The INTERNET address GSA Advantage!® is: GSAAdvantage.gov.
INFORMATION FOR ORDERING ACTIVITIES

1a. Table of awarded the special item number with appropriate cross-reference to item descriptions and awarded price.
   Special Item No. 54151S Information Technology Professional Services
   Special Item No. 54151HEAL Health Information Technology Services
   Special Item No. OLM Order-Level Materials (OLM)

   Note: Contractor has been awarded under the Cooperative Purchasing and Disaster Recovery Programs.

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. See Price Sheet.

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate “Not applicable” for this item. Skill category descriptions begin on page 10.

2. Maximum order. $500,000

3. Minimum order. $100

5. Point of production. Same as company address

6. Discount from list prices or statement of net price. Government prices are net

7. Quantity discounts. None

8. Prompt payment terms. None, Net 30 days

9. Foreign items. None

10a. Time of delivery. As negotiated on the task order level.

10b. Expedited Delivery. The Contractor will insert the sentence “Items available for expedited delivery are noted in this price list.” under this heading. The Contractor may use a symbol of its choosing to highlight items in its price lists that have expedited delivery. As negotiated on the task order level.

10c. Overnight and 2-day delivery. The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery. As negotiated on the task order level.

10d. Urgent Requirements. The Contractor will note in its price list the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor’s representative to effect a faster delivery. As negotiated on the task order level.

11. F.O.B. point. Destination

12a. Ordering address. Same as company address
12b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s) are found in Federal Acquisition Regulation (FAR) 8.405-3. For supplies and services, the ordering procedures, and information on Blanket Purchase Agreements (BPA’s) are found in Federal Acquisition Regulation (FAR) 8.405-3.

13. Payment address. *Same as company address*

14. Warranty provision. *Not Applicable*

15. Export packing charges, if applicable. *Not Applicable*

16. Terms and conditions of rental, maintenance, and repair. *Not Applicable*

17. Terms and conditions of installation. *Not Applicable*

18a. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices. *Not Applicable*

18b. Terms and conditions for any other services. *Not Applicable*

19. List of service and distribution points. *Not Applicable*

20. List of participating dealers. *Not Applicable*

21. Preventive maintenance. *Not Applicable*

22a. Special attributes such as environmental attributes. *Not Applicable*

22b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor’s website or other location.) The EIT standards can be found at: [www.Section508.gov/](http://www.Section508.gov/)  [http://www.livanta.com/](http://www.livanta.com/)

23. Unique Entity Identifier (UEI) Number: **172035300**

24. Notification regarding registration in SAM.gov database. *CAGE Code: 35KW9*
DESCRIPTION OF IT PROFESSIONAL SERVICES AND PRICING SIN 54151S

Business Analyst

Functional Responsibility: Supports and plans IT related projects and provides status reports to IT, clients and/or user management. Provides clear and concise requirements and other forms of documentation.

Minimum / General Experience: One year of experience in an information technology, business, health care, or related field.

Minimum Education: Bachelor’s Degree in computer science, information technology or a related field.

Network Administrator

Functional Responsibility: Implements the design, deployment, and/or maintenance of IT equipment and infrastructure at local and/or remote locations. Troubleshoots and resolves reported issues with IT systems and equipment. Grants, revokes, and maintains access to data networks, e-mail, and/or other systems. Develops and maintains inventory listings of IT assets. Performs, coordinates, leads and/or supervises software installations and maintenance. Implements and/or supports network changes or other IT assets to maintain the integrity, security, and availability of the IT infrastructure. Develops and maintains inventory listings of IT assets. Provides helpdesk functions. Participates in the development of IT and technology budgets.

Minimum Experience: Two years of demonstrated related experience.

Minimum Education: Bachelor’s Degree in computer science, information technology or a related field

Programmer Analyst

Functional Responsibility: Utilizes specialized tools and knowledge in the programming, management, extraction, and analysis of data, websites, and/or web applications. Develops and/or programs algorithms, formulas, models, and other constructs. Designs, develops, implements, and/or maintains frontend and/or backend data repositories, databases, and data sources. Establishes systems and approaches for managing, analyzing, and interpreting data. Prepares instructions for personnel who will utilize systems, software, and/or data. Implements and reviews sampling algorithms.

Minimum/General Experience: One year related experience.

Minimum Education: Bachelor’s Degree in computer science, information technology or related field.

Project Director

Functional Responsibility: Oversees the design, development, implementation, and management of projects, including the delivery of products and/or services. Develops, maintains, and controls budgets. Determines staffing requirements and manages personnel resources. Designs or provides input into the design, development, implementation, and maintenance of information technology solutions, data management solutions, and/or project operations. Provides consultation in specific areas of subject matter expertise.

Minimum / General Experience: Five years related experience.

Minimum Education: Bachelor’s Degree in computer science, information technology or related field.
Senior Business Analyst

Functional Responsibility: Gathers and documents user requirements. Designs, develops, and implements data manage plans. Determines data architectures to support various types of systems, applications or functions. Provides advice and guidance to data users, system users, and software engineers. Researches data sources and Commercial off the Shelf (COTS) applications for inclusion in system architectures. Designs and prepares reports. Determines and implements methodologies for accessing and analyzing data and performing quality assurance functions. Demonstrates expertise in overall system design, including work process flows, database structures, data integrity and consistency quality assurance processes. Performs user tests and provides feedback to software engineers, system engineers, project management, and/or clients. Performs data analysis functions.

Minimum/General Experience: Five years of experience in data architecture, system lifecycle development, or data analysis.

Minimum Education: Bachelor’s Degree in computer science, information technology or a related field.

Senior Systems Engineer

Functional Responsibility: Provides advice, consultation, and services in the analysis, design, development, implementation, maintenance, review, evaluation, testing, and/or documentation of systems, software products, and/or security matters.

Minimum / General Experience: Five years related experience.

Minimum Education: Bachelor’s Degree or current Certified Information Systems Security Professional (CISSP) credential.

Software Engineer

Functional Responsibility: Participates in software development lifecycle. Analyzes user needs. Documents, designs, constructs, tests, and maintains software, systems, data bases, and/or interfaces. Provides input to develop estimates of costs and interfaces with databases, data sources, and other applications and systems. Provides consultation to users and IT personnel on projects requiring software and/or system solutions.

Minimum/General Experience: One year of demonstrated related experience.

Minimum Education: Bachelor’s Degree in computer science, information technology or a related field
DESCRIPTION OF HEALTH IT SERVICES AND PRICING SIN 54151HEA
