Repairs are performed at Advanced Surgical's repair facility only, repairs are not provided at the VA facilities.

The repair process and logistics are very straight forward and follow the simple steps outlined below:

- **Repair request is initiated by calling our support team at (800) 843-8730 option 1 and provide details of repair(s) needed. Alternately requests can be sent via email to support@asurg.com and our support team will follow the same steps below.**
- **Advanced Surgical team will log the repair and location details in our Order Tracking Information System (OTIS), which in turn generates the repair and logistics paperwork in PDF format.**
- **Repair Work Order and shipping details are sent directly to the VA contact, generally the Biomed technician who in turn ships the equipment for repair to our repair facility.**
- **Advanced Surgical technicians receive the item for repair and perform a complete repair evaluation to determine the required repairs and costs to restore the devices to proper working condition and original equipment specifications.**

- **Advanced Surgical provides a written detailed repair evaluation along with repair price and estimated repair time to the VA contact.**
- **VA contact provides approval for repairs, or declines approval for repairs.**
- **Repairs are completed and device is returned to the VA facility to be put back into service. If device repair is declined the device is returned without repair to the VA facility.**
- **Advanced Surgical follows up with the VA contact to confirm equipment has been received and returned to service.**
