Information for Ordering Activities Applicable to All Special Item Numbers
SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage! on-line shopping service (www.gsaadvantage.gov). The catalogs/pricelists, GSA Advantage! and the Federal Acquisition Service Home Page (www.gsa.gov/fas) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

The software may be used by any subdivision of the ordering activity (service, bureau, division, command, etc.) that has access to the site the software is placed at, even if the subdivision did not participate in the acquisition of the software. Further, the software may be used on a sharing basis where multiple agencies have joint projects that can be satisfied by the use of the software placed at one ordering activity's site. This would allow other agencies access to one ordering activity's database. For ordering activity public domain databases, user agencies and third parties may use the computer program to enter, retrieve, analyze and present data. The user ordering activity will take appropriate action by instruction, agreement, or otherwise, to protect the Contractor's proprietary property with any third parties that are permitted access to the computer programs and documentation in connection with the user ordering activity's permitted use of the computer programs and documentation. For purposes of this section, all such permitted third parties shall be deemed agents of the user ordering activity.
 - 3) Except as is provided in paragraph 8.b(2) above, the ordering activity shall not provide or otherwise make available the software or documentation, or any portion thereof, in any form, to any third party without the prior written approval of the Contractor. Third parties do not include prime Contractors, subcontractors and agents of the ordering activity who have the ordering activity's permission to use the licensed software and documentation at the facility, and who have agreed to use the licensed software and documentation only in accordance with these restrictions. This provision does not limit the right of the ordering activity to use software, documentation, or information therein, which the ordering activity may already have or obtains without restrictions.
 - 4) The ordering activity shall have the right to use the computer software and documentation with the computer for which it is acquired at any other facility to which that computer may be transferred, or in cases of disaster recovery, the ordering activity has the right to transfer the software to another site if the ordering activity site for which it is acquired is deemed to be unsafe for ordering activity personnel; to use the computer software and documentation with a backup computer when the primary computer is inoperative; to copy computer programs for safekeeping (archives) or backup purposes; to transfer a copy of the software to another site for purposes of benchmarking new hardware and/or software; and to modify the software and documentation or combine it with other software, provided that the unmodified portions shall remain subject to these restrictions.
 - 5) "Commercial Computer Software" may be marked with the Contractor's standard commercial restricted rights legend, but the schedule contract and schedule pricelist, including this clause, "Utilization Limitations" are the only governing terms and

conditions and shall take precedence and supersede any different or additional terms and conditions included in the standard commercial legend.

9. Software Conversions - (511210 / 132-32 And 132-33)

Full monetary credit will be allowed to the ordering activity when conversion from one version of the software to another is made as the result of a change in operating system, or from one computer system to another. Under a perpetual license (132-33), the purchase price of the new software shall be reduced by the amount that was paid to purchase the earlier version. Under a term license (132-32), conversion credits which accrued while the earlier version was under a term license shall carry forward and remain available as conversion credits which may be applied towards the perpetual license price of the new version.

Any replacement Hardware will be warranted for the remainder of the original Limited Hardware Warranty period or ninety (90) days, whichever is longer. (b) Licensed Software will operate in substantial conformity with the

If, in BlackStratus' reasonable opinion, neither of the foregoing options is commercially feasible, BlackStratus will refund the license fees paid for the Licensed Software less depreciation as defined in U.S. Department of Treasury regulations. Any replacement software will be warranted for the remainder of the original Limited Software Warranty period or thirty (30) days, whichever is longer. (c) ANY HARDWARE, SIEM SOFTWARE OR APPLIANCE PROVIDED UNDER SECTION 2.6 IS PROVIDED STRICTLY ON AN "AS IS" BASIS, WITH NO WARRANTY OF ANY KIND.

3.2. 5.1.1 Subject to the terms and conditions of this Agreement, EIQ hereby grants to LICENSEE a limited, nonexclusive, personal, non-sublicenseable and non-transferable license under EIQ's intellectual property rights to install, and if applicable evaluate, the Products solely for Authorized Uses. LICENSEE must request and obtain a base license in accordance with EIQ's price list by providing the SystemIdentifier file of the system on which the Software is installed. This license permits LICENSEE to use the Software only for Authorized Uses to collect, analyze and report on log, event, configuration, asset, performance, flow and vulnerability activity data from a limited number of nodes for which the LICENSEE purchased licenses. New, updated or additional licenses are required for supporting additional nodes and functions, and additional licenses are required for additional Software modules or components (including but not limited to policies, regulations and best practices) in accordance with EIQ's price list in effect at the time orders are placed. For purposes of this license (a) a "node" is defined as any EIQ-supported device, application, server or workstation, and (b) a Product is in "use" on a computer when it is loaded into the temporary memory (RAM) or installed into the permanent memory (HARD DISK/CD ROM, or other storage device) of any computer within LICENSEE's networks. A separate license is required for each physical node on which a Product will be used to collect, analyze, monitor, report, manage and configure any data.

5.1.2 The Products are licensed based on node IP address, node ID, node Name or a Unique Identifier (UID). To obtain this license, LICENSEE is required to provide EIQ with the System Identifier (System ID of the system on which the Product is installed that is generated by, and constitutes Confidential Information of, EIQ) so that EIQ can generate the appropriate license key. If LICENSEE subsequently wishes to change the system on which the Product is installed, LICENSEE must submit a written letter (on its company letterhead) requesting that EIQ issue a new license key. EIQ at its sole discretion will determine if it will issue a new license key. LICENSEE may make one (1) copy of the Software and the Documentation for archival and backup purposes, provided that LICENSEE

will reproduce on or in such copy any copyright, trademark, trade name, or other proprietary marking that may appear on or in the Products copied.

5.1.3 The Products include proprietary information owned by EIQ or its third party licensors and the Software and the Documentation are provided to LICENSEE solely under license and not by sale. EIQ and its third party licensors will continue to own their respective interests and intellectual property rights in the Products.

5.1.4 EIQ reserves the right to make changes to any Products whenever such changes, (a) are required for safety, (b) facilitate performance in accordance with specifications, or (c) represent substitutions and modifications in accordance with applicable product performance specifications, provided however that such changes shall not impede LICENSEE's Authorized Use of any Products.

5.1.5 LICENSEE shall not itself, or through any affiliate, agent, or third party: (a) decompile, disassemble, or otherwise reverse engineer any Product, or attempt to reconstruct or discover any source code, underlying ideas, algorithms, file formats or programming interfaces of any Product by any means whatsoever, except to the extent applicable laws specifically prohibit such restrictions, (b) modify, adapt, translate, or create derivative works based upon any Product (c) transfer, lease, sublicense, sell, resell for profit, distribute, or otherwise grant any rights in any Product in any form to any other party, (d) use any Product on a commercial time-sharing, rental, or service bureau basis, or in any manner or for any purpose other than an Authorized Use; or (e) disclose to any third party any underlying ideas or algorithms, performance information, test results or analyses learned by LICENSEE or created by or for LICENSEE (including, without limitation, benchmarks) relating to any Products. LICENSEE shall only have the rights with respect to the Products expressly set forth in this Agreement; all other rights are expressly reserved to EIQ and its licensors.

5.1.6 LICENSEE acknowledges that the Products, and all trade secret, copyright, patent, trademark, trade name, and other intellectual and proprietary rights in the Products, are and at all times shall remain the valuable property of EIQ and its licensors, or their respective successors or assigns. LICENSEE agrees that, except as provided in this Section 5, nothing contained in this Agreement shall be construed as granting or conferring by implication, estoppel, or otherwise, any license or right under any patent, trademark, copyright, or other proprietary right, whether now existing or hereafter obtained, and no such license or other right shall arise from this Agreement or from any acts or omissions in connection with the execution of this Agreement or the performance of the obligations of the parties.

5.1.7 LICENSEE agrees (a) to respect and observe and not to alter, remove, or conceal any copyright, trademark, trade name, or other proprietary marking that may appear on or in the Products, and (b) that LICENSEE is responsible for itself obtaining any additional software, hardware, or technologies not provided by EIQ under this Agreement and required to operate the Products, including but not limited to communications devices and Internet access services.

5.1.8 LICENSEE consents to the operation of the Products' communications features. Once LICENSEE installs the Software, installation details will be sent in communications with EIQ's servers.

5.1.9 LICENSEE agrees to promptly notify EIQ of any violation of any of the terms of this Section 5.1 by LICENSEE or others of which it becomes aware.

Third party technology that may be appropriate or necessary for use with some EIQ programs is specified in the program documentation. **The parties acknowledge that the terms of this contract do not apply to such third party technology. The applicability of any third party technology license agreement specified in the program documentation or readme files or notice files that may be delivered to you with any EIQ component shall be determined solely between you and the third party licensor. EIQ shall have no liability to you or to any other party arising out of such third party license agreement.**

These LICENSEE responsibilities include but are not limited to (a) providing EIQ with specific details regarding LICENSEE's business requirements and operating procedures as they relate to the application of the Services to be performed by EIQ, (b) proper installation of and timely access to all necessary network devices and other computer hardware, facilities, and applications and other software in accordance with mutually agreeable and reasonable schedules, (c) development and signing of statement of work agreements where appropriate, (d) assignment of appropriate personnel to coordinate Services delivery with EIQ in a timely manner, and (e) agreeing to the relevant delivery schedules.

If LICENSEE satisfactorily demonstrates to EIQ within such thirty (30) day period that a Product does not so perform, then as EIQ's sole and exclusive liability and as LICENSEE's sole and exclusive remedy, EIQ shall at its sole option either (a) use commercially reasonable efforts to correct the errors reported by LICENSEE, (b) replace the Product with a substantially conforming Product, or (c) refund the price paid for the nonconforming Product. EIQ does not warrant the results of its correction or replacement services. Correction or replacement under the immediately preceding sentence, and the issuance of any corrections, patches, bug fixes, workarounds, upgrades, enhancements, or Updates by EIQ to LICENSEE, shall not be deemed to begin a new, extended, or additional trade period. Any replacement Product will be warranted for the remainder of the original warranty period. LICENSEE MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION.

7.2.2 THE THIRD PARTY SOFTWARE AND ANY EVALUATION PRODUCTS ARE PROVIDED TO LICENSEE "AS IS" WITHOUT WARRANTY OF ANY KIND BY EIQ, INCLUDING BUT NOT LIMITED TO ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT.

