## **22. INSTALLATION, DEINSTALLATION, REINSTALLATION**

The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds \$2,000, then the requirements of the Davis-Bacon Act applies.

The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. **CONTRACT AVAILABLE FOR MAINTENANCE & LEASING RENEWALS ONLY.**

**TERMS AND CONDITIONS APPLICABLE TO  
LEASING OF GENERAL PURPOSE COMMERCIAL  
INFORMATION TECHNOLOGY PRODUCTS  
(SPECIAL ITEM NUMBER 132-3)**

**LEASE TYPES**

The ordering activity will consider proposals for the following lease types:

- a. Lease to Ownership,
- b. Lease with Option to Own

Orders for leased products must specify the leasing type.

**OPTION 2**

To the extent an Offeror wishes to propose alternative lease terms and conditions that provide for lower discounts/prices based on the ordering activity's stated intent to fulfill the projected term of a lease including option years, while at the same time including separate charges for early end of the lease, the following terms apply. These terms address the timing and extent of the ordering activity's financial obligation including any potential charges for early end of the lease.

**1. LEASING PRICE LIST NOTICE:**

Contractors must include the following notice in their contract price list for SIN 132-3:

"The ordering activity is responsible for the obligation of funds consistent with applicable law. Agencies are advised to review the lease terms and conditions contained in this price list prior to ordering and obligating funding for a lease."

**2. STATEMENT OF ORDERING ACTIVITY INTENT:**

(a) The ordering activity and the Contractor understand that a delivery order issued pursuant to this SIN is a lease arrangement and contemplates the use of the product for the term of the lease specified in such delivery order (the "Lease Term"). In that regard, the ordering Activity, as lessee, understands that the lease provisions contained herein and the rate established for the delivery order are premised on the ordering Activity's intent to fulfill that agreement, including acquiring products for the period of time specified in the order. Each lease hereunder shall be initiated by a delivery order which shall, either through a statement of work or other attachment, specify the product being leased, and the required terms of the transaction.

(b) Each ordering activity placing a delivery order under the terms of this option intends to exercise each renewal option and to extend the lease until completion of the Lease Term so long as the need of the ordering activity for the product or functionally similar product continues to exist and funds are appropriated. Contractor may request information from the ordering activity concerning the essential use of the products.

**3. LEASE TERM:**

(a) The date on which the ordering activity accepts the products is the Commencement Date of the lease. For acceptance to occur, the products must operate in accordance with the product's published specifications and statement of work. Acceptance shall be in accordance with the terms of the contract or as otherwise negotiated by the ordering activity and the Contractor.

(b) Any lease is executed by the ordering activity on the basis that the known requirement for such product exceeds the initial base period of the delivery order, which is typically 12 months, or for the remainder of the fiscal year. Pursuant to FAR 32.703-3(b), delivery orders with options to renew that are funded by annual (fiscal year) appropriations may provide for initial base periods and option periods that cross fiscal years as long as the initial base period or each option period does not exceed a 12 month period. Defense agencies must also consider DOD FAR supplement (DFAR) 232.703-3(b) in determining whether to use cross fiscal year funding. This cross fiscal year authority does not apply to multi-year leases.

(c) The total Lease Term will be specified in each delivery order, including any relevant renewal options of the ordering activity. All delivery orders, whether for the initial base period or renewal period, shall remain in effect through September 30 of the fiscal year (unless extended by statute), through any earlier expiration date specified in the delivery order, or until the ordering activity exercises its rights hereunder to acquire title to the product prior to such expiration date. The ordering activity, at its discretion, may exercise each option to extend the term of the lease through the lease term. Renewal delivery orders shall not be issued for less than all of the product and/or software set forth in the original delivery order. Delivery orders under this SIN shall not be deemed to obligate succeeding fiscal year funds. The ordering activity shall provide the Contractor with written notice of exercise of each renewal option as soon as practicable. Notice requirements may be negotiated on an order-by-order basis.

(d) Where an ordering activity's specific appropriation or procurement authority provides for contracting beyond the fiscal year period, the ordering activity may place a delivery order for a period up to the expiration of the Lease Term, or to the expiration of the period of availability of the multi-year appropriation, or whatever is appropriate under the applicable circumstance.

#### **4. LEASE TERMINATION:**

(a) The ordering activity must elect the Lease Term of the relevant delivery order. The Contractor (and assignee, if any) will rely on the ordering activity's representation of its intent to fulfill the full Lease Term to determine the monthly lease payments calculated herein.

