INFORMATION FOR ORDERING ACTIVITIES
APPLICABLE TO ALL SPECIAL ITEM NUMBERS

SPECIAL NOTICE TO AGENCIES: Small Business Participation
SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micro purchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!! on-line shopping service (www.gsaadvantage.gov). The catalogs/pricelists, GSA Advantage!! and the Federal Acquisition Service Home Page (www.gsa.gov/fas) contains information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micro purchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

1. GEOGRAPHIC SCOPE OF CONTRACT:

*Domestic delivery* is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

*Overseas delivery* is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

- [ ] The Geographic Scope of Contract will be domestic and overseas delivery.
- [ ] The Geographic Scope of Contract will be overseas delivery only.
- [X] The Geographic Scope of Contract will be domestic delivery only.

2. CONTRACTOR’S ORDERING ADDRESS AND PAYMENT INFORMATION:

TRICORP Inc.
8000 Tower Crescent Drive Fairfax, VA 222182
www.Tricorp-ITsolutions.com
Contractor must accept the credit card for payments equal to or less than the micro-purchase for oral or written orders under this contract. The Contractor and the ordering agency may agree to use the credit card for dollar amounts over the micro-purchase threshold (See GSAR 552.232-79 Payment by Credit Card). In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering activities to obtain technical and/or ordering assistance

In the event of a telephone outage, please **Contact Us at www.tricorp-itsolutions.com** for alternative contact information.

### 3. LIABILITY FOR INJURY OR DAMAGE

The Contractor shall not be liable for any injury to ordering activity personnel or damage to ordering activity property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

### 4. STATISTICAL DATA FOR GOVERNMENT ORDERING OFFICE COMPLETION OF STANDARD FORM 279:

<table>
<thead>
<tr>
<th>Block 9: G. Order/Modification Under Federal Schedule Contract</th>

<tr>
<td>Block 30: Type of Contractor: B. Woman-Owned Small Business</td>
</tr>
<tr>
<td>4a. CAGE Code: 745FO</td>
</tr>
<tr>
<td>4b. Contractor has registered with SAM Contractor Registration Database.</td>
</tr>
</tbody>
</table>

### 5. FOB DESTINATION

FOB destination available in continental U.S. only.

### 6. DELIVERY SCHEDULE

6a. TIME OF DELIVERY: The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:

<table>
<thead>
<tr>
<th>SPECIAL ITEM NUMBER</th>
<th>DELIVERY TIME (Days ARO)</th>
</tr>
</thead>
<tbody>
<tr>
<td>54151S</td>
<td>As negotiated between the Ordering Agency and TRICORP Inc. Expedited deliveries will be addressed on a case by case basis.</td>
</tr>
</tbody>
</table>

6b. URGENT REQUIREMENTS: When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies...
shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

7. DISCOUNTS
Prices shown are NET Prices; Basic Discounts have been deducted.
   a. Prompt Payment: 2% net 15, 1% net 20
   b. Quantity: None
   c. Dollar Volume: -1% on single orders between $100,000- $500,000, -2% discount on orders
      i. $501,000 and above
   d. Other Special Discounts (i.e. Government Education Discounts, etc.): None

8. TRADE AGREEMENTS ACT OF 1979, as amended
All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

9. STATEMENT CONCERNING AVAILABILITY OF EXPORT PACKING
Not Applicable

10. Small Requirements
The minimum dollar of orders to be issued is $100.

11. MAXIMUM ORDER (All dollar amounts are exclusive of any discount for prompt payment.)
   a. The Maximum Order for the following Special Item Numbers (SINs) is $500,000: 54151S - Information Technology Professional Services

12. ORDERING PROCEDURES FOR FEDERAL SUPPLY SCHEDULE CONTRACTS
Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.
   a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.
   b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.
13. **FEDERAL INFORMATION TECHNOLOGY /TELECOMMUNICATION STANDARDS REQUIREMENTS:** ordering activities acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED-STDS), which are cited by ordering activities, shall be responded to promptly by the Contractor.

13.1 **FEDERAL INFORMATION PROCESSING STANDARDS PUBLICATIONS (FIPS PUBS):** Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

13.2 **FEDERAL TELECOMMUNICATION STANDARDS (FED-STDS):** Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Acquisition Service, Specification Section, 470 East L'Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202)619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301)975-2833.

