SPECIAL ITEM NUMBER 611420 – INFORMATION TECHNOLOGY TRAINING
SPECIAL ITEM NUMBER 611430 – PROFESSIONAL AND MANAGEMENT DEVELOPMENT TRAINING

FPDS Code D399   Other Information Technology Services, Not Elsewhere Classified

Note 1: All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

Note 2: Offerors and Agencies are advised that the Group 70 – Information Technology Schedule is <u>not</u> to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

Note 3: This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

COOP PURCH

611420 STLOC: Section 211 of the E-Government Act of 2002 (the Act) amended the Federal Property and Administrative Services Act to allow for "Cooperative Purchasing." Cooperative Purchasing allows for the Administrator of General Services to provide states and localities access to certain items offered through the General Services Administration's (GSA's) Federal Supply Schedule 70, Information Technology (IT) Schedule contract. The information technology available to state and local governments includes automated data processing equipment (including firmware), software, supplies, support equipment, and services.

DISAST RECOV

611420 RC: Section 833 of the John Warner National Defense Authorization Act allows state and local governments to purchase products and services to facilitate recovery from a major disaster. This includes advance and pre-positioning in preparation for a disaster.

Contract Use

This contract is available for use by all federal government agencies, as a source for Information Technology Products and Services, for worldwide use. Executive agencies, other Federal agencies, mixed-ownership Government corporations, and the District of Columbia; government contractors authorized in writing by a Federal agency pursuant to 48 CFR 51.1; and other activities and organizations authorized by statute or regulation to use GSA as a source of supply may use this contract. Additionally, contractors are encouraged to accept orders received from activities within the Executive Branch of the Federal Government.

Contract Scope

The contractor shall provide all resources including personnel, management, supplies, services, materials, equipment, facilities and transportation necessary to provide a wide range of professional services as specified in each task order. Services specified in a task order may be performed at the contractor's facilities or the ordering agencies' facilities. The government will determine the contractor's compensation by any of several different methods (to be specified at the task order level) e.g., a firm-fixed price for services with or without incentives, labor hours or time-and-material.

Special Item Number (SIN) Description

The Special Item Numbers (SINs) available under this contract provide services across the life cycle of a project. When task orders are placed, they must identify the SIN or SINs under which the task is being executed. *Learning Tree International USA, Inc.* has been awarded a contract by GSA to provide services under the following SIN. A full description of the SIN and examples of the types of work covered thereunder is provided below.

SIN 611420, Training Courses: Includes training. NOTE: This SIN can only be used to offer Information Technology Training Courses.

SIN 611430, Training Courses: This SIN can be used to provide Professional and Management Development Training.

1.   SCOPE

a.   The Contractor shall provide training courses normally available to commercial customers, which will permit ordering activity users to make full, efficient use of general purpose commercial IT products. Training is restricted to training courses for those products within the scope of this solicitation.

b.   The Contractor shall provide training at the Contractor's facility and/or at the ordering activity's location, as agreed to by the Contractor and the ordering activity.

2.   ORDER

Written orders, EDI orders (GSA Advantage! and FACNET), credit card orders, and orders placed under blanket purchase agreements (BPAs) shall be the basis for the purchase of training courses in accordance with the terms of this contract. Orders shall include the student's name, course title, course date and time, and contracted dollar amount of the course.

3.   TIME OF DELIVERY

The Contractor shall conduct training on the date (time, day, month, and year) agreed to by the Contractor and the ordering activity. All other training will be held in accordance with the Contractor's published public course schedule.

4.   FLEXIBLE TRANSFER / CANCELLATION POLICY FOR PUBLIC COURSES

If a customer would like to cancel or transfer their course, they must notify Learning Tree prior to two weeks before the start date of the course or within seven days of registration.   If a customer transfers to another course prior to two weeks before the start date or within seven days of registration of the course in which originally enrolled, 100% of any prepaid course tuition will be applied toward the course tuition for the subsequent course. If a customer needs to cancel an enrollment two weeks prior to the start of the class or within seven days of registration, we will refund 100% of any prepaid course tuition for that enrollment. If a customer does need to transfer or cancel a course within two weeks of the start date of the course or after seven days from the date of registration, a fee equal to 50% of the price of the course will be assessed for any standard attendances. Attendances associated with a Learning Tree program such as (Passport, Voucher, etc.) will be assessed a $500 fee. Training Passports cannot be used after the expiration dates, and a course cancellation or transfer by the customer will not extend a Training Passport expiration date.

