CUSTOMER INFORMATION

1a. Table of awarded special item number(s) with appropriate cross-reference to item descriptions and awarded price(s).

A-91 Radioactive Medical Waste Systems

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.

SIN	Product Number	Price
A-91	50035	\$12.77

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate “Not applicable” for this item.

Not Applicable

2. Maximum order.

SIN A-91 \$600,000 or one (1) system

3. Minimum order.

None

4. Geographic coverage (delivery area).

48 Contiguous states with POE to AK, HI and Puerto Rico.

5. Point(s) of production (city, county, and State or foreign country).

Houston, Harris County, Texas

6. Discount from list prices or statement of net price.

All prices herein are net (discount deducted).

7. Quantity discounts.

None

8. Prompt payment terms.

0% Net 30 Days

9a. Notification that Government purchase cards are accepted at or below the micro-purchase threshold.

Will accept government purchase cards at or below the micro-purchase threshold.

9b. Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold.

Will accept government purchase cards above the micro-purchase threshold.

10. Foreign items (list items by country of origin).

None

11a. Time of delivery.

Within 7 days after receipt of order (ARO).

11b. Expedited Delivery.

Within 3 days after receipt of order (ARO), with the Government to pay the difference between normal ground freight and expedited freight charges.

11c. Overnight and 2-day delivery.

The ordering facility will pay additional charges or the difference between the normal ground freight and expedited freight charges.

11d. Urgent Requirements.

The Contractor will note in its price list the "Urgent Requirements" clause of its contract and advise agencies that they can also contact the Contractor's representative to effect a faster delivery.

When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering agency, agencies are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The

Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering agency, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

12. F.O.B. point(s).

Destination- 48 Contiguous states with POE to AK, HI and Puerto Rico.

13a. Ordering address.

Sharps Compliance Inc. of Texas
9220 Kirby Drive
Suite 500
Houston, TX 77054

13b. Ordering procedures.

For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA's) are found in Federal Acquisition Regulation (FAR) 8.405-3.

14. Payment address.

Sharps Compliance Inc. of Texas
9220 Kirby Drive
Suite 500
Houston, TX 77054

15. Warranty provision.

The Contractor warrants and implies that the items delivered hereunder are merchantable, fit for use for the particular purpose and will be free from defects in material and workmanship for a period of not less than one year from the date of delivery. Contractor will replace, at its options, all parts found to be defective within the period with no cost of replacement including shipping charge, to be borne by the Contractor. Under no circumstances will any equipment covered by this guarantee be returned without (a) advance written notice to the Contractor, or (b) obtaining shipping instructions from the Contractor.

24b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information (EIT) supplies and services and show where full details can be found (e.g. contractor's website or other location.) The EIT standards can be found at:<http://www/Section508.gov/>

N/A

25. Data Universal Number System (DUNS) number.

621667948

26. Notification regarding registration in Central Contractor Registration (CCR) database.

Sharps Compliance Inc. of Texas is registered.

SHARPS COMPLIANCE PRODUCTS AND SERVICES

The Sharps®MWMS™, a **Medical Waste Management System**, is a comprehensive medical waste and unused pharmaceutical disposal solution which includes an array of services and products necessary to effectively collect, store and dispose of medical waste and unused medications generated outside of the hospital setting . The System, which is designed for rapid deployment, features the Sharps Disposal By Mail System® and the RxTakeAway™ products combined with warehousing, inventory management, online web-based training, data and other services necessary to provide a comprehensive solution. The Sharps®MWMS™ is designed to be an integral part of governmental and commercial emergency preparedness programs.

The Medical Waste Management System (MWMS) is designed to treat 2,500 patients. If the client wants to purchase additional components of the system to accommodate more patients, they would need to purchase an entire additional system. However, mailbacks and/or ancillary items can be purchased separately.

Sharps' Medical Waste Management Systems (MWMS) includes the following:

- 24 - 2 gallon mailbacks
- 90 - 3 gallon mailbacks
- 25 - 5 gallon mailbacks

The mailbacks are designed to be a part of their Medical Waste Management System (MWMS). The prices listed are applicable for additional mailbacks when the client is currently under contract with Sharp's Compliance Inc. of Texas for the Medical Waste Management System (MWMS).

