Price list current through Modification # 14 issued March 31, 2008

Products and ordering information in this Authorized FSSINFORMATION TECHNOLOGY Schedule Pricelist is also available on the GSA *Advantage!* System. Agencies can browse GSA *Advantage!* By accessing the Federal supply Service's Home Page via Internet at www.ffs.gsa.gov.

NOTE 1: All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

NOTE 2: Offerors and Agencies are advised that the Group 70—Information Technology Schedule is not to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

NOTE 3: This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances these services must be performed by the publisher or manufacturer of one of their authorized agents.

INFORMATION FOR ORDERING ACTIVITIES

Special Notice to Agencies: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Supply Schedules Program. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule Contractors or consider reasonably available information by using the GSA Advantage!TM On-line shopping services (www.fss.gsa.gov). The catalogs/pricelists, GSA Advantage!TM and the Federal Supply Service Home Page (www.fsa.gsa.gov) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

1. GEOGRAPHIC SCOPE OF CONTRACT:

Domestic delivery is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

Overseas delivery is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

- The Geographic Scope of Contract will be domestic and overseas delivery.
- The Geographic Scope of Contract will be overseas delivery only.
- The Geographic Scope of Contract will be domestic delivery only.

2. Contractor's Ordering Address:

AAC Inc.
8470 Tyco Road
Vienna, Virginia 22182
(703) 918-6363

Contractor's Payment Address:

AAC Inc.
8470 Tyco Road
Vienna, Virginia 22182
(703) 918-6363

Contractors are required to accept credit cards for payments equal to or less than the micro-purchase threshold for oral or written delivery orders. Credit cards will be acceptable for payment above the micro-purchase threshold. In addition, bank account information for wire transfer payment will be shown on the invoice. The following telephone number (s) can be used by ordering activities to obtain technical and/or ordering assistance. **(703) 918-6363.**

3. Liability for Injury or Damage: The Contractor shall not be liable for any injury to ordering activity personnel arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

4. Statistical Data for Government Ordering Office Completion of Standard Form 279:

Block 9: G. Order/Modification Under Federal Schedule
Block 16: Data Universal Numbering System (DUNS): 112636576
Block 30: Type of Contractor: B. Other Small Business
Block 31: Woman-Owned Small Business: No
Block 36: Contractor's Taxpayer Identification Number (TIN): 54-1233442

4a. CAGE Code: 1CZ82

4b. Contractor has registered with the Central Contractor Registration Database.

5. FOB Destination

6. Delivery Schedule

(a) **TIME OF DELIVERY.** The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below.

Special Item Number	Delivery Time (Days ARO)
132-51	As negotiated between the Contractor and the Ordering Activity

(b) **URGENT REQUIREMENTS:** When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the

ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

7. **Discounts:** Prices shown are NET prices; Basic discounts have been deducted.
 - (a) Prompt Payment: None; Net 30 ARO
 - (b) Quantity: None
 - (c) Dollar Volume: None
 - (d) Government Educational Institutions: Government Educational Institutions are offered the same discounts as all other Government customers.
 - (e) Other: None

8. **Trade Agreements Act of 1979, as amended:** All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

9. **Statement Concerning Availability of Export Packing:** Export packing is available at extra cost outside the scope of this contract.

10. **Small Requirements:** The minimum dollar value of orders to be issued is \$100.

11. **Maximum Order:** (All dollar amounts are exclusive of any discount for prompt payment.)
 - (a) The maximum dollar value per order will be \$500,000 for all Information Technology Professional Services.
Special Item 132-51 - Information Technology (IT) Professional Services

12. ORDERING PROCEDURES FOR FEDERAL SUPPLY SCHEDULE CONTRACTS

Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.

- a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.
- b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.

13. FEDERAL INFORMATION TECHNOLOGY/TELECOMMUNICATION STANDARDS REQUIREMENTS: ordering activities acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED-STDS), which are cited by ordering activities, shall be responded to promptly by the Contractor.

13.1 FEDERAL INFORMATION PROCESSING STANDARDS PUBLICATIONS (FIPS PUBS): Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

13.2 FEDERAL TELECOMMUNICATION STANDARDS (FED-STDS): Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Acquisition Service, Specification Section, 470 East L'Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202)619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301)975-2833.

