51)**

1. SCOPE

- a. The prices, terms and conditions stated under Special Item Number (SIN) 132-51, Information Technology (IT) Professional Services, apply exclusively to IT Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the Contractor's facility and/or at the Government location, as agreed to by the Contractor and the ordering office.

2. PERFORMANCE INCENTIVES

- a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

3. ORDER

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

4. PERFORMANCE OF SERVICES

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.

- d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

5. STOP- WORK ORDER

- a. The Contracting Officer may, at anytime, by written order to the Contractor, require the to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-
 - (1) Cancel the stop-work order; or
 - (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.
- b. If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expired, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-
 - (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
 - (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.
- c. If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
- d) If a stop-work order is not canceled and the work covered by the order is terminated for default, .he Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

6. INSPECTION OF SERVICES

In accordance with FAR 52.212-4 CONTRACT TERMS AND CONDITIONS--COMMERCIAL ITEMS (MAR 2009) (DEVIATION I - FEB 2007) for Firm-Fixed Price orders and FAR 52.212-4 CONTRACT TERMS AND CONDITIONS -COMMERCIAL ITEMS (MAR 2009) (ALTERNATE I -OCT 2008) (DEVIATION I – FEB 2007) applies to Time-and-Materials and Labor-Hour Contracts orders placed under this contract.

7. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Dec 2007) Rights in Data – General, may apply.

8. RESPONSIBILITIES OF THE ORDERING ACTIVITY

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Professional Services.

9. INDEPENDENT CONTRACTOR

All IT Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

10. ORGANIZATIONAL CONFLICTS OF INTEREST

a. Definitions.

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

11. INVOICES

The Contractor, upon completion of the work ordered, shall submit invoices for IT services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

12. PAYMENTS

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to time-and-materials orders placed under this contract.

For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements - Commercial Item Acquisition. As prescribed in 16.601(e)(3), insert the following provision:

- a. The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.
- b. The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—
 - 1) The offeror;
 - 2) Subcontractors; and/or
 - 3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

13. RESUMES

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

14. INCIDENTAL SUPPORT COSTS

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

15. APPROVAL OF SUBCONTRACTS

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

Allowable Substitution for Education, Certifications, and Experience

The following table indicates the requirements for education and experience for the levels described in the Labor Category Description section. Allowable substitutions of education, technical certification, and/or experience may be used to meet the job description requirements for experience and education. The use of this table of substitution permits a determination that the minimum education and experience will be met when the equivalencies in the tables below are considered.

Additional education in excess of requirements can be substituted for experience requirements:

GSA IT 70 Education/Experience Qualifications				
Position Category Level	Education Requirement	Experience Requirement	Experience Qualification Substitution	Education Qualification Substitution
Entry	Bachelor's degree (preferred)	0 years of experience	3 years of work experience in applicable labor category may be substituted for a Bachelor's degree	Associate's degree or nationally accredited Information Technology (IT)/Project Management Institute (PMI)/quality certification, and 12 months of work experience in related labor category may be substituted for a Bachelor's degree
Junior	Bachelor's degree	3 years in related labor category	6 years of work experience in related labor category may be substituted for a Bachelor's degree	Associate's degree (or nationally accredited IT/PMI/quality certification) with 4 years of work experience in related labor category may be substituted for a Bachelor's degree
Mid	Bachelor's degree	8 years in applicable labor category	12 years of work experience in applicable labor category may be substituted for a Bachelor's degree	Associate's degree (or nationally accredited IT/PMI/quality certification) with 10 years of work experience in related labor category may be substituted for a Bachelor's degree
Senior	Master's degree	12 years in applicable labor category	16 years of work experience in applicable labor category may be substituted for a Master's degree	Bachelor's degree with 14 years of work experience in applicable labor category may be substituted for a Master's degree
Subject Matter Expert (SME)	Doctoral degree	20 years in related labor category	30 years of work experience in related labor category may be substituted for a Doctoral degree; or 20 years with appropriate senior level professional or technical certification	<p>Master's degree plus 24 years of work experience in a related labor category may be substituted for a Doctoral degree. A SME can also be an individual whose qualifications and/or particular expertise are exceptional and/or highly unique.</p> <p>SMEs sometimes do not have specific experience/education qualifications, but are typically identified as recognized Industry leaders for a given area of expertise and possess an appropriate professional or technical certification such as PMI Project Management Professional (PMP), Program Management Professional (PgMP), Six Sigma, or Lean Six Sigma (upper belts), Oracle demonstrated testing, Microsoft Certified System Engineer (MCSE), etc.</p>