7.2.3 No representation or other affirmation of fact, whether made by EIQ employees, a Reseller or otherwise, shall be deemed a warranty by EIQ for any purpose or give rise to any liability of EIQ whatever unless contained in this Agreement.

8. INFRINGEMENT

8.1 Indemnity by EIQ. If a third party acting against LICENSEE claims, threatens to claim, or obtains a judicial or administrative determination that a Product infringes its patent, copyright, or trade secret rights, EIQ shall have the option, at its own expense and as agreed to by the parties, to (a) defend LICENSEE at EIQ's expense and pay all damages that a tribunal finally awards, (b) obtain for LICENSEE the right to continue using the infringing item, (c) replace the infringing item or modify it so that it shall become non-infringing with no substantial degradation, or (d) remove the infringing portion of the Product and refund the proportional fee that LICENSEE paid for such portion, pro rata, on a five-year straight-line depreciation basis, provided that to the extent allowed under 28 U.S.C. 516, LICENSEE shall promptly notify EIQ in writing of the claim, and allow EIQ to control, and cooperate with EIQ in, the defense and any related settlement negotiations.

EIQ shall not be bound by any settlement of any charge of infringement made without the prior written consent of EIQ.

9.1 Limitation. It is expressly agreed that each party's maximum liability for damages to the other party under or in connection with this Agreement, regardless of the form of legal action, whether in contract or in tort, including negligence, shall in no event exceed the actual payments received by EIQ or the Reseller for the Products or Services that caused such damage or that are directly related to the cause of action, except that no such limitation on damages shall apply to losses due to either party's breach of Section 12.11, or LICENSEE's violation of EIQ's intellectual property rights, or LICENSEE's breach any of the licenses or license restrictions set forth in this Agreement. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Agreement under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733.

9.2 No Consequential Damages. IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR SPECIAL, INDIRECT, OR CONSEQUENTIAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFITS, LOSS OF REVENUE, LOSS OF USE, OR LOSS OF DATA, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH LOSS, OR, IF REASONABLY FORESEEABLE, INCURRED BY THE OTHER PARTY OR CLAIMED AGAINST THE OTHER PARTY BY ANY OTHER PARTY. NEITHER PARTY'S LIABILITY FOR DEATH OR PERSONAL INJURY RESULTING FROM THE NEGLIGENCE OF A PARTY OR THAT OF ITS EMPLOYEES OR AGENTS OR IN RELATION TO ANY OTHER LIABILITY THAT MAY NOT BY APPLICABLE LAW BE EXCLUDED OR LIMITED IS EXCLUDED OR LIMITED, AND NOTHING IN THIS AGREEMENT SHALL BE CONSTRUED AS AN ATTEMPT TO EXCLUDE OR LIMIT SUCH LIABILITY.

4. INCIDENT REPORTING AND RESPONSE.

4.1 Incident Reporting. For each incident reported by LICENSEE, LICENSEE will provide information that facilitates timely problem determination and resolution. EIQ will review and verify the information submitted, and if any critical information is missing the incident report will be returned to LICENSEE for further completion. All incident reports must be submitted by LICENSEE using the Contact Information set forth above, except that all suspected Tier 1 incident reports must be reported by telephone. The following information must be included in each incident report:

- EIQ Product and version being used.
- LICENSEE identification (company, user name and phone number).
- Time and date of the incident.
- Detailed Step by Step Description of the incident
- Product troubleshooting log files.
- Severity of the incident or problem.
- List of actions taken by LICENSEE to verify the incident.
- List of actions taken by LICENSEE in attempts to resolve the incident.

Upon receipt of an incident report from the LICENSEE, EIQ will (i) verify the reported issue if the incident can be recreated with an unmodified version of the Product, and (ii) determine the severity of the incident, its Priority, and whether the incident was caused by an Error.

4.2 Priority Definition Table. Incident Priority	Description
Tier 1 (Critical)	LICENSEE is experiencing a significant business impact. Restoration of service and data gathering are paramount. No valid workaround is yet available.
Tier 2 (Moderate)	LICENSEE is experiencing a moderate business impact and/or requires important information. Restoration may require small amount of user intervention. A valid workaround may be available, but is not optimal.
Tier 3 (Low)	LICENSEE is experiencing no business impact. Problem is minor or cosmetic in nature, or customer simply requires some information. If there is a problem, a tolerable workaround is readily available.

4.3 Target Acknowledgement and Resolution times. EIQ will use commercially reasonable efforts to resolve problems reported by LICENSEE and verified by EIQ in accordance with the priority level assigned to such incident by EIQ. The following guidelines set forth the target acknowledgement and resolution timelines for each priority level. Times are measured from time of EIQ receipt of an incident

report during the stated support hours, and are estimates only. Escalation to higher levels of EIQ management and Engineering will occur if response times or resolution targets are not met.

Priority Level	Target Acknowledgement Times	Target Resolution and Times
Tier 1	1 Hour	Temporary workaround or permanent fix within forty-eight (48) hours of receipt of incident report. Periodic reports on the status of corrections every business day.
Tier 2	8 Hours	Temporary workaround or permanent fix within seven (7) business days following receipt of incident report. Periodic reports on the status of corrections every two (2) business days.

EIQ reserves the right to discontinue providing maintenance and support Services for any Product upon not less than ninety (90) days prior written notice.

4.5 Services Outside Scope. If EIQ believes that an incident reported by LICENSEE may not be caused by an Error, EIQ will so notify LICENSEE. At that time, LICENSEE may (i) instruct EIQ to proceed with problem determination at LICENSEE’s potential expense, or (ii) instruct EIQ not to proceed with problem determination, in which case EIQ shall have no further obligation related to that incident report. If LICENSEE requests that EIQ proceed with problem determination at LICENSEE’s potential expense and EIQ determines that the incident was not due to an Error, LICENSEE shall amend the Order to pay EIQ, at EIQ’s then current and standard consulting rates, for all work performed in connection with such determination, plus reasonable related expenses so incurred by EIQ. LICENSEE shall not be liable for (a) problem determination or repair to the extent problems are due to Errors, (b) work performed under this Section in excess of its instructions, or (c) work performed after LICENSEE has notified EIQ that it no longer wishes work on the problem determination to be continued at its potential expense.

site(s), and/or other restrictions/limitations described in this Agreement (including the applicable Product Schedule). Customer may also maintain a reasonable number of copies of the Software on its systems for backup and recovery purposes.

3. Evaluation or Beta License and Terms Specific to Evaluation Copies of Software. For any evaluation or beta copies of other MobileIron Software provided to Customer after the Effective Date under the terms of this Agreement, the following shall apply (notwithstanding any contrary term specified in any other sections of this Agreement): (A) the license for evaluation or beta copies Software is limited to the evaluation term permitted by MobileIron (or its Authorized Reseller) and only for the limited purpose of evaluating the Software and establishing Customer's desire to purchase licenses to Software; and (B) the evaluation and beta copies of the Software are provided "As Is" without any warranty of any kind; and (C) Customer shall not be entitled to any Support and Maintenance Services or any Upgrades of the evaluation or beta copies of Software; and (D) MobileIron and/or the Authorized Reseller may terminate the evaluation license with five (5) days written notice to Customer and require Customer to promptly return the evaluation or beta copies of the Software and remove all copies of such Software from its systems.

4. Restrictions. Except as otherwise expressly permitted under this Agreement, Customer shall not (and shall not authorize or permit any third party including any Customer Representatives to): (i) copy or use the Software or any portion thereof, except as expressly authorized by this Agreement; (ii) use the Software on unauthorized equipment or products (i.e. not identified in Documentation); (iii) modify the Software or create derivative works based upon the Software or reverse engineer or decompile, decrypt, disassemble or otherwise reduce the Software to human-readable form, except and only to the extent any foregoing restriction is prohibited by applicable law; (iv) use the Software in anyway that is unlawful or in violation in any laws which are applicable to Customer; (v) use or permit the Software to be used to perform services for third parties, whether on a service bureau, SaaS, time sharing basis or otherwise, without the express written authorization of MobileIron; (vi) disclose, provide, or otherwise make available MobileIron Confidential Information regarding the Software in any form to any third party without the prior written consent of MobileIron; (vii) release, publish, and/or otherwise make available to any third party the results of any performance or functional evaluation of the Software without the prior written approval of MobileIron; or (viii) alter or remove any proprietary notices or legends contained on or in the Software. For the avoidance of doubt, all restrictions specified herein with respect to Software apply to all components (including Documentation). Notwithstanding any of the foregoing, to the extent Software includes any open source libraries/components/applications/user interface/utilities (collectively referred to as "Open Source") and to the extent required by the relevant licensor, such Open Source shall be subject to the relevant Open Source proprietary notices, disclaimers, requirements and/or extended rights which are relevant to the relevant Open Source code (and which will be made available to Customer for review in the copyright notice section of the Software). If the Software makes available cellular tower identification information with associated latitude and longitude location information, Customer agrees that neither it nor its end users will use such latitude and longitude location information to create a latitude/longitude lookup database for cellular towers. There are no implied licenses granted by MobileIron under this Agreement.

5. Support and Maintenance. If Customer has paid MobileIron (or an Authorized Reseller) the relevant fees to obtain support and maintenance services directly from MobileIron, then subject to the terms and conditions of this Agreement and the support and maintenance exhibit attached hereto as Exhibit A, MobileIron shall provide the support and maintenance services described in Exhibit A to Customer for the relevant Maintenance Term for which fees have been received by MobileIron. *For Customers located outside of North America who have purchased support and maintenance services from an Authorized Reseller, for delivery by such Authorized Reseller (or its agents) and not MobileIron, Customer should contact the Authorized Reseller for terms of support and maintenance services.*

6. Tracking; Device Count Increases; Reporting; Invoice. At anytime during the License Term, if Customer learns that the number of registered devices managed/monitored by the Software ("**Actual Device Count**") exceeds the relevant Licensed Device Count or if Customer wishes to increase the Licensed Device Count, then MobileIron (or the Authorized Reseller) shall invoice Customer the incremental license fees and any associated support and maintenance fees due, and after the relevant payment has been received, the Licensed Device Count shall be amended to reflect this change. During the License Term, Customer shall track the number of registered devices which are managed/monitored by the Software, and within thirty (30) days of MobileIron's or its Authorized Reseller's written request, Customer will provide MobileIron or its Authorized Reseller (as relevant) a report, which report shall identify: (i) the total number of active devices onto which the device Software is downloaded as of such date, i.e. the Actual Device Count; and (ii) the number of servers onto which the server Software is downloaded. In order to verify compliance with this Agreement or to verify the report provided hereunder, upon written request to Customer, which request shall not be made more than once per quarter. Customer shall provide MobileIron access to the relevant device inventory data showing the number and type of registered devices and administrative usage logs generated by the Software. MobileIron and/or its Authorized Resellers may invoice Customer if it learns of any shortfalls, i.e. that the Licensed Device Count is below the Actual Device Count. Unless otherwise mutually agreed in writing, the fees charged to Customer for the additional licenses, device counts and services will be based on MobileIron's then-current GSA price list.

