Prompt Payment Terms and Terms and Conditions of Rental, Maintenance, Repair and Installation:

Purchase Price and Installation Fee due net 30 days from installation. Rental Monthly Payment and Customer Support Monthly Payment due on the first day of each month following installation.

Lease (rental) period shall be for five (5) years from the date of Rental Agreement execution. The Monthly Rental Payment shall not be increased during the Lease (rental) period, including extensions thereof.

The ordering activity reserves the right to terminate a delivery order under the provisions of this clause, upon 30 days written notice to the contractor.

If the ordering activity terminates a delivery order prior to expiration of the fiscal year, the contractor may assess a termination charge. The termination charge will be no higher than the difference between the order(s) price(s) and the yearly price applicable for the number of months and monthly rate. The termination charge may be assessed only for the fiscal year in which the order is terminated. This termination charge completely satisfies any Government obligation to pay a percentage of the contract price and reasonable charges as described in 52.212-4(l).

Such payment by the Government shall be contingent upon funding availability. The Government shall, at its expense, return the Equipment to ScriptPro in a condition as good as when received, normal wear and tear excepted.

If the Government orders optional Customizing and/or Conveyors, and elects (as provided above) to increase the Rental Monthly Payment in lieu of paying the Installation and Computer Interface fees net 30, the Government, at its option, may then elect to increase the Rental Monthly Payment by an additional \$0.0198 per dollar of Purchase Price for Customizing and/or Conveyors in lieu of paying the purchase price for these items net 30.

Termination for Non Appropriation: The contracting officer at the ordering facility may terminate or not renew leases at the end of any initial base period or option period under this paragraph if (a) it no longer has a bona fide need for the product or functionally similar product; or (b) there is a continuing need, but adequate funds have not been made available to the ordering office in an amount sufficient to continue to make the lease payments. If this occurs, the Government will promptly notify the Contractor, and the product lease will be