14. Contractor Tasks / Special Requirements (C-FSS-370) (NOV 2001)

- (a) Security Clearances: The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.
- (b) Travel: The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub .L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. The Industrial Funding Fee does NOT apply to travel and per diem charges.

NOTE: Refer to FAR Part 31.205-46 Travel Costs, for allowable costs that pertain to official company business travel in regards to this contract.

- (c) Certifications, Licenses and Accreditations: As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/ possessing

such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.

- (d) Insurance: As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.
- (e) Personnel: The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.
- (f) Organizational Conflicts of Interest: Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor's participation in such order may be restricted in accordance with FAR Part 9.5.
- (g) Documentation/Standards: The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency's order.
- (h) Data/Deliverable Requirements: Any required data/deliverables at the ordering level will be as specified or negotiated in the agency's order.
- (i) Government-Furnished Property: As specified by the agency's order, the Government may provide property, equipment, materials or resources as necessary.
- (j) Availability of Funds: Many Government agencies' operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government's obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.

15. Contract Administration for Ordering Activities:

Any ordering activity, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4 paragraphs (1) Termination for the ordering activity's convenience, and (m) Termination for Cause. (See C.1)

16. GSA Advantage!

The *GSA Advantage!* is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. *GSA Advantage!* will allow the user to perform various searches across all contracts including, but not limited to:
(1) Manufacturer

- (2) Manufacturer's Part Number; and
- (3) Product categories.

Agencies can browse *GSA Advantage!* by accessing the Internet World Wide Web utilizing a browser (ex: NetScape). The Internet address is <http://www.fss.gsa.gov>.

17. Purchase of Open Market Items:

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract.

For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) – referred to as open market items – to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, **only if-**

- (1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19)).
- (2) The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable:
- (3) The items are clearly labeled on the order as items not on the Federal Supply Schedule: and
- (4) All clauses applicable to items not on the Federal Supply Schedule are included in the order

18. Contractor Commitments, Warranties and Representations

- a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:
 - (1) Time of delivery/installation quotations for individual orders;
 - (2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/ service/software package submitted in response to requirements which result in orders under this schedule contract.
 - (3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.
- b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.

19. Overseas Activities

The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below:

Upon request of the Contractor, the ordering activity may provide the Contractor with logistics support, as available, in accordance with all applicable ordering activity regulations. Such ordering activity support will be provided on a reimbursable basis, and will only be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

20. BLANKET PURCHASE AGREEMENTS (BPAs)

The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

21. Contractor Team Arrangements

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Contractor's Reports of Sales and 552.238-76, Industrial Funding Fee, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

22. Installation, Deinstallation, Reinstallation

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall received less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act applies.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8.

23. Section 508 Compliance

If applicable, Section 508 Compliance information on the supplies and services in this contract are available in Electronic and Information Technology (EIT) at the following:
<http://www.section508.gov/>.

24. Prime Contractor Ordering From Federal Supply Schedules

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of a ordering activity, shall follow the terms of the applicable schedule and authorization and include with each order –

- (a) A copy of the authorization from the ordering activity with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and
- (b) The following statement:
This order is placed under written authorization from _____ dated _____. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

25. Insurance—Work On A Government Installation (JAN 1997) (FAR 52.228-5)

- (a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.
- (b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective—
 - (1) For such period as the laws of the State in which this contract is to be performed prescribe; or
 - (2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.
- (c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in

the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

26. SOFTWARE INTEROPERABILITY.

Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item's interface may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at <http://www.core.gov>.

27. ADVANCE PAYMENTS

A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the service already provided or the article already delivered. Advance or pre-payment is not authorized or allowed under this contract. (31 U.S.C. 3324)

**TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT)
PROFESSIONAL SERVICES (SPECIAL ITEM 132-51)**

1. SCOPE

- a. The prices, terms and conditions stated under Special Item Number 132-51 Information Technology Professional Services apply exclusively to IT Services within the scope of this Information Technology Schedule
- b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

2. PERFORMANCE INCENTIVES

- a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract in accordance with this clause.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

3. ORDER

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

4. PERFORMANCE OF SERVICES

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise

agreed to by the Contractor and the ordering activity.

- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.
- d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)

a. The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

- (1) Cancel the stop-work order; or
- (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

b. If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

- (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
- (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

c. If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

d. If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

6. INSPECTION OF SERVICES

The inspection of Services-Fixed Price (Aug 1996) (Deviation – May 2003) clause at FAR 52.246-4 applies to firm-fixed price orders placed under this contract. The Inspection-Time-and-Materials and Labor-Hour (Jan 1986) clause at FAR 52.246-6 applies to time-and-materials and labor-hour orders placed under this contract.

7. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Deviation – May 2003) Rights in Data – General, may apply.

8. RESPONSIBILITIES OF THE ORDERING ACTIVITY

Subject to security regulations, the ordering activity shall permit contractor access to all facilities necessary to perform the requisite IT service.

9. INDEPENDENT CONTRACTOR

All IT Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the Government.

10. ORGANIZATIONAL CONFLICTS OF INTEREST

a. Definitions .

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of

the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule

contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

11. INVOICES

The Contractor, upon completion of the work ordered, shall submit invoices for IT services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

12. PAYMENTS

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002), (Alternate II – Feb 2002) (Deviation – May 2003)) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements— Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:

- (a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.
- (b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—
 - (1) The offeror;
 - (2) Subcontractors; and/or
 - (3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

13. RESUMES

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

14. INCIDENTAL SUPPORT COSTS

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

15. APPROVAL OF SUBCONTRACTS

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

16. DESCRIPTION OF IT SERVICES AND PRICING

- a. The Contractor guarantees the satisfactory completion of all IT Services performed under the contract,
and shall exercise sufficient diligence to ensure the technical correctness and accuracy of the services performed. The Contractor shall perform at its sole expense, and services that are determined by the Government to be deficient, in order to ensure the satisfactory completion of such services.
- b. The Contractor further guarantees that all personnel utilized in the performance of IT Services under the contract shall have the education, experience and expertise. Please refer to AAC's Services - Skill Category Descriptions that provide a description of IT Services offered under SIN 132-51. This section describes employee labor categories, employee responsibilities, employee experience, and employee education with AAC's GSA Schedule Pricelist that follows.
- c. Other Direct Costs (ODCs) are available outside the scope of this contract. These costs will be negotiated separately with the ordering agency per the guidelines set forth in the FAR. For travel, Agencies are to follow the Federal Travel Regulations or Joint Travel Regulations, as applicable.

USA COMMITMENT TO PROMOTE SMALL BUSINESS PARTICIPATION PROCUREMENT PROGRAMS

PREAMBLE

AAC Inc. provides commercial products and services to the ordering activities. We are committed to promoting participation of small, small disadvantaged and women-owned small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

COMMITMENT

To actively seek and partner with small businesses.

To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.

To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts. To accelerate potential opportunities please contact Bruce E. Rhinehart, (703) 918-6363, Jim Francis, (703) 918-6328, or Yvonne Adair, (703) 918-6313.

**BEST VALUE
BLANKET PURCHASE AGREEMENT
FEDERAL SUPPLY SCHEDULE**

(Insert Customer Name)

In the spirit of the Federal Acquisition Streamlining Act (ordering activity) and (Contractor) enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Supply Schedule Contract(s) _____.

Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of offers. Teaming Arrangements are permitted with Federal Supply Schedule Contractors in accordance with Federal acquisition Regulation (FAR) 9.6.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the ordering activity that works better and costs less.

Ordering Activity Date

Contractor Date

BPA NUMBER _____

(CUSTOMER NAME)
BLANKET PURCHASE AGREEMENT

Pursuant to GSA Federal Supply Schedule Contract Number(s) _____, Blanket Purchase Agreements, The Contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (ordering activity):

(1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

MODEL NUMBER/PART NUMBER	*SPECIAL BPA DISCOUNT/PRICE
_____	_____
_____	_____
_____	_____

(2) Delivery:

DESINATION	DELIVERY SCHEDULES / DATES
_____	_____
_____	_____
_____	_____

(3) The ordering activity estimates, but does not guarantee, that the volume of purchases thorough this agreement will be _____.