7. Indemnity. Subject to the terms herein, MobileIron, at its own expense, shall indemnify, defend, and hold harmless Customer, Customer Representatives, and their respective officers and employees (“Customer Indemnitee(s)”) from any and all costs, expenses, losses, damages, and settlement amounts paid to settle any third party claims that the Software infringes or violates any third party intellectual property right, provided that Customer Indemnitee(s): (a) gives MobileIron prompt written notice of any such claim; (b) permits MobileIron to control and direct the defense or settlement of any such claim to the extent permitted by 28 U.S.C. 516, provided MobileIron will not settle any claim which settlement terms requires Customer to admit liability or pay a fee which is not covered by this indemnity without Customer’s prior written consent; and (c) provides MobileIron all reasonable assistance in connection with the defense or settlement of any such claim, at MobileIron’s cost and expense. Customer may participate in the defense and settlement at Customer’s sole expense. If such a claim occurs, or in MobileIron’s opinion is reasonably likely to occur, MobileIron, at its expense and at its sole discretion, may, in addition to its indemnification obligations hereunder: (i) procure the right to allow Customer to continue to use the Software, or (ii) modify or replace the Software or infringing portions thereof to become non-infringing, or (iii) if neither (i) nor (ii) is commercially feasible, terminate Customer’s right to use the affected portion of the Software and refund any license fees paid by Customer corresponding to such Software, pro-rated over a three (3) year period from delivery (unless the License Term is shorter than three years in which case the prorated period shall be equal to the License Term). Notwithstanding the foregoing, MobileIron shall have no obligations under this Section to the extent any infringement claim is based upon or arises out of: (aa) any modification or alteration to the Software not made by MobileIron or its contractors or authorized by MobileIron; (bb) any combination or use of the Software with products or services not approved by MobileIron in writing; (cc) Customer’s continuance of allegedly infringing activity a reasonable period after being notified thereof; (dd) Customer’s failure to use Upgrades made available by MobileIron; and/or (ee) use of the Software not in accordance with the applicable Documentation or outside the scope of the license granted under this Agreement. The remedies set forth in this Section constitute Customer’s sole and exclusive remedies, and MobileIron’s entire liability, with respect to infringement or violation of third party intellectual property rights.

8. Ownership. The Software is licensed and not sold. MobileIron and its licensors shall own and retain all right, title, and (except as expressly licensed hereunder) interest in and to the Software and all copies or portions thereof, and any derivative works thereof (by whomever created). All suggestions or feedback provided by Customer or its employees or agents (including Customer Representatives) to MobileIron or its Authorized Resellers with respect to the Software shall be MobileIron’s property and deemed Confidential Information of MobileIron, and Customer hereby assigns the same to MobileIron. For clarity, Customer has not obligation to provide any suggestions or feedback regarding the Software.

9. Software Delivery. MobileIron’s policy is to deliver Software to Customer electronically; For MobileIron’s accounting purposes, the Software shall be deemed delivered and the term of the license to Software shall commence on the date the Software is delivered to Customer. Upon written request, Customer shall provide MobileIron a “Delivery Acknowledgement Letter” acknowledging delivery of software in a format reasonably requested by MobileIron.

10. Term and Termination. The Software license granted herein shall remain effective until terminated or until the License Term expires, whichever is earlier. This Agreement shall be effective as of the Effective Date and shall remain in effect until terminated or until the License Term for all Software licensed hereunder expires, whichever is earlier. This Agreement may be terminated (a) MobileIron, in accordance with FAR 52.212-4 (l) and (m), upon thirty (30) days written notice, if Customer materially breaches any provision of this Agreement and such breach remains uncured after such thirty (30) day notice period expires and (b) by Customer: (1) upon thirty (30) days written notice, if MobileIron materially breaches any provision of this Agreement and such breach remains uncured after such thirty (30) day notice period expires; or (2) effective immediately, if MobileIron ceases to do business, or otherwise terminates its business operations without a successor; or (3) effective immediately, if MobileIron becomes insolvent or seeks protection under any bankruptcy, receivership, trust deed, creditors arrangement, composition or comparable proceeding, or if any such proceeding is filed against it and not dismissed within ninety (90) days; Upon termination of this Agreement, Customer shall destroy (or at MobileIron’s option, return) all copies of Software in its possession or control. Sections 1, 3, 4, 6, 7, 8, 10, 11, 12, 13, and 14 shall survive any termination or expiration of this Agreement.

11. Confidentiality. “*Confidential Information*” means any non-public data, information and other materials regarding the products, software, services, or business of a party (and/or, if either party is bound to protect the confidentiality of any third party’s information, of a third party) provided by one party (“Disclosing Party”) to the other party (“Receiving Party”) where such information is marked or otherwise communicated as being “proprietary” or “confidential” or the like, or where such information should, by its nature, be reasonably considered to be confidential and/or proprietary. The parties agree that, without limiting the foregoing, the Software and any performance data, benchmark results, and technical information relating thereto, the Documentation, MobileIron’s pricing information shall be deemed the Confidential Information of MobileIron. Notwithstanding the foregoing, Confidential Information shall not include information which: (i) is already known to the Receiving Party prior to disclosure by the Disclosing Party; (ii) becomes publicly available without fault of the Receiving Party; (iii) is rightfully obtained by the

Receiving Party from a third party without restriction as to disclosure, or is approved for release by written authorization of the Disclosing Party; (iv) is independently developed or created by the Receiving Party without use of the Disclosing Party's Confidential Information; or (v) is required to be disclosed by law or governmental regulation, provided that the Receiving Party provides reasonable notice to Disclosing Party of such required disclosure and reasonably cooperates with the Disclosing Party in limiting such disclosure. Except as expressly authorized herein, the Receiving Party agrees to: (i) use the Confidential Information of the Disclosing Party only to perform hereunder (including providing the features and services associated with the normal use of the Software) or exercise rights granted to it hereunder; (ii) treat all Confidential Information of the Disclosing Party in the same manner as it treats its own similar proprietary information, but in no case will the degree of care be less than reasonable care; and (iii) disclose the Disclosing Party's Confidential Information only to those employees and contractors of the Receiving Party who have a need to know such information for the purposes of this Agreement, provided that any such employee or contractor shall be subject to obligations of non-use and confidentiality with respect to such Confidential Information at least as restrictive as the terms of this Agreement, and the Receiving Party shall remain liable for any non-compliance of such employee or contractor with the terms of this Agreement.

12. Limited Warranty; Disclaimer.

Software Warranty. For a period of ninety (90) days from the date of initial delivery of the Software to Customer, MobileIron warrants that the Software materially conforms to its published specifications described in the relevant end user Documentation supplied by MobileIron. This limited warranty extends only to the Customer who is the original licensee. Customer's sole and exclusive remedy and the entire liability of MobileIron and its suppliers and licensors under this limited warranty will be, at MobileIron's option, repair or replacement of the Software, or if repair or replacement is not possible, to refund the license and any associated support and maintenance fees paid for the non-conforming Software upon the return and removal of all relevant Software from servers and devices.

Malicious Code. MobileIron will use standard industry practices to test the Software delivered or transmitted to Customer hereunder prior to its delivery or transmission for "Malicious Code" and remove any "Malicious Code" it discovers prior to delivery of Software to Customer. Customer will use standard industry practices to test any data or materials (including code) provided or transmitted to MobileIron hereunder (in connection with Support and Maintenance Services or otherwise) and remove any "Malicious Code" it discovers prior to delivery or transmission of such data or materials to MobileIron. "Malicious Code" as used herein shall mean any code which is designed to harm, or otherwise disrupt in any unauthorized manner, the operation of Customer's computer programs or computer systems or destroy or damage Customer data in an unauthorized manner. For clarity, Malicious Code shall not include standard routines in Software which are intended to delete data and are implicit in the standard functionality of the Software, or any standard software bugs or errors handled through support and maintenance, or any license key or other equivalent code which may limit the functionality or scope of the use of the Software to the scope of the license purchased by Customer hereunder.

Hardware Limited Warranty. Customer is aware that Software may only be used on equipment containing and meeting the specifications specified by MobileIron in its Documentation and that Customer may purchase such hardware separately through third parties. If Customer has ordered and received MobileIron Hardware from MobileIron or an Authorized Reseller of MobileIron Hardware, then the warranty and remedies described in Exhibit B shall apply.

Service Warranty. For a period of ninety (90) days from the date of delivery of any service by MobileIron to Customer, MobileIron represents and warrants to Customer that such services provided shall be professional, workman like and performed in a manner conforming to generally accepted industry standards and practices for similar services. MobileIron's entire liability and Customer's sole and exclusive remedy for any breach of the preceding warranty will be for MobileIron to re-perform the nonconforming services, provided that MobileIron must have received written notice of the nonconformity from Customer no later than ninety (90) days after the original performance of the services by MobileIron.

Restrictions. The express warranties specified above do not apply if the applicable Software, MobileIron Hardware, or any portion thereof: (i) has been altered, except by MobileIron or its' authorized representatives or its contractors; (ii) has not been used, installed, operated, repaired, or maintained in accordance with this Agreement and/or Documentation ; (iii) has been subjected to abnormal physical or electrical stress, misuse, negligence, or accident; or (iv) is licensed, for beta, evaluation, or testing purposes. Additionally, the warranties set forth herein only apply to the original licensee who provides notice of a warranty claim within the warranty period specified herein and does not apply to any bug, defect or error caused by or attributable to software or hardware not supplied by MobileIron.

