Product Overview

About Stevenson Industries, Inc.

About Stevenson Industries, Inc.

Based in Simi Valley, California, Stevenson Industries, Inc. was founded in 1947 by President, Joe Goldstein, an entrepreneur and inventor with numerous patents credited to his name, including the CPAP PRO® created for people suffering from severe sleep apnea.

On November 22, 1996, Joe Goldstein was diagnosed as suffering from severe sleep apnea. He knew absolutely nothing about this prevalent sleep disorder other than the use of CPAP masks was most uncomfortable. Several of his friends had given up on the sleep apnea symptoms treatment due to the extreme discomfort.

Recognizing the severe health risks inherent in NOT following his doctor's orders, he vowed that he would never quit and that he would faithfully persevere in the nightly use of CPAP. However, within a very short period of time the pain and irritation became so unbearable that he purchased every available face mask and eagerly awaited the arrival of the next highly touted CPAP miracle mask, unfortunately to no avail. CPAP became so intolerable that nightly he would put Xylocaine around his nose and take several Advil hoping to fall asleep before the pain became too severe. This tortuous experience became unendurable and regardless of his doctor's warnings he stopped using CPAP, since at this stage he was more than willing to suffer the possible consequences. Finally, as an inventor of several successful products, he started to ponder the problems of designing a superior, more comfortable nasal interface... thus after four years of effort CPAP PRO® was created.

About the CPAP PRO®

We have spent years on research and development to deliver to you the ultimate in comfort, quality, and usability. CPAP PRO® was designed by a fellow CPAP user who suffered through conventional CPAP masks. The result is an extraordinary device for all CPAP users. No other product on the market can compare!

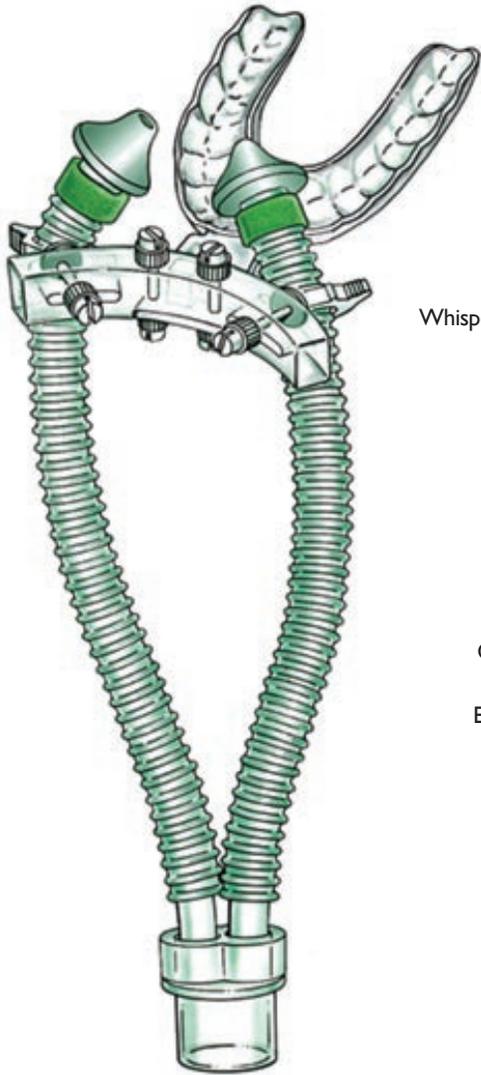

The CPAP PRO® advantages are clear. Our competition just doesn't stack up when you take a closer look!

Return/Exchange Goods Policy

PLEASE READ CAREFULLY FOR CPAP PRO® RETURNS!!!

Stevenson Industries will promptly refund the purchase price if this product is returned with the invoice, unopened package within 30-days from time of receipt. The FDA and local health regulations do not permit us to accept returns of opened CPAP products.

The following instructions must be followed when returning your CPAP PRO®.

1. Place a copy of your invoice in the box with your unopened CPAP PRO®.
2. Call 800.538.8803 to obtain a Return Merchandise Authorization Number
3. You must write the RMA number on the outside of the box you are returning your CPAP PRO® in. If this number is not visible to our receiving department the package will be refused.