GSA IT 70 Education/Experience Qualifications

				<p>SMEs typically perform the following functions:</p> <ul style="list-style-type: none">• Initiates, supervises, and/or develops requirements from a project's inception to conclusion for complex to extremely complex programs• Provides strategic advice, technical guidance, and expertise to program and project staff• Provides detailed analysis, evaluation, and recommendations for improvements, optimization development, and/or maintenance efforts for client-specific or mission critical challenges/issues• Consults with client to define need or problem supervises studies and leads surveys to collect and analyze data to provide advice and recommend solutions.

Position Description for Government Rates

Commercial Job Title: SOFTWARE DEVELOPER - SME

Minimum/General Experience: Experienced with software languages such as ColdFusion, Java, APEX, .NET, and other common development languages.

Description: Provides software development, implementation, and sustainment of software systems, and web-based systems. Designs, develops, and tests application software, compilers, and web-based distribution software for military, communications, aerospace, and general computing applications. Sets operational specifications, formulates, and analyzes software requirements. May design embedded systems software. Performs vulnerability scans on developed software code prior to deployments. Applies the principles and techniques of computer science, engineering, and mathematical analysis.

Minimum Education: See Allowable Substitution for Education, Certifications, and Experience table.

Commercial Job Title: SOFTWARE DEVELOPER - SENIOR

Minimum/General Experience: Experienced with software languages such as ColdFusion, Java, APEX, .NET, and other common development languages.

Description: Provides software development, implementation, and sustainment of software systems, and web-based systems. Designs, develops, and tests application software, compilers, and web-based distribution software for military, communications, aerospace, and general computing applications. Sets operational specifications, formulates, and analyzes software requirements. May design embedded systems software. Performs vulnerability scans on developed software code prior to deployments. Applies the principles and techniques of computer science, engineering, and mathematical analysis.

Minimum Education: See Allowable Substitution for Education, Certifications, and Experience table.

Commercial Job Title: SOFTWARE DEVELOPER - MID

Minimum/General Experience: Experienced with software languages such as ColdFusion, Java, APEX, .NET, and other common development languages.

Description: Provides software development, implementation, and sustainment of software systems, and web-based systems. Designs, develops, and tests application software, compilers, and web-based distribution software for military, communications, aerospace, and general computing applications. Sets operational specifications, formulates, and analyzes software requirements. May design embedded systems software. Performs vulnerability scans on developed software code prior to deployments. Applies the principles and techniques of computer science, engineering, and mathematical analysis.

Minimum Education: See Allowable Substitution for Education, Certifications, and Experience table.

Commercial Job Title: SOFTWARE DEVELOPER - JUNIOR

Minimum/General Experience: Experienced with software languages such as ColdFusion, Java, APEX, .NET, and other common development languages.

Description: Provides software development, implementation, and sustainment of software systems, and web-based systems. Designs, develops, and tests application software, compilers, and web-based distribution software for military, communications, aerospace, and general computing applications. Sets operational specifications, formulates, and analyzes software requirements. May design embedded systems software. Performs vulnerability scans on developed software code prior to deployments. Applies the principles and techniques of computer science, engineering, and mathematical analysis.

Minimum Education: See Allowable Substitution for Education, Certifications, and Experience table.

Commercial Job Title: SOFTWARE DEVELOPER - ENTRY

Minimum/General Experience: Experienced with software languages such as ColdFusion, Java, APEX, .NET, and other common development languages.

Description: Provides software development, implementation, and sustainment of software systems, and web-based systems. Designs, develops, and tests application software, compilers, and web-based distribution software for military, communications, aerospace, and general computing applications. Sets operational specifications, formulates, and analyzes software requirements. May design embedded systems software. Performs vulnerability scans on developed software code prior to deployments. Applies the principles and techniques of computer science, engineering, and mathematical analysis.