14. **CONTRACTOR TASKS / SPECIAL REQUIREMENTS (C-FSS-370) (NOV 2003)**

(a) **Security Clearances:** The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.

(b) **Travel:** The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. Travel in performance of a task order will only be reimbursable to the extent authorized by the ordering agency. The Industrial Funding Fee does NOT apply to travel and per diem charges.
(c) Certifications, Licenses and Accreditations: As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.

(d) Insurance: As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.

(e) Personnel: The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.

(f) Organizational Conflicts of Interest: Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor's participation in such order may be restricted in accordance with FAR Part 9.5.

(g) Documentation/Standards: The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency's order.

(h) Data/Deliverable Requirements: Any required data/deliverables at the ordering level will be as specified or negotiated in the agency's order.

(i) Government-Furnished Property: As specified by the agency's order, the Government may provide property, equipment, materials or resources as necessary.

(j) Availability of Funds: Many Government agencies' operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government's obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.

(k) Overtime: For professional services, the labor rates in the Schedule should not vary by virtue of the Contractor having worked overtime. For services applicable to the Service Contract Act (as identified in the Schedule), the labor rates in the Schedule will vary as governed by labor laws (usually assessed a time and a half of the labor rate).

15. CONTRACT ADMINISTRATION FOR ORDERING ACTIVITIES: Any ordering activity, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (1) Termination for the ordering activity's convenience, and (m) Termination for Cause (See 52.212-4)

16. GSAADVANTAGE!
GSA Advantage! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. GSA Advantage! will allow the user to perform various searches across all contracts including, but not limited to:

1. Manufacturer.
2. Manufacturer's Part Number; and
3. Product categories.

Agencies can browse GSA Advantage! by accessing the Internet World Wide Web utilizing a browser (ex.: NetScape). The Internet address is http://www.gsaadvantage.gov

17. PURCHASE OF OPEN MARKET ITEMS

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract. Ordering Activities procuring open market items must follow FAR 8.402(f).

For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) - referred to as open market items - to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, only if:

1. All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));
2. The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable.
3. The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
4. All clauses applicable to items not on the Federal Supply Schedule are included in the order.

18. CONTRACTOR COMMITMENTS, WARRANTIES AND REPRESENTATIONS

(a) For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:

i. Time of delivery/installation quotations for individual orders.

ii. Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/service/software package submitted in response to requirements which result in orders under this schedule contract.

iii. Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.
(b) The above is not intended to encompass items not currently covered by the GSA Schedule contract.

(c) The maintenance/repair service provided is the standard commercial terms and conditions for the type of products and/or services awarded.

19. Reserved.

20. BLANKET PURCHASE AGREEMENTS (BPAs)
The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

21. CONTRACTOR TEAM ARRANGEMENTS
Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Industrial Funding Fee and Sales Reporting, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

22. INSTALLATION, DEINSTALLATION, REINSTALLATION
The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of $2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall receive less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services.

For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds $2,000, then the requirements of the Davis-Bacon Act applies.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8 or 132-9.

23. SECTION 508 COMPLIANCE.
Technology (EIT) Accessibility Standards (36 CFR 1194) General Services Administration (GSA), that all IT hardware/software/services are 508 compliant:

Yes [X]  
No [ ]

The offeror is required to submit with its offer a designated area on its website that outlines the Voluntary Product Accessibility Template (VPAT) or equivalent qualification, which ultimately becomes the Government Product Accessibility Template (GPAT). Section 508 compliance information on the supplies and services in this contract are available at the following website address (URL): www.tricorp-solutions.com/VPAT508.

The EIT standard can be found at: www.Section508.gov/.

24. PRIME CONTRACTOR ORDERING FROM FEDERAL SUPPLY SCHEDULES.

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of an ordering activity, shall follow the terms of the applicable schedule and authorization and include with each order

(a) A copy of the authorization from the ordering activity with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and

(b) The following statement

This order is placed under written authorization from ________________________________ dated ________________________________. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

25. INSURANCE-WORK ON A GOVERNMENT INSTALLATION (JAN 1997) (FAR 52.228-5)

(a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.

(b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective--

(1) For such period as the laws of the State in which this contract is to be performed prescribe; or

(2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.
(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance and shall make copies available to the Contracting Officer upon request.