(4) This BPA does not obligate any funds.

(5) This BPA expires on _____ or at the end of the contract period, whichever is earlier.

(6) The following office(s) is hereby authorized to placer orders under this BPA:

OFFICE	POINT OF CONTACT
_____	_____
_____	_____
_____	_____

(7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX, or paper.

(8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

(a) Name of Contractor;

- (b) Contract Number;
- (c) BPA Number;
- (d) Model Number or National Stock Number (NSN);
- (e) Purchase Order Number;
- (f) Date of Purchase;
- (g) Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and
- (h) Date of Shipment.

(9) The requirements of a proper invoice are specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

(10) The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor's invoice, the provisions of this BPA will take precedence.

BASIC GUEDELINES FOR USING “CONTRACTOR TEAM ARRANGEMENTS”

Federal Supply Schedule Contractors may use “Contract Team Arrangements” (See FAR 9.6) to provide solutions when responding to an ordering activity requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule Contracts.

Orders under a Team Arrangement are subject to terms and conditions of the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- The customer identifies their requirements.
- Federal Supply Schedule Contractors may individually meet the customers needs, or –
- Federal Supply Schedule contractors may individually submit a Schedules “Team Solution” to meet the customer’s requirement.
- Customers make a best value selection.

Services
Skill Category Descriptions

001-Technical Director

Category Description: Oversees a wide variety of projects in functional areas. Functional areas include engineering, systems analyst, and quality control. Focal point for the client. Confers with client and project manager to provide technical advice and to assist with problem resolution.

Education: MS and 10 years, or an equivalent of 16 years work related experience.

002-Project Manager

Category Description: Manages engineers, analysts, technicians and others in the performance and delivery on a contract. Tasks may include systems design, analysis, programming, evaluation, installation, testing and application. Responsible for administrative direction of contract.

Education: BS and 7 years, or an equivalent of 11 years work related experience.

003-Task Manager

Category Description: On major contracts assists the technical director or project manager in the administrative direction of the contract including status reports, task assignments, budgeting and time reporting.

Education: BS and 5 years, or an equivalent of 9 years work related experience.

004-Task Technical Lead

Category Description: Provides direct customer interface at the task leader level. Assists in development of a plan describing the technical approach, organizational resources and management controls to be employed to meet the cost performance and schedule requirements.

Education: BS and 7 years, or an equivalent of 11 years work related experience

005-Administrative Support

Category Description: Provides administrative support including documentation, planning, and support, project administration, office support, human resource planning and event administration.

Education: HS, or an equivalent of 3 years work related experience.

006-Technical Editor / Writer

Category Description: Assists in collecting, editing and organizing information required for preparation of manuals, training materials, guides, and other reports and deliverables.

Education: BS and 2 years, or an equivalent of 6 years work related experience.

007-Senior Training Specialist

Category Description: Organize, prepare and conduct complex training and educational programs for information systems or user personnel. May design and develop programs, maintain records of training activities, employee progress and program effectiveness. Competent to work at the highest level of all phases of information systems training including traditional classroom instruction, computer assisted instruction, interactive computer assisted instruction and interactive video. Develop, maintain, and enhance training curriculum. Provide scheduled formal and/or informal training classes to system users to increase user competence and minimize user problems.

Education: BS and 4 years, or an equivalent of 8 years work related experience.

008-Training Specialist

Category Description: Develop state-of-the-art curricula, materials and handbook. Conduct training classes and provide training overviews. Conduct and report on training evaluations.

Education: BS and 2 years, or an equivalent of 6 years work related experience.

009-Quality Assurance Manager

Category Description: Maintains the level of quality throughout the project life cycle. Maintains a process for evaluating systems and associated documentation. Conducts formal and informal reviews. Reviews work products for correctness, adherence to concept and standards. Coordinates problem solutions and user satisfaction.

Education: BS and 2 years, or an equivalent of 6 years work related experience.

