

AUTHORIZED
INFORMATION TECHNOLOGY SCHEDULE PRICELIST
GENERAL PURPOSE COMMERCIAL INFORMATION TECHNOLOGY
EQUIPMENT, SOFTWARE AND SERVICES

Note: Contractor has been awarded all Special Item Numbers under the Cooperative Purchasing & Disaster Recovery programs.

SPECIAL ITEM NUMBER 132-51 - INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES

FPDS Code D301	IT Facility Operation and Maintenance
FPDS Code D302	IT Systems Development Services
FPDS Code D306	IT Systems Analysis Services
FPDS Code D307	Automated Information Systems Design and Integration Services
FPDS Code D310	IT Backup and Security Services
FPDS Code D316	IT Network Management Services
FPDS Code D399	Other Information Technology Services, Not Elsewhere Classified

Note 1: All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

Note 2: Offerors and Agencies are advised that the Group 70 – Information Technology Schedule is not to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

Note 3: This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

Applied Research Solutions, Inc

LABOR CATEGORY DESCRIPTIONS / GSA PRICING.....14

- 1a. Table of awarded the special item number with appropriate cross-reference to item descriptions and awarded price.
Special Item No.132-51 Information Technology Professional Services
- 1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.
See Price Sheet
- 1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item.
Skill category descriptions begin on page 14
2. Maximum order. *\$500,000*
3. Minimum order. *\$100*
4. Geographic coverage. *Domestic only*
5. Point of production. *Same as company address*
6. Discount from list prices or statement of net price. *Government prices are net*
7. Quantity discounts. *None*
8. Prompt payment terms. *None, Net 30 days*
- 9a. *The Government purchase Card will be accepted for payment on orders below the micro-purchase threshold.*
- 9b. *The Government purchase Card will not be accepted for payment on orders above the micro-purchase threshold.*
10. Foreign items. *None*
- 11a. Time of delivery. *As negotiated on the task order level.*
- 11b. Expedited Delivery. *As negotiated on the task order level*

- 11c. Overnight and 2-day delivery. The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery.
As negotiated on the task order level
- 11d. Urgent Requirements. The Contractor will note in its price list the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor’s representative to effect a faster delivery.
As negotiated on the task order level
12. F.O.B. point. *Destination*
- 13a. Ordering address. *Same as company address*
- 13b. Ordering procedures: *For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s) are found in Federal Acquisition Regulation (FAR) 8.405-3.*
14. Payment address. *Same as company address*
15. Warranty provision. *Not Applicable*
16. Export packing charges, if applicable. *Not Applicable*
17. Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level). *None*
18. Terms and conditions of rental, maintenance, and repair. *Not Applicable*
19. Terms and conditions of installation. *Not Applicable*
20. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices. *Not Applicable*
- 20a. Terms and conditions for any other services. *Not Applicable*
21. List of service and distribution points. *Not Applicable*
22. List of participating dealers. *Not Applicable*
23. Preventive maintenance. *Not Applicable*
- 24a. Special attributes such as environmental attributes. *Not Applicable*

- 24b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor's website or other location.) The EIT standards can be found at: www.Section508.gov/.

25. Data Universal Number System (DUNS) number. *807990382*
26. Notification regarding registration in SAM.gov database. *CAGE Code: 4YHD4*

INFORMATION FOR ORDERING ACTIVITIES
APPLICABLE TO ALL SPECIAL ITEM NUMBERS

SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!TM on-line shopping service (www.gsaadvantage.gov). The catalogs/pricelists, GSA Advantage!TM and the Federal Acquisition Service Home Page (www.gsa.gov/fas) contains information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

**TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT)
PROFESSIONAL SERVICES (SPECIAL ITEM NUMBER 132-51)**

1. SCOPE

- a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services apply exclusively to IT Professional Services within the scope of this Information Technology Schedule.
- b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

