*Customer Information and Ordering Activities*

1. Item Numbers: C-27, Pages 3 & 4, C-36, Pages 5 – 7
2. Maximum Order Limitation: \$100,000.00 per purchase order.
3. Minimum Order Limitation: \$50.00.
4. Geographic Coverage: 50 United States, Puerto Rico and District of Columbia.
5. Points of Production: (a) Oxnard, Ventura County, CA, USA, (b) Italy (see # 11 below).
6. Discount Basis: Prices shown herein are net – discount deducted.
7. Quantity Discount: None.
8. Prompt Payment Terms: 1% 20 days, Net 30 days.
9. Government Credit Card: Accepted.
10. Discount For Payment By Government Credit Card: None.
11. Foreign Produced Items: Super Lux V - Anterior Teeth (Item #01477/V), Super Lux V - Working Mold Guide - No Case (Item #01478), Super Lux V - Working Mold Guide - w/Case (Item #01479), Major Dent V - Anterior Teeth (Item #01577), Major Dent V - Working Mold Guide - No Case (Item #01578), Major Dent V - Working Mold Guide - w/Case (Item #01579), Cristal RA - Anterior Teeth (Item #57-0001), Cristal RD - Posterior Teeth (Item #57-0002), Cristal Shade Guide (Item #01477/S) and Cristal Working Mold Guide (Item #57-0005) are imported from Italy.
12. Time of Delivery: 5 days from receipt of order.
13. Expedited Delivery: All C-27 items and all C-36 items included in this Contract can be shipped on an expedited overnight or 2 day delivery if ordered by the customer. Customer will pay the difference in shipping cost between UPS Ground Service and UPS overnight or 2 day service.
14. Urgent Requirements: For all C-36 items the Contractor, when requested by Government purchaser, can ship within 24 hours from receipt of order. For all C-27 items, excluding tooth cards, the Contractor, when requested by Government purchaser, can ship within 24 hours from receipt of order. For all C-27 tooth orders totaling up to 200 tooth cards of anterior or posterior teeth, the Contractor, when requested by Government purchaser, can ship within 24 hours from receipt of order. Contractor imposes no extra charge for "urgent handling" but Contractor will charge Government purchaser for the amount that expedited shipping charges exceed normal UPS Ground shipping charges.
15. FOB Point: Destination, 50 United States, Puerto Rico and District of Columbia.
16. Ordering Address: American Tooth Industries, 1200 Stellar Drive, Oxnard, CA 93033-2404.
17. Payment Address: American Tooth Industries, 1200 Stellar Drive, Oxnard, CA 93033-2404.
18. Warranty Provisions: The Contractor guarantees the goods furnished will be free from defects in material and workmanship for a period of no less than 1 year from the date of delivery. All parts found defective within that period shall be replaced, with the cost of replacement and shipping charges to be borne by Contractor. Under no circumstances will any goods covered by this guarantee be returned without (a) advance written notice to the Contractor and (b) obtaining shipping instructions from the Contractor. Additionally, we accept government warranty clauses 52.212-4 (o)(p).
19. Return Authorization Policy: If Contractor error, all shipping charges will be borne by Contractor. If Customer error, all shipping charges will be borne by Customer. No restocking charges. All returns must have advance Contractor authorization, in writing. Full and broken sets of teeth will be accepted for return. See return policy on Page 8.

**Justi Blend® Anterior and Posterior Teeth - Hardened Plastic**

Justi Blend brings a fresh and natural look to multi-blended characterized plastic anterior teeth. It is the right choice for today's cosmetic industry. Justi Blend is a highly cross-linked, fluorescent, vacuum processed, laminated plastic tooth. It is unique in that the structure of this tooth line creates the vitality of a natural tooth. The centrals, laterals and cuspids each have a different tone and this combination of tones blend together in one set. The semi-translucent body helps create a depth within the tooth and reflects color from within, just as dentin does in a natural tooth. Justi Blend® posterior blended plastic teeth are the toughest American made teeth and best intercuspal-occlusal designed posterior available on the market today. Justi Blend posteriors are designed to articulate with Justi Blend anteriors as well as Dentsply's Bioblend® and Bioblend IPN® anteriors. Justi Blend teeth are available in 27 upper anterior and 8 lower anterior molds as well as 18 articulating upper and lower posterior molds in 0°, 10°, 20° and 33° anatomical medium and long. They are available in nine shades: 200, 202, 204, 206, 208, 210, 212, 214, and 216 (from light to dark). ADA Accepted.