010-Senior Technologist

Category Description: Provides guidance and multi-disciplined leadership to evaluate client's needs and develop effective solutions on a cost-effective basis. Plans, develops and administers policies covering broad function areas. Oversees the work of staff and senior level professionals. Schedules and allocates work, provides advice, guidance and training to subordinates. May lead or coordinate complex task project teams.

Education: MS and 10 years, or an equivalent of 16 years work related experience.

011-Senior Consultant

Category Description: Specialist, highly expert and experienced in a particular technology. Produces innovative and state-of-the-art solutions to complex problems.

Education: BS and 4 years, or an equivalent of 8 years work related experience.

012-Consultant

Category Description: Specialist, expert and experienced in a particular technology. Produces innovative solutions to problems.

Education: BS and 2 years, or an equivalent of 6 years work related experience.

013-Systems Engineer IV

Category Description: Provides a wide variety of network analysis and engineering tasks in the design and implementation of integrated networks. Acts as a lead in defining and executing systems engineering activities including planning, testing, validation and staffing.

Education: MS and 7 years, or an equivalent of 13 years work related experience.

014-Systems Engineer III

Category Description: Defines and executes system engineering activities. These activities may include planning, performance management, testing, validation, bench-marking and documentation.

Education: BS and 7 years, or an equivalent of 11 years work related experience.

015-Systems Engineer II

Category Description: Under general supervision, defines and executes systems engineering activities. These activities may include planning, performance management, testing, validation, bench-marking and documentation.

Education: BS and 5 years, or an equivalent of 9 years work related experience.

016-Systems Engineer I

Category Description: Under supervision, defines and executes systems engineering activities. These activities may include planning, performance management, testing, validation, bench-marking and documentation.

Education: BS and 2 years, or an equivalent of 6 years work related experience.

017-Communications Engineer IV

Category Description: Leads, analyzes, planning, design, engineering, implementation management or support of communications systems to include local, wide, and metropolitan area networks and information technology infrastructure which could include fiber optics, cable, copper cable, FDDI, RF, DSP, Tempest. Documents the existing information technology architectures, designs the target architecture, and provides migration strategies.

Education: BS and 5 years, or an equivalent of 9 years work related experience.

018-Communications Engineer III

Category Description: Leads, analyzes, planning, design, engineering, implementation management or support of communications systems to include local, wide, and metropolitan area networks and information technology infrastructure which could include fiber optics, cable, copper cable, FDDI, RF, DSP, Tempest. Documents the existing information technology architectures, designs the target architecture, and provides migration strategies.

Education: BS and 4 years, or an equivalent of 8 years work related experience.

019-Communications Engineer II

Category Description: Has knowledge in one or more aspects of communication network architects. May possess broad knowledge in network integration, network interoperability, communication technologies or network protocols.

Education: BS and 2 years, or an equivalent of 6 years work related experience.

020-Communications Engineer I

Category Description: Has knowledge in one or more aspects of communication network architects. May possess broad knowledge in network integration, network interoperability, communication technologies or network protocols.

Education: BS and 1 year, or an equivalent of 5 years work related experience.

021-Engineer IV

Category Description: Performs a variety of network engineering tasks, either independently or under supervision, which is broad in nature and is concerned with the design and implementation of integrated networks including personnel, hardware, software and support facilities and/or equipment.

Education: BS and 1 year, or an equivalent of 5 years work related experience.

022-Engineer III

Category Description: Under supervision, performs a variety of network engineering tasks which are broad in nature and are concerned with the design and implementation of integrated networks including personnel, hardware, software and support facilities and/or equipment.

Education: AS and 3 years, or an equivalent of 5 years work related experience.

023-Engineer II

Category Description: Under supervision, performs a variety of network engineering tasks which are broad in nature and are concerned with the design and implementation of integrated networks including personnel, hardware, software and support facilities and/or equipment.

Education: AS and 2 years, or an equivalent of 4 years work related experience.

024-Engineer I

Category Description: Under supervision, performs a variety of network engineering tasks which are broad in nature and are concerned with the design and implementation of integrated networks including personnel, hardware, software and support facilities and/or equipment.

Education: AS and 1 year, or an equivalent of 3 years work related experience.