DISCLAIMERS. EXCEPT FOR THE WARRANTIES EXPRESSLY DESCRIBED HEREIN, THE SOFTWARE, MOBILEIRON SERVICES, AND/OR MOBILEIRON HARDWARE ARE PROVIDED "AS IS", AND MOBILEIRON AND ITS LICENSORS PROVIDE NO OTHER WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED WITH REGARD TO THE SAME. EXCEPT AS EXPRESSLY SPECIFIED IN THIS AGREEMENT, ALL EXPRESS OR

IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, OR ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY MOBILEIRON, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT AN IMPLIED WARRANTY CANNOT BE EXCLUDED, SUCH WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD. FURTHER, MOBILEIRON AND ITS LICENSORS DO NOT WARRANT THE RESULTS OF USE OF THE SOFTWARE OR THAT THE SOFTWARE IS BUG/ERROR FREE OR THAT ITS USE WILL BE UNINTERRUPTED. THIS DISCLAIMER OF WARRANTY CONSTITUTES AN ESSENTIAL PART OF THIS AGREEMENT. IN ADDITION, DUE TO CONTINUAL DEVELOPMENT OF NEW TECHNIQUES FOR INTRUDING UPON/ATTACKING MOBILE DEVICES AND SOFTWARE, MOBILEIRON DOES NOT WARRANT THAT THE SOFTWARE OR ANY EQUIPMENT, SYSTEM, OR NETWORK ON WHICH THE SOFTWARE IS USED WILL BE FREE OF VULNERABILITY TO INTRUSION OR ATTACK. MOBILEIRON DOES NOT WARRANT THAT ANY SERVICES CONNECTING TO THE SOFTWARE PROVIDED BY THIRD PARTIES OR ANY DATA PROVIDED BY SUCH THIRD PARTIES WILL BE FREE FROM ERRORS OR INTERRUPTIONS OF SERVICE. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION.

13. Limitation of Liabilities. EXCEPT FOR ANY LIABILITY ARISING UNDER SECTION 2 (LICENSE), SECTION 4 (RESTRICTIONS), SECTION 7 (INDEMNITY), OR SECTION 11 (CONFIDENTIALITY): (a) IN NO EVENT WILL CUSTOMER OR CUSTOMER REPRESENTATIVES OR MOBILEIRON OR MOBILEIRON'S LICENSORS OR SUPPLIERS BE LIABLE TO THE OTHER PARTY FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES; AND (b) IN NO EVENT WILL THE AGGREGATE LIABILITY OF EITHER PARTY OR MOBILEIRON'S LICENSORS OR SUPPLIERS UNDER THIS AGREEMENT (UNDER ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, TORT OR OTHERWISE) EXCEED THE FEES RECEIVED BY MOBILEIRON FROM CUSTOMER FOR THE RELEVANT PRODUCT OR SERVICE (AND IN THE CASE OF CUSTOMER'S LIABILITY EXCEED THE FEES PAID AND DUE TO MOBILEIRON OR ITS AUTHORIZED RESELLER), WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT APPLY TO CUSTOMER. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Agreement under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733.

14. General

- b. **Third Party Services.** Any third party services accessed through the Software (collectively "Third Party Services") are made available to Customer subject to Customer having currently purchased Support and Maintenance Services either from an Authorized Reseller or MobileIron; no additional fees shall be due or charged in connection with the provision of such Third Party Services, however Customer's use and/or access to Third Party Services shall be limited to those uses and access rights permitted by the third party service providers.
- c. **Export.** Software and Documentation, including technical data, may be subject to U.S. export control laws, including the U.S. Export Administration Act and its associated regulations, and may be subject to export or import regulations in other countries. Customer agrees to comply with all such regulations.
- d. **U.S. Government End User Purchasers.** The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212. Consistent with FAR 12.212 and DoD FAR Supp. 227.7202-1 through 227.7202-4, and notwithstanding any other FAR or other contractual clause to the contrary in any agreement into which this Agreement may be incorporated, Customer may provide to Government end user or, if this Agreement is direct, Government end user will acquire, the Software and Documentation with only those rights set forth in this Agreement. Use of either the Software or Documentation or both constitutes agreement by the Government that the Software and Documentation are "commercial computer software" and "commercial computer software documentation," and constitutes acceptance of the rights and restrictions herein.
- e. **Choice of Law; Venue.** This Agreement shall be governed by and construed in accordance with the Federal laws of United States, without reference to or application of choice of law rules or principles. Notwithstanding any choice of law provision or otherwise, the Uniform Computer Information Transactions Act (UCITA) and the United Nations Convention on the International Sale of Goods

shall not apply. If any portion hereof is found to be invalid, void or unenforceable, such portion shall be enforceable to the maximum extent permissible, and the remaining provisions of the Agreement shall remain in full force and effect.

f. **Data Communications; Aggregated Anonymous Statistical Data.** To the extent any personally identifiable data relevant to Customer or Customer Representatives is obtained by MobileIron or communicated to MobileIron by Customer in connection with this Agreement, MobileIron agrees that it (and/or its contractors) will use or disclose any such personally identifiable data received (if any is ever received) only to implement and deliver the features and services associated with the normal use of the Software and to perform its obligations hereunder. MobileIron (and/or its contractors) may collect aggregated, anonymous, statistical data and information about devices and usage activity provided such data and information does **NOT** contain any information which is identifiable to any individual or Customer (“**Aggregated Anonymous Data**”), and MobileIron (and/or its contractors) may use, store, analyze, and disclose such Aggregate Anonymous Data. For clarity, Aggregate Anonymous Data shall only include aggregated data or information which is specifically NOT identifiable to any individual or to Customer. Customer understands and agrees that such Aggregate Anonymous Data shall be owned by MobileIron.

g. **Entire Agreement; Modifications.** This Agreement includes the terms herein and the attached exhibits and any terms incorporated herein by reference and any related Product Schedule (“Agreement”) and constitutes the entire agreement between the parties with respect to the license of the Software and delivery of support and maintenance services (where relevant) and delivery of MobileIron Hardware (where relevant). Except as expressly provided herein, this Agreement supersedes and cancels all previous written and previous or contemporaneous oral communications, proposals, representations, and agreements relating the subject matter contained herein. This Agreement prevails over any pre-printed terms or other conflicting or additional terms of any purchase order, ordering document, acknowledgement or confirmation or other document issued by Customer, even if signed and returned. Additionally, with respect to any Software licensed hereunder, this Agreement supersedes and cancels any “click wrap” or “click accept” agreement incorporated into such Software. Except as expressly provided herein, this Agreement may be amended, or any term or condition set forth herein waived, only by a writing executed by both parties.

h. **Illegality.** Should any term of this Agreement be declared void or unenforceable by any court of competent jurisdiction, that provision shall be modified, limited or eliminated to the minimum extent necessary and such declaration shall have no effect on the remaining terms hereof, which shall continue in full force and effect.

i. **Waiver.** The failure of either party to enforce any rights granted hereunder or to take action against the other party in the event of any breach hereunder shall not be deemed a waiver by that party as to subsequent enforcement of rights or subsequent actions in the event of future breaches.

i. **Assignment.** This Agreement may not be assigned or transferred without the other party’s prior written consent, provided each party expressly reserves the right to assign this Agreement to a successor in interest of all or substantially all of its business or assets. Any action or conduct in violation of the foregoing shall be void and without effect. MobileIron may delegate any of its obligations hereunder, provided it shall remain fully liable and responsible for its delegates’ actions or inactions in violation of this Agreement. All validly assigned rights and obligations of the parties hereunder shall be binding upon and inure to the benefit of and be enforceable by and against the successors and permitted assigns.

k. **Legal Fees.** The party prevailing in any dispute under this Agreement shall be entitled to its costs and legal fees.

l. **Notice.** Any and all notices or other information to be given by one of the parties to the other shall be deemed sufficiently given when sent by certified mail (receipt requested), or by courier, or by hand delivery to the other party to the address set forth in the signature lines of this Agreement or other such address provided by the parties from time to time. Such notices shall be deemed to have been effective on the first business day following the day of such delivery.

m.

n. **Basis of the Bargain.** Customer acknowledges and agrees that MobileIron has set its prices and entered into this Agreement in reliance upon the disclaimers of warranty and the limitations of liability set forth herein, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties.

THE PARTIES HERETO have by their duly authorized representatives executed this End User License Agreement.

Exhibit A
MobileIron Support and Maintenance Agreement

This MobileIron Support and Maintenance Agreement (“SMA”) sets forth the terms and conditions under which MobileIron (or its authorized representative) agrees to provide the “**Support and Maintenance Services**” (as described herein) to Customer for the Software for which support and maintenance services have been purchased (collectively the “**Product**”).

All capitalized terms used herein shall have the meaning set forth in the Agreement, except as otherwise defined herein.

MAINTENANCE TERM AND TERMINATION.

“**Maintenance Term**” shall be defined as follows: (a) if Customer has purchased a subscription license to Software, then the Maintenance Term for such Software shall be for the duration of the subscription license purchased; or (b) if Customer has purchased Support and Maintenance Services in connection with a perpetual license to Software, then the Maintenance Term for the support of such Software will be twelve (12) months from the delivery of the Software, unless an extended Maintenance Term is purchased, in which case the Maintenance Term will include the extended term identified in the Product Schedule. The Maintenance Term may be renewed by mutual agreement of the parties for additional twelve (12) month periods or any other period mutually agreed to in a Product Schedule (as relevant) (each an additional Maintenance Term), beginning upon the day immediately following the end of the then-current Maintenance Term, provided MobileIron receives payment of the then-current Support and Maintenance Fees required for the renewal term. This SMA shall also terminate: (a) immediately upon termination of the **Agreement** and (b), in accordance with FAR 52.212-4 (l) and (m), upon thirty (30) days written notice, if Customer materially breaches any provision of this Agreement and such breach remains uncured after such thirty (30) day notice period expires. Customer may also terminate this SMA at any time for convenience, provided that if Customer terminates this SMA for convenience, the Support and Maintenance Fee paid is not refundable.

PAYMENT. Unless a “Subscription” license is purchased (where the support and maintenance fee is included in the license fee charged), as clearly indicated on the relevant Product Schedule, then payment for the services and rights specified herein (“**Support and Maintenance Fee**”) shall be payable in U.S. dollars and are due within thirty (30) days of Customer’s receipt of MobileIron’s invoice (if purchased directly from MobileIron). The Support and Maintenance Fee is net of all taxes and duties. Customer agrees to pay all applicable taxes and duties due in connection with the Support and Maintenance Services, other than taxes on MobileIron’s net income.

REINSTATEMENT AFTER TERMINATION. If there is a lapse in the Maintenance Term, and Customer does not renew this SMA for a period of time, Customer may renew support and maintenance services based on MobileIron’s then-current support and maintenance terms on the GSA Pricelist, subject to payment of then-current Support and Maintenance Fee plus an amount equal to the Support and Maintenance Fees that would have been payable during the period of lapse (as pro-rated for any partial year).

