VA Med Surge Prime Vendor Program Participant

CUSTOMER INFORMATION:

Table with 2 columns and 26 rows containing customer information such as 'Awarded Special Item Number', 'Payment Address', 'Warranty/Exchange Goods', and 'System for Award Management'.

## **LIMITED WARRANTY:**

Subject to the conditions set out herein, CSI warrants each device to be delivered hereunder to be free from defects in material and workmanship for a period of six months from the date of delivery or until the use of the device, whichever occurs first (the “Warranty Period”). The Government must notify CSI within 30 days of use of any such defects. If, during the Warranty Period, a device fails to operate under normal use due to defects in materials or workmanship, CSI will, at its sole discretion, replace, repair or credit the non-functioning device in accordance with the terms and conditions stipulated herein. This Limited Warranty is not transferable and may only be invoked by the Government. CSI reserves the right to refuse warranty replacement, repair or credit if such information has been removed or changed after the original purchase of the device from CSI. If CSI replaces or repairs the device, the replaced or repaired device will be warranted in accordance with this Limited Warranty (a) for the remaining time of the original Warranty Period, or (b) for three months after the date of delivery of the replaced or repaired device. Returned parts or components will become the property of CSI. This Limited Warranty does not cover any failure of the device due to normal wear and tear, or due to misuse, including, but not limited to, use in other than the normal and customary manner, in accordance with the instructions for use and labeling, maintenance and storage of the device. The warranty only applies if the instructions for use and labeling have been followed. This Limited Warranty does not cover device failures that have been caused by installations, modifications or repair or opening of the device performed by a person not authorized by CSI. This Limited Warranty does not apply to any devices that have been repaired or altered other than by CSI or its authorized personnel. Tampering with any of the factory seals on the device will void this Limited Warranty. Transportation charges will be borne both ways by CSI on defective devices and replacement of items.

Limitation of Liability: - Except as otherwise provided by an express warranty, the contractor will not be liable to the Government in a breach of warranty action for consequential damages resulting from any defect or deficiencies in accepted items. In the event that the terms of the contractor’s standard commercial warranty/limitation of liability clause (s) place greater limits on the contractor’s liability than do the terms contained in this clause, the terms of this clause will govern the contract.

## **RETURN AUTHORIZATION POLICY**

Products will be accepted for return or credit, if they fall into the following categories:

1. Cardiovascular Systems, Inc. (CSI) may, at its sole discretion, replace any device that is determined to have been defective at the time of delivery.
2. Returns on products mistakenly ordered will also be accepted within 30 days of original order being placed and upon issuance of a Return Goods Authorization number by CSI. The ordering facility is responsible for return freight if ordered in error. If CSI shipped in error, transportation charges are borne both ways by CSI. No restocking charges.
3. Returns must be unused products purchased within the previous 30 days and require written permission to be obtained from CSI in advance, and a Return Goods Authorization number will be issued to the buyer.
4. Product returns, which are not approved, do not include the Return Goods Authorization number, are damaged due to improper packaging, or are not prepaid, will not be accepted by CSI.
5. Cardiovascular Systems, Inc. will be responsible for any freight costs if the order was shipped in error by our company. If the order was placed in error by the Government, the Government will be responsible for any freight costs.
6. Return Goods Authorization numbers can be obtained by calling Cardiovascular Systems, Inc. Customer Service at 877-274-0901.