025-Technician IV

Category Description: Works under supervision to perform a variety of network engineering tasks which are broad in nature, including the design and implementation of integrated networks, hardware, software and support facilities and/or equipment, engineering research, design development, and customer specifications.

Education: HS or an equivalent of 4 years work related experience.

026-Technician III

Category Description: Works under supervision to perform a variety of network engineering tasks which are broad in nature, including the design and implementation of integrated networks, hardware, software and support facilities and/or equipment, engineering research, design development, and customer specifications.

Education: HS or an equivalent of 3 years work related experience.

027-Technician II

Category Description: Works under supervision to perform a variety of network engineering tasks which are broad in nature, including the design and implementation of integrated networks, hardware, software and support facilities and/or equipment, engineering research, design development, and customer specifications.

Education: HS or an equivalent of 2 years work related experience.

028-Technician I

Category Description: Works under supervision to perform a variety of network engineering tasks which are broad in nature, including the design and implementation of integrated networks, hardware, software and support facilities and/or equipment, engineering research, design development, and customer specifications.
Education: HS, or an equivalent of 1 year work related experience.

029-Intern II

Category Description: Duties will include, but are not limited to, supporting engineers and project managers in providing network management, installation, hardware components or software development.
Education: HS

030-Intern I

Category Description: Duties will include, but are not limited to, supporting engineers and project managers in providing network management, installation, hardware components or software development.
Education: HS

031-Help Desk III

Category Description: Manages the help desk function and personnel. Provides daily supervision and direction to staff who are responsible for phone and in person support to users in the area of email, directories, standard Windows desktop applications and applications developed or deployed under the contract. The personnel serve as the first point of contact for troubleshooting hardware/software, PC and printer problems.
Education: AS and 3 years, or an equivalent of 5 years work related experience.

032-Help Desk II

Category Description: Serves as the point of contact for troubleshooting hardware/software, PC and printer problems. Provides phone and in person support to users in the areas of email, directories, standard Windows desktop applications and applications developed under the contract.
Education: HS or an equivalent of 3 years work related experience.

033-Help Desk I

Category Description: Serves as the point of contact for troubleshooting hardware/software, PC and printer problems. Provides phone and in person support to users in the areas of email, directories, standard Windows desktop applications and applications developed under the contract.
Education: HS or an equivalent of 3 years work related experience.

034-Data Entry Clerk II

Category Description: Performs data entry and verification using contemporary FIP entry devices. Data is from numerous types of source documents requiring various formats. May be required to code data to forms prior to data entry. May be required to perform start up and shut down of various automated systems.

Education HS or an equivalent of 3 years work related experience.

035-Data Entry Clerk I

Category Description: Performs data entry via online data terminal, key to disk, or similar device. Verifies data entered. Works under supervision.

Education: HS or an equivalent of 3 years work related experience.

036-Systems Analyst IV

Category Description: Senior scientist who independently performs a variety of systems design and engineering tasks which are broad in nature and are concerned with design and implementation of major systems development and integration, including supporting personnel, hardware, software and support facilities and/or equipment. Is considered a subject matter expert in one or more areas of computer systems design and networking.

Education: MS and 7 years, or an equivalent of 14 years work related experience.

037-Systems Analyst III

Category Description: Acts as a lead in performing systems analysis of computer and communications network systems. Oversees the overall installation of computer operating systems, network and application software. Has the ability to adapt to new situations and environments. Possesses keen troubleshooting skills.

Education: MS and 6 years, or an equivalent of 13 years work related experience.

038-Systems Analyst II

Category Description: Performs systems analysis of computer and communications / network systems. Oversees the overall installation of computer operating systems, network, and application software. Has the ability to adapt to new situations and environments.

Education: MS and 5 years, or an equivalent of 12 years work related experience.

039-Systems Analyst I

Category Description: Under general supervision, performs systems analysis of computer and communications / network systems, performs systems installation of

computer operating systems, network, application software, and computer network hardware. Provides hotline support to customers.

Education: BS and 5 years, or an equivalent of 9 years work related experience.