Minimum Education: See Allowable Substitution for Education, Certifications, and Experience table.

Commercial Job Title: DATABASE ADMINISTRATOR - SME

Minimum/General Experience: Experienced in the development and sustainment of databases such as Oracle, SQL Server, Microsoft (MS) Access, etc.

Description: Ensures the development and sustainment of network databases such as Oracle, SQL Server, MS Access, etc. Administers, maintains, develops, and implements policies and procedures for ensuring the security and integrity of the database. Implements data models and database designs, data access, and table maintenance codes; resolves database performance issues, database capacity issues, replication, and other distributed data issues. Upgrades server software by assessing transaction processing and database production options. Applies periodic patching and updates to software and related components.

Minimum Education: See Allowable Substitution for Education, Certifications, and Experience table.

Commercial Job Title: DATABASE ADMINISTRATOR - SENIOR

Minimum/General Experience: Experienced in the development and sustainment of databases such as Oracle, SQL Server, Microsoft (MS) Access, etc.

Description: Ensures the development and sustainment of network databases such as Oracle, SQL Server, MS Access, etc. Administers, maintains, develops, and implements policies and procedures for ensuring the security and integrity of the database. Implements data models and database designs, data access, and table maintenance codes; resolves database performance issues, database capacity issues, replication, and other distributed data issues. Upgrades server software by assessing transaction processing and database production options. Applies periodic patching and updates to software and related components.

Minimum Education: See Allowable Substitution for Education, Certifications, and Experience table.

Commercial Job Title: DATABASE ADMINISTRATOR - MID

Minimum/General Experience: Experienced in the development and sustainment of databases such as Oracle, SQL Server, Microsoft (MS) Access, etc.

Description: Ensures the development and sustainment of network databases such as Oracle, SQL Server, MS Access, etc. Administers, maintains, develops, and implements policies and procedures for ensuring the security and integrity of the database. Implements data models and database designs, data access, and table maintenance codes; resolves database performance issues, database capacity issues, replication, and other distributed data issues.

Upgrades server software by assessing transaction processing and database production options. Applies periodic patching and updates to software and related components.

Minimum Education: See Allowable Substitution for Education, Certifications, and Experience table.

Commercial Job Title: DATABASE ADMINISTRATOR - JUNIOR

Minimum/General Experience: Experienced in the development and sustainment of databases such as Oracle, SQL Server, Microsoft (MS) Access, etc.

Description: Ensures the development and sustainment of network databases such as Oracle, SQL Server, MS Access, etc. Administers, maintains, develops, and implements policies and procedures for ensuring the security and integrity of the database. Commercial Job Title: IT Project Manager - MID

Minimum/General Experience: Experienced in the day-to-day guidance and direction for production, sustainment and development of IT projects from initiation to deployment. Directly responsible for monitoring the scope, cost, schedule and quality of each assigned project to achieve the project objectives and aligns with the overarching program plan. The IT Project Manager has the responsibility to satisfy task, team and individual needs and resolving operational team conflicts.

Description: Ensures responsibility for day-to-day guidance and direction for production and sustainment activities to include execution of development and associated schedules. Conducts requirements gathering with stakeholders and vets collected requirements with logistical and development teams. Achieves operational objectives by contributing information and recommendations to strategic plans and Program Management Reviews (PMR); prepares and completes action plans; implements production, productivity, quality, and customer-service standards; resolves problems; complies with external audits; identifies trends; determines system improvements; and implements change. Identifies any potentially significant issues to Program Manager for

resolution. Works with customer to resolve and implement corrective actions as required.

Minimum Education: See Allowable Substitution for Education, Certifications, and Experience table.

Commercial Job Title: IT LOGISTICS MANAGEMENT SPECIALIST - SME

Minimum/General Experience: Experienced in direct interaction with customers to source IT resources. Familiarity with databases and procedures to acquire and move IT equipment to support customer requirements.