5.   CANCELLATION POLICY FOR ONSITE COURSES

If a customer needs to cancel or reschedule any event less than 16 days before the scheduled start of the event, the customer will be subject to a cancellation fee in the amount of 50% of the event fee. However, if the event is rescheduled to execute within ninety (90) days of the cancellation date, then a cancellation fee in the amount of 25% of the event fee will apply. Learning Tree will not impose any penalty if the customer notifies Learning Tree of the need to cancel or reschedule an event 16 days prior to the scheduled start date of the event. Any event cancelled or rescheduled that is non-standard in length, content, delivery method, etc., based on customer requirements and request, and the customer cancels the course, the customer will pay for all incurred customization fees, or performance costs associated with the event.

6.   SUBSTITUTIONS PERMITTED

Learning Tree welcomes the enrollment of a qualified substitute in an enrollee's place provided the ordering activity notifies the Contractor in writing before the first day of the course. The substitute may not take advantage

of any discount program for which he or she is not otherwise qualified. Training Passports and Premium Passes are nontransferable and therefore are not eligible for substitution.

7.   PUBLIC COURSE POSTPONEMENTS

At times, Learning Tree must change a course location, course date, or postpone a course. Learning Tree will try to give the customer as much advance notice as possible of any such change. However, Learning Tree will not be liable for any other costs incurred including (for example) travel charges or any consequential damages even if Learning Tree was advised of them. Changes in course locations, course dates, or postponement of courses will not extend a Training Passport or Premium Pass expiration date.

8.   SECURITY

The ordering activity agrees that all course participants will abide by security measures in effect at the course location.

9.   GUARANTEE OF QUALITY

Learning Tree's Guarantee of Quality provides the ordering activity the opportunity to attend the course of their choice – and then pay only if 100% satisfied with the value of the course. If the ordering activity sends Learning Tree a written notice of dissatisfaction with a course within 60 days of the course, the ordering activity will have the option of retaking the course at no charge or receiving a full refund of any course tuition paid and cancellation of any unpaid invoices for that course. If the ordering activity used a Training Voucher, Training Passport or Premium Pass for the course, Learning Tree will not count the attendance against the Training Voucher, Training Passport or Premium Pass used.

10.   FOLLOW-UP SUPPORT

The Contractor agrees to provide each student with unlimited telephone support or online support for a period of one (1) year from the completion of the training course. During this period, the student may contact the Contractor's instructors for refresher assistance and answers to related course curriculum questions.

11.   LIABILITY FOR INJURY OR DAMAGE

The contractor shall not be liable for any injury to the student or damage to ordering activity property arising from contractor provided classroom training, unless such injury or damage is due to the fault or negligence of the contractor.

12.   THIRD PARTY SERVICES/PRODUCTS

Learning Tree may provide advertisements of third parties on our website and/or feature information, materials, products, or services provided by third parties. Learning Tree makes no representations with respect to, nor does it guarantee or endorse the quality, non-infringement, accuracy, completeness, timeliness, or reliability of such third party materials, information, products, and services you may access. Your correspondence and any other dealings with third parties on our website are solely between you and the specific third party or third parties. Learning Tree has no control over and expressly disclaims responsibility and liability for all third party provided information, materials, programs, products, and services covered on or accessed through our website, and you agree that Learning Tree shall not be responsible for any loss or damage of any sort incurred as a result of any of these dealings or as the result of the presence of such third parties on our website.

13.   PRICE FOR CLASSROOM TRAINING

The purchase price that the ordering activity will be charged will be the ordering activity training price in effect at the time of order placement, or the ordering activity price in effect at the time the training course is conducted, whichever is less.

14. INVOICES AND PAYMENT

Invoices for training shall be submitted by the Contractor after ordering activity completion of the training course. Advance or Pre-payment is not authorized or allowed under this contract. (31 U.S.C. 3324).

15. FORMAT AND CONTENT OF TRAINING

a.   The Contractor shall provide written materials (i.e., manuals, handbooks, texts, etc.) normally provided with course offerings. Such documentation will become the property of the student upon completion of the training class.

b.   For hands-on training courses, there will be two students assigned per workstation.

c.   The Contractor shall provide each student with a Certificate of Training at the completion of each training course.

d.   The Contractor shall provide the following information for each training course offered:

(1)   The course title and a brief description of the course content, to include the course format (e.g., lecture, discussion, hands-on training);

(2)   The length of the course;

(3)   Mandatory and desirable prerequisites for student enrollment;

(4)   The minimum and maximum number of students per class;

(5)   The locations where the course is offered;

(6)   Class schedules; and

(7)   Price (per student, per class (if applicable)).

e.   For those courses conducted at the ordering activity's location, instructor travel charges (if applicable), including mileage and daily living expenses (e.g., per diem charges) are governed by Pub. L. 99-234 and FAR Part 31.205-46, and are reimbursable by the ordering activity on orders placed under the Multiple Award Schedule, as applicable, in effect on the date(s) the travel is performed. Contractors cannot use GSA city pair contracts. The Industrial Funding Fee does NOT apply to travel and per diem charges.

f.   For Online Training Courses, a copy of all training material must be available for electronic download by the students.