040-Analyst IV

Category Description: Under general supervision, performs analysis of computer and communications / network systems. Performs systems installation of computer operating systems, network, application software, and computer network hardware. Provides hotline support to customers.

Education: BS and 4 years, or an equivalent of 8 years work related experience.

041-Analyst III

Category Description: Under supervision, performs analysis of computer and communications / network systems, performs systems installation of computer operating systems, network, applications software, and computer network hardware. Provides hotline support to customers.

Education: BS and 3 years, or an equivalent of 7 years work related experience.

042-Analyst II

Category Description: Under supervision, performs analysis of computer and communications / network systems, performs systems installation of computer operating systems, network, applications software, and computer network hardware. Provides hotline support to customers.

Education: AS and 4 years, or an equivalent of 6 years work related experience.

043-Analyst I

Category Description: Under supervision, performs analysis of computer and communications / network systems, performs systems installation of computer operating systems, network, applications software, and computer network hardware. Provides hotline support to customers.

Education: AS and 3 years, or an equivalent of 5 years work related experience.

044-Database Administrator III

Category Description: Provides technical expertise in the use of DBMS, evaluates and recommends available DBMS products to support validated user requirements, defines file organization, indexing methods, and security procedures for specific user applications.

Education: BS and 3 years, or an equivalent of 7 years work related experience.

045-Database Administrator II

Category Description: Works under general supervision, usually as part of a team, to execute various database projects. Work may involve the development and maintenance of database software, as well as problem resolution.

Education: BS and 2 years, or an equivalent of 6 years work related experience.

046-Database Administrator I

Category Description: Works under supervision, usually as part of a team, to execute various database projects. Work may involve the development and maintenance of database software, as well as problem resolution.

Education: BS and 2 years, or an equivalent of 6 years work related experience.

047-Database Developer IV

Category Description: Performs systems analysis, design, integration, programming, documentation, and implementation of applications which are administrative or business oriented in nature using a database as a development tool. Directs and participates in all phases of complex systems development activities involving interfaces between database applications and systems developed using other tools. Applies business and data manipulation principles and methods to technical problems to arrive at automated solutions. Designs and repairs technical reports and related documentation.

Education: MS and 7 years, or an equivalent of 14 years work related experience.

048-Database Developer III

Category Description: Performs systems analysis, design, integration, programming, documentation, and implementation of applications which are administrative or business oriented in nature using databases as a development tool. Participates in all phases. Has full technical knowledge of all phases of applications systems analysis and programming.

Education: MS and 5 years, or an equivalent of 12 years work related experience.

049-Database Developer II

Category Description: Under general supervision, designs, implements, and maintains moderately complex databases. Includes maintenance of database directories and integration of systems through database design.

Education: BS and 5 years, or an equivalent of 9 years work related experience.

050-Database Developer I

Category Description: Under immediate supervision, assists in the implementation and maintenance of databases.

Education: BS and 4 years, or an equivalent of 8 years work related experience.

051-Applications Developer IV

Category Description: Formulates/defines systems scope and objectives for assigned projects. Devises or modifies procedures to solve complex problems concerning computer equipment capacity and limitations, operating time and form of desired results. Prepares detailed specifications from which programs will be written. Responsible for program design coding, testing, debugging and documentation. Has full knowledge of all phases of applications systems analysis and programming. Has good understanding of the business or function for which application is desired.

Education: MS and 7 years, or an equivalent of 14 years work related experience.

052-Applications Developer III

Category Description: Acts independently, under general direction, formulates/designs systems scope and objectives. Devises or modifies procedures to solve complex problems. Responsible for program design, coding, testing, debugging and documentation. Has full technical knowledge of all phases of applications systems analysis and programming.

Education: MS and 5 years, or an equivalent of 12 years work related experience.

053-Applications Developer II

Category Description: Under general supervision, formulates and defines systems scope and objectives through research and fact finding to develop or modify moderately complex information systems. Prepares detailed specifications from which programs will be written. Designs, codes, tests, debug documents and maintains those programs. Competent to work on most phases, but requires guidance in other phases.

Education: BS and 5 years, or an equivalent of 9 years work related experience.