**Justi Imperial® Anterior and Posterior Teeth - Hardened Plastic**

*Quality blended American made teeth backed by over one hundred years' experience*

The Justi Imperial® is made of hardened plastic and is the most wear-resistant and solvent resistant tooth available today. The incisal and interproximal blend give them a unique ability to absorb and reflect surrounding color. This means more latitude for blending with natural teeth - especially in partial denture cases. Available in shades 20, 25, 35, 45, 50, 59, 60, 62, 64, 65, 66, 67, 68, 69, 70, 77, 81, and 82. Cross-linked, vacuum processed, air finished, wear-resistant, solvent-resistant, fluorescent. Mold range: 39 upper anteriors - 10 lower anteriors - 21 upper and 21 lower posteriors. ADA Accepted.

**Dymon-Hue® HPT Anterior and Posterior Teeth - Hardened Plastic**

Dymon-Hue® HPT (hardened plastic teeth) the newest American-made tooth line, is entirely manufactured in a very modern California factory. This plant, equipped with electronic machinery which allows a highly consistent production of shades and molds, employs a large number of skilled technicians who are trained to manufacture only laminated hardened plastic teeth. Dymon-Hue® HPT is a blended tooth made in 34 popular American anterior molds such as a 3P, 3N, A25, etc., and 40 popular American posterior molds such as, 10 degree, 20 degree, anatomical, short bite, flat plane, etc. Available in shades 59, 60, 61, 62, 65, 66, 67, 68, 69, 77, 78, 81 & 87. ADA Accepted.

## 2 Pozzi Abrasive "Mario" Series - Made in the U.S.A.

The "Mario" Abrasive Series is a complete line of abrasives for chrome, ceramic and gold work. They are manufactured in North America with maximum precision and quality control. The rubber wheels and points are of the best quality rubber and we guarantee perfect performance. The aluminum oxide and silicon carbide discs and wheels, which are bonded with a durable rubber resin, guarantees maximum toughness. Each disc and wheel is individually inspected for quality. The consistent quality of this product line makes it a leader in the industry.

- American Tooth Industries is located approximately 50 miles north of Los Angeles. We manufacture a variety of dental consumable products (powders, liquids, equipment and instruments) in a modern 28,000 square foot building. We also manufacture hardened plastic teeth and we are the only tooth factory west of the Mississippi.
- Our Warehouse and Shipping Department services customers in all states of the Union, Canada and many foreign countries.
- We maintain Quality Control Departments and a Product Research and Development Department.
- A classroom for training as well as certified dental laboratory are also located in our Corporate headquarters.
- The office of Marketing & Graphics creates and produces price lists, catalogs and promotional brochures. It also coordinates the activities of our Sales Representatives.
- All Departments are staffed with friendly, efficient and knowledgeable personnel.

### DEPARTMENT OF VETERANS AFFAIRS MARKETING DIVISION FOR FEDERAL SUPPLY SERVICE AUTHORIZED FEDERAL SUPPLY SCHEDULE PRICE LIST (CATALOG)

Contract No. V797P-3076M

Contract Period: December 1, 2005 through November 30, 2010

Prices Effective: December 1, 2005

#### CONFIDENTIAL

ALL ITEMS ON THIS PRICE LIST ARE UNDER SIN C-27 & C-36.