Description: Directly supports field level users to report and analyze end item data issues. Works closely with customer to define/refine systems requirements for current and future software updates, enhancements, and upgrades. Performs analysis of data and validates input by field and depot users; contacts users as required if adverse trends in data are identified. Point of contact for system application software issues; conducts user training of fielded software; provides systems analysis and metrics at PMRs, conferences, and working groups. Troubleshoots application issues and resolves if data related. Constructs SQL queries of relational tables in response to customer ad hoc support requests. Performs technical writing by creating software user manuals, training materials, and PowerPoint presentations.

Minimum Education: See Allowable Substitution for Education, Certifications, and Experience table.

Commercial Job Title: IT LOGISTICS MANAGEMENT SPECIALIST - SENIOR

Commercial Job Title: QUALITY ASSURANCE SPECIALIST - MID

Minimum/General Experience: Demonstrated expertise in testing IT project deliverables to ensure all products and processes comply with client specifications, including the requirements of specific functional practices and target users, through company-established quality checklists to meet customer capabilities and can ascertain compliance to requirements stated in project management plans. Works under the supervision of senior staff to ensure that IT deliverables or products such as databases, online data management systems, and systems documentation products (technology training, user manuals, etc.) are developed using appropriate, sound, and current technology industry best practices.

Description: Provides quality management for information systems using standard methodologies, techniques, and metrics for assuring product quality and key activities in quality management. Establishes capable processes; monitors and controls critical processes and product mechanisms for feedback of performance; implements an effective root cause analysis and corrective action system; and performs continuous process improvement. Provides strategic quality plans in targeted areas of the organization. Provides Quality Assurance (QA) strategies to ensure ongoing compliance with appropriate regulations and customer requirements. Develops and implements life cycle and QA methodologies and metrics.

Minimum Education: See Allowable Substitution for Education, Certifications, and Experience table.

S&K Global Solutions, LLC
Blanket Purchase Agreement
Federal Supply Schedule
S&K Global Solutions, LLC

In the spirit of the Federal Acquisition Streamlining Act _____ (Ordering Activity) _____ and _____ S&K Global Solutions, LLC _____, enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Supply Schedule Contract(s) _____.

Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of offers. Teaming Arrangements are permitted with Federal Supply Schedule Contractors in accordance with Federal Acquisition Regulation (FAR) Part 9.6.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the **Government that works better and costs less.**

Signatures

_____	_____	_____	_____
Agency	Date	Contractor	Date

(Customer Name)
Blanket Purchase Agreement

Pursuant to GSA Federal Supply Schedule Contract Number(s) _____,
Blanket Purchase Agreements, the Contractor agrees to the following terms of a Blanket Purchase
Agreement (BPA) EXCLUSIVELY WITH (Ordering Agency) :

1. The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

MODEL NUMBER/PART NUMBER	*SPECIAL BPA DISCOUNT/PRICE
--------------------------	-----------------------------

2. Delivery:

DESTINATION	DELIVERY SCHEDULE/DATES
-------------	-------------------------

3. The Government estimates, but does not guarantee, that the volume of purchases through this agreement will be _____.
4. This BPA does not obligate any funds.
5. This BPA expires on _____ or at the end of the contract period, whichever is earlier.
6. The following office(s) is/are hereby authorized to place orders under this BPA:

OFFICE	POINT OF CONTACT
--------	------------------

7. Orders will be placed against this BPA via Electronic Data Interchange (EDI), Fax or paper.
8. Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:
 - (a) Name of Contractor;
 - (b) Contract Number;
 - (c) BPA Number;
 - (d) Model Number or National Stock Number (NSN);
 - (e) Purchase Order Number;
 - (f) Date of Purchase;
 - (g) Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and

(h) Date of Shipment.

9. The requirements of a proper invoice are specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.
10. The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor's invoice, the provisions of this BPA will take precedence.

Basic Guidelines for Using “Contractor Team Arrangements”

Federal Supply Schedule Contractors may use “Contractor Team Arrangements” (see FAR 9.6) to provide solutions when responding to an ordering activity requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions of the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- The customer identifies their requirements.
- Federal Supply Schedule Contractors may individually meet the customer's needs, or -
- Federal Supply Schedule Contractors may individually submit a Schedule “Team Solution” to meet the customer's requirement.
- Customers make a best value selection.