SUPPORT AND MAINTENANCE SERVICES FOR SOFTWARE. Subject to the terms of this SMA, during the Maintenance Term, and provided Customer is current on its obligations to pay the Support and Maintenance Fees due, MobileIron will use commercially reasonable efforts to provide Customer the following “**Support and Maintenance Services**”:

(a) Software Maintenance. MobileIron will provide the Customer access to all Upgrades of the Software, to the extent created and generally released to other MobileIron customers who purchase Support and Maintenance Services without any additional charge.

(b) Telephone, Email and Web Support. MobileIron agrees to provide Customer access to MobileIron’s customer support personnel via telephone, email, and the web to assist Customer in resolving technical questions regarding the Product and the use of the Product during MobileIron’s normal business hours, currently 6 a.m. to 6 p.m. p.s.t. for standard support. Please refer to <http://support.mobileiron.com> (or such other URL provided by MobileIron from time to time) for specific information concerning telephone and web support business hours.

(c) Software Error Correction; Bug Fixes. Customer shall document and report all suspected errors or malfunctions of the Software to MobileIron via email or MobileIron’s case tracking system, and cooperate with MobileIron in its bug investigation by phone, email, and through MobileIron’s case tracking system. MobileIron will provide Customer with a trouble ticket number that Customer will use to track the status of any confirmed error or malfunction in the Software (i.e. any confirmed failure for the Software to meet the MobileIron specifications for the Software) (“**Confirmed Error**”). MobileIron may close the trouble ticket without further responsibility if Customer does not provide requested feedback to MobileIron within thirty (30) days of receiving a patch or workaround, or if Customer fails to respond to a request for additional information.

LIMITATIONS. MobileIron is only responsible to provide Customer’s Designated Support Contacts (described below) with the Support and Maintenance Services described herein. MobileIron shall be responsible for a Confirmed Error in Software, however, MobileIron shall not be responsible for any errors in Software that cannot be reproduced by MobileIron on unmodified Software, or for software, firmware, hardware not supplied by MobileIron, or for information or memory data contained in, stored on or integrated with any Product returned to MobileIron pursuant to this SMA. Services described herein do not include any support of

any failure or defect in the Product due to Customer, Customer Representatives or any damage caused by Customer or Customer Representatives from improper storage, accident, abuse or misuse of Product (or any component thereof), or if Product (or any component thereof) has been used or maintained in a manner not conforming to the requirements or suggestions in Documentation or in the Agreement, or if Product (or any component thereof) is used by Customer or Customer Representatives on unsupported platform or hardware or has been altered or modified by Customer or Customer Representative, or has had any serial number removed or defaced. Service or repair of the Product by anyone other than MobileIron (or an authorized representative of MobileIron) will void MobileIron's obligations herein. MobileIron's obligations stated herein shall apply only to the most current release of the Product and the prior release. If MobileIron agrees to remedy any errors or problems not covered by the terms of this SMA, MobileIron may perform such work after receiving Customer's instruction to proceed at MobileIron's then-current standard time and material rates.

CUSTOMER OBLIGATIONS; DESIGNATED SUPPORT CONTACTS. Customer shall appoint up to two (2) individuals who are knowledgeable in the operation of the Product to serve as primary Customer contacts with MobileIron for support calls ("**Designated Support Contacts**"). All support calls shall be initiated through these contacts. Customer may change its primary or alternate contacts at any time upon written notification to MobileIron. Customer may appoint additional primary contacts upon receipt by MobileIron of the standard fees due for such additional support contacts. Customer may inquire with MobileIron support personnel to obtain the then-current pricing for such additional support contacts. Customer may not share login passwords or other benefits of this SMA with any other persons nor use any software updates or software upgrades or other Services furnished to Customer under this SMA for any product for which Customer has not purchased Services.

THIRD PARTY SERVICES. Product accesses certain third party services ("**Third Party Services**"). Customer may only access and use such Third Party Services for so long as Customer has a current SMA in place with MobileIron for Software and is current on payment of the Support and Maintenance Fees for such Software. Customer's use and/or access to Third Party Services shall be limited to those uses and access rights permitted by the third party service providers. If during the Maintenance Term a third party provider terminates access to the Third Party Services, then MobileIron will notify Customer of the same, and access to such services will terminate as of the effective date specified by such third party provider. Within thirty (30) days of the notification by MobileIron of the termination of Third Party Services, the Customer may terminate this SMA for convenience (effective no earlier than the date the service access rights are terminated). Upon such termination, Customer shall be entitled to receive a pro-rata refund on any Support and Maintenance Fees paid (if any) for the relevant period remaining in the then-current Maintenance Term. MobileIron shall have no liability to Customer in connection with any termination of such services or the Customer's use of the Third Party Services. All warranties associated with such services are only those directly provided by the third party service provider to Customer.

GENERAL. This SMA is subject to the term and conditions of the Agreement attached hereto (including the disclaimer and limitations on liability described therein). WITHOUT LIMITING THE FOREGOING, CUSTOMER UNDERSTANDS AND AGREES THAT THE AGGREGATE LIABILITY OF MOBILEIRON AND ITS SUPPLIERS AND LICENSORS IN CONNECTION WITH THIS SMA, INCLUDING FOR ANY SERVICES, THIRD PARTY SERVICES, SOFTWARE AND/OR PRODUCTS PROVIDED HEREUNDER, REGARDLESS OF THE FORM OF THE ACTION GIVING RISE TO SUCH LIABILITY (WHETHER IN CONTRACT, TORT INCLUDING NEGLIGENCE OR OTHERWISE), SHALL NOT EXCEED THE SUPPORT AND MAINTENANCE FEE PAID BY CUSTOMER FOR THE RELEVANT MAINTENANCE TERM. MobileIron may revise the terms of this SMA with sixty (60) days written notice, provided such revision is in connection with a standard change made to its then-current standard support and maintenance terms and such revision only applies to future renewal Maintenance Term (if any).

IF YOU HAVE ORDERED THE SOFTWARE, LICENSOR'S ACCEPTANCE OF YOUR PURCHASE ORDER IS EXPRESSLY CONDITIONAL ON YOUR ASSENT TO THESE TERMS TO THE EXCLUSION OF ALL OTHER TERMS (EXCEPT NON-PREPRINTED TERMS IN WRITING SIGNED BY BOTH PARTIES); IF THESE TERMS ARE CONSIDERED AN OFFER BY LICENSOR, ACCEPTANCE IS EXPRESSLY LIMITED TO THESE TERMS.

End-User License Agreement

This End-User License Agreement constitutes the agreement between the GSA Multiple Award Schedule Contractor acting on behalf of SSH Communications Security ("Licensor") and the Ordering Activity under GSA Schedule contracts who has ordered the products which are the subject of this Agreement ("You" or "Ordering Activity") for the license of the Software. All references to Licensor herein shall be deemed references to the GSA Schedule Contract Holder. For avoidance of doubt, nothing herein shall establish privity of contract between SSH Communications Security and the Ordering Activity.

1. GRANT OF LICENSE

Licensor hereby grants to You a non-transferable, nonexclusive, non-sublicensable license to install single deployment of Software and use it to connect to the number of connected hosts which You have paid the applicable license fees. In relation to this Agreement and your use of Software, "connected host" means a workstation, server, network appliance, or any other logical or physical network entity connections to which are controlled or audited by the Software, regardless of whether these connections are direct or routed via another network element such as a jump server, bastion host, application server, or gateway. You shall use the licenses solely for your business operations and the use is subject to the terms and conditions set forth in this Agreement. The licenses granted to You hereunder shall be in force, (a) for subscriptions: as long as the subscriptions and the payment responsibility thereof is in force or (b) for perpetual licenses: without time limit, also after this agreement has ended.

2. OWNERSHIP

Licensor and/or its licensors retains all ownership, title and intellectual property rights with respect to the Software and all enhancements, fixes, corrections, modifications, copies and portions thereof, whether or not incorporated into or with other software. Licensor and/or its licensors reserve all rights not expressly granted to You herein. Any license granted by Licensor under this Agreement is not a sale of the Software or any portion or copy thereof. This Agreement does not convey title or ownership, but instead gives You only the limited rights of use as set forth in this Agreement. The Software contains valuable trade secrets of Licensor and its licensors. All worldwide ownership of and all rights, title and interests in and to the Software, and all copies and portions of the Software, including without limitation, all intellectual property rights therein and thereto, are and shall remain exclusively with Licensor. Ownership of derivative works should be as set forth in the copyright statute, 17 U.S.C. § 103 and the FAR clause at 52.227-14, but at a minimum, the Ordering Activity shall receive unlimited rights to use such derivative works at no further cost. The Software is protected, among other ways, by the copyright laws of the United States of America, the European Union and international copyright treaties. All rights not expressly granted herein are retained by Licensor and its licensors. You agree that any copies of the Software will contain the same proprietary notices which appear on and in the Software.

3. USE RESTRICTIONS

You have no right to receive, use or examine any source code or design documentation relating to the Software.

You shall not nor allow any third party to:

- (i) use the Software except in accordance with the terms of this Agreement;
- (ii) modify, translate, reverse engineer, decompile, dis- assemble or otherwise attempt to reconstruct or dis- cover the source code from the binaries of the Soft- ware, except to the extent applicable laws specifically prohibit such restriction;
- (iii) modify, translate, adapt, alter the Software or create derivative works from the Software (e.g. incorpo- rating the Software in a commercial product or ser- vice without a proper license);
- (iv) copy the Software or any portion thereof (except for one emergency or back-up copy per license that You have paid for);

- (v) sell, assign, rent, lease, sublicense, lend, convey, distribute or otherwise transfer rights to the Software or to this Agreement or use or allow others to use the Software for the benefit of third parties;
- (vi) load or use any portion of the Software (whether or not modified or incorporated into or with other software) on or with any machine or system other than the computers for which You have paid the applicable license fees;
- (vii) remove any product identification, copyright, proprietary notices or labels from the Software; or
- (viii) use any of Licensor's trademarks in any manner other than their presence within Your copy of the Software without prior written permission of Licensor;
- (ix) use any Third Party Software independently from the Software
- (x) if You Open Source software in conjunction with the Software, you must ensure that Your use does not; a) create, or purport to create, obligations of Licensor and/or its licensors with respect to the Software; or b) grant, or purport to grant, to any third party any rights to or immunities under Licensor's and/or its licensors' intellectual property or proprietary rights in the Software. You also may not combine the Software with programs licensed under the GNU General Public License ("GPL") in any manner that could cause, or could be interpreted or asserted to cause, the Software or any parts thereto to become subject to the terms of the GPL. "Open Source" software used herein shall mean software that is available without charge for use, modifications and distribution and is often licensed under terms that require the user to make the user's modifications to the Open Source software or any software that the user 'combines' with the Open Source software freely available in source code; or c) violate the respective Open Source licenses and related terms and conditions;
- (xi) use the Software to perform any unauthorized transfer of information (e.g. transfer of files in violation of a copyright) or for any illegal purpose;

- (xiv) use the Software for the business needs of another person or entity.