#### Government Tooth Bank Exchange Account Exchange & Return of Full Sets and Broken Sets of Plastic Teeth

#### Exchange & Return of Sundry Merchandise

#### 1. PROCEDURE

All full sets and broken sets of plastic teeth identified in paragraph 3 below will be accepted for credit in our Tooth Bank. Full sets and broken sets of teeth must be returned by freight prepaid and they will be checked by our Receiving Department. No credit will be allowed for loose teeth, ground teeth or teeth not on cards. See paragraph 4 below for details. You may send any amount of full sets or broken sets to be credited in the Tooth Bank against credit on future orders. Based on the receiving ticket (ATI Form 132), the Tooth Bank Accounting Department will issue a Tooth Bank Credit Voucher (ATI Form 107). The credit is posted in a Tooth Bank ledger to your name. On the 25th of each month, the Tooth Bank Accounting Department will issue a Debit Voucher (ATI Form 117) for up to 50% dollar value of like kind purchases made during that month (up to the 25th). If you have had any tooth purchasing transactions and you have a tooth bank credit balance on the 25th of each month the Tooth Bank Accounting Department will send you a Receivable Credit which represents the total dollars credited to your regular business account with us. You will use this effective credit when you pay us for the monthly purchases. Payment of your business account must be current to be able to utilize the Tooth Bank credits.

#### 2. POLICY

All returns of full sets and broken sets of teeth identified in paragraph 3 below shall be priced by using the price schedule in paragraph 3 below. The Tooth Bank Credit Voucher will be made out using those prices. The Tooth Bank Debit Voucher (ATI Form 117) will be issued in accordance with 50% limitation of like kind purchases. Example: if you place an order for \$100.00 for Justi Blend teeth, we shall decrease your Justi Blend Tooth Bank Account by \$50.00 (assuming you have accumulated that much in such account) and issue you an effective credit in your regular business account with us.

#### 3. ATI PRICING ON RETURNS OF FULL SETS & BROKEN SETS OF TEETH

The following are the prices that the Tooth Bank Accounting Department is using to calculate the tooth bank credits.

| Item No. | Brand Names                       | Government Credit Per Tooth |
|----------|-----------------------------------|-----------------------------|
| R50-0104 | Justi Imperial Ant. Single Teeth  | 1.14                        |
| R50-0204 | Justi Imperial Post. Single Teeth | .78                         |
| R58-0002 | Justi Blend Ant. Single Teeth     | 1.38                        |
| R58-0005 | Justi Blend Post. Single Teeth    | .78                         |
| R19973-1 | Dymon-Hue Ant. Single Teeth       | .53                         |
| R19974-1 | Dymon-Hue Post. Single Teeth      | .40                         |

We will not accept broken sets of tooth lines which are not listed above.

#### 4. ADDITIONAL INFORMATION ABOUT OUR POLICY FOR THE RETURN OF BROKEN SETS

We can accept broken sets only if they meet the following specifications:

- a. Loose teeth off cards due to improper packaging or packing will not be accepted.
- b. Teeth must not be ground, chipped or damaged in any manner.
- c. Teeth must be on clean cards in the proper position and molds.
- d. Teeth must be clean of wax and must have no permanent markings on them (paper dots are ok).
- e. Cards with any markings on the front or back are not acceptable.
- f. Excessively dusty or dirty cards or teeth are not acceptable.

(All of the above apply to Full Sets and Broken Sets)

#### 5. EXCHANGE OR RETURN OF SUNDRY MERCHANDISE FOR ITEMS OTHER THAN TEETH IN THIS PRICE LIST

Return or exchange of merchandise can be accepted if the purchase time has not exceeded 3 months from date of invoice. Absolutely no returns of sundry merchandise will be accepted without prior consent in writing or by calling (805) 487-9868.

Merchandise returned or exchanged, if in saleable condition, is subject to a handling charge of 15%. All returns must be shipped prepaid.

Merchandise returned or exchanged, and requiring reconditioning or special handling to be made saleable is subject to a handling charge of no less than 20%. Used, obsolete or discontinued merchandise will not be accepted for credit or exchange.

The credit issued can be applied against future purchases of sundry merchandise.