2. PERFORMANCE INCENTIVES I-FSS-60 Performance Incentives (April 2000)

- a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

3. ORDER

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

4. PERFORMANCE OF SERVICES

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)

- (a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-
 - (1) Cancel the stop-work order; or

- (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.
- (b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-
 - (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
 - (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.
- (c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
- (d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

6. INSPECTION OF SERVICES

In accordance with FAR 52.212-4 CONTRACT TERMS AND CONDITIONS--COMMERCIAL ITEMS (MAR 2009) (DEVIATION I - FEB 2007) for Firm-Fixed Price orders and FAR 52.212-4 CONTRACT TERMS AND CONDITIONS COMMERCIAL ITEMS (MAR 2009) (ALTERNATE I OCT 2008) (DEVIATION I – FEB 2007) applies to Time-and- Materials and Labor-Hour Contracts orders placed under this contract.

7. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Dec 2007) Rights in Data – General, may apply.

8. RESPONSIBILITIES OF THE ORDERING ACTIVITY

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Professional Services.

9. INDEPENDENT CONTRACTOR

All IT Professional Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

10. ORGANIZATIONAL CONFLICTS OF INTEREST

- a. Definitions. “Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.
 “Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.
 An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.
- b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed

against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

11. INVOICES

The Contractor, upon completion of the work ordered, shall submit invoices for IT Professional services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

12. PAYMENTS

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision: prescribed in 16.601(e)(3), insert the following provision:

- (a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.
- (b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—
 - (1) The offeror;
 - (2) Subcontractors; and/or
 - (3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

13. RESUMES

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

14. INCIDENTAL SUPPORT COSTS

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

15. APPROVAL OF SUBCONTRACTS

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

16. SUBSTITUTIONS

Applied Research Solutions, Inc reserves the right to make the following substitutions in the education and/or experience requirements of any of the service skill categories set forth herein.

1. One year of experience is the equivalent of one year of education.
2. One year of education is the equivalent of one year of experience.
3. Certification related to the technology is equivalent to two years of experience or education requirement.

17. DESCRIPTION OF IT PROFESSIONAL SERVICES AND PRICING

Please refer to the labor category descriptions and pricing incorporated into this GSA Pricelist.

**USA COMMITMENT TO PROMOTE
SMALL BUSINESS PARTICIPATION
PROCUREMENT PROGRAMS**

PREAMBLE

Applied Research Solutions, Inc provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

COMMITMENT

To actively seek and partner with small businesses. To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical. To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns. To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company. To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses. To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner. To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities. We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts. To accelerate potential opportunities please contact

BPA NUMBER _____

**(CUSTOMER NAME)
BLANKET PURCHASE AGREEMENT**

Pursuant to GSA Federal Supply Schedule Contract Number(s) _____, Blanket Purchase Agreements, the Contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (ordering activity):

(1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

MODEL NUMBER/PART NUMBER	*SPECIAL BPA DISCOUNT/PRICE
_____	_____
_____	_____
_____	_____

(2) Delivery:

DESTINATION	DELIVERY SCHEDULES / DATES
_____	_____
_____	_____
_____	_____

(3) The ordering activity estimates, but does not guarantee, that the volume of purchases through this agreement will be _____.

(4) This BPA does not obligate any funds.

(5) This BPA expires on _____ or at the end of the contract period, whichever is earlier.

(6) The following office(s) is hereby authorized to place orders under this BPA:

OFFICE	POINT OF CONTACT
_____	_____
_____	_____
_____	_____

(7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX, or paper.

(8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

- (a) Name of Contractor;
- (b) Contract Number;
- (c) BPA Number;
- (d) Model Number or National Stock Number (NSN);
- (e) Purchase Order Number;
- (f) Date of Purchase;
- (g) Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and
- (h) Date of Shipment.

(9) The requirements of a proper invoice are specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

(10) The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor's invoice, the provisions of this BPA will take precedence.