Any and all copies made by You as permitted hereunder must contain all of the original Software's copyright, trademark and other proprietary notices and marks.

4. TEMPORARY EVALUATION

If You would like to use the Software for a limited time solely for internal evaluation purposes before paying the applicable license fee(s) for the license granted under Section 1, You may use the Software subject to this Agreement, and the additional terms and use restrictions set forth on Schedule A hereto (the "Evaluation License").

5. FEES

You must pay Licensor the license fee(s) and the support service fee(s) for the Software in the amount(s) and in the manner set forth in Licensor's respective invoices in accordance with the GSA Schedule Pricelist.

6. SUPPORT SERVICES

Licensor is under no obligation to provide technical support, or to provide updates or error corrections for the Software in any way. Provided that You are not using the Software under an Evaluation License and that You have paid in full the license fee(s) for the Software and that You have paid in full the support service fee(s) for the Software, You will receive Licensor's maintenance releases (e.g. error corrections) as Licensor, in its sole discretion, releases them from time to time and technical support via the Web for certain time periods set by Licensor in its sole discretion. Support Services shall be provided according to the SSH Standard Support Service Terms and Conditions attached. The content and specific terms of different levels of SSH Support Services and general information about SSH Support can be found online for informational purpose only at: www.ssh.com/products/support. Any supplemental Software code provided to you as part of the Support Services shall be considered part of the Software and subject to the terms and conditions of this Agreement.

7. CONFIDENTIALITY

The Software and any license authorization codes are confidential and proprietary information of Licensor. You agree to take all necessary steps to protect the Software and any license authorization codes, if any, from unauthorized disclosure or use. You agree that You will not disclose the Software, in source code or object code form, to any third party. Licensor recognizes that Federal agencies are subject to the Freedom of Information Act, 5 U.S.C. 552, which may require that certain information be released, despite being characterized as "confidential" by the vendor.

8. WARRANTY

LICENSOR WARRANTS THAT THE SOFTWARE WILL, FOR A PERIOD OF SIXTY (60) DAYS FROM THE DATE OF YOUR RECEIPT, PERFORM SUBSTANTIALLY IN ACCORDANCE WITH SOFTWARE WRITTEN MATERIALS ACCOMPANYING IT. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, YOU ACKNOWLEDGE THAT THE SOFTWARE IS PROVIDED "AS IS," WITHOUT WARRANTY OF ANY KIND. LICENSOR EXPRESSLY DISCLAIMS, TO THE EXTENT PERMITTED BY APPLICABLE LAW, ALL WARRANTIES, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, OF FITNESS FOR A PARTICULAR PURPOSE.

NONINFRINGEMENT OF THIRD PARTY INTELLECTUAL PROPERTY RIGHTS, AND ANY WARRANTY THAT MAY ARISE BY REASON OF TRADE USAGE, CUSTOM OR COURSE OF DEALING. LICENSOR DOES NOT WARRANT THAT THE SOFTWARE WILL BE OR ERROR-FREE OR THAT ITS USE WILL BE UNINTERRUPTED NOR THAT THE SOFTWARE WILL OPERATE WITH ANY HARDWARE AND/OR OTHER SOFTWARE OR REGARDING THE USE, OR THE RESULTS OF THE USE, OF THE SOFTWARE OR DOCUMENTATION IN TERMS OF CORRECTNESS, ACCURACY, RELIABILITY OR OTHERWISE.

9. LIMITATION OF LIABILITY

THE ENTIRE RISK AS TO RESULTS AND PERFORMANCE OF THE SOFTWARE IS ASSUMED BY YOU. ANY LIABILITY OF LICENSOR WITH RESPECT TO THE SOFTWARE, THE PERFORMANCE THEREOF OR DEFECTS THEREIN, OR UNDER THIS AGREEMENT, UNDER ANY WARRANTY, STRICT LIABILITY OR OTHER LEGAL THEORY SHALL BE LIMITED EXCLUSIVELY TO PRODUCT REPLACEMENT OR REPAIR., OR IF REPLACEMENT OR REPAIR IS INADEQUATE AS A REMEDY OR IN LICENSOR'S SOLE OPINION, IMPRACTICAL, TO A REFUND OF THE ACTUAL AMOUNT PAID BY YOU FOR THE SOFTWARE OR SERVICES GIVING RISE TO THE CLAIM. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Contract under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733. The foregoing limitation of liability shall not apply to personal injury or for any other matter for which liability cannot be excluded by law.

10. DISCLAIMER OF DAMAGES

UNDER NO CIRCUMSTANCES WILL LICENSOR OR ITS LICENSORS BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL, EXEMPLARY OR CONSEQUENTIAL DAMAGES OF ANY KIND OR NATURE WHATSOEVER, WHETHER BASED ON CONTRACT, WARRANTY, TORT, STRICT LIABILITY OR OTHERWISE, ARISING OUT OF OR IN ANY WAY RELATED TO THE SOFTWARE, THIS AGREEMENT, WHETHER DUE TO A BREACH OF LICENSOR'S OBLIGATIONS HEREUNDER OR OTHERWISE, EVEN IF LICENSOR OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE OR IF SUCH DAMAGE COULD HAVE BEEN REASONABLY FORESEEN, AND NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY EXCLUSIVE REMEDY PROVIDED IN THIS AGREEMENT. SUCH LIMITATION ON DAMAGES INCLUDES, BUT IS NOT LIMITED TO, DAMAGES FOR LOSS OF GOODWILL, BUSINESS, REVENUE, OR SAVINGS, LOST PROFITS, LOSS OF DATA OR SOFTWARE, WORK STOPPAGE, COMPUTER FAILURE OR MALFUNCTION OR IMPAIRMENT OF OTHER GOODS. IN NO EVENT WILL LICENSOR OR ITS LICENSORS BE LIABLE FOR THE COSTS OF PROCUREMENT OF SUBSTITUTE SOFTWARE OR SERVICES.

YOU ACKNOWLEDGE THAT THIS SOFTWARE IS NOT DESIGNED OR LICENSED FOR USE IN ONLINE EQUIPMENT IN HAZARDOUS ENVIRONMENTS SUCH AS OPERATION OF NUCLEAR FACILITIES, AIRCRAFT NAVIGATION OR CONTROL, OR LIFECRITICAL APPLICATIONS. LICENSOR EXPRESSLY DISCLAIMS ANY LIABILITY RESULTING FROM USE OF THE SOFTWARE IN ANY SUCH ONLINE EQUIPMENT IN HAZARDOUS ENVIRONMENTS AND ACCEPTS NO LIABILITY IN RESPECT OF ANY ACTIONS OR CLAIMS BASED ON THE USE OF THE SOFTWARE IN ANY SUCH ON-LINE EQUIPMENT IN HAZARDOUS ENVIRONMENTS BY YOU. FOR PURPOSES OF THIS PARAGRAPH, THE TERM "LIFECRITICAL APPLICATION" MEANS AN APPLICATION IN WHICH THE FUNCTIONING OR MALFUNCTIONING OF THE SOFTWARE MAY RESULT DIRECTLY OR INDIRECTLY IN PHYSICAL INJURY OR LOSS OF HUMAN LIFE.

11. TERMINATION

Upon termination You will remove all copies of the Software or any part of the Software from any and all computer storage devices and destroy the Software. At Licensor's request, You or your authorized signatory will certify in writing to Licensor that all complete and partial copies of the Software have been destroyed and that none remain in your possession or under your control. Except for the provisions entitled "Grant of License" and "Support Services", the provisions of this Agreement will survive termination. Termination is not an exclusive remedy, and all other remedies available to Licensor under this Agreement or at law shall be available to Licensor whether or not this Agreement is terminated.

12. U.S. GOVERNMENT RIGHTS

If You are, or if You use the Software by or on behalf for any unit or agency of the United States Government, this provision applies. The Software is "commercial computer software" as that term is used and discussed in the Federal Acquisition Regulation (the "FAR 12.212(a)) and in any successor regulations. Licensor represents that the Software was developed entirely at private expense, that no part of the Software was first produced in the performance of a Government contract, and that no part of the Software is in the public domain.

13. RESTRICTED RIGHTS

Use, duplication, or disclosure by the U.S. Government is subject to restrictions set forth in this Agreement. Manufacturer is SSH Communications Security Corporation, Kornetintie 3, FI-00520 Helsinki, Finland.

14. EXPORT LAW

You acknowledge and agree that the Software may be subject to restrictions and controls, such as but not limited to those, imposed by the European Union and/or the United States of America export control laws and regulations. You agree and certify that neither the Software nor any direct product thereof is being or will be acquired, shipped, transferred, or re-exported, directly or indirectly, into any country, except pursuant to an export control license, issued by the appropriate authority, or will be used for any purpose prohibited by the same. By using the Software, You are acknowledging and agreeing to the foregoing, and You are representing and warranting that You will comply with all of the European Union and the United States of America and other applicable country laws and regulations when either exporting or re-exporting or importing the Software or any underlying information technology. Further, You represent and warrant that You are not a national of Cuba, Iran, Iraq, Libya, North Korea, Sudan, Syria or any other country subject to trade sanctions or a party listed in the U.S. Table of Denial Orders or U.S. Treasury Department's list of Specially Designated Nationals or any similar lists published by the relevant national authorities.

15. CONTROLLING LAW, VENUE AND SETTLEMENT OF DISPUTES

If you acquired the Software in the United States, this Agreement shall be interpreted and construed in accordance with the Federal laws of the United States, without regard to conflicts of law principles. Further, the application of the United Nations Convention on Contracts for the International Sale of Goods is always expressly excluded and disclaimed. Notwithstanding the above provisions of this section, Licensor shall have the right to collect amounts owed by You in any court having jurisdiction over You.