16. "NO CHARGE" TRAINING

The Contractor shall describe any training provided with equipment and/or software provided under this contract, free of charge, in the space provided below. **None Offered**

17.   SPECIAL PROGRAMS

A. College Credit

The American Council on Education (ACE) College Credit Recommendation Service recommends Contractor courses for college credit to more than 1,500 universities and colleges. Two semester hours of college credit are recommended by ACE for most Contractor four and five-day courses. Participation in this program is optional and the Contractor pays initial registration fees with ACE.

> Step 1. Successfully complete a Contractor course and pass the associated exam. Students will be given an opportunity during the course to participate in the College Credit Program. The exam is given at the end of the course.

> Step 2. The Contractor will handle registration with ACE and pay the associated fee. The student's ACE Registry record will be automatically updated once the student successfully completes additional Contractor courses and passes the associated exams.

> Step 3. Whenever the student wishes to send a transcript of the earned Contractor educational achievements to a university or college, the student contacts ACE directly. ACE personnel are available by phone to assist on an ongoing basis or students may complete a Transcript Request Form online at the ACE Web Site.

B. Government Training Passports (3 COURSE) Program

Learning Tree's Government Training Passports allow a course participant to attend as many as three instructor led courses over a 12-month period. The Learning Tree Government Training Passport (3 COURSE) expires 12 months after the start date of the first course attended under that Government Training Passport.

Learning Tree's Government Training Passport is non-transferable and is only to be used to attend courses by the named holder. Government Training Passports cannot be used after their expiration dates, and a course cancellation or transfer by the customer will not extend a Government Training Passport expiration date.

C. 4-Course Passport - With a 4-Course Passport, one person can take as many as four courses in 24 months at discounted rates. The Passport (i) is non-transferable and can only be used to pay course tuition fees for the named holder and (ii) cannot be used to attend courses either in excess of the specified number of courses or which start more than 24 months after the start date of the first course attended under that Passport. Learning Tree reserves the right to exclude certain courses from eligibility in the Passport program. The Government 4-Course Passport is different than the 4-Course Passport Pass offered to our commercial customers in that the government customer is permitted to pay for courses after attendance whereas commercial customers must pre-pay for the program. Payment for a Government 4-Course Passport Pass can be made by company check, GSA SmartPay or Government Commercial Purchase Card (GCPC). The purchasing agency will be invoiced for each course after course attendance. The course will be invoiced at the GSA discounted individual seat price until all funds are exhausted. The Government will pay for courses only after attendance. In addition, the purchasing agency is required to submit a blanket Government Training Form and/or Purchase Order for the total Government 4-Course Passport price within thirty (30) days after the start date of the first course attended under the Government 4-Course Passport. Payment on a Government 4-Course Passport invoice is due within 30 days after the start date of each course attended.

D. Government Training Voucher Pack Program

Government Training Vouchers Packs are available in 3 course packs and above. The standard price is discounted based on number of events purchased by an organization. Learning Tree's Government Training Vouchers Packs allow organizations maximum flexibility to meet evolving training needs as each Voucher can be used in lieu of tuition to allow anyone in the organization to attend any Learning Tree public course. The Government Training Voucher Packs do not expire. Learning Tree reserves the right to exclude certain courses for any reason, including but not limited to third party courses, premium course material, etc.

Each Training Voucher may be redeemed for one course event, for one person, at any of Learning Tree's public courses. Training Vouchers cover the Public Course tuition only. They do not cover travel, meals or other related expenses. The Training voucher is transferrable and a qualified substitute will be allowed to attend in the enrollee's place. This substitution can be made at any time prior to the first day of the course.

Payment for a Government Training Voucher Packs can be made by company check, GSA SmartPay or GCPC credit card. Unless directed by the purchasing agency in writing to do otherwise, Learning Tree will prepare a monthly invoice to include the actual number of course attendances in the previous month, with each priced according to the discount offered through the Government Training Voucher Pack Program. In addition, the purchasing agency is required to submit a Government Training Form and/or Purchase Order for the total Government Training Voucher Pack amount within thirty (30) days after the start date of the first course attended under the Government Training Voucher Pack. Payment on the Government Training Voucher Pack invoice is due within thirty (30) days of receipt of the invoice.

