Contract Number GS-35F-4633G

GSA is the federal government's business manager, buyer, real estate developer, telecommunications manager, and IT solutions provider. The Federal Supply Schedules Program mirrors commercial buying practices more than any other procurement process in the Federal Government today. It provides customers with literally millions of state-of-the-art, high-quality commercial products and related services, and also offers the benefits of shorter lead times and lower administrative costs. Under the schedules program, GSA enters into contracts with commercial firms to provide supplies and services at stated prices for given periods of time. Orders are placed directly with the schedule contractor, and deliveries are made directly to the customer. Blanket Purchase Agreements (BPAs) are a simplified method of filling anticipated repetitive needs for services and products. In accordance with Federal Acquisition Regulation (FAR), ordering offices may establish BPAs under any GSA Schedule contract.

Bay State Computers, Inc. is a GSA Schedule Prime Contractor with corporate capabilities and experience in information technology (IT) operational support services. In addition, various OEM and Partner products and IT solutions are available through the Bay State GSA Schedule.

- (b) When the overall travel charge computed at the above mileage rate is unreasonable (considering the time required for travel, actual and necessary transportation costs, and the allowable ordering activity per diem rate for

each night the repairman is required to remain overnight at the ordering activity location), the ordering activity shall have the option of reimbursing the Contractor for actual costs, provided that the actual costs are reasonable and allowable. The Contractor shall furnish the ordering activity with a report of travel performed and related expenses incurred.