16. MISCELLANEOUS

If any provision hereof shall be held illegal, invalid or unenforceable, in whole or in part, such provision shall be modified to the minimum extent necessary to make it legal, valid and enforceable, and the legality, validity and enforceability of all other provisions of this Agreement shall not be affected thereby.

No delay or failure by either party to exercise or enforce at any time any right or provision hereof shall be considered a waiver thereof or of such party's right thereafter to exercise or enforce each and every right and provision of this Agreement.

This Agreement will bind and inure to the benefit of each party's permitted successors and assigns. You may not assign this Agreement in whole or in part, without Licensor's prior written consent. Any attempt to assign this Agreement without such consent will be null and void.

This Agreement, together with the underlying GSA Schedule Contract, Schedule Pricelist, Purchase Order(s), sets forth the entire agreement and understanding between You and Licensor relating to the subject matter hereof, namely the licensing of the Software and supersedes all prior oral and written and all contemporaneous oral negotiations, commitments and understandings of the parties, if any. This Agreement sets forth Licensor's entire liability and Your exclusive remedy with respect to the Software.

SCHEDULE A**TEMPORARY EVALUATION ATTACHMENT**

This Schedule A to the above-referenced Agreement is incorporated into the Agreement, and limits the license granted under the Agreement with respect to the Software.

The Software is provided only for, and the license is granted for the sole purpose of Your internal evaluation of the Software and not for any productive or commercial use. You will make no other use of the Software or any portion thereof, whether or not incorporated into or with any other software.

Unless earlier terminated as provided in the Agreement, the license granted hereunder will terminate 45 days from the delivery of the Software to You (the "Evaluation Period").

Any use of the Software beyond the Evaluation Period requires payment of the applicable license fee(s). You agree that on or before the end of the Evaluation Period, You will either pay the applicable end-user list price or separately agreed license fee(s) with respect to the Software or immediately cease using the Software and destroy all copies that the You may have in your possession or control, and remove the Software from your computers.

In addition to termination and any other remedies Licensor may have or exercise, if You breach the terms of this Schedule A or any other portion of the Agreement, You shall promptly pay to Licensor its end-user list price or license fee(s) in accordance with the GSA Schedule Pricelist for each unauthorized use of the Software.

LICENSOR WARRANTS THAT THE SOFTWARE WILL, FOR A PERIOD OF SIXTY (60) DAYS FROM THE DATE OF YOUR RECEIPT, PERFORM SUBSTANTIALLY IN ACCORDANCE WITH SOFTWARE WRITTEN MATERIALS ACCOMPANYING IT. EXCEPT AS EXPRESSLY SET FORTH IN THE FOREGOING, YOU ACKNOWLEDGE THAT THE SOFTWARE IS PROVIDED "AS IS" AND THE LICENSOR PROVIDES NO WARRANTY WHATSOEVER, EXPRESS OR IMPLIED, WITH RESPECT TO THE SOFTWARE OR THE USE OF FUNCTIONING THEREOF (INCLUDING, WITHOUT LIMITATION WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT) AND WILL HAVE NO LIABILITY WHATSOEVER IN CONNECTION WITH THE SOFTWARE OR THE USE OR FUNCTIONING THEREOF OR LOSS OF DATA RESULTING THEREFROM.

This Schedule A is an addition to the Agreement and does not change or supersede any term of the Agreement except to the extent unambiguously inconsistent therewith.

Townsend Security End User License Agreement

This End User License Agreement ("Agreement") is entered into by and between Townsend and Licensee.

1. Definitions.

- c. "Permitted Number" means one (1) or the number otherwise indicated under a valid license (e.g., volume license) granted by Townsend.
- d. "Virtual Environment" means an operating system, hosted by a computer system, that operates as a distinct computing environment and accepts information in digital or similar form and manipulates it for a specific result based upon a sequence of instructions.
- e. "Townsend" means Townsend Security, Inc., a Washington corporation, with offices located at 724 Columbia Street NW, Suite 400, Olympia, WA 98501, USA.
- f. "Licensee" means an entity authorized to order under GSA Schedule Contracts, and is the entity identified as Licensee in the signature block below.

2. License Grant. Subject to the payment of the applicable license fees, and subject to the terms and conditions of this Agreement, Townsend hereby grants Licensee a non-exclusive, non-transferable license to Use the Software subject to any restrictions or usage terms specified herein or in the Documentation. Some third party materials included in the Software and/or the Hardware may be subject to other terms and conditions, which are typically found in a "Read Me" file in the Software. If Licensee issues a purchase order to Townsend or an Authorized Partner and the terms and conditions in this Agreement or included in the Documentation conflicts with the terms and conditions included in the purchase order, then the terms and conditions specified in this Agreement or Documentation shall control.

3. Term. This Agreement is effective for the term set forth in the purchase order issued by Licensee and accepted by Townsend or, alternatively, as set forth in the product order form issued by Townsend (the "Term"). If no Term is included in the above described materials, then the Term shall be for two (2) years from the date of purchase, unless earlier terminated as set forth herein. Upon any termination or expiration of this Agreement, Licensee must cease use of the Software and destroy all copies of the Software and the Documentation.

4. Updates. This license is limited to the version of the Software delivered by Townsend and does not include Updates, unless a separate maintenance contract is purchased or, alternatively, Licensee has purchased a service subscription that entitles Licensee to Updates as described in the Documentation. After the specified maintenance period or service subscription period has expired, Licensee has no further rights to receive any Updates without purchase of a new license for the Software.

5. Ownership Rights. The Software is protected by United States' and other copyright laws, international treaty provisions and other applicable laws in the country in which it is being used. Townsend and its suppliers own and retain all right, title and interest in and to the Software, including all copyrights, patents, trade secret rights, trademarks and other intellectual property rights therein. Licensee's possession, installation, or use of the Software does not transfer to Licensee any title to the intellectual property in the Software, and Licensee will not acquire any rights to the Software except as expressly set forth in this Agreement. Any copy of the Software and Documentation authorized to be made hereunder must contain the same proprietary notices that appear on and in the Software and Documentation.

6. Multiple Environment Software/Multiple Language Software/Dual Media Software/Multiple Copies/Bundles/Updates. Whether or not the Software supports multiple platforms or languages, Licensee receives the Software on multiple media, Licensee otherwise receives multiple copies of the Software, or Licensee receives the Software bundled with other software, the total number of

Licensee's Virtual Environments on which all versions of the Software is installed may not exceed the Permitted Number. If the Software is an Update to a previous version of the Software, Licensee must possess a valid license to such previous version in order to Use the Update. Licensee may continue to Use the previous version of the Software on Licensee's Virtual Environment after Licensee receives the Update solely to assist Licensee in the transition to the Update and provided that (i) the Update and the previous version are installed on the same Virtual Environment; (ii) the previous version or copies thereof are not transferred to another Virtual Environment unless all copies of the Update are also transferred to such Virtual Environment; and (iii) Licensee acknowledges that any obligation Townsend may have to support the previous version of the Software ends upon availability of the Update.

7. Evaluation Product Additional Terms. If the product Licensee receives with this license has been identified as "Evaluation" Software or "Beta" Software, then the provisions of this section apply. To the extent that any provision in this section is in conflict with any other term or condition in this Agreement, this section shall supersede such other term(s) and condition(s) with respect to the Evaluation or Beta Software (hereafter collectively referred to as "Beta Software"), but only to the extent necessary to resolve the conflict. Licensee acknowledges that the Beta Software may contain bugs, errors and other problems that could cause system or other failures and data loss. Consequently, Beta Software is provided to Licensee "AS-IS", and Townsend disclaims any warranty or liability or obligations to Licensee of any kind. WHERE LEGAL LIABILITY CANNOT BE EXCLUDED, BUT MAY BE LIMITED, TOWNSEND'S LIABILITY AND THAT OF ITS SUPPLIERS AND AUTHORIZED PARTNERS SHALL BE LIMITED TO THE SUM OF FIFTY DOLLARS (U.S. \$50) IN TOTAL. Licensee acknowledges that Townsend has not promised or guaranteed to Licensee that Beta Software will be announced or made available to anyone in the future that Townsend has no express or implied obligation to Licensee to announce or introduce Beta Software, and that Townsend may not introduce a product similar to or compatible with any Beta Software. Accordingly, Licensee acknowledges that any research or development that Licensee performs regarding the Beta Software or any product associated with the Beta Software is done entirely at Licensee's own risk. During the term of this Agreement, if requested by Townsend, Licensee will provide feedback to Townsend regarding testing and use of the Beta Software, including error or bug reports; Licensee agrees to grant Townsend a perpetual, non-exclusive, royalty-free, worldwide license to use, copy, distribute, make derivative works and incorporate the feedback into any Townsend product at Townsend's sole discretion. If Licensee has been provided Beta Software pursuant to a separate written agreement, Licensee's use of the Beta Software is also governed by such agreement. Upon receipt of a later unreleased version of the Beta Software or release by Townsend of a publicly released commercial version of the Beta Software, whether as a stand-alone product or as part of a larger product, Licensee agrees to return or destroy all earlier Beta Software received from Townsend and to abide by the terms of the End User License Agreement for any such later versions of the Beta Software. Licensee's Use of the Beta Software is limited to 30 days unless otherwise agreed to in writing by Townsend.

8. Restrictions. Licensee may not sell, lease, license, rent, loan, resell or otherwise transfer, with or without consideration, the Software. If Licensee enters into a contract with a third party in which the third party manages Licensee's information technology resources ("Managing Party"), Licensee may transfer all of Licensee's rights to Use the Software to such Managing Party, provided that (a) the Managing Party only Uses the Software for Licensee's internal operations and not for the benefit of another third party; (b) the Managing Party agrees to comply with the terms and conditions of this Agreement, and (c) Licensee provides Townsend with advance written notice identifying the Managing Party that will be Using the Software on Licensee's behalf. Licensee may not permit third parties to benefit from the use or functionality of the Software via a timesharing, service bureau or other arrangement. Licensee may not reverse engineer, decompile, or disassemble the Software, except to the extent the foregoing restriction is expressly prohibited by applicable law. Licensee may not modify, or create derivative works based upon, the Software in whole or in part. Licensee may not copy the Software or Documentation except as expressly permitted in this Agreement. Licensee may not remove any proprietary notices or labels on the Software. All rights not expressly set forth hereunder are reserved by Townsend.