E. CompTIA Member Discount
Learning Tree International and CompTIA, a leading global Information Technology (IT) trade association and the world's largest developer of vendor-neutral IT certification exams, have set up a partnership in order to provide Public Course training services to the technical association members at a 10% discount. The partnership allows Learning Tree to initiate targeted and joint marketing and sales campaigns to this specific audience of technical professionals. Each party may advertise the partnership on its web site, in catalogs and publications, electronic newsletters, in marketing flyers and collateral, and in education center signage and posters. The relationship is effective November 21, 2005 for an indefinite period of time and may be cancelled at any time by either party. The 10% discount is offered off the standard or GSA price of an individual Public Course tuition. The offer is available to both commercial companies and Federal Government agency members of CompTIA and cannot be combined with any other discount offer.

F. Training Advantage
Training Advantage is a program geared towards companies that have a recurring, ongoing need for Learning Tree training services. A percentage discount off commercial list pricing only is offered to customers as a reward for continued use of Learning Tree training services and as an incentive for future business. Participation in the program requires customers to (i) sign a one-year Open Order Preferred Pricing Agreement, (ii) have at least 100 IT professionals employed at the location of the signing facility or at least 200 IT professional employed at the company, which provides Learning Tree with assurance that the customer estimates of projected purchases are likely to be accurate, (iii) designate Learning Tree as a preferred training provider, (iv) inform its technical staff of the programs that Learning Tree provides, (v) make course materials available to its employees and (vi) provide the names of key training personnel to Learning Tree. Customer benefits of this program include (i) up to 10% discount off commercial list pricing only and (ii) $100 off the commercial list price of a 3-Course Passport and Premium Pass under this program. Learning Tree or the customer can terminate the agreement with sixty days written notice and any courses ordered after termination will be priced at standard pricing.

G. Document Development Workshops
Document Development Workshops are custom learning events that isolate and address performance impediments within an organization that are negatively impacting the cost, schedule, performance or customer satisfaction of a program. The Workshop deliverables include formally constructed management artifacts/ processes that have been developed by the actual program team within guidelines provided by Learning Tree subject matter experts.

H. Learning Tree coaching

Learning Tree Coaching is a program designed to "bridge the gap" between classroom training and the workplace. The coaching is done at the workplace as a one-day extension immediately following completion of a Learning Tree On-Site Course. The instructor helps course attendees put into practice the knowledge gained in the course to

tackle "real" projects or assignments, as well as services to redefine job roles, update competencies and define additional skills gaps.

I. Learning Tree AnyWare™ Materials Fee:
Our AnyWare-related materials are included in our overall course tuition pricing. In the event that a customer enrolled in a Learning Tree AnyWare course is shipped a set of course materials and subsequently cancels their enrollment and does not reschedule for a future date, they will be responsible for returning those course materials to Learning Tree. Returning AnyWare materials to Learning Tree is easy and at no cost to you. Simply affix the pre-paid return label to the outside of the box and take it to any authorized FedEx shipping or drop off location, or call FedEx to schedule a pickup.

J. Preferred Supplier Training Program:
Learning Tree's Preferred Supplier Training Program is a flexible training package that allows an entity to choose its training plan based on specific company training needs. The program is designed to help reduce the overall training program cost and while accomplishing training objectives. Timeline options are available ranging from 12 months to 24 months that enable employee availability and program completion while locking in reduced rates on multiple courses within the Learning Ecosystem. This program is designed to align with organizations professional development goals. *Program discount is taken off of standard commercial or eligible GSA rates.*

OPTION 1 – Discounts are based upon funds committed. Full payment is due at the time of registration. Failure to do so will result in the forfeiture of the discount. This offer is non-refundable after 12 months from the attendance in the first course, if customer fails to use all quantities available within the chosen TIER. The discounts will be documented in an agreement signed by the Customer and Learning Tree International.

OPTION 2 – The purchasing entity will pay for each course under the Preferred Supplier Training Program after **services are rendered** at the Discounted rate within the duration period. Customer will need to use all available quantities by the duration date according to the pricing schedule or customer will be invoiced at the then applicable standard rates. The discounts will be documented in an agreement signed by the Customer and Learning Tree International.

- Offer subject to change or cancellation.
- Customer may purchase from Tier 1 -3 based on the company projected needs
- Each Tier is associated with specific Quantity/Discount and Program Duration
- Learning Tree will automatically upgrade customer to the next TIER level should the company quantity exceed the original Tier.
- Program is a standalone program and cannot be combined with any other Learning Tree Promotional Discounts
- Customer must use all quantity within a specific TIER to realize full value of discount
- Upon registration, discount value will be equally spread across all transactions
- Each TIER can be used to attend a Public Course or have a course deliver ON-SITE
- Learning Tree standard course cancellation policy apply to the Preferred Supplier Training Program
- Classroom and AnyWare courses