(i) The ordering activity may terminate or not renew leases under this option at no cost, pursuant to a Termination for Non-Appropriation as defined herein (see paragraph (c) below). In any other event, the ordering activity's contracting officer may either terminate the relevant delivery order for cause or Termination for Convenience in accordance with FAR 52.212-4 paragraphs (l) and (m).

(ii) The Termination for Convenience at the end of a fiscal year allows for separate charges for the early end of the lease (see paragraph (d) below). In the event of termination for the convenience of the ordering activity, the ordering activity may be liable only up to the amount beyond the order's Termination Ceiling. Any termination charges calculated under the Termination for Convenience clause must be determined or identified in the delivery order or in the lease agreement.

(b) **Termination for Convenience of the Ordering Activity:** Leases entered into under this option may not be terminated except by the ordering activity's contracting office responsible for the delivery order in accordance with FAR 52.212-4, Contract Terms and Conditions-Commercial Items, paragraph (l), *Termination for Convenience of the ordering activity*. The costs charged to the ordering activity as the result of any Termination for Convenience of the ordering activity must be reasonable and may not exceed the sum of the fiscal year's payment obligations less payments made to date of termination plus the Termination Ceiling

(c) **Termination for Non-Appropriation:** The ordering activity reasonably believes that the bona fide need will exist for the entire Lease Term and corresponding funds in an amount sufficient to make all payment for the lease Term will be available to the ordering activity. Therefore, it is unlikely that leases entered into under this option will terminate prior to the full Lease Term. Nevertheless, the ordering activity's contracting officer may terminate or not renew leases at the end of any initial base period or option period under this paragraph if (a) it no longer has a bona fide need for the product or functionally similar product; or (b) there is a continuing need, but adequate funds have not been made available to the ordering activity in an amount sufficient to continue to make the lease payments. If this occurs, the ordering activity will promptly notify the Contractor, and the product lease will be terminated at the end of the last fiscal year for which funds were appropriated. Substantiation to support a termination for non-appropriation shall be provided to the Contractor upon request.

(d) Termination Charges: At the initiation of the lease, termination ceilings will be established for each year of the lease term. The termination ceiling is a limit on the amount that a Contractor may be paid by the ordering activity on the Termination for Convenience of a lease. No claim will be accepted for future costs: supplies, maintenance, usage charges or interest expense beyond the date of termination. In accordance with the bona fide needs rule, all termination charges must reasonably represent the value the ordering activity received for the work performed based upon the shorter lease term. No Termination for Convenience costs will be associated with the expiration of the lease term.

(e) At the order level, the ordering activity may, consistent with legal principles, negotiate lower monthly payments or rates based upon appropriate changes to the termination conditions in this section.

**LEASE PROVISIONS COMMON TO  
ALL TYPES OF LEASE AGREEMENTS**

**1. ORDERING PROCEDURES:**

(a) When an ordering activity expresses an interest in leasing a product(s), the ordering activity will provide the following information to the prospective Contractor:

- (i) Which product(s) is (are) required.
- (ii) The required delivery date.
- (iii) The proposed lease plan and term of the lease.
- (iv) Where the product will be located.
- (v) Description of the intended use of the product.
- (vi) Source and type of appropriations to be used.

(b) The Contractor will respond with:

- (i) Whether the Contractor can provide the required product.
- (ii) The purchase option price of the product (Lease with Option to Own).
- (iii) The monthly payment based on the rate.
- (iv) The estimated cost, if any, of applicable State or local taxes. State and local personal property taxes are to be estimated as separate line items in accordance with FAR 52.229-1, which may be identified and added to the monthly lease payment.
- (v) A confirmation of the availability of the product on the required delivery date.
- (vi) Extent of warranty coverage, if any, of the leased products.
- (vii) The length of time the quote is valid.

(c) The ordering activity may issue a delivery order to the Contractor based on the information set forth in the Contractor's quote. In the event that the ordering activity does not issued a delivery order within the validity period stated in the Contractor's quote letter, the quote shall expire.

**2. ASSIGNMENT OF CLAIMS:**

GSAR 552.232-23, Assignment of Claims, is incorporated herein by reference as part of these lease provisions. The ordering activity's contracting officer will acknowledge the assignment of claim for a lease in accordance with FAR 32.804-5. The extent of the assignee's protection is in accordance with FAR 32.804. Any setoff provision must be in accordance with FAR 32.803.

