BUSINESS SIZE: Small

Pricelist Current Through Modification PS-0008, effective May 02, 2022

Prices Shown Here are Net (discount deducted)
Customer Information

1a. Table of awarded special item number(s) with appropriate cross-reference to item description and awarded price(s)

<table>
<thead>
<tr>
<th>SINs</th>
<th>Recovery</th>
<th>SIN Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>54151S</td>
<td>54151SRC</td>
<td>Information Technology Professional Services</td>
</tr>
<tr>
<td>OLM</td>
<td>OLM-RC</td>
<td>Order Level Materials</td>
</tr>
</tbody>
</table>

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. N/A

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate “Not applicable” for this item. See Labor Category Pricing and Labor Category Descriptions below

2. Maximum order:

The Service Contract Labor Standards, formerly the Service Contract Act (SCA), apply to this contract and it includes SCLS applicable labor categories. Labor categories and fixed price services marked with a (**) in this pricelist are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCLS/SCA matrix. The prices awarded are in line with the geographic scope of the contract (i.e., nationwide).
LABOR CATEGORY DESCRIPTIONS

<table>
<thead>
<tr>
<th>Title</th>
<th>Minimum/General Experience</th>
</tr>
</thead>
<tbody>
<tr>
<td>Acquisition &amp; Procurement Contract Analyst</td>
<td>5 years</td>
</tr>
</tbody>
</table>

Functional Responsibilities: This series provides expertise ranging from senior level certified acquisition experts advising the implementation and management of major acquisitions, to more administrative processing of routine contractual actions.

Minimum Education: Bachelor’s Degree in related field.

<table>
<thead>
<tr>
<th>Title</th>
<th>Minimum/General Experience</th>
</tr>
</thead>
<tbody>
<tr>
<td>Engineering Systems Analyst</td>
<td>5 years</td>
</tr>
</tbody>
</table>

Functional Responsibilities: This series covers engineers, professional licensed engineers, scientists, and systems analysts. The series is intended to provide services in support of systems rather than business-oriented IT systems. The series is also intended to provide engineering service in support of Air Transportation Support activities for operational locations including facility maintenance, modification and remediation as well as various levels of equipment repair. R&D support service resources may be specified from this labor category series. Logistic support elements that require engineering would normally be staffed within this labor categories series.

Minimum Education: Bachelor’s Degree in related field.

<table>
<thead>
<tr>
<th>Title</th>
<th>Minimum/General Experience</th>
</tr>
</thead>
<tbody>
<tr>
<td>Senior IT Analyst</td>
<td>8 years</td>
</tr>
</tbody>
</table>

Functional Responsibilities: This series provides information technology services in facilities planning, operations and support; storage systems analysis, design/test, and administration; server system analysis, design/test and administration; database analysis, design/test, administration; website analysis, design/test, and administration; web application analysis, design/test and administration; LAN analysis, design/test and administration; user support planning, operations and administration; and related IT systems functions.

Minimum Education: Bachelor’s Degree in related field.

<table>
<thead>
<tr>
<th>Title</th>
<th>Minimum/General Experience</th>
</tr>
</thead>
<tbody>
<tr>
<td>Engineer IV</td>
<td>8 years</td>
</tr>
</tbody>
</table>

Functional Responsibilities: Provides analysis related to the design, development, and integration of hardware, software, web interfaces and all system level requirements to provide an integrated IT solution. Develops integrated system test requirement, strategies, devices and systems. Directs overall system level testing. Participates in all phases of risk management assessments and software/hardware development with emphasis on analysis of user requirements, test design and test tools selection.

Minimum Education: Bachelor’s Degree
Software Engineer II

Minimum/General Experience: 5 years

Functional Responsibilities: Provides analysis related to the design, development, and integration of hardware, software, web interfaces and all system level requirements to provide an integrated IT solution. Develops integrated system test requirement, strategies, devices and systems. Directs overall system level testing. Participates in all phases of risk management assessments and software/hardware development with emphasis on analysis of user requirements, test design and test tools selection.

Minimum Education: Bachelor’s Degree

Systems Engineer II

Minimum/General Experience: 5 years

Functional Responsibilities: Provides analysis related to the design, development, and integration of hardware, software, web interfaces and all system level requirements to provide an integrated IT solution. Develops integrated system test requirement, strategies, devices and systems. Directs overall system level testing. Participates in all phases of risk management assessments and software/hardware development with emphasis on analysis of user requirements, test design and test tools selection.

Minimum Education: Bachelor’s Degree

Technical Project Manager

Minimum/General Experience: 10 years

Functional Responsibilities: The Technical Project Manager provides normal project management functions including technical leadership, quality assurance and decision oriented recommendations.

Minimum Education: Bachelor’s Degree

Senior I Computer Scientist/Systems Analyst

Minimum/General Experience: 8 years

Functional Responsibilities: Provides computer engineering and computer systems analysis under ES computer science and software engineering under CSD and CSS. The major difference between the domains is typically the real time, safety critical, safety of flight orientation of the ES domain and the administrative systems domain of CSD and CSS. These domains are related within the FAA and do overlap. For clarity, a computer scientist working in ES domains primarily focus on physical multiple sensor and communications systems, real time and safety of flight while the software engineer working in CSS would focus on database related workflow or administrative system.

Minimum Education: Bachelor’s Degree
Senior I System Security/Information Assurance Analyst
Minimum/General Experience: 8 years

Functional Responsibilities: The security series provides systems security engineering under ES and IT systems security in compliance with the NIST standards under CSD and CSS. This labor category covers all security related specialty engineering functions under engineering services and all information assurance functions under computer systems development and computer systems support.

Minimum Education: Bachelor’s Degree

Senior I Technical Writer
Minimum/General Experience: 8 years

Functional Responsibilities: This series provides support to read and analyze highly technical materials and to create presentations of that information. This may be specifications, drawings, user manuals, presentations, reports, or training documents. The series is intended for use on systems under ES and on IT systems under CSD.

Minimum Education: Bachelor’s Degree

Senior I Business/Financial/Management/Analyst
Minimum/General Experience: 8 years

Functional Responsibilities: The business/financial/management/analyst series is focused on the coordination, accounting, planning and administration functions. The management analyst provides business management functions such as budgeting, financial analysis and planning and control of funding and allocation of funding. These functions include business process analysis to describe and create defined business and operations controls and processes.

Minimum Education: Bachelor’s Degree

Senior I Trainer/Training Material Specialist
Minimum/General Experience: 8 years

Functional Responsibilities: The training and documentation series appear only in D&T. These are specialist in creating and delivering training documentation. These are specialist in education, in teaching, and in creating structured lesson plans and formal training programs. These are not the technical experts who generate the more technical portion of the documents. They are covered in ES and CSD.

Minimum Education: Bachelor’s Degree
Administrative Support IV

Minimum/General Experience: 10 years

Functional Responsibilities: This series is office oriented, clerical, coordinating, in an administrative role. Typical functions include: telephone answering, desk staffing, copying, data entry, regular cyclical report generation, distribution, pre-defined task execution. BAM is the only one functional area that supplies administrative support.

Minimum Education: Associate’s Degree
