**TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES (SPECIAL ITEM NUMBER 54151S)**

1. **SCOPE**
   a. The prices, terms and conditions stated under Special Item Number 54151S Information Technology Professional Services apply exclusively to IT Professional Services within the scope of this Information Technology Schedule.
   b. The Contractor shall provide services at the Contractor’s facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

   a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract.
   b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
   c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity’s mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

3. **ORDER**
   a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
   b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

4. **PERFORMANCE OF SERVICES**
   a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
   b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
   c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
   d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

5. **STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)**
   a. The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within
a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

1. Cancel the stop-work order; or
2. Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

1. The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
2. The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

6. INSPECTION OF SERVICES

7. RESPONSIBILITIES OF THE CONTRACTOR
The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Dec 2007) Rights in Data – General, may apply.

8. RESPONSIBILITIES OF THE ORDERING ACTIVITY
Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Professional Services.

9. INDEPENDENT CONTRACTOR
All IT Professional Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

10. ORGANIZATIONAL CONFLICTS OF INTEREST
a. Definitions.
   “Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.
   “Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.
   An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and
its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

11. **INVOICES**
The Contractor, upon completion of the work ordered, shall submit invoices for ITProfessional services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

12. **PAYMENTS**
For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIAITON I – FEB 2007) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIAITON I – FEB 2007) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:
(a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.
(b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—
   (1) The offeror;
   (2) Subcontractors; and/or
   (3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

13. **RESUMES**
Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

14. **INCIDENTAL SUPPORT COSTS**
Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

15. **APPROVAL OF SUBCONTRACTS**
The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.
16. DESCRIPTION OF IT PROFESSIONAL SERVICES AND PRICING

**Commercial Job Title:** Senior Consultant

**Minimum/General Experience:**
10 years of experience providing leadership with industry specific consulting in best practices, current industry trends, and serves as the analytical resource for senior management.

**Functional Responsibility:**
Provides analytical and program support, and is focused on providing high performance work. Strong verbal, written, and interpersonal communication skills with both technical and non-technical audiences. Experience in communicating functional and technical requirements to the mid and junior developers and facilitate the development of solutions. Ability to serve as lead and provide leadership and work guidance to less experienced personnel. Conducts quality assurance activities such as peer reviews, testing, etc.

**Minimum Education:** Bachelor’s Degree, Associate’s degree and or Master's degree.

**Commercial Job Title:** Mid Software Developer

**Minimum/General Experience:**

Four (4) years Experience in software development of complex technology applications, application design and development using agile methodology and/or UML, Sequence diagrams, Use Cases, database technologies, assist in writing technical documents, and implementing functional and technical requirements as per system life-cycle methodology to meet SDLC and CMMI requirements.

**Functional Responsibility:**

Codes, tests, debugs, implements, and documents programs and technical solutions. Adheres to coding standards defined by technical management. Demonstrates knowledge of object and component methodology and technology. Understands standard systems development lifecycle processes and applies our methodology effectively on client engagements. Participates in functional requirements and design document and other system life-cycle documentation to meet SDLC and CMMI requirements. Creates appropriate documentation in work assignments such as program code, and technical documentation. Gathers information from existing systems, analyzes program and time requirements. Assists senior technical managers in preparing time estimates and justification for assigned tasks. Supports project personnel in resolving fairly complex program and technical problems. Works with client and management to resolve issues and validate programming requirements within their areas of responsibility. Follows direction on complex programming issues works towards resolution. Strong verbal, written, and interpersonal communication skills with both technical and non-technical audiences. Experience in communicating functional and technical requirements to the junior developers and facilitate the development of solutions. Ability to work under a lead and take work guidance. Conducts quality assurance activities such as peer reviews, testing, etc.

**Minimum Education:** Bachelor’s Degree, Associate’s degree and or Master's degree.

**Commercial Job Title:** Mid Database Developer/Administrator

**Minimum/General Experience:**

Four (4) years in creating data structures for relational and loosely coupled databases.

**Functional Responsibility:**
Creates metadata tagging and documentation. Creates data flows at all levels. Provides alternatives analysis on optimal database product and approach for client’s infrastructure. Administers, and troubleshoots relational and loosely coupled databases. Responsible for daily database function to include backup and recovery as well as disaster planning. Responsible for designing code and providing development support as needed. Supports and assists in the development of applications.

**Minimum Education:** Bachelor’s Degree, Associate’s degree and/or Master's degree.

**Commercial Job Title:** QA Tester III

**Minimum/General Experience:**
Five (5) years Have significant knowledge and expertise in the implementation or support of testing of computer-based information systems, software applications, and computer program code modules with ability to mentor junior testers

**Functional Responsibility:**
Creates all necessary test plans and test steps for identified business requirements
Conducts testing and quality assurance tasks per defined processes. Maintains, and monitors processes for evaluating software and associated documentation. Defined quality metrics for junior testers or enforces quality metrics defined within the process. Analyzes and identifies system defects through functional, regression, and performance testing. Appropriately escalates issues as defined by the processes by written and oral presentations. Provide input to IT management on tactical and strategic directions as it relates to quality assurance
Help establish and support the testing environment and the testing lifecycle requirements
Help establish and follows test automation coding standards and techniques. Shows a strong attention to development detail, produces high-quality test plans, test cases and test automation code. Mentor to junior testers and advisor to QA Manager or Senior Testers

**Minimum Education:** Bachelor’s Degree, Associate’s degree.

**Commercial Job Title:** QA Tester I

**Minimum/General Experience:**
Three (3) years and knowledgeable and experienced in the executing IT system/software tests, documents results, and evaluates outcomes to ensure compliance with applicable regulations

**Functional Responsibility:**
Creates all necessary test plans and test steps for identified business requirements
Conducts testing and quality assurance tasks per defined processes. Maintains, and monitors processes for evaluating software and associated documentation. Monitors quality metrics defined by QA Manager or Senior QA Tester Controls and Monitors quality throughout the software life cycle
Conducts formal and informal reviews throughout the project lifecycle. Identifies defects and performs defect management tasks such as defect logging, tracking, and re-testing. Prepares written reports to communicate defect status with recommendation on acceptance of release with guidance from QA Manager or Senior QA Tester.

**Minimum Education:** Bachelor's Degree, Associate’s degree.
**Commercial Job Title: Training Coordinator**

**Minimum/General Experience:**
Two (2) years Follows test procedures and script to perform testing and document testing results as directed by Mid and Senior Testers, and QA Manager

**Functional Responsibility:**
Creates basic test cases under the supervision of Mid and Senior Testers, and QA Manager
Follows established procedures to perform testing and create necessary results documentation
Works under general supervision of Mid and Senior Testers, and QA Manager. Communicate and document defects per defined process. Keen eye and business acumen to understand business requirements and perform tests accordingly. Ability to formulate creative test cases including positive and negative testing.

**Minimum Education:** Bachelor’s Degree, Associate’s degree.

**Commercial Job Title: Junior Systems/Business Analyst**

**Minimum/General Experience:**
Two (2) years. Experienced in business process centric mindset, clear communication, and problem solving skills

**Functional Responsibility:**
Conduct client requirements elicitation techniques to develop and improve client requirements and business processes. Create all the necessary business and/or system analysis documentation for dissemination amongst business and technical stakeholders.