26. SOFTWARE INTEROPERABILITY.
Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item's interface may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at http://www.core.gov.

27. ADVANCE PAYMENTS
A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the service already provided or the article already delivered. Advance or pre-payment is not authorized or allowed under this contract. (31 U.S.C. 3324)
TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY PROFESSIONAL SERVICES

54151S

****NOTE: All non-professional labor categories must be incidental to, and used solely to support professional services, and cannot be purchased separately.

1. SCOPE
   a. The prices, terms and conditions stated under Special Item Number 54151S Information Technology Professional Services apply exclusively to IT Professional Services within the scope of this Information Technology Schedule.
   b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

2. PERFORMANCE INCENTIVES I-FSS-60 Performance Incentives (April 2000)
   a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract.
   b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
   c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

3. ORDER
   a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation - May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
   b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

4. PERFORMANCE OF SERVICES
   a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.

c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.

d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

5. **STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)**

a. The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

   (1) Cancel the stop-work order; or
   
   (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

b. If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

   (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
   
   (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

c. If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

d. If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.
6. **INSPECTION OF SERVICES**

7. **RESPONSIBILITIES OF THE CONTRACTOR**

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Dec 2007) Rights in Data- General, may apply.

8. **RESPONSIBILITIES OF THE ORDERING ACTIVITY**

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite Information Technology Professional Services 54151S.

9. **INDEPENDENT CONTRACTOR**

All Information Technology Professional Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

10. **ORGANIZATIONAL CONFLICTS OF INTEREST**

   a. Definitions.

   "Contractor" means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

   "Contractor and its affiliates" and "Contractor or its affiliates" refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

   An "Organizational conflict of interest" exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor's or its affiliates' objectivity in performing contract work.

   b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might
otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

11. **INVOICES**

The Contractor, upon completion of the work ordered, shall submit invoices for IT Professional services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. **Invoices shall be submitted monthly for recurring services performed during the preceding month.**

12. **PAYMENTS**

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time- and materials orders, the Payments under Time- and Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I - OCT 2008) (DEVIATION I - FEB 2007) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I - OCT 2008) (DEVIATION I - FEB 2007) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor- Hour Proposal Requirements-Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:

a. The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.

b. The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by-
   i. The offeror;
   ii. Subcontractors; and/or
   iii. Divisions, subsidiaries, or affiliates of the offeror under a common control.

13. **RESUMES**

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

14. **INCIDENTAL SUPPORT COSTS**

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.
15. **APPROVAL OF SUBCONTRACTS**

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

16. **DESCRIPTION OF IT PROFESSIONAL SERVICES AND PRICING**

a. Tricorp Inc shall provide a description of each type of IT Service offered under 54151S Information Technology Professional Services should be presented in the same manner as Tricorp sells to its commercial and other ordering activity customers. If Tricorp is proposing hourly rates, a description of all corresponding commercial job titles (labor categories) for those individuals who will perform the service should be provided.

b. Pricing for all 54151S Information Professional Services shall be in accordance with Tricorp's customary commercial practices; e.g., hourly rates, monthly rates, term rates, and/or fixed prices, minimum general experience and minimum education.
LABOR CATEGORIES AND PRICING FOR Information Technology Professional Services 54151S

### LABOR CATEGORY DESCRIPTIONS FOR SIN 54151S

The labor categories are described below in Figure 3.

