To Whom It may Concern:

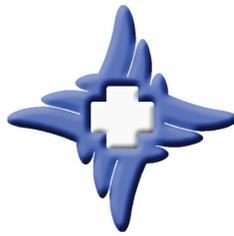

The Veterans Administration Medical Center at Togus, Maine has utilized traveling ultrasound technologists for three years and recently added coverage for MRI. We are the third-largest VA hospital in New England and it is important to us to be able to meet as many of our patient's needs as possible. RSI has worked with us by providing a number of well-qualified technologists in both areas.

RSI is very responsive to our needs and is continually checking in with us to ensure that everything is going smoothly. In light of the many requirements of the Federal Government in credentialing all staff, it has not always been easy to fill positions quickly, but RSI has been able to meet all our needs.

Please contact if further information would be helpful.

Attention: Holly Luft
Recruiting Manager

To Whom it May Concern,

It is my pleasure to recommend RSI Medical Staffing (RSI). I have worked with RSI for approximately 2 years and they have done an outstanding job fulfilling our contract requirements. They have provided exceptionally qualified individuals to work on contracts that we have with both the Navy and the Army. In all cases, our clients have expressed interest in permanently hiring RSI employees which is a testament to the quality of their employees. In addition to providing quality personnel, RSI is proficient at providing the credentialing paperwork necessary for a successful placement.

RSI is responsive and their follow up is outstanding. I am certain that you will not be disappointed working with RSI – their approach to staffing is refreshing.

If I can be of further assistance, please do not hesitate to contact me at 301-208-8770.

Re: Letter of recommendation

I have had numerous opportunities to work with RSI over the past few years. Special Procedures Technologists and CT Technologists are the primary types of needs that they have filled for us, most recently.

I have always found that RSI has been responsive and helpful; supplying us with quality technologists and timely placement. Phone interviews have been prompt and at our convenience.

I have worked, in particular, with Stephanie McGinness and found her to be agreeable and a pleasure to do business with. Should I have future need to pursue temporary or temp to perm technologists, I would not hesitate to contact her or anyone else at RSI.

If I can be of any further assistance, please do not hesitate to contact me.

Thank you-

To Whom It May Concern:

I have been in the Nurse Staffing Business for approximately four years and I have worked with many facilities, as well as, many other Nurse Staffing companies and I am proud to refer RSI Medical to any facility for their staffing needs.

Jennifer Claypool and the team at RSI have been a true asset to my company by providing only qualified, top quality candidates and by making every effort to ensure those candidates are a good match for the individual facility's needs. Also, RSI has been very prompt and even gone above and beyond timeliness in getting the candidates' complete credentials and documentation to us, always having everything in order prior to the start date.

Please feel free to contact me should you have any questions or require additional information in regards to the quality of work RSI Medical provides.
