Business Size: Small Business, WOSB

For more information on ordering from Federal Supply Schedules go to the GSA Schedules page at GSA.gov.

Price list current as of Modification #PO-0004 effective September 7, 2022

Prices Shown Herein are Net (discount deducted)
SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage!™ on-line shopping service (www.gsaadvantage.gov). The catalogs/pricelists, GSA Advantage!™ and the Federal Acquisition Service Home Page (www.gsa.gov/fas) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

Notes:

1. All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

2. Offerors and Agencies are advised that the Group 70 – Information Technology Schedule is not to be used as a means to procure services that properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services that are not connected nor incidental to the traditionally accepted A/E Services.

3. This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances, the services must be performance by the publisher or manufacturer or one of their authorized agents.
1a. Table of awarded special item number(s) with appropriate cross-reference to item descriptions and awarded price(s).

<tbody>
<tr>
<td>I</td>
<td>Applies fundamental concepts, processes, practices and procedures on technical assignments. Performs work that requires practical experience and training. Work is performed under supervision.</td>
</tr>
<tr>
<td>II</td>
<td>Possesses and applies expertise on multiple complex work assignments. Assignments may be broad in nature, requiring originality and innovation in determining how to accomplish tasks. Operates with appreciable latitude in developing methodology and presenting solutions to problems. Contributes to deliverables and performance metrics where applicable.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Labor Category</th>
<th>Functional/Responsibility</th>
<th>Minimum Education/ Certification &amp; Years of Experience</th>
</tr>
</thead>
</table>
| IT Applications Systems Analyst I | • Formulates and defines system scope and objectives  
• Devises or modifies procedures to solve complex problems, considering computer equipment capacity and limitations, operating time and form of desired results  
• Prepares detailed specifications for programs  
• Assists in the design, development, testing, implementation and documentation of new software and enhancements of existing applications  
• Works with project managers, developers and end-users to ensure application designs meet business requirements | Bachelor’s degree  
OR  
5 years related experience |
| IT Applications Systems Analyst II | • Formulates and defines specifications for complex operating software programming applications or modifies and maintains complex existing applications using engineering releases and utilities from the manufacturer  
• Designs, codes, tests, debugs and documents those programs  
• Provides analysis and support for overall operating systems, such as sophisticated content management systems, business process management systems, large telecommunications networks, computer accounting, and advanced mathematical and scientific software packages  
• Assists all phases of software systems programming applications  
• Evaluates new and existing software products | Bachelor’s degree and 2 years related experience  
OR  
7 years equivalent experience |

If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor’s website or other location.) The EIT standards can be found at: www.Section508.gov: JDM Soma’s compliance with Section 508 is part of a unified corporate commitment to support accessibility standards and ensure that third-party solutions it implements are likewise compliant.

23. Unique Entity Identifier (UEI) number: LY9KGGAS3FQ4

24. Notification regarding registration in System for Award Management (SAM) database: Contractor registered and active in SAM
**Service Contract Labor Standards:** The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCA), is applicable to this contract as it applies to the entire Multiple Award Schedule (MAS) and all services provided. While no specific labor categories have been identified as being subject to SCLS/SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCLS/SCA eligible labor categories. If and/or when the contractor adds SCLS/SCA labor categories to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS/SCA matrix identifying the GSA labor category titles, the occupational code, SCLS/SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