<table>
<thead>
<tr>
<th>GSA Labor Category Name</th>
<th>Functional Job Description</th>
<th>Educational Requirements</th>
</tr>
</thead>
</table>
| **Senior Solutions Architect** | Demonstrated expertise in leading large development efforts with hands on experience in JAVA EE application servers such as JBOSS, WebSphere, and iPlanet. Must have thorough understanding of XML and variants. Would have a strong background in the development and deployment of enterprise application development products. Experience developing applications using JSP, Servlets, EJB, Hibernate, HornetQ, iBATIS, XML and JDBC. Would have proven capabilities in creating detailed design documents including functional specifications. Would lead and conduct internal Code Reviews. Would have proven experience in designing and developing web services using SOAP and REST. Would have extensive experience in developing within frameworks such as SPRING, STRUTS, DOJO, and AJAX. Consulting support on complex tasks and daily supervision and direction to staff. | A Master's degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline.  
- With a Ph.D. (in the fields described in Minimum Education above): six years of specialized experience.  
- With a Bachelor’s degree (in the fields described in Minimum Education above): ten years of specialized experience, a Master’s degree is not required. |
| **Software Developer III** | Provides technical expertise in the development and application of methods, theories, and research techniques in the investigation and solution of software applications. Conducts detailed analyses of defined application specifications and designs complex programs. Plans, conducts, technically directs, and/or evaluates projects, possibly managing the efforts of other engineers or technical support staff in their performance. Prepares associated documentation, block diagrams, and logic flowcharts. Prepares sample test data, conducts program tests, and analyzes test results; recommends corrections for debugging program errors. Modifies existing programs as required by changing systems requirements or equipment configurations. Confers with systems personnel to clarify program intent, output requirements, and input data acquisition. Evaluates vendor capabilities to provide required products or services. Designs, develops, and analyzes software programs. | A Master's degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline.  
- With a Ph.D. (in the fields described in Minimum Education above): six years of specialized experience.  
- With a Bachelor’s degree (in the fields described in Minimum Education above): ten years of specialized experience, a Master’s degree is not required. |
Designs and develops web sites based on approved customer objectives. Proposes web site strategies and creates action plans and applications to carry out strategies and accomplish objectives. Customizes web-based interactive features, builds database gateways, and implements electronic commerce services. Collaborates with hardware design engineers on machine characteristics that affect software systems, and works with them to resolve incompatibilities. May provide daily supervision and directions to other Software/Web Developers, or high level consulting input.

**Software Developer II**
Comprehensive knowledge in the development and application methods, theories, and research techniques in the investigation and solution of software applications. Conducts detailed analyses of defined application specifications and designs complex programs. Prepares associated documentation, block diagrams, and logic flowcharts. Prepares sample test data, conducts program tests, and analyzes test results; recommends corrections for debugging program errors. Modifies existing programs as required by changing systems requirements or equipment configurations. Confers with systems personnel to clarify program intent, output requirements, and input data acquisition. Evaluates vendor capabilities to provide required products or services. Designs, develops, and analyzes software programs. Designs and develops web sites based on approved customer objectives. Proposes web site strategies and creates action plans and applications to carry out strategies and accomplish objectives. Customizes web-based interactive features, builds database gateways, and implements electronic commerce services. Collaborates with hardware design engineers on machine characteristics that affect software systems, and works with them to resolve incompatibilities. May provide daily supervision and direction to support staff.

**Software Developer I**
Prepares associated documentation, block diagrams, and logic flowcharts. Prepares sample test data, conducts program tests,...

A Bachelor’s degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical Discipline.

- With a Master’s degree (in the fields described in Minimum Education above): two years of specialized experience.

- With a Ph.D. (in the fields described in Minimum Education above).

- With at least eight years of specialized experience, a degree is not required.

A Bachelor’s degree in Computer Science, Information Systems, Engineering,
and analyzes test results; recommends corrections for debugging program errors. Modifies existing programs as required by changing systems requirements or equipment configurations. Confers with systems personnel to clarify program intent, output requirements, and input data acquisition. Evaluates vendor capabilities to provide required products or services. Proposes web site strategies and creates action plans and applications to carry out strategies and accomplish objectives. Customizes web-based interactive features, builds database gateways, and implements electronic commerce services. Collaborates with hardware design engineers on machine characteristics that affect software systems, and works with them to resolve incompatibilities.

**COTS Technology Consultant II**

Provides technical expertise and guidance with COTS products selection and implementation including software and hardware such as ERP, SCM, and CRM. Has specialized training and expertise and/or certifications with one or several COTS products such as Oracle, Siebel, SAP, PeopleSoft, and EMC. Develops and applies advanced methods in the configuration and customization of COTS solutions to meet business requirements. Provides technical consultation to other organizations. May provide team leadership or consulting support on complex COTS implementations.

**COTS Technology Consultant I**

Provides technical expertise and guidance with COTS products selection and implementation including software and hardware such as ERP, SCM, and CRM. Has specialized training and expertise and/or certifications with one or several COTS products such as Oracle, Siebel, SAP, PeopleSoft, and EMC. Develops and applies advanced methods in the configuration and customization of COTS solutions to meet business requirements.