**BASIC GUIDELINES FOR USING
“CONTRACTOR TEAM ARRANGEMENTS”**

Federal Supply Schedule Contractors may use “Contractor Team Arrangements” (see FAR 9.6) to provide solutions when responding to an ordering activity requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions of the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- The customer identifies their requirements.
- Federal Supply Schedule Contractors may individually meet the customers needs, or -
- Federal Supply Schedule Contractors may individually submit a Schedules “Team Solution” to meet the customer’s requirement.
- Customers make a best value selection.

Labor Category Descriptions

Internet Tech Specialist

Functional Responsibility: Performs advanced and complex systematic reviews of selected functions to determine application and design of applications and data warehouses. Designs, develops, codes and tests programs using required programming languages and database management systems. Assists in developing design specifications, prepares program and systems documentation and report layouts, generates program test data and tests and debugs programs.

General Experience: Functional knowledge of task order specific requirements and experience developing functional requirements for or designing, programming, testing, and documenting complex systems.

Minimum Education: Bachelor's Degree in Computer Science, Information Systems, Engineering, Business or other related scientific or technical discipline and two (2) years of experience.

Computer Systems Analyst

Functional Responsibility: Works independently or under general direction on computer systems that are moderately complex to analyze, plan, program, and operate.

General Experience: Experience in the analysis and design of business applications on complex, large-scale systems. Including experience in database management concepts.

Minimum Education: Bachelor's Degree in Computer Science, Information Systems, Engineering, Business or other related scientific or technical discipline and zero (0) years of experience.

Software Engineer

Functional Responsibility: Performs advanced and complex systematic reviews of selected functions to determine application and design of systems or models. Designs, develops, codes and tests programs using required programming languages and database management systems. Assists in developing design specifications, prepares program and systems documentation and report layouts, generates program test data and tests and debugs programs. Provides input to user documentation. Assists with technical problem resolution.

General Experience: Functional knowledge of task order specific requirements and experience developing functional requirements for or designing, programming, testing, and documenting complex, integrated information systems or embedded operational software. Ability to program software from written specifications. Experience documenting user's manuals and providing software design and test documentation is desired.

Minimum Education: Bachelor's degree in Computer Science, Information Systems, Engineering, Business or other related scientific or technical discipline and four (4) years of experience.

Junior Computer Systems Analyst

Functional Responsibility: Works under direction of senior project staff on computer systems that are moderately complex to analyze, plan, program, and operate. Analyzes and develops computer software having a wide range of capabilities, including numerous engineering, business, and records management. Develops plans for automation systems from project inception to conclusion. Analyzes the problem and the information to be processed.

General Experience: Experience in the analysis and design of business applications on moderately-complex, systems, including experience in database management concepts. Knowledge of state-of-the-art storage and retrieval methods in required, as well as the ability to formulate specifications for computer programmers to use in coding, testing, and debugging of computer programs.

Minimum Education: Bachelor's Degree in Computer Science, Information Systems, Engineering, Business or other related scientific or technical discipline and zero (0) years of experience.

Staff Information Engineer

Functional Responsibility: Performs advanced and complex systematic reviews of selected functions to determine application and design of systems or models. Develops and updates functional or operating manuals outlining established methods of performing work in accordance with organizational policy. Acting as the technical manager, manages program consisting of multiple projects including project identification, design, development and delivery. Provides technical guidance and assists with problem resolution.

General Experience: Superior functional knowledge of task order specific requirements, or developing functional requirements for complex, integrated information systems or embedded operational software. Ability to translate user requirements into functional requirements for hardware and software subsystems. Demonstrated skill in the management and control of funds and resources, as well as, demonstrated ability in managing complex multi-task contracts.

Minimum Education: Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline and eight (8) years of experience.

Program Manager

Functional Responsibility: Develops, plans, implements and controls assigned portions over the entire program. Establishes performance objectives for assigned programs. Ensures cost, technical and schedule objectives are met. Reports program progress and status. Serves as Primary contact between the Government and the contractor on matters pertaining to the program.