9. Warranty and Disclaimer.

- a. Limited Warranty. Townsend warrants that for sixty (60) days from the date of original purchase the media (e.g., CD ROM), if any, on which the Software is contained and provided to Licensee will be free from defects in materials and workmanship. Townsend warrants that the Hardware shall be free from defects in material and workmanship under normal use and service and substantially conform to the written documentation accompanying the Hardware for a period of three hundred sixty-five (365) days from the date of purchase of the Hardware. Upon discovery of any failure of the Hardware, or component thereof, to conform to the applicable warranty during the applicable warranty period, Licensee is required to contact us within ten (10) days after such failure and seek a return material authorization ("RMA") number. Townsend will promptly issue the requested RMA if Licensee meets the conditions for warranty

service. The allegedly defective Hardware, or component thereof, shall be returned to Townsend, securely and properly packaged with the RMA number prominently displayed on the exterior of the shipment packaging and with the Hardware. Townsend will have no obligation to accept any Hardware which is returned without an RMA number.

Upon completion of repair or if Townsend decides, in accordance with the warranty, to replace a defective Hardware, Townsend will return such repaired or replacement Hardware to Licensee, freight and insurance prepaid. In the event that Townsend, in its sole discretion, determines that it is unable to replace or repair the Hardware, Townsend will refund to Licensee the F.O.B. price paid to Townsend for the defective Hardware. Defective Hardware returned to Townsend will become the property of Townsend.

The warranties contained in this agreement will not apply to any Software or Hardware which:

- A. has been altered, supplemented, upgraded or modified in any way; or
- B. has been repaired except by Townsend or its designee; or
- C. has been used in a manner inconsistent with the terms of this Agreement or the Documentation.

Additionally, the warranties contained in this Agreement do not apply to repair or replacement caused or necessitated by: (i) events occurring after risk of loss passes to Licensee such as loss or damage during shipment; (ii) acts of God including without limitation natural acts such as fire, flood, wind, earthquake, lightning or similar disaster; (iii) improper use, environment, installation or electrical supply, improper maintenance, or any other misuse, abuse or mishandling; (iv) governmental actions or inactions; (v) strikes or work stoppages; (vi) Licensee's failure to follow applicable use or operations instructions or manuals; (vii) Licensee's failure to implement, or to allow Townsend or its designee to implement, any corrections or modifications made available to Licensee by Townsend; or (viii) other events outside Townsend's reasonable control.

Townsend does not warrant that the Hardware or the Software will meet Licensee's requirements or that operation of the Hardware or the Software will be uninterrupted or error-free. In order to exercise any of the warranty rights contained in this Agreement, Licensee must have available an original sales receipt or bill of sale demonstrating proof of purchase with its warranty claim. Hardware may carry additional warranty from the manufacturer, and Townsend will exercise commercially reasonable efforts to provide Licensee the benefit of any such warranty.

- b. Customer Remedies. Townsend's and its suppliers' entire liability and Licensee's exclusive remedy for any breach of the foregoing warranties shall be, at Townsend's option, either (i) return of the price Townsend received for the license, or (ii) replacement of the defective Software media or Hardware. Licensee must return the defective Software media or Hardware to Townsend at Licensee's expense within the warranty period, with an RMA as applicable, and with a copy of Licensee's receipt. This limited warranty is void if the defect has resulted from accident, abuse, or misapplication. Any replacement Software or Hardware will be warranted for the remainder of the original warranty period. Outside the United States, this remedy is not available to the extent Townsend is subject to restrictions under United States export control laws and regulations.
- c. Warranty Disclaimer. Except for the limited warranty set forth herein, THE SOFTWARE AND HARDWARE ARE PROVIDED "AS IS" AND TOWNSEND MAKES NO WARRANTY AS TO THEIR USE OR PERFORMANCE. EXCEPT FOR ANY WARRANTY, CONDITION, REPRESENTATION OR TERM THE EXTENT TO WHICH CANNOT BE EXCLUDED OR LIMITED BY APPLICABLE LAW, TOWNSEND, ITS SUPPLIERS AND AUTHORIZED PARTNERS MAKE NO WARRANTY, CONDITION, REPRESENTATION, OR TERM (EXPRESS OR IMPLIED, WHETHER BY STATUTE, COMMON LAW, CUSTOM, USAGE OR OTHERWISE) AS TO ANY MATTER INCLUDING, WITHOUT LIMITATION, MERCHANTABILITY, SATISFACTORY QUALITY, INTEGRATION, OR FITNESS FOR A PARTICULAR PURPOSE. LICENSEE ASSUMES RESPONSIBILITY FOR SELECTING THE SOFTWARE TO ACHIEVE LICENSEE'S INTENDED RESULTS, AND FOR THE INSTALLATION OF, USE OF, AND RESULTS OBTAINED FROM THE SOFTWARE. WITHOUT LIMITING THE FOREGOING PROVISIONS, TOWNSEND MAKES NO WARRANTY THAT THE SOFTWARE WILL BE ERROR-FREE OR FREE FROM INTERRUPTIONS OR OTHER FAILURES OR THAT THE SOFTWARE WILL MEET LICENSEE'S REQUIREMENTS.

10. Limitation of Liability. UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL THEORY, WHETHER IN TORT, CONTRACT, OR OTHERWISE, SHALL TOWNSEND OR ITS AUTHORIZED PARTNERS OR SUPPLIERS BE LIABLE TO LICENSEE OR TO ANY OTHER PERSON FOR LOSS OF PROFITS, LOSS OF GOODWILL OR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF GOODWILL, WORK STOPPAGE, COMPUTER FAILURE OR MALFUNCTION, OR FOR ANY OTHER DAMAGE OR LOSS. IN NO EVENT SHALL TOWNSEND OR ITS AUTHORIZED PARTNERS OR SUPPLIERS BE LIABLE FOR ANY DAMAGE IN EXCESS OF THE PRICE PAID FOR THE SOFTWARE, IF ANY, EVEN IF TOWNSEND OR ITS AUTHORIZED PARTNERS OR SUPPLIERS SHALL HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. This limitation shall not apply to liability for death or personal injury to the extent that applicable law prohibits such limitation. Furthermore, some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, so this limitation and exclusion may not apply to Licensee. Townsend is acting on behalf of its suppliers and Authorized Partners for the purpose of disclaiming, excluding and/or limiting obligations, warranties and liability as provided in this Agreement, but in no other respects and for no other purpose. This clause shall not impair

the U.S. Government's right to recover for fraud or crimes arising out of or related to this Contract under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733. The foregoing provisions shall be enforceable to the maximum extent permitted by applicable law.

11. Notice to United States Government End Users. The Software and accompanying Documentation are deemed to be "commercial computer software" and "commercial computer software documentation," respectively, pursuant to DFAR Section 227.7202 and FAR Section 12.212, as applicable. Any use, modification, reproduction, release, performance, display or disclosure of the Software and accompanying Documentation by the United States Government shall be governed solely by the terms of this Agreement and shall be prohibited except to the extent expressly permitted by the terms of this Agreement. Manufacturer is Townsend.

12. High Risk Activities. The Software is not fault-tolerant and is not designed or intended for use in hazardous environments requiring fail-safe performance, including without limitation, in the operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, weapons systems, direct life-support machines, or any other application in which the failure of the Software could lead directly to death, personal injury, or severe physical or property damage (collectively, "High Risk Activities"). TOWNSEND EXPRESSLY DISCLAIMS ANY EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR HIGH RISK ACTIVITIES.

13. Free Software. This product includes or may include some software programs that are licensed (or sublicensed) to the user under the GNU General Public License (GPL) or other similar software licenses which, among other rights, permit the user to copy, modify and redistribute certain programs, or portions thereof, and have access to the source code. The GPL requires that the source code be made available to users of any software covered under the GPL. If the Software is held to infringe any intellectual property right and its use or sale enjoined, or if in the opinion of Townsend such Software is likely to become the subject of such a claim of infringement, Townsend may, in its sole discretion and at its own expense and as Licensee's sole and exclusive remedy, either procure a license that will protect Licensee against such claim without cost to Licensee, or replace such Software with non-infringing Software, or require return of such Software and refund an equitable portion of the price paid to Townsend for such Software.

The United Nations Convention on Contracts for the International Sale of Goods does not apply to the transactions contemplated by this Agreement. The Uniform Computer Information Transactions Act ("UCITA") will not apply to this Agreement regardless of when and howsoever adopted, enacted and further amended under the governing state laws.

11.2 Compliance with laws. Each party shall comply with all applicable, laws and regulations in connection with the performance of its obligations and the exercise of its rights under this Agreement. Customer shall be responsible for obtaining any necessary export approvals in connection with its use of the Solution.

11.3 Force Majeure. If the performance of any obligation hereunder is interfered with by reason of any circumstances beyond a party's reasonable control, including but not limited to acts of God, labor strikes and other labor disturbances, power surges or failures, or the act or omission of any third party, the party shall be excused from such performance to the extent necessary, provided the party shall use reasonable efforts to remove such causes of nonperformance.

11.4 Assignment. Except as otherwise expressly provided herein, neither party may assign this Agreement, or any of its rights or obligations hereunder (in whole or in part) except without the prior written consent of the other party, including in connection with a merger, sale of assets or change of control. Veracode may use subcontractors in connection with the performance of the Solution provided that Veracode shall be responsible for the acts and omission of its subcontractors to the same extent as it would be responsible hereunder for its own acts and omissions. The terms of this Agreement shall be binding upon the permitted successors and assigns of each party.

11.5 General. The terms and conditions of this Agreement supersede all previous agreements, proposals or representations related to the subject matter hereof. This Agreement shall govern with respect to Customer's use, access and license of the Solution and any transactions relating to the Solution, whether such licenses are purchased directly from Veracode or indirectly through an authorized Veracode partner (including without limitation any follow-on purchases or renewals) and shall apply to all Order Forms and forms of purchases, whether submitted through electronic transmissions or otherwise, unless otherwise agreed by both parties in writing. Unless the Order Form expressly amends this Agreement, the terms and conditions of this Agreement shall take precedence over any conflicting terms in the Order Form. Any waiver, amendment, or modification of any right or remedy, in whole or in part under this Agreement, or any additional or different terms in purchase orders, acknowledgments or other documents other than the Order Form, will not be effective unless expressly agreed to by both parties in writing or electronic form. Notices shall

be submitted in writing to the address set forth in the Order Form. The exchange of a signature by electronic means shall be sufficient to bind the parties to an Order Form.