**Quality Assurance Senior**

Develops, implements, and maintains quality assurance/configuration management programs

**Business, or other related scientific or technical discipline.**

- With a Master’s degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline.

- With a Ph.D. (in the fields described in Minimum Education above): two years of specialized experience.

- With at least eight years of specialized experience, a degree is not required.

- With a Bachelor’s degree in

- With a Master’s Degree (in the fields described in Minimum Education above): six years of specialized experience.

- With a Ph.D. (in the fields described in Minimum Education above): two years of specialized experience.

- With at least twelve years of specialized experience, a degree is not required.

- With a Bachelors Degree:

- With a Master’s Degree (in the fields described in Minimum Education above): three years of specialized experience.

- With a Ph.D. (in the fields described in Minimum Education above): two years of specialized experience.

- With at least eight years of specialized experience, a degree is not required.

- A Bachelor’s degree in
in support of a variety of software, hardware, and services. Establishes standards for life cycle, documentation, development methods, testing, and maintenance. Develops and defines major and minor characteristics of quality/configuration management (including metrics and scoring parameters) and determines requisite quality control/configuration management resources for an actual task order. Conducts or participates in formal and informal reviews at predetermined points throughout the system life cycle. Serves as liaison between Program Management and other functional groups to resolve issues regarding Computer Science, Information Systems, Engineering, Business or other related scientific or technical discipline.

**Quality Assurance Master**

Develops, implements, and maintains quality assurance/configuration management programs in support of a variety of software, hardware, and services. Establishes standards for life cycle, documentation, development methods, testing, and maintenance. Develops and defines major and minor characteristics of quality/configuration management (including metrics and scoring parameters) and determines requisite quality control/configuration management resources for an actual task order. Conducts or participates in formal and informal reviews at predetermined points throughout the system life cycle.

- With a Master’s Degree (in the fields described in Min. Education above): five years experience.
- With a Ph.D. (in the fields described in Min. Education above): three years of experience.
- With at least eleven years of specialized experience, a degree is not required.

A Bachelor’s degree in Computer Science, Information Systems, Engineering, Business or other related scientific or technical discipline.

**Database Administrator**

Ensures efficient operation of a multi-computer site that supports data base administration, analysis, and report production; data dictionary administration; and system development. Performs database administration, backups and recoveries, and works with users to resolve database questions or problems. Coordinates systems resource availability with database analysts, system and application programmers, and other users. Provides advice and assistance to users on equipment operations. Maintains and updates databases and data dictionaries. May provide assistance to less experienced database administrators.

- With a Master’s Degree (in the fields described in Minimum Education): three years experience must be specialized experience in database administration and/or operations.
- With ten years general experience of which seven years is specialized in computer systems administration, a degree is not required.
Database Administrator Mid
Performs database administration, backups and recoveries, and works with users to resolve database questions or problems. Coordinates systems resource availability with database analysts, system and application programmers, and other users. Provides advice and assistance to users on equipment operations. Maintains and updates databases and data dictionaries.

Project Manager Mid
A Bachelor’s degree in Computer Science, Information Systems, Engineering, Business or other related scientific or technical discipline with 5 years IT experience. • With a Master’s Degree (in the fields described in Min. Education above): 3 years IT experience. • With a Ph.D. (in the fields described in Min. Education above): 2 years of IT experience. • With eight years experience, a degree is not required.

Project Manager Senior
Manages large scale project and is instrumental in project delivery which may include staff oversight, budget, software development lifecycle and client interface. He may oversee other project managers on multiple deliverables. This role will be able to manage projects in excess of $10M and above and may interface with government Contracting Officer, the COTR, government management personnel, and client agency representatives. Under the guidance of the Program Manager, is responsible for the overall management of a logical business function that contain several task orders that are being individually managed by specific Project Managers, and ensures that the technical solutions and schedules in the Task Orders are implemented in a timely manner.
**Business Analyst Senior**

Serves as the team’s Functional Designer/Business Analyst to translate business requirements into detailed use cases. Will be familiar with tools such as Viso, Excel, MS Word and PowerPoint to present use case information. Will work with the client business stakeholders and communicate back to the technical architect or developers. Will have experience with functional testing of solution.

A Bachelor’s degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline.

- With a Master’s degree (in the fields described in Minimum Education above).
- With twelve years of general information technology experience and at least four years of specialized experience, a degree is not required.