**3. PEACEFUL POSSESSION AND UNRESTRICTED USE:**

In recognition of the types of products available for lease and the potential adverse impact to the ordering activity's mission, the ordering activity's quiet and peaceful possession and unrestricted use of the product shall not be disturbed in the event the product is sold by the Contractor, or in the event of bankruptcy of the Contractor, corporate

dissolution of the Contractor, or other event. The product shall remain in the possession of the ordering activity until the expiration of the lease. Any assignment, sale, bankruptcy, or other transfer of the leased product by the Contractor will not relieve the Contractor of its obligations to the ordering activity, and will not change the ordering activity's duties or increase the burdens or risks imposed on the ordering activity.

#### **4. COMMENCEMENT OF LEASE:**

The date on which the ordering activity accepts the products is the Commencement Date of the lease. Acceptance is as defined elsewhere in the contract, or as further specified in the order.

#### **5. INSTALLATION AND MAINTENANCE:**

a. Installation and Maintenance, when applicable, normally are not included in the charge for leasing. The Contractor may require the ordering activity to obtain installation and maintenance services from a qualified source. The ordering activity may obtain installation and/or maintenance on the open market, from the Contractor's schedule contract, or from other sources. The ordering activity may also perform installation and/or maintenance in house, if qualified resources exist. In any event, it is the responsibility of the ordering activity to ensure that maintenance is in effect for the Lease term for all products leased.

b. When installation and/or maintenance are ordered under this schedule to be performed by the Contractor, the payments, terms and conditions as stated in this contract apply. The rates and terms and conditions in effect at the time the order is issued shall apply during any subsequent renewal period of the lease. The maintenance rates and terms and conditions may be added to the lease payments with mutual agreement of the parties.

#### **6. MONTHLY PAYMENTS:**

a. Prior to the placement of an order under this Special Item Number, the ordering activity and the Contractor must agree on a "base value" for the products to be leased. For Lease to Ownership (Capital Lease) the base value will be the contract purchase price (less any discounts). For Lease with Option to Own (Operating Lease), the base value will be the contract purchase price (less any discounts). The pre-stated purchase option price will be used in the calculation of the lease extension payments.

**b. For LTOP leases:** To determine the initial lease term payment, the Contractor agrees to apply the negotiated lease factor to the agreed upon base value: The Contractor will notify the Ordering activity of the applicable rate in its Contractor Quote letter based on the Treasury constant maturity as shown in the Federal Reserve statistical release H.15 as of the preceding date closest to the date of Contractor's Quote letter. The monthly lease payment shall be calculated at an interest rate consisting of 675 basis points plus the applicable Treasury constant maturity described herein.

*Because there are no Treasury constant maturity rates for 48 months:*

*For a term of 48 months, the lease payment shall be calculated at an interest rate consisting of 675 basis points plus the average of the 3 year and 5 year Treasury constant maturity.*

**For LWOO leases:** To determine the initial lease term payment, the Contractor agrees to apply the negotiated lease factor to the agreed upon base value: The Contractor will notify the Ordering activity of the applicable rate in its Contractor Quote letter based on the Treasury constant maturity as shown in the Federal Reserve statistical release H.15 as of the preceding date closest to the date of Contractor's Quote letter. The monthly lease payment shall be calculated at an interest rate consisting of 625 basis points plus the applicable Treasury constant maturity described herein.

*Because there are no Treasury constant maturity rates for 48 months:*

*For a term of 48 months, the lease payment shall be calculated at an interest rate consisting of 625 basis points plus the average of the 3 year and 5 year Treasury constant maturity.*

The lease payment may be calculated by using a programmed business calculator or by using "rate" functions provided in commercial computer spreadsheets (e.g., Lotus 1-2-3, Excel). Should the Treasury constant maturity increase by 300 basis points or more (today's rate is less than 1%), Contractor will lower the basis points being added so that the interest rate is reduced for LTOP and LWOO lease payment calculations. The lease payment calculation will be calculated monthly in arrears.

c. For LWOO lease extensions, the extension lease payment for the first extension, will be based on the original pre-stated purchase option price. Upon completion of the first extension, the purchase option price will be \$1.00. The formula to determine the lease payment will be that in 6.b. above limited to a twelve (12) month extension period.

d. The LWOO purchase option price will be the pre-stated purchase option price of the product

NOTE: The methodology for determining lump sum payments for an LWOO lease shall be the remaining principle balance plus the pre-stated purchase option price. The methodology for determining lump sum payments for an LTOP lease shall be the remaining principle balance.