Ancillary Supplies (Per kit) include:

2" side loader tape dispensers	Econo-wrapper	Signage Kit (12 per Kit as per specs provided)
33 Gallon Biohazard Trash Liner	Industrial Markers	Twist Ties - Gold
33 Gallon Trash Bags	Industrial Tape - 2"	Twist Ties - Green
Chemical resistant Nitrile Gloves L	Plastic Tags Pre-wired - Green	Twist Ties - Red
Chemical resistant Nitrile Gloves M	Plastic Tags Pre-wired - Red	TYVEK Protective Clothing coveralls 2X
Chemical resistant Nitrile Gloves XL	Plastic Tags Pre-wired -Yellow	TYVEK Protective Clothing coveralls M
Corrugated (disposable) Trash Receptacle	Safety Glasses	TYVEK Protective Clothing coveralls XL

Accidental needle-sticks from improperly disposed syringes are an unwanted reality for thousands of people each year. That's why the Environmental Protection Agency began recognizing the **Sharps Disposal by Mail System®** and advising the public of the proper disposal of syringes. Also, California and many other states have passed legislation that bans used syringes and other “sharps” from residential and commercial trash pick-up.

The solution? The **Sharps Disposal by Mail System®**

The Sharps Disposal by Mail System® is the first complete system for the proper disposal of used needles, syringes, and other small quantities of bio hazardous waste. It's the perfect disposal solution for individuals who self-inject, or medical facilities generating small quantities of medical waste.

Sharps Disposal by Mail System is Government approved and includes:

- specially designed mailable sharps container
- a postage prepaid return shipping box with barcode tracking
- a protective 4–mil bag liner
- instructions in both English and Spanish
- a multi–part simplified manifest tracking form

The cost of mailing, disposal and confirmation of destruction is included in the purchase price.

When the **Sharps Disposal by Mail System®** is full, it is placed in the pre-paid postage return box and delivered via the U.S. Postal Service to the Sharps treatment facility. Upon receipt, Sharps documents the delivery, weight, and destruction of each container and its contents. Confirmation of destruction is made available electronically using the Company's proprietary SharpsTracer™ system.

SharpsTracer™ is a web-based manifest imaging and tracking program that allows registered Sharps® customers to track and certify the transportation and disposal of their regulated medical waste. The electronic system is Sharps® answer to the traditional, paper-based method of manifest tracking.

Features and Benefits

- Eliminates manual manifest logs - saving filing time and space
- Provides timely access to data - saving employee time
- Simplifies regulatory compliance
 - One central database
 - Permanent maintenance of proof of destruction
 - Easy access for compliance with state and other regulations
- Offers customized management reports:
 - Box serial numbers
 - Facility compliance
 - Aging Reports
 - Customizable fields
- Interfaces easily with other technology systems
- Enables corporate monitoring of individual facility compliance to company programs and federal and state regulations
- Allows sorting of data on sharps usage by any customized field
- Facilities monitoring of outstanding sharps containers

System Capabilities

SharpsTracer™ allows online entry of patient- specific information as related to the sharps container itself and any other pertinent data, including:

- Patient ID numbers
- Issue data
- Container type

Outcome information may also be tracked and trended. Subscribers may select up to four customized data fields for input of patient related information, including:

- Acute vs. Chronic
- ICD-9 codes
- Nurse ID numbers
- Geographical location/distance

SharpsTracer™ reporting capabilities allows customers to easily maintain compliance with company programs and federal and state regulations.

Unused Patient Medication Disposal

Approximately 4 billion prescriptions are filled in the United States annually, and it has been estimated that as much as 35% of the dispensed medication goes unused, resulting in over 200 million pounds of pharmaceutical which could adversely affect the environment if disposed of improperly.¹

- **Environmental and health risks:** Wastewater treatment plants are not designed to remove pharmaceutical from water supplies. For this reason, the Office of National Drug Control Policy advises against flushing medications down the toilet. Although the complete impact of pharmaceutical in ground water and other sources of drinking water is not yet known, cumulative exposure to pharmaceutical by humans, animals and aquatic life could have detrimental effects on reproduction and development.²
- **Unintended-use risks:** Intentional or accidental ingestion of left over medications by children, pets, or others can occur from improper storage and trash disposal of medications. In addition, taking expired medications or drugs no longer indicated or prescribed can lead to harmful side-effects and drug interactions.

Sharps® TakeAway™ is the quick, easy solution to proper disposal of unwanted or unused medication, excluding controlled substances.

- **Convenient turn-key solution includes shipping and regulated disposal**
- **Accepts both medication cards and vials so no more popping medications from blister packs**
- **No hidden fees**

Sharps® TakeAway™ Advantages

TakeAway™ is a convenient, turn-key solution that includes:

- All packaging
- Tracking (receipt, weight and destruction)
- Processing by law enforcement officials
- Witnessed and assured destruction

Sharps® TakeAway™ Products:

TakeAway™ Envelope

(Size: 11" x 8")

10-Gallon TakeAway™

(Size: 14.125" x 14.125" x 12.5")

20-Gallon TakeAway™

(Size: 14.125" x 14.125" x 24")