**Business Analyst Mid**

Serves as the team’s Functional Designer/Business Analyst to translate business requirements into detailed use cases. Will be familiar with tools such as Viso, Excel, MS Word and PowerPoint to present use case information. Will work with the client business stakeholders and communicate back to the technical architect or developers. Will have experience with functional testing of solution.

A Bachelor’s degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline.

- With a Master’s degree (in the fields described in Minimum Education above).
- With eight years of general information technology experience and at least four years of specialized experience, a degree is not required.

**Database Analyst/Programmer Senior**

Provides guidance in the use of database management systems. Designs, implements, and maintains databases with respect to access methods and time, device allocation, validation checks, file organization, indexing methods, protection and security, documentation, guidelines, and statistical methods. Collects data elements and prepares database specifications. Develops, maintains, and controls the data dictionary. May provide task direction to less experienced database programmers/analysts.

A Bachelor’s degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline.

- With a Master’s degree (in the fields described in Minimum Education above).
- With twelve years of general information technology experience and at least four years of specialized experience, a degree is not required.

- Eight years of experience in database design and system analysis, systems software internals and data manipulation languages.
**Database Analyst/Programmer Mid**

Provides guidance in the use of database management systems. Designs, implements, and maintains databases with respect to access methods and time, device allocation, validation checks, file organization, indexing methods, protection and security, documentation, guidelines, and statistical methods. Collects data elements and prepares database specifications. Develops, maintains, and controls the data dictionary. May provide task direction to less experienced database programmers/analysts.

Six years of experience in database design and system analysis, systems software internals and data manipulation languages.

**Technical Writer/Editor**

Researches, writes, and edits materials for related reports, manuals, briefs, proposals, instructional material, catalogs, technical publications, and/or software and hardware documentation. Obtains technical data from independent observation, review with technical staff members, and/or studies of published materials and existing documentation. Interfaces with users, specialists, analysts, programmers, etc., to obtain background information of technologies, methods, and standards. Revises text and recommends changes in scope, format, and content.

A Bachelor’s degree in English, Literature, or other related discipline.

- With a Master’s Degree (in the fields described in Minimum Education): one year of specialized experience.
- With at least nine years is specialized, a degree in is required.

**Network Specialist Senior**

Monitors and adjusts network parameters for optimum performance. Installs and supports local area networks (LANs). Configures the network, and adds and deletes users and printers. Diagnoses, troubleshoots and repairs complex LANs and interfaces between differing networks via remote and local bridges, repeaters, routers, and switches (including mainframe connectivity via gateway, telecommunication circuits, and direct network access). Assures that LAN security is maintained according to recommendations. Creates documentation for systems support staff and users. Provides technical expertise for performance and configuration of networks. Evaluates communication hardware and software, and performs compatibility testing of system and application software. Coordinates with all responsible users and sites. May perform site surveys and network performance assessments.

A Bachelor’s degree in Mathematics, Computer Science, Information Systems, Engineering, Business, or other related discipline. With a Master’s degree (in the fields described in Minimum Education above): five years of specialized experience. With at least eleven years of specialized experience, a degree is not required.
schedule conversions and cutovers, and oversee a network control center. May supervise staff.

Network Specialist

Monitors and adjusts network parameters for optimum performance. Installs and supports local area networks (LANs). Configures the network, and adds and deletes users and printers. Diagnoses, troubleshoots and repairs LANs and interfaces between differing networks via remote and local bridges, repeaters, routers, and switches (including mainframe connectivity via gateway, telecommunication circuits, and direct network access). Assures that LAN security is maintained according to recommendations. Creates documentation for systems support staff and users. Evaluates communication hardware and software, and performs compatibility testing of system and application software. Coordinates with all responsible users and sites. May perform site surveys, and schedule conversions and cutovers. May provide guidance to less experienced network specialists.

A Bachelor’s degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline.

• With a Master’s degree (in the fields described in Minimum Education above): one year of specialized experience. With at least seven years of specialized experience, a degree is not required.

Security SME

Analyzes and defines information security, automated information security (AIS), and/or computer security requirements. Designs, develops, engineers, and implements security solutions. Gathers and organizes technical information about an organization’s mission, goals, and needs; existing security products; and ongoing programs. Develops, analyzes, and implements security architecture(s) as appropriate. Performs risk analysis and security audit services, develops analytical

A Bachelor’s degree in Computer Science, Information Systems, Engineering, Business or other related scientific or technical discipline.