General Experience: Twelve (12) years of experience.

Minimum Education: Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related management or technical discipline.

Engineer/Scientist IV

Functional Responsibility: Leads the design, specification and development of systems and tools for new programs as well as enhancements, modifications and corrections to existing systems and tools. Exercises independent judgment and creativity on a regular basis in solving highly complex, major technical problems and in providing advice and recommendations. Responsible for independently performing in-depth studies and analyses including formulating parameters and factors to be considered, and validating the results. Acts as a project leader and directs the work of the team of other staff members, as necessary. Superior functional knowledge of technical specific requirements, or developing functional requirements for complex, integrated information systems or operational software. Demonstrated skill in the management and control of funds and resources, as well as, demonstrated ability in managing complex multi-task contracts.

General Experience: Ten (10) years of experience.

Minimum Education: Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline.

Subject Matter Expert II

Functional Responsibility: Serves as a subject matter expert, possessing in-depth knowledge of a particular area. Provides technical knowledge and analysis of highly specialized applications and operational environments, high-level functional systems analysis, design, integration, documentation and implementation advice on exceptionally complex problems. Applies principles, methods and knowledge of the functional area of capability to specific task order requirements, advanced mathematical principals and methods to exceptionally difficult technical problems in engineering or other scientific applications.

General Experience: Ten (10) year of experience.

Minimum Education: Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline.

Engineer/Scientist III

Functional Responsibility: Conducts or participates in the design, specification and development of systems and/or tools for the new programs as well as enhancements, modifications and corrections to existing systems and tools. Exercises independent judgment and creativity on a regular basis in solving highly complex, major technical problems and provides advice and recommendations. Performs in-depth studies and analyses including formulating parameters and factors to be considered, and validates the results. Knowledge of technical specific requirements, or developing functional requirements for integrated information systems or operational software.

General Experience: Eight (8) years of experience.

Minimum Education: Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline.

Engineer/Scientist II

Functional Responsibility: Participates in the design, specification and development of systems and tools for new programs as well as enhancements, modifications and corrections to existing systems and /or tools. Applies advanced knowledge of engineering and computer programming languages and principles, techniques and established practices and procedures to projects where technical problems and objectives require further definition. Recommends system architectures, allocates requirements and prepares specifications. Knowledge of technical specific requirements for integrated information systems or operational software.

General Experience: Four (4) years of experience.

Minimum Education: Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline.

Subject Matter Expert I

Functional Responsibility: Serves as a subject matter expert, possessing in-depth knowledge of a particular area. Provides technical knowledge and analysis of highly specialized applications and operational environments, high-level functional systems analysis, design, integration, documentation and implementation advice on exceptionally complex problems. Applies principles, methods and knowledge of the functional area of capability to specific task order requirements, advanced mathematical principals and methods to exceptionally difficult technical problems in engineering or other scientific applications.

General Experience: Eight (8) years of experience

Minimum Education: Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline.

Computer Scientist II

Functional Responsibility: Analyses C2/Information technology systems hardware and software design specifications and interface requirements for technical compliance. Defines plans and procedures for verification and testing of hardware and software performance requirements to ensure overall C2/Information technology system performance objectives are met.

General Experience: Four (4) years of experience.

Minimum Education: Bachelor's degree or equivalent experience in business administration, accounting, or other related discipline.

Project Support I

Functional Responsibility: Provides knowledge of principles and processes for delivering customer services including customer needs assessment, application of quality standards for services, and evaluation of customer satisfaction. Significant contact with others inside and outside the work area. Prioritizes assignments, communicates with supervisors, peers, and subordinates. Provides compiling, coding, categorizing, calculating, tabulating, auditing, or verifying information.

General Experience: 1 Year of Experience.

Minimum Education: Bachelor's degree in Business, Management or other related fields.