054-Applications Developer I

Category Description: Under immediate supervision, assists in research and fact finding to develop or modify information systems. Assists in preparing detailed specifications from which programs will be written. Designs, codes, tests, debugs, documents and maintains those programs.

Education: BS and 4 years, or an equivalent of 8 years work related experience.

055-Software Engineer IV

Category Description: Under general supervision, engineer's software solutions based upon client requirements. Works on projects that make use of commercially available or custom computer aided software engineering tools. Develops technical documentation detailing the project design parameters.

Education: BS and 4 years, or an equivalent of 8 years work related experience.

056-Software Engineer III

Category Description: Under general supervision, engineers software solutions based on client requirements. Makes use of commercially available or custom computer aided software engineering tools.

Education: BS and 3 years, or an equivalent of 7 years work related experience.

057-Software Engineer II

Category Description: Under general supervision, engineer's software solutions based upon client requirements. Makes use of commercially available or custom computer aided software engineering tools. Supports a Senior Software Engineer as required.

Education: AS and 4 years, or an equivalent of 6 years work related experience.

058-Software Engineer I

Category Description: Under general supervision, engineer's software solutions based upon client requirements. Makes use of commercially available or custom computer aided software engineering tools. Supports a Senior Software Engineer as required.

Education: AS and 3 years, or an equivalent of 5 years work related experience.

059-Programmer IV

Category Description: Analyzes, designs, codes and documents complex applications for computers and related equipment. Performs technical tasks using both standard and non-standard analysis, design, and programming techniques. Determines customer requirements and analyzes problems in terms of user requirements, input data and form, output data and form, available computer configuration, processing, turn around requirements, input and output checking and overall problem schedule requirements. Develops and writes machine or some other source language instructions.

Education: BS and 4 years, or an equivalent of 8 years work related experience.

060-Programmer III

Category Description: Under supervision, performs technical tasks using standard and non-standard analysis design, and programming methods and techniques. Analyze problems in terms of user requirements, input data and form, output data and form. Develops coding level flow charts and associated descriptive text from general program statements, and code assigned segments of a program using machine and/or other program languages. Assists in developing test routines and data.

Education: BS and 2 years, or an equivalent of 6 years work related experience.

061-Programmer II

Category Description: Under supervision, performs technical tasks using standard and non-standard analysis design, and programming methods and techniques. Analyze problems in terms of user requirements, input data and form, output data and form. Develops coding level flow charts and associated descriptive text from general program statements, and code assigned segments of a program using machine and/or other program languages. Assists in developing test routines and data.

Education: AS and 4 years, or an equivalent of 6 years work related experience.

062-Programmer I

Category Description: Under supervision, performs routine technical tasks using standard programming methods and techniques. Develops coding level flow charts and associated descriptive text from general programming statements and code assigned segments of a program using machine and/or other program languages. Assists in developing test routines and data. Test code and assist in evaluation of the total project.

Education: AS and 2 years, or an equivalent of 4 years work related experience.

063-Internet Design Specialist IV

Category Description: Experienced in building and maintaining internet applications and solutions in a complex mainframe or client server environment. Experienced in developing web sites and web pages and coordinating the integration of web technology with software applications and database management systems. Experienced in the usage of FTP, Gopher, and WWW to retrieve documents.

Education: BS and 4 years, or an equivalent of 8 years work related experience.

064-Internet Design Specialist III

Category Description: Experienced in all version of HTML markups. Expertise in editing major documents for internet applications. Able to utilize FTP, Gopher, WWW to retrieve and modify documents. Familiar with internet tools such as editors, converters and helper applications used to produce HTML documents.

Education: BS and 2 years, or an equivalent of 6 years work related experience.

065-Internet Design Specialist II

Category Description: Experienced in the design of web sites and web pages. Creates and optimizes graphic images and logos. Provides visual structure and incorporates interactive applications into web pages and collection designs.

Education: AS and 4 years, or an equivalent of 6 years work related experience.

066-Internet Design Specialist I

Category Description: Experienced in utilization of word processing applications / software. Knowledge of HTML codes required for text, tables and graphics.

Education: AS and 2 years, or an equivalent of 4 years work related experience.