• With a Master’s Degree (in the fields described in Min. Education above): six years experience.

• With a Ph.D. (in the fields described in Min. Education above): four years of experience.

• With twelve years IT
Data Specialist
Senior
Serves as a data expert whether that is mainframe or relational or COTS systems. May have expertise in one or more of the following fields: data warehouse / analysis design and implementation, 3D, Development, business intelligence and analytics or migration. Will have expertise using various tools to support the data architecture projects which may include Hadoop, CoolGen, ELT

experience and 9 years of specialized experience, a degree is not required.

A bachelors degree in Computer Science, Information Systems, Engineering, or other related scientific or technical discipline. With a Masters degree (in the fields described in Min. Education above): four years experience. • With a Ph.D. (in the fields described in Min. Education above): four years of experience.
PREAMBLE

TRICORP Inc. provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protege programs, joint ventures, teaming arrangements, and subcontracting.

COMMITMENT

To actively seek and partner with small businesses.
To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.
To develop and promote company policy initiatives that demonstrates our support for awarding contracts and subcontracts to small business concerns.
To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.
To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.
To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.
To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts. To accelerate potential opportunities please contact:

BEST VALUE

BLANKET PURCHASE AGREEMENT
FEDERAL SUPPLY SCHEDULE

(Insert Customer Name)

In the spirit of the Federal Acquisition Streamlining Act (ordering activity) and TRICORP Inc. enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Supply Schedule Contract(s)

Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of offers. Teaming Arrangements are permitted with Federal Supply Schedule Contractors in accordance with Federal Acquisition Regulation (FAR) 9.6.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the ordering activity that works better and costs less.

Signatures

BPA NUMBER

(Customer Name)

Blanket Purchase Agreement

Pursuant to GSA Federal Supply Schedule Contract Number(s) __________________ , Blanket Purchase Agreements, the Contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (ordering activity):

(1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

<table>
<thead>
<tr>
<th>Model Number/Part Number</th>
<th>BPA Discount/Price</th>
</tr>
</thead>
<tbody>
<tr>
<td>________________________</td>
<td>____________________</td>
</tr>
<tr>
<td>________________________</td>
<td>____________________</td>
</tr>
</tbody>
</table>

(2) Delivery:

<table>
<thead>
<tr>
<th>Destination</th>
<th>Delivery Schedules/Dates</th>
</tr>
</thead>
<tbody>
<tr>
<td>____________</td>
<td>________________________</td>
</tr>
<tr>
<td>____________</td>
<td>________________________</td>
</tr>
<tr>
<td>____________</td>
<td>________________________</td>
</tr>
</tbody>
</table>

(3) The ordering activity estimates, but does not guarantee, that the volume of purchases through this agreement will be ____________

(4) This BPA does not obligate any funds.

(5) This BPA expires on ________________ or at the end of the contract period, whichever is earlier.

(6) The following office(s) is hereby authorized to place orders under this BPA:

<table>
<thead>
<tr>
<th>Office</th>
<th>Point of Contact</th>
</tr>
</thead>
<tbody>
<tr>
<td>_______</td>
<td>________________</td>
</tr>
</tbody>
</table>
(7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX, or paper.

(8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

   i. Name of Contractor;
   ii. Contract Number;
   iii. BPA Number;
   iv. Model Number or National Stock Number (NSN);
   v. Purchase Order Number;
   vi. Date of Purchase;
   vii. Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and
   viii. Date of Shipment.

(9) The requirements of a proper invoice are specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

(10) The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor's invoice, the provisions of this BPA will take precedence.
CONTRACTOR TEAM ARRANGEMENTS

BASIC GUIDELINES FOR USING
"CONTRACTOR TEAM ARRANGEMENTS"

Federal Supply Schedule Contractors may use "Contractor Team Arrangements" (see FAR 9.6) to provide solutions when responding to an ordering activity requirement.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions or the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors. Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

A. The customer identifies their requirements.

B. Federal Supply Schedule Contractors may individually meet the customer’s needs, or - C Federal Supply Schedule Contractors may individually submit a Schedules "Team Solution" to meet the customer's requirement.

D. Customers make a best value selection.
